

# Prince Eddy And The Homosexual Underworld

## **The Sins of the Cities of the Plain** - Jack Saul 2021-05-11

The Sins of the Cities of the Plain (1881) is an erotic novel attributed to Irish prostitute Jack Saul. Published by William Lazenby, a prominent printer of Victorian erotica, The Sins of the Cities of the Plain is considered to be one of the first works of literature dedicated to homosexuality in the English language. “Saul, Jack Saul, sir, of Lisle Street, Leicester Square, and ready for a lark with a free gentleman at any time. What was it made you take a fancy to me? Did you observe any particularly interesting points about your humble servant?’ as he slyly looked down towards the prominent part I have previously mentioned.” Having met by chance at Leicester Square, Jack Saul, a successful

prostitute—colloquially known as a “Mary-Ann” or “rentboy”—agrees to accompany Mr. Cambon to his home at the Cornwall Mansions. After sharing a meal, the two men get down to business, exploring their young bodies and devoting themselves to pleasure.

Curious about Jack’s past, Cambon offers him money to share the story of his life. With a beautifully designed cover and professionally typeset manuscript, this edition of Jack Saul’s The Sins of the Cities of the Plain is a classic work of Victorian erotic fiction reimagined for modern readers.

Empress - Miles Taylor  
2018-10-02

“A widely and deeply researched, elegantly written, and vital portrayal of [Queen

## **Prince Eddy And The Homosexual Underworld**

---

Victoria's] place in colonial Indian affairs." (Journal of Modern History) In this engaging and controversial book, Miles Taylor shows how both Victoria and Albert were spellbound by India, and argues that the Queen was humanely, intelligently, and passionately involved with the country throughout her reign and not just in the last decades. Taylor also reveals the way in which Victoria's influence as empress contributed significantly to India's modernization, both political and economic. This is, in a number of respects, a fresh account of imperial rule in India, suggesting that it was one of Victoria's successes. "Readers encounter a detail-attentive and independently minded monarch . . . Information, offered with verve and occasional humor, fills chapters of Empress with little-known details of Victoria's active rule as Empress." —Adrienne Munich, *Victorian Studies* "This is a nuanced portrait of an empire rich in contradiction."

—Catherine Hall, author of *Civilising Subjects* "Beautifully written and subtly crafted, this book provides a critical history of the cultural, political, and diplomatic significance of Queen Victoria's role as Empress of India." —Tristram Hunt, Director of Victoria and Albert Museum "This is a highly intelligent, wonderfully lucid and well researched book that rests on an impressive array of Indian as well as European sources. It makes a powerful case for re-assessing Queen Victoria's own role and political and religious ideas in regard to the subcontinent."

—Linda Colley, author of *Britons*

*The Monarchy and the British Nation, 1780 to the Present* - Andrzej Olechnowicz  
2007-11-29

What has been the function of monarchy in the political and social life of Britain?

London and the Culture of Homosexuality, 1885-1914 - Matt Cook 2003

*London and the Culture of Homosexuality* explores the relationship between London

## **Prince Eddy And The Homosexual Underworld**

and male homosexuality from the criminalisation of all 'acts of gross indecency' between men in 1885 to the outbreak of the First World War in 1914 - years marked by an intensification in concern about male-male relationships and also by the emergence of an embryonic homosexual rights movement. Taking his cue from literary and lesbian and gay scholars, urban historians and cultural geographers, Matt Cook combines discussion of London's homosexual subculture and various major and minor scandals with a detailed examination of representations in the press, in science and in literature. The conjunction of approaches used in this study provides fresh insights into the development of ideas about the modern homosexual and into the many different ways of comprehending and taking part in London's culture of homosexuality.

*Disorder in the Court* - George Robb 1999-07-09

This collection of eleven essays by historians and literary

scholars examines the role of the state in regulating sexual morality in France, England and the British Empire. Each essay focuses on a trial and the public debates surrounding it. The cases range from husband or wife murder, to divorce, child marriage and public indecency. The social conflicts bring to light differing ideologies of class, gender and sexuality in the age of the 'New Man', the 'New Woman' and the 'Third Sex'.

Prince Eddy - Andrew Cook  
2011-08-26

Prince Albert Victor, King Edward VII's (r. 1901-10) first son and heir to the throne, and popularly known as Eddy, has virtually been airbrushed out of history. Eddy was as popular and charismatic a figure in his own time as Princess Diana a century later. As in her case, his sudden death in 1892 resulted in public demonstrations of grief on a scale rarely seen at the time, and it was even rumoured (as in the case of Diana) that he was murdered to save him besmirching the monarchy.

## **Prince Eddy And The Homosexual Underworld**

---

Had he lived, he would have been crowned king in 1911, ushering in a profoundly different style of monarchy from that of his younger brother, who ultimately succeeded as the stodgy George V. Eddy's life was virtually ignored by historians until the 1970s, when myths began to accumulate and his character somehow grew horns and a tail. As a result, he is remembered today primarily as a suspect in the Jack the Ripper murders of 1888 and for his alleged involvement in the Cleveland Street homosexual scandal of 1889. But history has found Eddy guilty of crimes he did not commit. Now, for the first time, using modern forensic evidence combined with Eddy's previously unseen records, personal correspondence and photographs, Andrew Cook proves his innocence. Prince Eddy reveals the truth about a key royal figure, a man who would have made a fine king and changed the face of the British monarchy.

**Mortal Doubt** - Anthony W.

Fontes 2018-11-06

The fear of violent crime dominates Guatemala City. In the midst of unprecedented levels of postwar violence, Guatemalans struggle to fathom the myriad forces that have made life in this city so deeply insecure. Born out of histories of state terror, migration, and US deportation, maras (transnational gangs) have become the face of this new era of violence. They are brutal organizations engaged in extortion, contract killings, and the drug trade, and yet they have also become essential to the emergence of a certain kind of social order. Drawing on years of fieldwork inside prisons, police precincts, and gang-dominated neighborhoods, Anthony W. Fontes demonstrates how gang violence has become indissoluble from contemporary social imaginaries and how these gangs provide cover for a host of other criminal actors. Ethnographically rich and unflinchingly critical, *Mortal Doubt* illuminates the maras'

---

role in making and mooring collective terror in Guatemala City while tracing the ties that bind this violence to those residing in far safer environs.

**A Poisoned Life** - Richard Jay Hutto 2018-05-25

Florence Maybrick was the first American woman to be sentenced to death in England—for murdering her husband, a crime she almost certainly did not commit. Her 1889 trial was presided over by an openly misogynist judge who was later declared incompetent and died in an asylum. Hours before Maybrick was to be hanged, Queen Victoria reluctantly commuted her sentence to life in prison—in her opinion a woman who would commit adultery, as Maybrick had admitted, would also kill her husband. Her children were taken from her; she never saw them again. Her mother worked for years to clear her name, enlisting the president of the United States and successive ambassadors, including Robert Todd Lincoln. Decades later, a gruesome diary was discovered that made

Maybrick's husband a prime Jack the Ripper suspect.

**OK2BG** - Jack Dunsmoor 2015  
OK2BG is narrative nonfiction, a Memoir about a guy who wants to be a Mentor preferably to a teenager, so they can have a decent & meaningful conversation about stuff & preferably with a kid at-risk, or just otherwise lost, in order to help both the teenager as well as the determined subject of this story realize their unique potential & find or reinforce their place in the world. Overall, a chronicle about the author's attempt over several years to understand the question of 'why do I want to be a Mentor' which eventually helps him become a more insightful person. Subsequently in September, 2010 after a plague of teen suicides, Jack turns his attention to researching gay biographies into optimistically appropriate groups of books for gay kids at-risk, from bullying. After 5 years Jack has categorized 2,000+ books in the form of Memoirs, Biographies & Autobiographies

written by or about 1,000+ allegedly gay men. The primary message in OK2BG is to read & reassess before you run asunder!

### **The Hidden Consumer -**

Christopher Breward 1999

This work uncovers the consuming habits of urban men from the second half of the 19th century to the outbreak of World War I. It focuses on the fraught relationships which emerged at this time between ideal models of manly behaviour and attitudes towards the expression of sexual and class identities through the medium of dress. The period has been identified by many historians as a crucial moment in the development of a commodity culture and its characteristics have generally been discussed in terms of a feminization of practices linked with shopping and fashionable display.

*The Cambridge Companion to Operetta* - Anastasia Belina  
2019-12-05

A collection of essays revealing how operetta spread across borders and became popular

on the musical stages of the world.

Royal Education - Peter Gordon  
2003

Many people assume that kings and queens have generally received a "good education", perhaps the best that money could buy at the time. This book investigates the reality: what is known about the education of British sovereigns from the beginning of the Tudor period to the end of the 20th century. There have been enormous differences in the seriousness with which education was regarded at different points in history. For example Henry VIII and his children were educated at a high point in the Renaissance, when educational ideas were regarded as important as well as exciting. Queen Elizabeth I was by any standards extremely well educated; by contrast Queen Elizabeth II's education has been described as "undemanding", because her parents wanted her to have a happy childhood. Peter Gordon and Denis Lawton have traced changes in royal education

through the centuries and related them not only to educational ideas and theories, but also to changing political, social and religious contexts. The monarchy itself has changed as an institution: from the semi-absolute authority of the Tudors to a much more limited kind of monarchy by the end of the Stuart period (after one king had been executed and another exiled) to the constitutional monarchy of the 20th century. To what extent have such changes made any difference to royal education? What is the most appropriate kind of education for future kings and queens in our present day democracy? In this book, the authors confront these and other such questions and explore some of the answers.

*Focus On: 100 Most Popular Knights of the Garter* - Wikipedia contributors

*The Dark Side of London* - D. H. Gutzman 2022

"My mother was mad. Not always and not completely, but often and somewhat." Thus

begins the journal of Montague John Druitt, a man often accused of being Jack the Ripper. But this is a novel of his passionate love affair with Crown Prince Albert Victor, called Prince Eddy, heir to the throne of England. It is a novel of the homosexual underworld of London of the 1880's, of Charles Hammond's infamous brothel, of the Hundred Guineas Club where the male aristocracy dressed and frolicked as women, and of secret college societies and sex clubs. Historical figures of the period like Bram Stoker, the notorious Jack Saul, and Lord Somerset who was forced to flee the country play integral parts in this novel of "love that dare not speak its name! "

**Who's Who in Gay and Lesbian History** - Robert Aldrich 2020-10-07

Who's Who in Gay and Lesbian History: From Antiquity to the Mid-Twentieth Century is a comprehensive and fascinating survey of the key figures in gay and lesbian history from classical times to the mid-twentieth century. Among

those included are: \* Classical heroes - Achilles; Aeneas; Ganymede \* Literary giants - Sappho; Christopher Marlowe; Arthur Rimbaud; Oscar Wilde \* Royalty and politicians - Edward II; King James I; Horace Walpole; Michel de Montaigne. Over the course of some 500 entries, expert contributors provide a complete and vivid picture of gay and lesbian life in the Western world throughout the ages.

*Jack The Ripper - An Encyclopedia* - John J. Eddleston 2012-11-15

The gruesome, unsolved murders by the first media-sensationalized serial killer, Jack the Ripper, continue to fascinate after more than 100 years. However, from the beginning the truth has been obscured by a fog of half-truths and misinterpretations. This book aims to clear up the misinformation and myths surrounding Jack the Ripper. The author uses a critical review of the kind that is now used to scrutinize unsolved crimes. He re-checks, re-

examines and re-evaluates the facts, conjectures, newspaper accounts, eyewitness reports and official pronouncements. The book includes: descriptions of the locations where the bodies were found; detailed histories of the victims; profiles of key police officials and examinations of police procedures, investigations, blunders and errors; details of prevailing myths about the case; an evaluation of all the chief suspects; comprehensive analyses of the existing literature; discussions of written communications ostensibly sent by the Ripper; and an argument identifying the most likely suspects.

Prince Eddy and the Homosexual Underworld - Theo Aronson 2020-11-12

Prince Albert Victor, known to his family as 'Eddy', was the eldest child of King Edward VII and Queen Alexandra. This is the story of his upbringing, his curious personality and his alleged involvement the Cleveland Street brothel case.

**Eddy County** - Donna Blake Birchell 2011

## **Prince Eddy And The Homosexual Underworld**

---

Eddy County's 4,198 square miles were carved from the massive land holdings of Lincoln County, then the largest county in the United States, on February 25, 1889. Early Spanish explorers and Native Americans had used the seemingly endless water supply of the Pecos River, which bisects the county, as a trail to the north. Seven Rivers, the first settlement in the Pecos Valley, battled the newly formed town of Eddy for the honor of remaining county seat. Eddy won by a vote of 331 for and 83 against. Although born in lawlessness and diversity, the county flourished as the discoveries of oil, gas, and potash brought industry to support the established fertile agricultural and cattle foundations. This volume explores the early founding families and pioneers and brings to light many of the long-forgotten towns of Dayton, Lookout, Oriental, and Globe that helped form the Eddy

County of today.
