

# Sex Education 3 Cast

**Touchy Subject** - Lauren Bialystok 2022-12-23

A case for sex education that puts it in historical and philosophical context. In the United States, sex education is more than just an uncomfortable rite of passage: it's a political hobby horse that is increasingly out of touch with young people's needs. In *Touchy Subject*, philosopher Lauren Bialystok and historian Lisa M. F. Andersen unpack debates over sex education, explaining why it's worth fighting for, what points of consensus we can build upon, and what sort of sex education schools should pursue in the future. Andersen surveys the history of school-based sex education in the United States, describing the key question driving reform in each era. In turn, Bialystok analyzes the controversies over sex education to make sense of the arguments and offer advice about how to make educational choices today. Together, Bialystok and Andersen argue for a novel framework, Democratic Humanistic Sexuality Education, which exceeds the current conception of "comprehensive sex education" while making room for contextual variation. More than giving an honest run-down of the birds and the bees, sex education should respond to the features of young people's evolving worlds, especially the digital world, and the inequities that put some students at much higher risk of sexual harm than others. Throughout the book, the authors show how sex education has progressed and how the very concept of "progress" remains contestable.

**The Transformation of American Sex Education** - Ellen S. More 2022-01-11

"This book examines Americans' attempts to come to terms with the vexed subject of sex education in the schools from the late 1940s to the early 21st century. Using Mary Calderone's life and career as a touchstone, it traces the origins of modern sex education in the United States from the work of a group of reformers who coalesced around Calderone to create SIECUS in 1964 through the development and use of the competing approaches known as 'abstinence-based' and 'comprehensive' sex education from the 1980s into the 21st century"--

**Contraception and Modern Ireland** - Laura Kelly 2023-01-31

Contraception was the subject of intense controversy in twentieth-century Ireland. Banned in 1935 and stigmatised by the Catholic Church, it was the focus of some of the most polarised debates before and after its legalisation in 1979. This is the first comprehensive, dedicated history of contraception in Ireland from the establishment of the Irish Free State in 1922 to the 1990s. Drawing on the experiences of Irish citizens through a wide range of archival sources and oral history, Laura Kelly provides insights into the lived experiences of those negotiating family planning, alongside the memories of activists who campaigned for and against legalisation. She highlights the influence of the Catholic Church's teachings and legal structures on Irish life showing how, for many, sex and contraception were obscured by shame. Yet, in spite of these constraints, many Irish women and men showed resistance in accessing contraceptive methods. This title is also available as Open Access.

**Teaching Moral Sex** - Kristy L. Slominski 2021-01-20

Whose job is it to teach the public about sex? Parents? The churches? The schools? And what should they be taught? These questions have sparked some of the most heated political debates in recent American history, most recently the battle between proponents of comprehensive sex education and those in favor of an "abstinence-only" curriculum. Kristy Slominski shows that these questions have a long, complex, and surprising history. *Teaching Moral Sex* is the first comprehensive study of the role of religion in the history of public sex education in the United States. The field of sex education, Slominski shows, was created through a collaboration between religious sex educators—primarily liberal Protestants, along with some Catholics and Reform Jews—and "men of science"—namely physicians, biology professors, and social scientists. She argues that the work of early religious sex educators laid the foundation for both sides of contemporary controversies that are now often treated as disputes between "religious" and "secular" Americans. Slominski examines the religious contributions to national sex education organizations from the late nineteenth century to the early twenty-first. Far from being a barrier to sex education, she demonstrates, religion has been deeply embedded in the history of sex education, and its legacy has shaped the terms of current debates. Focusing on religion uncovers an under-recognized cast of characters—including Quaker and Unitarian

social purity reformers, military chaplains, and the Young Men's Christian Association— who, Slominski deftly shows, worked to make sex education more acceptable to the public through a strategic combination of progressive and restrictive approaches to sexuality. *Teaching Moral Sex* highlights the essential contributions of religious actors to the movement for sex education in the United States and reveals where their influence can still be felt today.

**Hospital Corps Quarterly** - 1949

*National Library of Medicine Audiovisuals Catalog* - National Library of Medicine (U.S.) 1978

**Sex Education Research** - William J. Taverner 2023-02-20

Curated by the chief editor of the *American Journal of Sexuality Education*, this book presents engaging and accessible chapters that capture current and essential research findings from leaders in the sexuality education field. William J. Taverner brings together an impressive array of contributors to help sexuality professionals remain up-to-date on the most relevant issues in sex education today. Covering a spectrum of hot sexuality education topics, including abstinence, gender, innovative programs, pleasure, the politics of sexuality education, porn literacy, sexual orientation, and more, each chapter describes key findings on a particular topic, their significance, their practical application, and how these new developments have arrived. The book includes chapters that address individuals across all age ranges, from children to older adults, as well as sexuality education and training programs for specialized professions, such as nurses and school-based health occupations. Practical and clear, this book identifies priorities and trends in the field, addresses marginalized audiences and overlooked topics, and hopes to encourage important discussions to come. *Sex Education Research: A Look Between the Sheets* provides a wide range of occupations and academic disciplines with a foundation of research essential to their work, such as public health professionals and students of human sexuality, gender studies, biology, psychology, sociology, as well as community educators, school nurses and health teachers, and administrative leaders affiliated with sexuality education programs at community-based organizations.

**An Analysis of U.S. Sex Education Programs and Evaluation Methods** - Douglas Kirby 1980

**Three Ingredient Cocktails** - Kate Calder 2021-10-14

With 60 recipes, *Three Ingredient Cocktails* demonstrate that all the best cocktails are made with no more than three ingredients – think martini, old fashioned and margaritas. Divided by main ingredient – gin, vodka, tequila, whisky, rum and sparkling wine – each drink can be whipped up in five minutes or less, with simple snack suggestions at the end of each chapter to pair with them. *Three Ingredient Cocktails* shows you also how to make the most of a simple home bar set up, and how to turn your living room into an on-trend cocktail lounge. With make ahead and batch cocktails, as well as renowned classics, this book is everything you need to bring elegance and style to your cocktail hour.

**Index Medicus** - 2002

Vols. for 1963- include as pt. 2 of the Jan. issue: Medical subject headings.

**Cleo, Camping, Emmanuelle & Dick** - Terry Johnson 1998

Filming's not as glamorous as it's cracked up to be.

**Hedwig and the Angry Inch** - Stephen Trask 2003

Tells the story of transsexual rocker Hedwig Schmidt, an East German immigrant whose sex change operation has been botched and who finds herself living in a trailer park in Kansas.

**Risky Lessons** - Jessica Fields 2008-06-03

Curricula in U.S. public schools are often the focus of heated debate, and few subjects spark more controversy than sex education. While conservatives argue that sexual abstinence should be the only message,

liberals counter that an approach that provides comprehensive instruction and helps young people avoid sexually transmitted diseases and pregnancy is necessary. Caught in the middle are the students and teachers whose everyday experiences of sex education are seldom as clear-cut as either side of the debate suggests. *Risky Lessons* brings readers inside three North Carolina middle schools to show how students and teachers support and subvert the official curriculum through their questions, choices, viewpoints, and reactions. Most important, the book highlights how sex education's formal and informal lessons reflect and reinforce gender, race, and class inequalities. Ultimately critical of both conservative and liberal approaches, Fields argues for curricula that promote social and sexual justice. Sex education's aim need not be limited to reducing the risk of adolescent pregnancies, disease, and sexual activity. Rather, its lessons should help young people to recognize and contend with sexual desires, power, and inequalities.

Sex is a Funny Word - Cory Silverberg 2015-07-28

2016 Winner of the Norma Fleck Award for Canadian Children's Non-Fiction 2016 ALA Stonewall Book Award, Honor Book 2016 ALA Notable Children's Book A comic book for kids that includes children and families of all makeups, orientations, and gender identities, *Sex Is a Funny Word* is an essential resource about bodies, gender, and sexuality for children ages 8 to 10 as well as their parents and caregivers. Much more than the "facts of life" or "the birds and the bees," *Sex Is a Funny Word* opens up conversations between young people and their caregivers in a way that allows adults to convey their values and beliefs while providing information about boundaries, safety, and joy. The eagerly anticipated follow up to Lambda-nominated *What Makes a Baby*, from sex educator Cory Silverberg and artist Fiona Smyth, *Sex Is a Funny Word* reimagines "sex talk" for the twenty-first century.

**Condom Nation** - Alexandra M. Lord 2010-01-01

An award-winning history of the U.S. Public Health Service's haphazard efforts to educate Americans about sex for more than a century. Since launching its first sex ed program during World War I, the Public Health Service has dominated federal sex education efforts. Alexandra M. Lord draws on medical research, news reports, the expansive records of the Public Health Service, and interviews with former surgeons general to examine these efforts, from early initiatives through the administration of George W. Bush. Giving equal voice to many groups in America—middle class, working class, black, white, urban, rural, Christian and non-Christian, scientist and theologian—Lord explores how federal officials struggled to create sex education programs that balanced cultural and public health concerns. She details how the Public Health Service left an indelible mark on federally and privately funded sex education programs through partnerships and initiatives with community organizations, public schools, foundations, corporations, and religious groups. With engaging and insightful analysis, Lord explains how tensions among these organizations exacerbated existing controversies about sexual behavior. She also discusses why the Public Health Service's promotional tactics sometimes fueled public fears about the federal government's goals in promoting, or not promoting, sex education. Award for the Public Understanding of Science, 2010, British Medical Association's Board of Science First Prize, Popular Medicine, British Medical Association 2010 Book Awards

*Education Law* - Derek Black 2021-01-31

Written by Derek Black, one of the nation's foremost experts in education law and policy, and Education Law Association's 2015 Goldberg Award for Most Significant Publication in Education Law recipient, this third

edition casebook develops Education Law through the themes of equality, fairness, and reform. The book focuses on the laws of equal educational opportunity for various disadvantaged student populations, recent reform movements designed to improve education, and the general constitutional rights that extend to all students. New to the Third Edition: Updates on litigation regarding the fundamental right to education, school funding, and their intersection with COVID-19 issues New cases and analysis on the rights of LGBTQ youth, including *Bostock v. Clayton County Department of Education's* new regulatory structure for investigating and resolving sexual harassment claims Two new U.S. Supreme Court special education cases defining the meaning of "free and appropriation public education" and the intersection of Rehabilitation Act with the Individuals with Disabilities in Education Act New cases on student walkouts and protests New U.S. Supreme Court case, *Espinoza v. Montana*, on vouchers and the free exercise of religion New analysis and updates on the Every Student Succeeds Act New materials on the U.S. Supreme Court's decision striking down mandatory teacher union fees Professors and student will benefit from: Efficient presentation of cases—to permit more comprehensive inclusion of case law and issues Problems—which can be modified for group exercises, in-class discussion, or out-of-class writing assignments Contextualization and situation of case law in the broader education world—by including edited versions of federal policy guidelines, seminal law review articles, social science studies, and organization reports and studies Careful editing of cases and secondary sources—for ease of reading and comprehension Narrative introductions to every chapter, major section, and case—synthesize and foreshadow the material to improve student comprehension and retention Teaching materials Include: Teacher's Manual

**Relationships and Sex Education 3-11** - Sacha Mason 2019-03-21

'Where do babies come from?' The prospect of this age-old question is one that causes significant apprehension for many professionals working with children, but this isn't where the anxiety ends. This book argues that it is essential to have clear strategies to support children's questions about relationships, growing up and sex so that they are enabled to develop positive and confident views about themselves and those around them. It examines important concerns such as the role of media in children's lives in shaping their views on relationships and explores how issues of gender and sexuality are considered more fluidly. Whether working in an academy, free schools, faith schools, the independent sector or elsewhere this book supports you to help children to deal with a wide range of relationships issues, meeting the requirements of the new legislation on relationships education for primary aged children as a foundation for relationships and sex education. Drawing on research with teachers about their apprehensions about teaching the subject and children's experience of its delivery, the authors give a full picture of common concerns and difficulties and how to successfully meet them and support children from 3-11, and the transition to secondary school. Topics covered include platonic friendships, developing self-respect and respect for others, and enabling personal choice and safety. Sacha Mason and Richard Woolley explore issues surrounding notions of age and stage development. They discuss how children develop at different rates and that each child is unique in relation to learning in this area. They outline a distinct pedagogical approach to managing children's individual needs for relationships and sex education. They also look at supporting children with SEND when considering how to implement relationships education in primary schools. This second edition includes new chapters on children's development and needs, and developing inclusive relationships education. The book has been updated throughout with summaries of the latest research, case studies, ideas for developing practice and signposts to key websites and resources. The chapters provide all the support you need to confidently promote children's healthy development.
