Sex Ed - School of Sexuality Education 2021

A positive, practical and empowering guide for teenagers, tackling sex and relationships in an inclusive and non-judgemental way ? created by the winners of the Pamela Sheridan Award for Innovation and Good Practice in RSE. Written and illustrated by the award-winning team at The School of Sexuality Education, who deliver expert workshops for teenagers, here is advice, reliable information and reassurance on sex and relationships... Covering key topics including consent and healthy relationships, sexuality and different kinds of sex, puberty and periods, contraception, porn and sexting, and much more besides! This book is not only full of advice for teenagers but a brilliant tool for their parents, carers and teachers, supporting all of the new RSE curriculum content (in the wake of recent updates) as well as answering FAQs and busting some popular myths along the way. Publishing after major updates to the national Relationships and Sex Education curriculum, as well as calls for widespread, high-quality sex education in the wake of the #MeToo movement and Everyone's Invited.

Research Handbook on Disability Policy -

Sally Robinson 2023-06-01

Examining how policy affects the human rights of people with disabilities, this topical Handbook presents diverse empirical experiences of disability policy and identifies the changes that are necessary to achieve social justice.

Education, Equality and Human Rights -

Mike Cole 2022-08-12

The fifth edition of the market-leading Education, Equality and Human Rights has been fully updated to reflect economic, political and cultural changes in the UK, including the impacts of Brexit and Covid-19. It considers the great changes we are witnessing in recent years, such as climate change emergency, pandemics, the Fourth Industrial Revolution and their interrelationships. Written by world experts in

their respective fields, each of the five equality issues of gender, race, sexuality, disability and social class is covered in their own right as well as in relation to education. Key issues explored include: human rights, equality and education women and equality—historically and now gender, education and social change race and racism through history and today racism and education from Empire to Johnson sexualities, identities and equality challenges in teaching and learning about sexuality and homo- and trans-phobia in schools disability equality as the last Civil Right? developing inclusive education and governments' resistance social class, neoliberal capitalism and the Marxist alternative selective schooling, mystifying social class, neoliberalism and alternatives With an uncompromising and rigorous analysis of equality issues and a foreword from Peter McLaren addressing challenges to democracy in the US, this new edition of Education, Equality and Human Rights is an essential and contemporary resource across a wide range of disciplines and for all those interested in education, social policy and human rights.

Gender Sensitive Lawmaking in Theory and Practice - Maria Mousmouti 2023-08-29

This book addresses key questions around gender-sensitive legislation as a key output of gender sensitive Parliaments and explores practical ways to promote gender-sensitive ex-ante scrutiny of legislation, improve implementation through gender responsive budgeting, assess the gender impact of legislation ex post and express laws in gender inclusive ways. All laws have a gender, and the gender of the law can reveal itself in the language, the content and the results of legislation. Gender-blind laws can discriminate directly or indirectly against individuals or population groups, can produce unwanted effects, can reproduce gender stereotypes, and can render laws and policies ineffective. Gender-

*Downloaded from
legacy.opendemocracy.net on 2020-10-02
by guest*

sensitive legislation on the other hand, can be expected to achieve its desired legislative objectives without unwanted differential impact on the grounds of gender and other individual characteristics and can simultaneously promote gender equality. This book advances the premise that gender sensitive legislation is not the result of political will or good intentions alone but the outcome of gender-sensitive legislative decision-making throughout the life cycle of legislation. This means that gender concerns need to be an integral part of the processes of legislative design and drafting, ex-ante and ex-post legislative scrutiny and implementation of legislation. *Gender Sensitive Lawmaking in Theory and Practice* will be a great resource for academics, researchers, and advanced students of Law, Public Policy, Gender and Women's Studies and Sociology. The chapters included in this book were originally published as a special issue of *The Theory and Practice of Legislation*.
Global Education Monitoring Report - Global Education Monitoring Report Team 2022-09-30

Sex and Gender - Alice Sullivan 2023-08-25
Sex and Gender: A Contemporary Reader is a much-needed exploration of the relationship between sex, gender and gender identity. Its multidisciplinary approach provides fascinating perspectives from the sciences, social sciences and humanities, as well as biology, neuroscience, medicine, law, sociology and English literature. The 15 chapters are original contributions, authored by scholars who are leaders in their respective fields. This thought-provoking collection offers significant methodological, theoretical and empirical insights into one of the most fraught debates in contemporary politics and academia. It provides a broad-ranging introduction to the issues central to questions about how and why sex matters from a range of disciplinary perspectives, drawing out the social, political and legal implications. Questions addressed include: Is sex binary? What is a woman? Why do we need data on sex? Also discussed are topics widely debated today such as sports, feminism, sex and inequality, sex-based rights, puberty suppression, criminal justice and gender dysphoria. *Sex and Gender: A Contemporary Reader* is a timely introduction to contemporary

debates on sex and gender. It is an accessible text for both general readers and for students of gender issues across a wide range of disciplines including sociology, education, history, philosophy and gender studies.

The Palgrave Handbook of Screenwriting Studies - Rosamund Davies 2023-07-27

This book provides an overview of the growing field of screenwriting research and is essential reading for both those new to the field and established screenwriting scholars. It covers topics and concepts central to the study of screenwriting and the screenplay in relation to film, television, web series, animation, games and other interactive media, and includes a range of approaches, from theoretical perspectives to in-depth case studies. 44 scholars from around the globe demonstrate the range and depths of this new and expanding area of study. As the chapters of this Handbook demonstrate, shifting the focus from the finished film to the process of screenwriting and the text of the screenplay facilitates valuable new insights. This Handbook is the first of its kind, an indispensable compendium for both academics and practitioners.

Resources in Education - 1980-11

Sex Education Research - William J. Taverner 2023-02-20

Curated by the chief editor of the *American Journal of Sexuality Education*, this book presents engaging and accessible chapters that capture current and essential research findings from leaders in the sexuality education field. William J. Taverner brings together an impressive array of contributors to help sexuality professionals remain up-to-date on the most relevant issues in sex education today. Covering a spectrum of hot sexuality education topics, including abstinence, gender, innovative programs, pleasure, the politics of sexuality education, porn literacy, sexual orientation, and more, each chapter describes key findings on a particular topic, their significance, their practical application, and how these new developments have arrived. The book includes chapters that address individuals across all age ranges, from children to older adults, as well as sexuality education and training programs for specialized professions, such as nurses and

school-based health occupations. Practical and clear, this book identifies priorities and trends in the field, addresses marginalized audiences and overlooked topics, and hopes to encourage important discussions to come. *Sex Education Research: A Look Between the Sheets* provides a wide range of occupations and academic disciplines with a foundation of research essential to their work, such as public health professionals and students of human sexuality, gender studies, biology, psychology, sociology, as well as community educators, school nurses and health teachers, and administrative leaders affiliated with sexuality education programs at community-based organizations.

The Sex Education Answer Book - Cath Hakanson 2020-10-30

By the age responses to tough questions kids ask parents about sex (for parents of kids aged 3 -14)

Christianity's American Fate - David A. Hollinger 2022-10-11

Tracing the rise of evangelicalism and the decline of mainline Protestantism in American religious and cultural life How did American Christianity become synonymous with conservative white evangelicalism? This sweeping work by a leading historian of modern America traces the rise of the evangelical movement and the decline of mainline Protestantism's influence on American life. In *Christianity's American Fate*, David Hollinger shows how the Protestant establishment, adopting progressive ideas about race, gender, sexuality, empire, and divinity, liberalized too quickly for some and not quickly enough for others. After 1960, mainline Protestantism lost members from both camps—conservatives to evangelicalism and progressives to secular activism. A Protestant evangelicalism that was comfortable with patriarchy and white supremacy soon became the country's dominant Christian cultural force. Hollinger explains the origins of what he calls Protestantism's "two-party system" in the United States, finding its roots in America's religious culture of dissent, as established by seventeenth-century colonists who broke away from Europe's religious traditions; the constitutional separation of church and state, which enabled religious diversity; and the constant influx of immigrants,

who found solidarity in churches. Hollinger argues that the United States became not only overwhelmingly Protestant but Protestant on steroids. By the 1960s, Jews and other non-Christians had diversified the nation ethnoreligiously, inspiring more inclusive notions of community. But by embracing a socially diverse and scientifically engaged modernity, Hollinger tells us, ecumenical Protestants also set the terms by which evangelicals became reactionary.

Sex Education Calendar 2021 - Nite Publishing 2020-12-10

Sex Education Calendar 2021. These twelve photographs with special moments will delight all fans. Printed with soy-based inks on quality paper, this calendar features large monthly grids that offer ample room for jotting notes.

Erotically Queer - Silva Neves 2023-04-07

Erotically Queer is a practice guide for clinicians, bringing together experts in their field with pioneering topics within GSRD (Gender, Sex and Relationship Diversity). Chapters cover an array of topics rarely covered in either clinical or popular literature including lesbian sex, queer menopause, bisexuality, the sex lives of asexuals, sexuality and transgender people, treating anodyspareunia, compulsive sexual behaviours and Chemsex. It also helps practitioners reflect on their biases regarding BDSM/Kink and understand more regarding non-pathologising practices with intersex people. The book aims to help all clinicians work more effectively with the Queer population, with the most contemporary sexological knowledge. Chapter 6 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons [Attribution-Non Commercial-No Derivatives (CC-BY-NC-ND)] 4.0 license."

Sex, Intimacy and Living with Life-Shortening Conditions - Sarah Earle 2023-12-19

This multi-disciplinary and inclusive collection brings together theoretically informed and empirically focused research on sex, intimacy and reproduction in relation to young people and adults with life-shortening conditions. Advances in healthcare mean that increasing numbers of young people with life-shortening conditions are transitioning into adulthood. Issues such as sex

and intimacy, dating and relationships, fertility and having children are increasingly relevant to them and to the people that support them, including families, carers, practitioners and professional education, health and social care agencies. This three-part book explores the relevance and significance of this field, examines everyday experiences, and highlights the challenges faced by individuals and organisations in addressing the needs of such people in daily life and in the context of practice. Drawing on perspectives from sociology, disability studies, epidemiology, health policy, psychotherapy, legal studies, queer studies and nursing, this ground-breaking volume is written by academics, policy makers, practitioners and experts by experience. It is an essential read for all those practising and researching in the fields of sexuality, chronic illness and disability and transition.

Trans Reproductive and Sexual Health - Damien W. Riggs 2022-12-22

Focusing on reproductive and sexual justice, this important book explores in detail both the challenges that trans people face when negotiating reproductive and sexual health in restrictive social contexts, and their agency in advocating for change. Chapters cover a breadth of topics such as intimacy, sexual violence, reproductive intentions, sexuality education, oncology, and pregnancy, introducing readers to the latest research in the field as well as key emerging concepts. The authors identify core principles for trans reproductive and sexual justice, providing a broad overview of what is currently succeeding and what can be built on going into the future. *Trans Reproductive and Sexual Health* offers a comprehensive exploration that is essential reading for academics and students in psychology, sociology, gender studies, and related areas, as well as clinicians and policy makers, offering direct implications for professional audiences working in health and social care.

To See a Moose - Agnieszka Kościńska 2021-05-14

Guiding the reader through the development of sex education in Poland, Agnieszka Kościńska looks at how it has changed from the 19th century to the present day. The book compares how sex was described in school textbooks,

including those scrapped by the communists for fear of offending religious sentiments, and explores how the Catholic church retained its power in Poland under various regimes. The book also identifies the women and men who changed the way sex was written about in the country, and how they established the field of Polish sex education.

Sex Education: The Road Trip - Katy Birchall 2021-09-28

The only official *Sex Education* novel. When the screen binge is over, return to the world of Moordale with a brand-new story featuring the show's most popular characters. Maeve gets an unexpected call from her brother Sean. It's no surprise to her that he is in trouble again. But she's the only family he's got, so she must saddle up and ride to the rescue. Or at least, scrounge a lift from Aimee and drive there. . . . Otis and Eric insist they can help, and Maeve's mission becomes a summer holiday road trip. Sean's been partying with a group of decadent rich kids who have no accused him of a crime. The evidence against him is pretty damning. Trying to clear his name, Maeve and friends integrate themselves into the rich kids' circle--it's time to go undercover. Thanks to Eric's dance floor moves, Aimee's easy charm, and Otis's ability to offer good advice, they get to know the group. And they soon discover that Sean is not the only one with a motive for getting even with beautiful party girl Tabitha. This standalone YA/crossover story has everything fans love about the show: favorite characters with real emotional depth, no-holds-barred honesty about teenage relationships, brilliant humor, and a great new storyline, plus a compelling whodunit at its heart.

Euphorias in Gender, Sex and Sexuality Variations - Tiffany Jones 2023-02-15

This Open Access book uses the concept of 'euphoria' to investigate when, why and how marginal gender, sex and sexuality groups have positive experiences of their diverse variations even within repressive and disordering contexts. Drawing on data from multiple online surveys including a study of 2,407 LGBTQ+ people and a study of 272 people with intersex variations, it names and offers a new ecological framework for understanding participants' influences on and barriers to euphorias, asserting the

subversive possibilities of being euphorically queer, as opposed to euphoric and queer. The author argues that it is the particularities of negative internal, socio-cultural and institutional contexts for a marginal group or groups that contributes towards the possibilities that shape their potential euphoric feelings and experiences. Ultimately, she calls for a more expansive focus in gender and sexuality studies to show the complex effects of dysphoria and repression on the possibilities of pleasure and joy. This book will be of interest to scholars across Gender, Sexuality and Queer Studies.

The Transformation of American Sex Education - Ellen S. More 2022-01-11

"This book examines Americans' attempts to come to terms with the vexed subject of sex education in the schools from the late 1940s to the early 21st century. Using Mary Calderone's life and career as a touchstone, it traces the origins of modern sex education in the United States from the work of a group of reformers who coalesced around Calderone to create SIECUS in 1964 through the development and use of the competing approaches known as 'abstinence-based' and 'comprehensive' sex education from the 1980s into the 21st century"-

-
Biopolitics in Central and Eastern Europe in the 20th Century - Barbara Klich-Kluczevska

2022-10-21

The field of biopolitics encompasses issues from health and hygiene, birth rates, fertility and sexuality, life expectancy and demography to eugenics and racial regimes. This book is the first to provide a comprehensive view on these issues for Central and Eastern Europe in the twentieth century. The cataclysms of imperial collapse, World War(s) and the Holocaust but also the rise of state socialism after 1945 provided extraordinary and distinct conditions for the governing of life and death. The volume collects the latest research and empirical studies from the region to showcase the diversity of biopolitical regimes in their regional and global context - from hunger relief for Hungarian children after the First World War to abortion legislation in communist Poland. It underlines the similarities as well, demonstrating how biopolitical strategies in this area often revolved around the notion of an endangered nation; and how ideological schemes and post-imperial experiences in Eastern Europe further complicate a 'western' understanding of democratic participatory and authoritarian repressive biopolitics. The new geographical focus invites scholars and students of social and human sciences to reconsider established perspectives on the history of population management and the history of Europe.
