**Adolescence, Sexuality, and the Criminal Law - Vern L**

Bullough 2014-06-03

Gain an understanding of the threat to freedom that is posed by state regulation of adolescent sexual behavior

Sexual autonomy encompasses both the right to engage in wanted sexual activity and the right to be free and protected from unwanted sexual aggression. Only when both aspects of adolescents' rights are recognized can human sexual dignity be fully respected. In Adolescence, Sexuality, and the Criminal

Law, experts from several disciplines use case studies, legal analysis, empirical examinations, and tables and figures to provide you with an insightful contribution to the debate surrounding child sexual abuse. Much has been written about the undisputedly essential fight against child sexual exploitation. In Adolescence, Sexuality, and the Criminal Law, experts investigate for the first time what distinguishes the sexual contacts of adolescents from those of children and why they should be treated separately.

*Downloaded from

on 2020-11-09 by guest*

This updated version of the papers delivered to the International Association for the Treatment of Sex Offenders in 2002 is an essential guide for lawmakers, sexologists, psychologists, and lawyers interested in an interdisciplinary approach to adolescent sexuality and the criminal law. This resource carefully examines child sexual abuse laws that fail to distinguish between children and adolescents. The text includes discussions of the history of the age of consent, adolescent sexuality, relations between adolescents and adults, and adolescent prostitution and pornography that will leave you better informed about the sexual rights of adolescents and the criminal politics of youth protection. *Adolescence, Sexuality, and the Criminal Law* examines adolescent sexuality and the various policies that threaten adolescents' autonomy, including: the question of youthful sexuality and how society has attempted to deal

with its recent attempts to deny youthful sexuality through abstinence or changes in the law intergenerational sexual interaction child pornography and much more! As the debate surrounding child sexual abuse laws escalates, the value of this authoritative and timely text will continue to increase. Whether you are a lawmaker, a sexologist, a social worker, a lawmaker, or a lawyer, *Adolescence, Sexuality, and the Criminal Law* is a resource that you'll return to again and again as you work to understand the importance of adolescent sexual rights.

*Sexuality in Adolescence* -

Susan Moore 1993

Susan Moore and Doreen Rosenthal review current work on adolescent sexual development, including data from their own studies on sexual risk-taking, and the social contexts in which young people form their sexual beliefs.

**The Fourth Sex** - Francesco Bonami 2003

Omnivorous and indefatigable, suggestible but independent,

*Downloaded from*

on 2020-11-09 by guest

adolescents don't want to be balanced. They love extremes of everything from fashion and art to music and the Internet. Observed and studied by experts of all kinds, their behavior monitored by psychologists, educators, and marketing executives, adolescents represent a decisive and increasingly valuable segment of the buying public. They adore and consume trendy clothes and brand-new bands; they must be cool regardless of the cost. And adults turn to them more and more for clues on how to remain forever young and hip. The Fourth Sexturns a critical, illustrated spotlight on adolescence, a territory of transition crisscrossed by the most varied creative energies. A series of iconographic materials begins in the 1960s and moves up to the present, revealing clothes, behavior patterns, novels, and visual artworks created or inspired by the transnational tribe that are teenagers. Excerpted authors include David Foster Wallace, Arata Isozaki, Philip Roth,

William Golding, J.G. Ballard, Beavis & Buttthead, Jim Carroll, Stephen King, Vladimir Nabokov, Douglas Coupland, Dick Hebdige, Bret Easton Ellis, and Dave Eggers. Represented artists include Vanessa Beecroft, Raymond Pettibon, Mike Kelley, Elizabeth Peyton, Karen Kilimnik, Charles Ray, Takashi Murakami, Larry Clark, Rineke Dijkstra, Paul McCarthy, Richard Prince, Gilbert & George, Gavin Turk, and Richard Billingham. And modeled fashion and lifestyle designers include Malcolm MacLaren, Paco Rabanne, Benetton, Veronique Branquinho, Comme des Garons, Stsyy, Coca-Cola, PlayStation, Diesel, Katherine Hamnett, and David Sims. The book's shifting, politically incorrect graphic style gives form and color to all the contradictions and ambiguities of an unhappy age that we never cease to remember with nostalgia and the occasional twinge of pain. Published in association with Fondazione Pitti Immagine Discovery.

Has Sex Education Failed Our Teenagers? - Dinah Richard  
1990

A study of the effects of sex education on the rates of teenage pregnancy, sexually transmitted diseases, and abortions.

Sexuality in Adolescence - Susan M. Moore 2007-01-24

Sexuality in Adolescence considers the latest theory and research on adolescent development, focusing on sexuality as a vital aspect of normal, healthy maturation. Biological changes are discussed within a social context, and the latest research is presented on key issues of our time, including changes in teenage sexual behaviours and beliefs, sexual risk-taking, body dissatisfaction, sex education, teen pregnancy and abortion. Susan Moore and Doreen Rosenthal explore the roles of parents, peers, the media, social institutions and youth culture in adolescent sexual adjustment. This volume covers topical issues ranging from the role of the internet in adolescent romance to the pros

and cons of abstinence education versus harm minimization. Issues, such as whether there are male-female differences in desire, sexuality, motives for sex, and beliefs about romance are examined, along with the question of whether a sexual double standard still exists.

Maladaptive aspects of sexual development, including sexual risk-taking, disease, unplanned pregnancy, and sexual coercion are also covered. This fully revised and updated second edition also addresses the crucial issues of: sexual minority adolescents the social determinants of adolescent sexuality sexual health as opposed to sexual illness. This book aims to promote sexual well-being, and argues for the importance of the adolescent period as a time for engendering healthy sexual attitudes and practices. It will be valuable reading for students in the social and behavioural sciences interested in adolescent development and the topic of sexuality, and for professionals working with

young people.

**Not Under My Roof** - Amy T. Schalet 2011-09-30  
Winner of the Healthy Teen Network's Carol Mendez Cassell Award for Excellence in Sexuality Education and the American Sociological Association's Children and Youth Section's 2012 Distinguished Scholarly Research Award For American parents, teenage sex is something to be feared and forbidden: most would never consider allowing their children to have sex at home, and sex is a frequent source of family conflict. In the Netherlands, where teenage pregnancies are far less frequent than in the United States, parents aim above all for family cohesiveness, often permitting young couples to sleep together and providing them with contraceptives. Drawing on extensive interviews with parents and teens, *Not Under My Roof* offers an unprecedented, intimate account of the different ways that girls and boys in both countries

negotiate love, lust, and growing up. Tracing the roots of the parents' divergent attitudes, Amy T. Schalet reveals how they grow out of their respective conceptions of the self, relationships, gender, autonomy, and authority. She provides a probing analysis of the way family culture shapes not just sex but also alcohol consumption and parent-teen relationships. Avoiding caricatures of permissive Europeans and puritanical Americans, Schalet shows that the Dutch require self-control from teens and parents, while Americans guide their children toward autonomous adulthood at the expense of the family bond.

**Adolescents and Sex** - Sarah Bekaert 2018-08-08  
Working with young people can present many challenges. Sexual health and contraceptive issues with teenagers often raise legal, ethical and sometimes child protection concerns. This comprehensive and practical guide is packed with useful advice on contraceptive

*Downloaded from

on 2020-11-09 by guest*

methods, sexually transmitted infections, adolescent, legal and ethical issues. It is presented in an easy to read format that can be dipped into when required and highlights how a young persons' clinic can be set up and how existing services can be made more approachable. This book will serve as a useful, quick reference and all those working with young people will find it valuable reading.

Media, Sex, and the Adolescent

- Bradley S. Greenberg 1993

*Sex and Your Teenager* - John Coleman 2003-03-28

As we all know, sexuality is not an easy topic for parents and carers to deal with once their children enter adolescence. We are all aware of the need to discuss sex with our kids, the only question is, how to start the conversation? This practical, down-to-earth book offers tips on how to broach the subject and gives advice on a range of problems from the bodily changes at puberty through to coping with relationships, contraception

and HIV. And in light of modern society's ever changing attitudes towards sexual behaviour, more controversial issues are addressed such as sexual orientation and STDs. Written in a very open, honest style, yet based on a solid bedrock of scientific information this book will help you to help your teenager to cope with their own sexuality. \* Written by a very well respected academic \* Includes useful lists of organisations and further reading \* Will empower you to develop a deeper, more satisfying relationships with your teenage kids

**Sexual Teens, Sexual Media**

- Jane D. Brown 2001-11

This collection explores the sexual content of U.S. mass media and its influence in the lives of adolescents. Contributors address the topic of sexuality broadly, including evidence not only about physical sex acts, but also about the role the media play in the development of gender roles, standards of beauty, courtship, and relationship norms. Chapters included here

present new perspectives on what teens are paying attention to in the media, and offer insight into how teens are understanding and applying what the media present about sex and sexuality. Employing various methodological approaches, the studies also represent a diversity of adolescent audiences and deal with a wide variety of media content, ranging from teens' favorite TV programs to magazines, movies, music, and teen girls' Web pages. Taken as a whole, this volume highlights the significant roles the media play in adolescents' sexual lives. Sexual Teens, Sexual Media contributes important evidence to the ongoing debate over media effects, making it essential reading for scholars and students in media studies, as well as social and developmental psychology.

[The Cambridge Handbook of Sexual Development](#) - Sharon Lamb 2018-12-20

The Cambridge Handbook of Sexual Development is a carefully curated conversation that brings together the top

researchers in child and adolescent sexual development to redefine the issues, conflicts, and debates in the field. The Handbook is organized around three foundational questions: first, what is sexual development? Second, how do we study sexual development? And third, what roles might adults - including the institutions of the media, family, and education - play in the sexual development of children and adolescents? As the first of its kind, this collection integrates work from sociology, psychology, anthropology, history, education, cultural studies, and allied fields. Writing from different disciplinary traditions and about a range of international contexts, the contributors explore the role of sexuality in children's and adolescents' everyday experiences of identity, family, school, neighborhood, religion, and popular media.

**Romance and Sex in Adolescence and Emerging Adulthood** - Alan Booth

2015-12-07

Downloaded from  
[legacy.opendemocracy.net](http://legacy.opendemocracy.net)  
on 2020-11-09 by guest

In this classic edition top scholars in family research examine the nature and origin of adolescents' contemporary patterns of sexual and romantic relationships, from the evolutionary roots of these behaviors to policies and programs that represent best practices for addressing these issues in schools and communities. The text offers interdisciplinary expertise from scholars of psychology, social work, sociology, demography, economics, human development and family studies, and public policy. Adolescents and young adults today face very different choices about family formation than did their parents' generation, given such societal changes as the rise in cohabitation, the increase in divorce rates, and families having fewer children. This book examines these demographic trends and provides a backdrop against which adolescents and emerging adults form and maintain romantic and sexual relationships. This book

addresses such questions as:  
\*What are the ways in which early family and peer relationships give rise to romantic relationships in the late adolescent and early adult years?  
\*How do early romantic and sexual relationships influence individuals' subsequent development and life choices, including family formation?  
\*To what extent are current trends in romantic and sexual relationships in adolescence and emerging adulthood problematic for individuals, families, and communities, and what are the most effective ways to address these issues at the level of practice, program, and policy?  
Ideal as a supplement in graduate or advanced undergraduate courses on interpersonal (romantic) relationships, adolescent development, human sexuality, couples and/or family and conflict, sociology of children and youth, family therapy taught in human development and family studies, clinical or counseling psychology, social work, sociology,

communications, and human sexuality this book also appreciated by researchers and clinicians/counselors who work with families and adolescents. Sex in the Adolescent Years - Isadore Rubin 1968

*Teenage Sexuality* - John Christopher Coleman 1998  
First Published in 1998.  
Routledge is an imprint of Taylor & Francis, an informa company.  
Puberty, Sexuality and the Self - Karin Martin 2018-12-07  
Puberty, Sexuality and the Self considers the effects of puberty and teenage sexuality on adolescents. By analyzing interviews with 55 teenagers, Karin Martin finds that girls' self-esteem drops significantly more than boys' does at adolescence. While this finding is supported by previous studies, Martin picks up where these earlier studies leave off by focusing on girls' development and considering different experiences of puberty and sex as an explanation for girls' greater drop in self-esteem. Puberty,

Sexuality and the Self examines voice change, breast development, shaving, expectations of sex, the decision to have sex, experiences of sex and how boys and girls manage their emotions and selves throughout all of these new experiences. Comparing boys and girls at adolescence, Martin takes a qualitative look at puberty and sexuality, supporting her theory in the words of the adolescents themselves.

*Sex in the Adolescent Years* - Isadore Rubin 1969

**Teaching Sex** - Jeffrey P. Moran 2002-10-15  
Sex education, since its advent at the dawn of the twentieth century, has provoked the hopes and fears of generations of parents, educators, politicians, and reformers. On its success or failure seems to hinge the moral fate of the nation and its future citizens. But whether we argue over condom distribution to teenagers or the use of an anti-abortion curriculum in high

on 2020-11-09 by guest

schools, we rarely question the basic premise--that adolescents need to be educated about sex. How did we come to expect the public schools to manage our children's sexuality? More important, what is it about the adolescent that arouses so much anxiety among adults? Teaching Sex travels back over the past century to trace the emergence of the sexual adolescent and the evolution of the schools' efforts to teach sex to this captive pupil. Jeffrey Moran takes us on a fascinating ride through America's sexual mores: from a time when young men were warned about the crippling effects of masturbation, to the belief that schools could and should train adolescents in proper courtship and parenting techniques, to the reemergence of sexual abstention brought by the AIDS crisis. We see how the political and moral anxieties of each era found their way into sex education curricula, reflecting the priorities of the elders more than the concerns of the young. Moran illuminates the

aspirations and limits of sex education and the ability of public authority to shape private behavior. More than a critique of public health policy, Teaching Sex is a broad cultural inquiry into America's understanding of adolescence, sexual morality, and social reform.

Sex and the Adolescent - Mary Jan Losoncy 1971-01-01

Introduces the physical and emotional aspects of sex with an emphasis on Christian ethics.

Sexuality in Adolescence - Meredith Temple-Smith 2015-08-11

Sexuality in Adolescence: The Digital Generation provides a comprehensive and up-to-date overview of research and theory about adolescent sexuality in today's world. The book examines biological, social and health-related approaches and reviews qualitative and quantitative research from psychology, sociology, epidemiology and medicine, emphasizing the interplay between perspectives and privileging the voices of

*Downloaded from

on 2020-11-09 by guest*

young people as they discuss the joys and pains of sexual awakening. The focus is on understanding healthy sexual development and its many variations, but problems and issues arising as young people make their journey to adult sexuality are also considered. The book presents global research on many key issues of our time, including the impact of media and technology on adolescent sexuality, changes in adolescent sexual behaviors and beliefs, sexual risk taking, sex education, and teen pregnancy and abortion. This fully revised and updated third edition of *Sexuality in Adolescence* also addresses the crucial issues of sexual diversity, sexual safety and sexual communication, including coercion, peer pressure and double standards. In *Sexuality in Adolescence: The Digital Generation*, the authors aim to promote sexual wellbeing, and argue for the importance of the adolescent period as a time for engendering healthy sexual attitudes and practices. This

book will be valuable reading for students in the social, behavioural and health sciences who are interested in adolescent development and the topic of sexuality, as well as for professionals working with young people and families.

**Sexuality in Adolescence and Emerging Adulthood -**

Raymond Montemayor

2018-10-23

Written in an engaging question-and-answer format, this accessible text synthesizes contemporary empirical research to provide a panoramic view of adolescent sexual development and behavior. The book examines sexuality as part of normative growth and development, in addition to addressing traditional problem areas such as sexual risk taking. Candid personal stories bring the theory and research to life. Topics include the precursors of adolescent sexuality in childhood; biological aspects of adolescent sexuality, including puberty and the adolescent brain; the influences of parents, peers, and the media;

*Downloaded from
