The Lonely Guy and The Slightly Older Guy - Bruce Jay Friedman 2007-12-01

The New York

Times—bestselling author finds the pulse of the aging American male in two ingeniously funny novels. “I just laughed myself sick” (Neil Simon). Two classic works of comic self-help fiction by “one of the funniest writers in

America” available together for the first time in a single ebook edition (John Gregory Dunne). With its “sparkling . . . winsome and true” look at the single male in America—from his sad new apartment furnishings to his career struggles to the mystifying dating world—Bruce Jay Friedman’s *The Lonely Guy’s Book of Life* was as cringingly relatable to both men and women when it was first

published in 1978 as is today (The New York Times Book Review). The inspiration for Steve Martin's classic cult film comedy, *The Lonely Guy*, it was hailed as "the funniest book of this year, or most any other. You don't close this book. You just start reading it again immediately. I loved every page-and laughed out loud on most of them" (Dan Jenkins, author of *Semi-Tough* and *Dead Solid Perfect*). Twenty years later, Friedman returned to the subject with *The Slightly Older Guy*, finding his quarry no longer alone, maybe a little less lonely, not so young anymore, faltering at fashion, pondering a new career, but just as resiliently witty. Featuring a new afterword, *The Considerably Older Guy* offers advice on such topics as divorce, grandchildren, exercise, diet, and insomnia. "If you believe in reading, then when a book comes along by Friedman, you have to read it. It's as simple as that" (The Washington Post Book World).
Cosmopolitan - Helen Gurley Brown 1984-10

Walking Away - Simon Armitage 2015-06-02
Not content with walking the Pennine Way as a modern day troubadour, an experience recounted in his bestseller and prize-winning *Walking Home*, the restless poet has followed up that journey with a walk of the same distance but through the very opposite terrain and direction far from home. In *Walking Away* Simon Armitage swaps the moorland uplands of the north for the coastal fringes of Britain's south west, once again giving readings every night, but this time through Somerset, Devon and Cornwall, taking poetry into distant communities and tourist hot-spots, busking his way from start to finish. From the surreal pleasuredome of Minehead Butlins to a smoke-filled roundhouse on the Penwith Peninsula then out to the Isles of Scilly and beyond, Armitage tackles this personal Odyssey with all the poetic reflection and personal wit we've come to expect of one of Britain's best loved and most popular writers.

Handbook of African Medicinal Plants, Second Edition

- Maurice M. Iwu

2014-02-04

With over 50,000 distinct species in sub-Saharan Africa alone, the African continent is endowed with an enormous wealth of plant resources. While more than 25 percent of known species have been used for several centuries in traditional African medicine for the prevention and treatment of diseases, Africa remains a minor player in the global natural products market largely due to lack of practical information. This updated and expanded second edition of the Handbook of African Medicinal Plants provides a comprehensive review of more than 2,000 species of plants employed in indigenous African medicine, with full-color photographs and references from over 1,100 publications. The first part of the book contains a catalog of the plants used as ingredients for the preparation of traditional remedies, including their medicinal uses and the parts of

the plant used. This is followed by a pharmacognostical profile of 170 of the major herbs, with a brief description of the diagnostic features of the leaves, flowers, and fruits and monographs with botanical names, common names, synonyms, African names, habitat and distribution, ethnomedicinal uses, chemical constituents, and reported pharmacological activity. The second part of the book provides an introduction to African traditional medicine, outlining African cosmology and beliefs as they relate to healing and the use of herbs, health foods, and medicinal plants. This book presents scientific documentation of the correlation between the observed folk use and demonstrable biological activity, as well as the characterized constituents of the plants.

An Interactive Consumer-product Typological System - Joel Benjamin Cohen 1970

Watching the English - Kate Fox 2005-04-11

In "Watching The English" anthropologist Kate Fox takes a revealing look at the quirks, habits and foibles of the English people. She puts the English national character under her anthropological microscope, and finds a strange and fascinating culture, governed by complex sets of unspoken rules and byzantine codes of behaviour. The rules of weather-speak. The ironic-gnome rule. The reflex apology rule. The paranoid-pantomime rule. Class indicators and class anxiety tests. The money-talk taboo and many more ...Through a mixture of anthropological analysis and her own unorthodox experiments (using herself as a reluctant guinea-pig), Kate Fox discovers what these unwritten behaviour codes tell us about Englishness.

WHO Guidelines for Indoor Air Quality - 2010

This book presents WHO guidelines for the protection of public health from risks due to

a number of chemicals commonly present in indoor air. The substances considered in this review, i.e. benzene, carbon monoxide, formaldehyde, naphthalene, nitrogen dioxide, polycyclic aromatic hydrocarbons (especially benzo[a]pyrene), radon, trichloroethylene and tetrachloroethylene, have indoor sources, are known in respect of their hazardousness to health and are often found indoors in concentrations of health concern. The guidelines are targeted at public health professionals involved in preventing health risks of environmental exposures, as well as specialists and authorities involved in the design and use of buildings, indoor materials and products. They provide a scientific basis for legally enforceable standards.

[Ask a Manager](#) - Alison Green
2018-05-01

'I'm a HUGE fan of Alison Green's "Ask a Manager" column. This book is even better' Robert Sutton, author of The No Asshole Rule and The

*Downloaded from
legacy.opendemocracy.net
on 2023-10-06 by guest*

Asshole Survival Guide 'Ask A Manager is the book I wish I'd had in my desk drawer when I was starting out (or even, let's be honest, fifteen years in)' - Sarah Knight, New York Times bestselling author of The Life-Changing Magic of Not Giving a F*ck A witty, practical guide to navigating 200 difficult professional conversations Ten years as a workplace advice columnist has taught Alison Green that people avoid awkward conversations in the office because they don't know what to say. Thankfully, Alison does. In this incredibly helpful book, she takes on the tough discussions you may need to have during your career. You'll learn what to say when: · colleagues push their work on you - then take credit for it · you accidentally trash-talk someone in an email and hit 'reply all' · you're being micromanaged - or not being managed at all · your boss seems unhappy with your work · you got too drunk at the Christmas party With sharp, sage advice and candid letters from real-life readers, Ask a

Manager will help you successfully navigate the stormy seas of office life.

The Exile - Mark Ames 2000
The "eXile" is the controversial tabloid founded by Ames and Taibbi that "Rolling Stone" has called "cruel, caustic, and funny" and "a must-read." In the tradition of gonzo journalists like Hunter S. Thompson, the authors cover everything from decadent club scenes to the nation's collapsing political and economic systems--no one is spared. Illustrations.
From Arthur's Seat - Egg Box Publishing 2017-06

UnDiet - Meghan Telpner
2013-04-02

A toolbox for a complete lifestyle transformation -- from a holistic nutritionist with an inspiring and practical message. Is it possible to look and feel your absolute best while eating the most delicious food and avoiding the trap of diet deprivation and calorie counting? Meghan Telpner's UnDiet reimagines the way we look at our health and our

ability to change it. Infused with her signature humor, enthusiasm, and accessibility, Meghan inspires readers to question paradigms; take ownership over their health; and join her in reinventing their lives, one small change at a time. UnDiet offers a motivating lifestyle makeover that is more fun than any other diet -- with lifelong, life-changing results. Featuring:

- Practical nutrition information
- 40 easy and delectable gluten-free recipes
- Comprehensive meal plan
- Complete 8-week transition program
- Lifestyle advice from a posse of experts

Betel-quid and Areca-nut Chewing and Some Areca-nut-derived Nitrosamines - IARC Working Group on the Evaluation of Carcinogenic

Risks to Humans 2004

A working group of sixteen experts from seven countries re-evaluated the evidence of the carcinogenicity of betel-quid and areca-nut chewing and some areca-nut related nitrosamines. Betel-quid and areca-nut chewing are widely practised in many parts of Asia and in Asian-migrant communities elsewhere in the world. There are hundreds of millions of users worldwide. They evaluated betel quid with tobacco as carcinogenic to humans (Group 1) on the basis of sufficient evidence of an increased risk of cancer of the oral cavity, pharynx and oesophagus. The working group reviewed epidemiological studies of human cancer, mainly studies from India, Pakistan and Taiwan (China). Studies on betel quid with tobacco and areca nut with tobacco in experimental animals now also provide sufficient evidence of carcinogenicity. The working group also evaluated betel quid without tobacco as carcinogenic to humans (Group

1), on the basis of sufficient evidence of an increased risk of oral cancer. Studies on betel quid without tobacco and areca nut without tobacco in experimental animals now also provide sufficient evidence of carcinogenicity. Areca nut, a common ingredient of betel quid and many different chewing preparations, including those available commercially, has been observed to cause oral submucous fibrosis

The Prairie Homestead

Cookbook - Jill Winger

2019-04-02

Jill Winger, creator of the award-winning blog The Prairie Homestead, introduces her debut The Prairie Homestead Cookbook, including 100+

delicious, wholesome recipes made with fresh ingredients to bring the flavors and spirit of homestead cooking to any kitchen table. With a foreword by bestselling author Joel Salatin The Pioneer Woman Cooks meets 100 Days of Real Food, on the Wyoming prairie. While Jill produces much of her own food on her Wyoming ranch, you don't have to grow all—or even any—of your own food to cook and eat like a homesteader. Jill teaches people how to make delicious traditional American comfort food recipes with whole ingredients and shows that you don't have to use obscure items to enjoy this lifestyle. And as a busy mother of three, Jill knows how to make recipes easy and delicious for all ages. "Jill takes you on an insightful and delicious journey of becoming a homesteader. This book is packed with so much easy to follow, practical, hands-on information about steps you can take towards integrating homesteading into your life. It is packed full of exciting and mouth-watering recipes and

heartwarming stories of her unique adventure into homesteading. These recipes are ones I know I will be using regularly in my kitchen." - Eve Kilcher These 109 recipes include her family's favorites, with maple-glazed pork chops, butternut Alfredo pasta, and browned butter skillet corn. Jill also shares 17 bonus recipes for homemade sauces, salt rubs, sour cream, and the like—staples that many people are surprised to learn you can make yourself. Beyond these

recipes, The Prairie Homestead Cookbook shares the tools and tips Jill has learned from life on the homestead, like how to churn your own butter, feed a family on a budget, and experience all the fulfilling satisfaction of a DIY lifestyle.
