Come As You Are: Revised and Updated Emily Nagoski 2021-03-02 A revised and updated edition of Emily Nagoski's game-changing New York Times bestseller *Come As You Are*, featuring new information and research on mindfulness, desire, and pleasure that will radically transform your sex life. For much of the 20th and 21st centuries, women's sexuality was an uncharted territory in science, studied far less frequently—and far less seriously—than its male counterpart. That is, until Emily Nagoski's *Come As You Are*, which used groundbreaking science and research to prove that the most important factor in creating and sustaining a sex life filled with confidence and joy is not what the parts are or how they're organized but how you feel about them. In the years since the book's initial publication, countless women have learned through Nagoski's accessible and informative guide that things like stress, mood, trust, and body image are not peripheral factors in a woman's sexual wellbeing; they are central to it—and that even if you don't always feel like

it, you are already sexually whole by just being yourself. This revised and updated edition continues that mission with new information and advanced research, demystifying and decoding the science of sex so that everyone can create a better sex life and discover more pleasure than you ever thought possible.

The Origins of Yoga and Tantra Geoffrey Samuel 2008-03-27 Yoga, tantra and other forms of Asian meditation are practised in modernized forms throughout the world today, but most introductions to Hinduism or Buddhism tell only part of the story of how they developed. This book is an interpretation of the history of Indic religions up to around 1200 CE, with particular focus on the development of yogic and tantric traditions. It assesses how much we really know about this period, and asks what sense we can make of the evolution of yogic and tantric practices, which were to become such central and important features of the Indic religious scene. Its originality lies in seeking to understand these traditions in terms of the total social and religious context of South Asian society during this period, including the religious practices of the general population with their close engagement with family, gender, economic life and other pragmatic concerns.

The Guide to Great Sex is a manuscript of sexual knowledge written by a former sex columnist who studied human sexuality and openly shared details of his sex life with readers. This guide is the culmination of knowledge gained during that experience as a sex writer. You will learn: What it means to have great sex. The science behind pleasure and orgasms. A complete breakdown of foreplay. Oral sex: fellatio and cunnilingus techniques. 16 of the best sex positions for the hottest sex and deepest intimacy. How sex toys can improve your sex life and which ones the author recommends. The one simple yet rare act that can take your sex life to the next level. How to master multitasking in the bedroom. The balance of dominance and submission. How to communicate openly with your partner about sexual issues. How to unlock sexual fantasies and fetishes within you and your partner. How to overcome 9 different sexual anxieties and insecurities. 3 little-known sexual concepts and how to take advantage of them. And much, much more to help you take your sex life to the next level. The tips and advice in The Guide to Great Sex are 100% gender and sexual orientation neutral. The author phrases terms and describes certain acts to allow everyone to feel included in the conversation. Anyone can learn from these pages, because the author believes that everyone deserves to have great sex. "I started the book 3 hours ago and I just jammed through it. This is both a compliment as to how entertaining it was as well as how easy of a read it is. Making it gender/sexual orientation neutral was an excellent choice and I don't feel like it ever distracted me in any way. As I read through I couldn't help but think I'm going to send this to my little brother in two years when he first steps foot on a college campus as a student. This is a great accomplishment and I'm especially excited to see where you go from here with your site and whatever else you publish. I was thoroughly entertained and definitely informed." -- Jordan From The Author: "I firmly believe that sex is a fundamental need of human beings, and it's an act that should be enjoyed by everyone. I worked hard to improve my sex life. I worked through my sexual anxiety and insecurities, I made myself vulnerable, I read books just like this one, and I made some of the best memories I will ever have. Now my hope is that you will take this knowledge and apply it to your own sex life, to experience what great sex means to you." -- Michael Karp, Author of The Guide to Great Sex

Explore Your Fantasies Paula Ann 2020-11-17 Do you want to learn how to turn your sexual fantasies into reality with these sex short stories, erotic fantasies, dirty secrets and sex experience? If yes, then keep reading... Now that you will learn what it takes to become a sex master and you have knowledge about exploring your fantasies, you will be ready to continue developing your mind, body, and heart in order to become the most intelligent and well-rounded sexual being that you can be. As you do so, pay close attention to the sexual intelligence piece of the equation and ensure that you are remaining true to this first and foremost. The rest will come naturally after that. Coupling the knowledge you have with the practice of learning more about yourself and your personal desires will ensure that you will continue to be sexually fulfilled for the rest of your life. You are now ready to share what you know with your romantic or sexual partners. Approaching your next sexual encounters after reading this book should be done with curiosity and a willingness to not only discover your own desires but the desires of your partners. The more sexually fulfilled your partners are, the more sexually fulfilled that they will make you as well. Please make sure as well that you are providing yourself with the sexual satisfaction you need and are not only relying on receiving this from others. Masturbation is an important part of sexual fulfillment and satisfaction. Men and women both love spontaneity. Do not get into a bland routine. Try new things, especially by having sex in different and exciting places. Give your man a blowjob when he least expects it and he is sure to return the favor. Men are very visual, they like seeing your whole body and they love it when you are vocal during sex. Tell your man to "do you harder," to "spank you," to make you cum hard." Moan and yell your man's name and they are sure to repay you with intense sex. While giving your man head try to let him see your entire body. Suck him at an angle and let him see your bum and breasts. Do 69 with your man and allow your vagina to be directly in his face. Try anything once as long as it's not painful or potentially harmful. You should always let your partner know that he/she will not be judged for suggesting something new and taboo. Maybe you're a woman and you want to have sex with your man in front of another person, who videotapes the event, or maybe you're a man and you really want to have anal sex with your woman and you would also like her to give you a prostate massage. No matter what the suggestion is, make sure your partner knows that it's perfectly okay to suggest new sexual ideas. It's also perfectly okay to say no to ideas but I think having the rule of trying anything once (as long as it isn't painful or if it REALLY makes you uncomfortable) is a good idea. By trying anything once your partner will respect you.
