Ethics for Christian Ministry - Joe E. Trull 2017-11-01

This one-of-a-kind resource in professional ethics helps today's Christian leaders maintain a high moral character and lifestyle and sharpen their personal and professional decision-making skills. Two experienced teachers and pastors address both current and perennial ethical issues and offer guidance for developing a personal code of ethics to maintain integrity in the work of ministry. The authors address the nature of ethical decision making as well as practical areas where integrity can be compromised, including issues raised by the use of smartphones and social media. Appendixes include codes of ethics from various denominations.

Pastor, Staff, and Congregational Relationships - Bernie M. Spooner, Ph.d. 2014-02-11

Pastor, Staff, and Congregational Relationships fills the need for a fresh and comprehensive resource for building quality relationships among pastors, church staff leaders, and church members and leaders. Often in this day of fast-paced changes, conflicts arise that might have been avoided if intentional attention were given to relationships. The book has been written by a team of experienced pastors, staff leaders, and laypeople who have demonstrated effectiveness in building healthy churches. The approach of the book is that servant leadership and good personnel administration are essential to quality staff and congregational relationships. Also, this book assumes that the pastor and vocational staff are called to help equip the congregation for ministry to the community and beyond. Because of the current context in churches, a chapter on the congregation relating to the pastor and staff and a chapter on conflict resolution are included. Furthermore, the book also treats the important issues of staff and congregational ethics and addresses the serious

problem of moral failure. University and seminary professors will find this volume a good choice for a textbook for preparing ministers for church ministry. It will also be a valuable tool for pastors, general staff leaders, and lay leaders in local churches. Pastor, Staff, and Congregational Relationships focuses on servant leadership and addresses the roles pastors, staff, and laypeople play in creating and nurturing strong church relationships. Grounded in biblical principles and full of practical advice, this textbook brings fresh knowledge to a familiar topic. Starting with the premise that all are called to serve but each serves according to his or her own gifts and abilities, Pastor, Staff, and Congregational Relationships emphasizes the importance of the relationships that exist among pastor, staff, and congregational leaders. *Religious and Theological Abstracts - 2002*

To Lead as Jesus Led - Eric G. Stephan 2006

he world is desperately in need of selfless, Christlike leadership. The world has seen countless leaders: kings, priests, emperors, generals, preachers who led tiny flocks, and warriors who led mighty armies. Yet in all the ages of the earth, from the kings of Europe to the heads of families, a single leader stands out as the One who has had the greatest impact the world has ever known: a humble man named Jesus of Nazareth. What elements combine to create the perfect leader? Using Jesus as the example, authors Eric Stephan and R. Wayne Pace answer this question in *To Lead as Jesus Led*. When their search through volumes on leadership failed to capture the essence of true leadership, they decided to turn to the scriptures. There they found the truth, and now they reveal the important elements of successful leadership. With valuable suggestions taken straight from the scriptures, they will help the reader to weed out common misconceptions about leadership and narrow the focus of what leadership really is. Readers will also learn to exercise principles of good leadership and, most important of all, take the steps necessary to becoming the kind of person others will want to follow. *To Lead as Jesus Led* will prove to be an important addition to the library of anyone who wishes to become more like Jesus in their associations with friends, family, and all those they come in contact with. Reviews - Two emeritus BYU professors of organizational leadership have teamed up to write this slim volume, *To Lead as Jesus Led*. The authors have studied the scriptures with their topic in mind, and have

organized their results into following chapters: 1. the First Key: Treat Others as Friends 2. the Second Key: Create a Positive Force 3. the Third Key: Invite Others to Follow 4. the Fourth Key: Enable Followers to Act 5. the Fifth Key: Strengthen Yourself Each chapter's topic is expanded using examples from the life of Christ, along with explanation, instruction, and general applications. In many ways, this book reads like a church manual. Unlike popular LDS inspirational writers, these authors don't tell many stories from their own lives. Neither do the authors claim to give any ground-breaking analysis. Rather, they have plainly and modestly categorized the scriptural evidence on the topic, and have begun to show how the accompanying principles could be applied in a modern setting. Although this book's pace will probably not hold the interest of a casual reader, an earnest seeker will be able to use this book to gain insight and understanding on this important topic. and even the casual reader couldn't help but gain a few gems of wisdom by skimming through sections of this Christ-centered text. Bishop - Bishop William H. Willimon 2012-04-01

As a church leader, it's easy to make the wrong move and find yourself in a bad position. "What to teach; How to teach; What to do," were the three questions Wesley employed at his first conferences. In sixty previous books Will Willimon has worked the first two. This book is of the "What to do?" genre. Many believe the long decline of The United Methodist Church is a crisis of effective leadership. Willimon takes this problem on. As an improbable bishop, for the last eight years he has laid hands on heads, made ordinands promise to go where he sends them, overseen their ministries, and acted as if this were normal. Here is his account of what he has learned and - more important - what The United Methodist Church must do to have a future as a viable movement of the Holy Spirit.

Sermonettes for a Sunday Morning - Pastor Novella Harris 2017-10-13

Approximately four years ago, I, a healthy, energetic, independent woman became so ill that I was practically bedridden. I needed assistance for all the things I took for granted in my daily life. Before my illness, I exhorted Sunday morning service, preached God's Word, and ministered to the congregation. I had always been considered hyperactive. I worked out four days a week. I tried to be the dedicated wife and mother that God had instructed women to be. I worked as a public school teacher and as executive director of Sure Foundation Child Care Inc.; I maintained an immaculate house and the Grace Cathedral International complex. I pastored along with my husband, Bishop R. W. Harris. We were a team. We were visionaries. With God's help, I would make sure I encouraged, not hindered, his visions for the ministry, and he did the same for mine. God moved in miraculous ways for us. It was difficult for me to comprehend suddenly becoming so ill I could barely function. This illness (that has yet to be completely determined) became what I thought at the

time, a sour lemon in my life. I never asked God why but what. What do you want me to do in this situation? I was inspired to make sweet lemonade with my sour lemon. God allowed me to write this book in my limited physical condition. Because I was not able to stand and preach from the pulpit, I wrote a sermonette for the Sunday morning bulletin each week. Some of the sermonettes were a series that covered several Sundays. God has blessed me to use those weekly sermonettes for this book.
