

Online Intercourse Knowledge Gendering Desire Sexuality

The Intercourse of Knowledge - Athalya Brenner 2021-08-30

This groundbreaking book, which builds on the author's earlier work in *On Gendering Texts*, studies how, by what means and to what extent human love, desire and sex, and possibly even 'sexuality', are gendered in the Hebrew Bible. Following a classification and gendering of the linguistic and semantic data, the investigation looks into the construction of male and female bodies in language and ideologies; the praxis and ideology of sex, procreation and contraception; deviation from socio-sexual boundaries (e.g. incest, rape, adultery, homosexuality, prostitution); eroticism and "pornoprophetics". Finally, the work discusses some of the wider sociological and theological implications of the findings.

[Men and Masculinity in the Hebrew Bible and Beyond](#) - Ovidiu Creangă 2010

c. 385 pp. 30 / \$47.50 / 35 Scholar's Price 60 / \$95 / 70 List Price Hardback Men and Masculinity in the Hebrew Bible and Beyond Edited by Ovidiu Creangă The study of masculinity in the Bible is increasingly becoming established as a field of critical inquiry in biblical gender studies. This book highlights a variety of methodological approaches that reveal the complex and multifaceted construction of masculinity in biblical and post-biblical literature. It focuses uniquely and explicitly on men and the world they inhabit, documenting changes in the type of men and masculinities deemed legitimate, or illegitimate, across various social and historical contexts of the ancient Near East. At the same time, it interrogates readers' assumptions about the writers' positioning of male bodies, sexuality and relationships in a gender order created to reflect men's interests, yet in need of constant reordering In this volume specific features of biblical masculinity are explored: the masculinity of less favoured sons in Genesis (Susan Haddox); the ideology of Temple masculinity in Chronicles (Roland Boer); the masculinity of Moses (Brian DiPalma); the performative nature of masculinity in the Sinai episode (David Clines); Deuteronomy's regimentation of masculinity (Mark George); Joshua's hegemonic masculinity in the Conquest Narrative (Ovidiu Creangă); Na'aman's disability in relation to ideologies of masculinity (Cheryl Strimple and Ovidiu Creangă); Job's position as a man in charge in the Testament of Job (Maria Haralambakis); Priestly notions of sexuality in the covenant of the rainbow and circumcision in Genesis (Sandra Jacobs); Samson's masculinity in terms of male honour (Ela Lazarewicz-Wyrzykowska); the popular depiction of Jeremiah as a 'lamenting prophet' against the book of Jeremiah's male ideology (C.J. Patrick Davis); the gendered interaction of a Bible-study group with Daniel's dreams (Andrew Todd). Finally, David J.A. Clines and Stephen D. Moore offer closing critical reflections that situate the book's topics within a broader spectrum of issues in masculinity."

On Gendering Texts - 'Atalyā Brenner 1996

"On Gendering Texts" is a wonderful book in a field that demonstrates its maturity by this publication. It discusses the important and traditional issue of authorship. Whereas the idea of a unique and divinely inspired biblical author has long been abandoned, the issue of authorship itself has not. The possibility that women might have contributed to the production of the Bible has not been taken seriously and yet the idea that everything is male unless otherwise proven is hardly acceptable. What can one do? The two authors of this book shrewdly displace the question. Rather than worrying about unprovable historical authors, they consider gender-positions; authority; gendered textuality and attributions of gender within the text; voice; world-view and ideological content. Each of these issues is important, and the gesture of raising them in connection with that of authorship alone makes this book worthwhile. This book is both unique and in line with a growing tradition; a climatic point in the developing area of feminist biblical study. [from the Foreword by Mieke Bal]

Exploring the Dimensions of Human Sexuality - Jerrold S. Greenberg 2007

Exploring The Dimensions Of Human Sexuality, Third Edition, Has Been Extensively Updated To Include Information And Statistics About Recent Developments. This Text Continues To Encourage Students To Explore The Varied Dimensions Of Sexuality And To See How Each Affects Their Personal Sexuality, Sexual

Health, And Sexual Responsibility. All Aspects Of Sexuality--Biological, Spiritual, Psychological, And Sociocultural--Are Presented Factually And Impartially.

[Body, Gender and Purity in Leviticus 12 and 15](#) - Dorothea Erbele-Küster 2022-08-25

The so-called purity laws in Leviticus 11-15 reflect a cultic and social view of the male and female body. These texts do not give detailed physiological descriptions. Instead, they prescribe what to do in the cases of skin disease, delivery and wo/man's genital discharges, but the particular way of dealing with the body and the language used in Leviticus 12 and 15 ask for clarification: how do these texts construct the male and female body? Which roles does gender play within this language? By means of themes such as menstruation and circumcision, Erbele-Kuester unfolds the language used for the body in Leviticus and its interpretation history. Her study provides material for a contemporary anthropology of bodies which relates the human sexed body to God's holiness.

Feminist Biblical Studies in the Twentieth Century - Elisabeth Schüssler Fiorenza 2014-06-26

Chart the development of feminist approaches and theories of interpretation during the period when women first joined the ranks of biblical scholars This collection of essays on feminist biblical studies in the twentieth century seeks to explore four areas of inquiry demanding further investigation. In the first section, articles chart the beginnings and developments of feminist biblical studies as a conversation among feminists around the world. The second section introduces, reviews, and discusses the hermeneutic religious spaces created by feminist biblical studies. The third segment discusses academic methods of reading and interpretation that dismantle androcentric language and kyriarchal authority. The fourth section returns to the first with work that transgresses academic boundaries in order to exemplify the transforming, inspiring, and institutionalizing feminist work that has been and is being done to change religious mindsets of domination and to enable wo/men to engage in critical readings of the Bible. Features: Essays examine the rupture or break in the malestream reception history of the Bible Exploration of the term feminism in different social-cultural and theoretical-religious locations Authors from around the world present research and future directions for research challenging the next generation of feminist interpreters *The Continuum Complete International Encyclopedia of Sexuality* - Robert T. Francoeur 2004-01-01 --A completely updated one-volume edition of the 4-volume International Encyclopedia of Sexuality-- Includes nearly 60 countries and places--12 not previously covered--by more than 200 authorities--It is the only reference work of its kind in any language

[When Heroes Love](#) - Susan Ackerman 2005-06-01

Toward the end of the Mesopotamian Epic of Gilgamesh King Gilgamesh laments the untimely death of his comrade Enkidu, "my friend whom I loved dearly." Similarly in the Bible, David mourns his companion, Jonathan, whose "love to me was wonderful, greater than the love of women." These passages, along with other ambiguous erotic and sexual language found in the Gilgamesh epic and the biblical David story, have become the object of numerous and competing scholarly inquiries into the sexual nature of the heroes' relationships. Susan Ackerman's innovative work carefully examines the stories' sexual and homoerotic language and suggests that its ambiguity provides new ways of understanding ideas of gender and sexuality in the ancient Near East and its literature. In exploring the stories of Gilgamesh and Enkidu and David and Jonathan, Ackerman cautions against applying modern conceptions of homosexuality to these relationships. Drawing on historical and literary criticism, Ackerman's close readings analyze the stories of David and Gilgamesh in light of contemporary definitions of sexual relationships and gender roles. She argues that these male relationships cannot be taken as same-sex partnerships in the modern sense, but reflect the ancient understanding of gender roles, whether in same- or opposite-sex relationships, as defined as either active (male) or passive (female). Her interpretation also considers the heroes' erotic and sexual interactions with members of the opposite sex. Ackerman shows that the texts' language and erotic imagery

suggest more than just an intense male bonding. She argues that, though ambiguous, the erotic imagery and language have a critical function in the texts and serve the political, religious, and aesthetic aims of the narrators. More precisely, the erotic language in the story of David seeks to feminize Jonathan and thus invalidate his claim to Israel's throne in favor of David. In the case of Gilgamesh and Enkidu, whose egalitarian relationship is paradoxically described using the hierarchically dependent language of sexual relationships, the ambiguous erotic language reinforces their status as liminal figures and heroes in the epic tradition.

Index to Jewish Periodicals - 2000

An author and subject index to selected and American Anglo-Jewish journals of general and scholarly interests.

The Pleasure Gap - Katherine Rowland 2020-02-04

American culture is more sexually liberal than ever. But compared to men, women's sexual pleasure has not grown: Up to 40 percent of American women experience the sexual malaise clinically known as low sexual desire. Between this low desire, muted pleasure, and experiencing sex in terms of labor rather than of lust, women by the millions are dissatisfied with their erotic lives. For too long, this deficit has been explained in terms of women's biology, stress, and age. In *The Pleasure Gap*, Katherine Rowland rejects the idea that women should settle for diminished pleasure; instead, she argues women should take inequality in the bedroom as seriously as we take it in the workplace and understand its causes and effects. Drawing on extensive research and interviews with more than one hundred women and dozens of sexual health professionals, Rowland shows that the pleasure gap is neither medical malady nor psychological condition but rather a result of our culture's troubled relationship with women's sexual expression. This provocative exploration of modern sexuality makes a case for closing the gap for good.

Health Psychology - David French 2010-09-07

Now in its second edition, *Health Psychology* is substantially revised and updated to offer the greatest coverage of this rapidly expanding discipline. Updated edition which provides students with a critical, thought-provoking and comprehensive introduction to the discipline Clearly and critically outlines the major areas of theory and research Chapters written by world-leading health psychologists Includes end-of-chapter discussion points and an extensive glossary of terms

Gender and Childhood Sexuality in Primary School - Deevia Bhana 2016-10-12

This book is an ethnography of teachers and children in grades 1 and 2, and presents arguments about why we should take gender and childhood sexuality seriously in the early years of South African primary schooling. Taking issue with dominant discourses which assumes children's lack of agency, the book questions the epistemological foundations of childhood discourses that produce innocence. It examines the paradox between teachers' dominant narratives of childhood innocence and children's own conceptualisation of gender and sexuality inside the classroom, with peers, in heterosexual games, in the playground and through boyfriend-girlfriend relationships. It examines the nuances and finely situated experiences which draw attention to hegemonic masculinity and femininity where boys and girls challenge and contest relations of power. The book focuses on the early makings of gender and sexual harassment and shows how violent gender relations are manifest even amongst very young boys and girls. Attention is given to the interconnections with race, class, structural inequalities, as well as the actions of boys and girls as navigate gender and sexuality at school. The book argues that the early years of primary schooling are a key site for the production and reproduction of gender and sexuality. Gender reform strategies are vital in this sector of schooling.

The Male in the Head - Janet Holland 2004

Young people talk about sex and relationships in this detailed investigation of the social construction of sexuality. Drawing on empirical studies, the authors develop a feminist theory which shows the power of heterosexuality as masculine, and the relevance of this power to young people's management of sexual safety.

Potter and Perry's Canadian Fundamentals of Nursing - E-Book - Barbara J. Astle 2023-02-15

Get the solid foundation you need to practise nursing in Canada! Potter & Perry's Canadian Fundamentals of Nursing, 7th Edition covers the nursing concepts, knowledge, research, and skills that are essential to

professional nursing practice in Canada. The text's full-colour, easy-to-use approach addresses the entire scope of nursing care, reflecting Canadian standards, culture, and the latest in evidence-informed care. New to this edition are real-life case studies and a new chapter on practical nursing in Canada. Based on Potter & Perry's respected Fundamentals text and adapted and edited by a team of Canadian nursing experts led by Barbara J. Astle and Wendy Duggleby, this book ensures that you understand Canada's health care system and health care issues as well as national nursing practice guidelines. More than 50 nursing skills are presented in a clear, two-column format that includes steps and rationales to help you learn how and why each skill is performed. The five-step nursing process provides a consistent framework for care, and is demonstrated in more than 20 care plans. Nursing care plans help you understand the relationship between assessment findings and nursing diagnoses, the identification of goals and outcomes, the selection of interventions, and the process for evaluating care. Planning sections help nurses plan and prioritize care by emphasizing Goals and Outcomes, Setting Priorities, and Teamwork and Collaboration. More than 20 concept maps show care planning for clients with multiple nursing diagnoses. UNIQUE! Critical Thinking Model in each clinical chapter shows you how to apply the nursing process and critical thinking to provide the best care for patients. UNIQUE! Critical Thinking Exercises help you to apply essential content. Coverage of interprofessional collaboration includes a focus on patient-centered care, Indigenous peoples' health referencing the Truth and Reconciliation Commission (TRC) Report, the CNA Code of Ethics, and Medical Assistance in Dying (MAID) legislation. Evidence-Informed Practice boxes provide examples of recent state-of-the-science guidelines for nursing practice. Research Highlight boxes provide abstracts of current nursing research studies and explain the implications for daily practice. Patient Teaching boxes highlight what and how to teach patients, and how to evaluate learning. Learning objectives, key concepts, and key terms in each chapter summarize important content for more efficient review and study. Online glossary provides quick access to definitions for all key terms.

Companion to Sexuality Studies - Nancy A. Naples 2020-06-29

An inclusive and accessible resource on the interdisciplinary study of gender and sexuality *Companion to Sexuality Studies* explores the significant theories, concepts, themes, events, and debates of the interdisciplinary study of sexuality in a broad range of cultural, social, and political contexts. Bringing together essays by an international team of experts from diverse academic backgrounds, this comprehensive volume provides original insights and fresh perspectives on the history and institutional regulatory processes that socially construct sex and sexuality and examines the movements for social justice that advance sexual citizenship and reproductive rights. Detailed yet accessible chapters explore the intersection of sexuality studies and fields such as science, health, psychology, economics, environmental studies, and social movements over different periods of time and in different social and national contexts. Divided into five parts, the *Companion* first discusses the theoretical and methodological diversity of sexuality studies. Subsequent chapters address the fields of health, science and psychology, religion, education and the economy. They also include attention to sexuality as constructed in popular culture, as well as global activism, sexual citizenship, policy, and law. An essential overview and an important addition to scholarship in the field, this book: Draws on international, postcolonial, intersectional, and interdisciplinary insights from scholars working on sexuality studies around the world Provides a comprehensive overview of the field of sexuality studies Offers a diverse range of topics, themes, and perspectives from leading authorities Focuses on the study of sexuality from the late nineteenth century to the present Includes an overview of the history and academic institutionalization of sexuality studies *The Companion to Sexuality Studies* is an indispensable resource for scholars, researchers, instructors, and students in gender, sexuality, and feminist studies, interdisciplinary programs in cultural studies, international studies, and human rights, as well as disciplines such as anthropology, psychology, history, education, human geography, political science, and sociology.

Bibliographic Guide to Womens Studies 1998 - New York Public Library Staff 1999-08

On Femininities in the Song of Songs and Beyond - Vita Daphna Arbel 2023-07-27

Vita Daphna Arbel uses critical theories of gender to offer an alternative reading of the multilayered conceptualization of the Song of Song's feminine protagonist: "the most beautiful woman". Arbel treats "the

most beautiful woman” as a culturally constructed and performed representation of “woman,” and situates this representation within the cultural-discursive contexts in which the Song partly emerged. She examines the gender norms and cultural ideologies it both reflects and constructs, and considers the manner in which this complex representation disrupts rigid, ahistorical notions of femininity, and how it consequently indirectly characterizes “womanhood” as dynamic and diverse. Finally, Arbel examines the reception and impact of these ideas on later conceptualizations of the Song of Songs' female protagonist with a heuristic examination of Mark Chagall's Song of Songs painting cycle, *Le Cantique des Cantiques*. These compositions-selected for their diverse depictions of the Song's protagonist, their impact on European art, and their vast popularity and bearing in the broader cultural imagination-illustrate a fascinating dialogue

between the present and the past about the “most beautiful woman” and about multiple femininities.

International technical guidance on sexuality education - UNESCO 2018-01-15

Love as Common Ground - Paul S. Fiddes 2021-09-23

This book explores the way that the study of love creates a “common ground” in religion. For the contributors, common ground is not to be understood as a minimal core of belief, but as a space which scholars from Islam, Judaism, and Christianity occupy in order to consider together the meaning and practice of love.
