Masters And Johnson on Sex And Human Loving - W.H. Masters 1982

The Hite Report - Shere Hite 2011-01-04

A reproduction of the classic text, unavailable now for more than a decade, with a new introduction by the author. The Hite Report, first published in 1976, was a sexual revolution in six hundred pages. To answer sensitive questions dealing with the most intimate details of women's sexuality, Hite's innovation was simple: she asked women, a lot of them, everything--and published the results. One hundred thousand women, ages fourteen to seventy-eight, were asked what they do and don't like about sex; how orgasm really feels, with and without intercourse; how it feels not to have an orgasm during sex; the importance of clitoral stimulation and masturbation; and to name the greatest pleasures and frustrations of their sexual lives, among many other questions. The Hite Report declares that orgasm is easy and strong for women, given the right stimulation; that most women have orgasm most easily during masturbation or clitoral stimulation by hand; that sex as we define it is a cultural institution, not a biological one; and that attitudes must change to include the stimulation women desire.

Heterosexuality - William H. Masters 2001-01-01

Masters and Johnson have been internationally acclaimed as pioneer sex researchers. Now, they have studied the critically important changes that have occurred in the 30 years since their landmark study, *Human Sexual Response*, was first published. These include changes in the legal, social, political, medical, scientific, psychological, public and private perspectives of human sexuality. Here is a comprehensive survey of virtually every aspect of sexual relations between men and women. Complete with graphs, diagrams, line drawings and other visual aids, the book provides definitive,

accurate, and practical info. on such topics as: love and intimacy; performance anxiety; sexual dysfunction; sex and aging; conception and contraception; disease; and much more.

The Truth About Men and Sex - Abraham Morgentaler 2015-03-03

Do men actually fake orgasms? How? And why would they? At the heart of these questions lie provocative new insights into men, sex and relationships that defy society's accepted thinking. *The Truth About Men and Sex* changes the conversation about male sexual health, introducing the world to sex and relationships from a previously untold point of view.

Human Sexuality - William H. Masters 1995

A new edition of this standard work. *Masters and Johnson on Sex and Human Loving* - Robert Kolodny 1988-04-30

Masters and Johnson on Sex and Human Loving, written by the internationally acclaimed sex researchers William H. Masters, Virginia E. Johnson, and Robert C. Kolodny, is a comprehensive, warm, and highly readable survey that includes the most current findings on the remarkable range of complexities--biological, psychological, and social--that make up human sexuality.

New Sex Therapy - Helen Singer Kaplan 2013-10-28

First published in 1975. Routledge is an imprint of Taylor & Francis, an informa company.

Vagina - Naomi Wolf 2012-09-06

An astonishing new work that radically changes how we think about, talk about and understand the vagina - and consequently how we think about women and sexuality - from Naomi Wolf, one of our most respected cultural critics and author of the modern classic, *The Beauty Myth*. As Naomi Wolf embarks on a life-changing journey to tease out the link between sexuality and creativity, what she discovers is revelatory and exhilarating - a scientifically supported link between the vagina and female courage,

assertiveness and consciousness itself. Emboldened by these new discoveries she looks back in history and show us how the vagina was considered sacred for centuries until it began to be cast as a threat. Even now in an increasingly sexualised world, it is thought of as slightly shameful. Why? *Vagina: A New Biography* combines cutting-edge science with cultural history to explore the role of female desire and how it affects female identity, creativity and confidence. Provocative and engaging, positive and inspiring, this book brings to light female impulses, history and dreams - and, in exploring what women really need - it goes to the very core of what it means to be female. For any woman who wants to understand her body and her mind and the culture that defines her - *Vagina* is essential reading.

Masters & Johnson on Sex & Human Loving -

Masters & Johnson 1988

The internationally acclaimed sex researchers William H. Masters, Virginia E. Johnson and Robert C. Kolodny produce here for the first time a comprehensive, warm and highly readable survey of their findings. The remarkable range of complexities - biological, psychological and social, make up human sexuality. And best of all, the authors describe how to use this information to heighten the quality of your intimate relations. They explore current research on the nature of love, the meaning of sexual fantasies and common problems people having in attaining and maintaining sexual intimacy.

Human Sexual Inadequacy - William H. Masters 1970

The innovative program described in this book revolutionizes the the treatment of sexual dysfunction. During eleven years of daily clinical work, more than five hundred couples have been treated at Masters and Johnson's Reproductive Biology Research Foundation in St. Louis. Here the relationship itself is the patient. The authors stress that there is no uninvolved partner when sex is a problem. Therefore they treat the partners even if only one appears to be sexually dysfunctional. And their therapy techniques have proven successful in 80 percent of all cases treated. The key to this unprecedented record is the role of the dual therapy team. Masters and Johnson have found that it takes both a man and

a woman therapist to treat a couple effectively. The dual therapy team acts as a catalyst, encouraging communication between partners when none has existed before. They use psychological and psychological methods of treating impotence, ejaculatory incompetence, premature ejaculation, orgasmic dysfunction in women, vaginismus, and painful intercourse. Basic to all treatment techniques is the premise that attitudes and ignorance rather than any mental or physical illness are responsible for most sexual problems. The two-week rapid therapy program developed by Masters and Johnson includes both counseling and specific instructions for patients to follow in privacy. All results of success or failure reported in *Human Sexual Inadequacy* Are substantiated by a unique five-year patient follow up program. The concept and format of the therapy program are examined in detail in the first two chapters of the book. Included are discussions of the qualifications for co-therapists and accounts of history-taking techniques and round table talks held by the co-therapists and the couple. A full description follows of the instructions given by the therapists to effect psychosexual reorientation of the marital problems. Analysis of each type of dysfunction, its progression and manifestations, accompanies the important step-by-step explanation of practical treatment methods. Chapters on sexual function and dysfunction of the geriatric population explain how the aging male and female can function sexually even in their eighties if they learn to adjust their sexual activities to the natural changes of aging. Program statistics and a critical review of treatment failures conclude this landmark book. Masters and Johnson estimate that one-half of the marriages in the United States are threatened by sexual dysfunction. The therapy program described in *HUMAN SEXUAL INADEQUACY* introduces a new era in the effective treatment of these sexual difficulties that prevent the enjoyment of a full sex life and a happy marriage. The exceptionally clear account of their major breakthrough in therapy is a long-needed and invaluable guide to clinical counseling and treatment. In addition, it provides an excellent basis for training programs for professional therapists. *HUMAN SEXUAL INADEQUACY* is

essential reading for all health professionals and introduces a new era in the effective treatment of sexual dysfunction.

An Intimate Life - Cheryl T. Cohen-Greene 2012-11-13

The real life behind Helen Hunt's Oscar-nominated performance in *The Sessions*: "A provocative and unusual book about a provocative and unusual profession" (Booklist). For the past forty years, Cheryl Cohen Greene has worked as a surrogate partner, helping clients to confront and ultimately accept their sexuality. In this riveting memoir, Cohen Greene shares some of her most moving cases, and also reveals her own sexual coming-of-age. Beginning with a rigid Catholic upbringing in the 1950s, where she was taught to think sex and sexual desires were unnatural and wrong, Cohen Greene struggled to reconcile her sexual identity. In the 1960s Sexual Revolution, Cohen Greene found herself drawn to alternative sexual paths, and ultimately achieved a rich and rewarding career as a surrogate partner. Sex surrogacy as a profession was first developed by noted sex researchers Masters and Johnson in the 1960s, and since its inception has remained in the shadows. *An Intimate Life* offers a candid look into the personal and professional life of a surrogate partner, examining the cultural and emotional ramifications of pursuing something most people consider taboo. The memoir opens with Cohen Greene's work with Berkeley-based poet and journalist Mark O'Brien, who was confined to an iron lung after contracting polio at age six. His short essay "On Seeing A Sex Surrogate" was adapted into the film *The Sessions* starring John Hawkes and Helen Hunt as Cheryl T. Cohen Greene.

Masters of Sex - Thomas Maier 2013-07-02
Now a New Showtime Original Series
Showtime's dramatic series *Masters of Sex*, starring Michael Sheen and Lizzy Caplan, is based on this real-life story of sex researchers William Masters and Virginia Johnson. Before *Sex and the City* and *Viagra*™, America relied on Masters and Johnson to teach us everything we needed to know about what goes on in the bedroom. Convincing hundreds of men and women to shed their clothes and copulate, the pair were the nation's top experts on love and intimacy. Highlighting interviews with the notoriously private Masters and the ambitious Johnson, critically acclaimed biographer Thomas Maier shows how this unusual team changed the way we all thought about, talked about, and engaged in sex while they simultaneously tried to make sense of their own relationship. Entertaining, revealing, and beautifully told, *Masters of Sex* sheds light on the eternal mysteries of desire, intimacy, and the American psyche.

Online Matchmaking - M. Whitty 2007-03-14

Human Sexual Response - Ishi Press International 2010

"Masters and Johnson's basic groundwork in sex physiology will now make it possible for medicine to assume a responsibility it has neglected far too long - that of educating its own. Through the authors' efforts, those responsible for sex education finally have before them clinical facts about one of the more vital aspects of human existence. [This volume] is primarily concerned with the sexual response cycles of men and women between the ages of 21 and 50, with emphasis on similarities rather than differences in their sexual response patterns."--Excerpt from the Publisher's Description.

She Comes First - Ian Kerner 2019-10-10

Did you know that the clitoris has 8000 nerve endings, twice as many as the penis? Here is everything you've wondered about the female orgasm and how to make it happen. A witty, well-researched and revealing guide to giving your lover an orgasm every time. More than just foreplay, Ian Kerner argues that oral sex is the key to a great sex life for both partners. Short sections cover philosophy, technique, step-by-step instructions and detailed anatomical information, essential to both beginners and experienced lovers. 'It's time to close the sex gap and create a level playing field in the exchange of pleasure, and cunnilingus is far more than just a means for achieving this noble end; it's the cornerstone of a new sexual paradigm, one that exuberantly extols a shared experience of pleasure, intimacy, respect and contentment. It's also one of the greatest gifts of love a man can bestow upon a woman.' Ian Kerner
