The World's Shattered Shell Laurence Raphael Brothers 2023-01-25 It's the end of the Age of Kali and our world is dying, its bounds shrunken to encompass a single city. In the Earth's final days, lonely young Jay Grant finds his first love in the arms of his neighbor Michèle. Together with six other survivors, they break through the eggshell-thin walls of the world to find a mythical land where the ultimate power of creation resides. Washed ashore from an ocean of milk, they confront personages seemingly out of legend: Ananta Sesha, the lord of the Nagas; Varuna, whose eyes are the stars; Indra, king of the devas; and the tormented being who calls himself the Preserver. Jay and Michèle want nothing more than a life together, but the gods themselves stand in their way. Separated by divine malice and tormented by falsified memories, Jay and Michèle struggle to reunite, transforming themselves into beings beyond the merely human to confront the demiurge responsible for Earth's destruction.

Sexuality Reimagined Shailja Tandon 2023-05-08 The book examines how medical knowledge is produced around bodies that do not fit in the heteronormative framework of the state's rationale and processes. The marginal bodies studied in this research are termed MSM, men who have sex with men, categorized as a high-risk group in the backdrop of HIV/AIDS. These Queer bodies entered the registers of epidemiology and governmentality. This classification is the point of departure for the book. The book interrogates and asks how does a sexual subject become a political question? To answer this political trajectory, the book analyses the category of risk in biomedicine. It investigates how the category of risk becomes critical to the Indian state's rationale and policies wherein, through the ambit of health and population, sexuality is managed. Unearthing the sexual politics in South Asia, the book, based on rich empirical evidence derived from the lived experiences of MSM, narrates the construction of sexual subjectivity and masculinity. The process of construction occurs in negotiation with the Indian state, bringing forth the dimension of the Indian state as a medico-legal governmentality regime and how MSM takes on the identity of a medicalized subject.

But few know the story of his unlikely rise to global superstardom from middle-class India, which is obsessed with academics, or that the very secret of his success is destroying him and no, it isn't alcohol or drugs. High octane music and the quiet humdrum life of Kolkata brilliantly portrays the inner life of a little boy as he grows up alternately. Can Syd find himself again; can he put his life back together; will he sing again? The God of Sex and Gold and Rock 'n' Roll, set in Singapore and India, explores what it takes to pursue the dreams we forget when real life hits us.

**Motherhood and Choice** Amrita Nandy 2017-10-02 How can women live fully? If autonomy is critical for humans, why do women have little or no choice vis-à-vis motherhood? Do women know they have a choice, if they do? How 'free' are these choices in a context where the self is socially mired and deeply enmeshed into the familial? What are implications of motherhood on how human relatedness and belonging are defined? These questions underlie Amrita Nandy's remarkable research on motherhood as an institution, one that conflates 'woman' with 'mother' and 'personal' with 'political'. As the bedrock of human survival and an unchallenged norm of 'normal' female lives, motherhood expects and even compels women to be mothers—symbolic and corporeal. Even though the ideology of pronatalism and motherhood reinforce reproductive technology and vice versa, the care work of mothering suffers political neglect and economic devaluation. However, motherhood (and non-motherhood) is not just physiological. As the pivot to a web of heteronormative institutions (such as marriage and the family), motherhood bears an overwhelming and decisive influence on women's lives. Against the weight of traditional and contemporary histories, socio-political discourse and policies, this study explores how women, as embodiments of multiple identities, could live stigma-free, 'authentic' lives without having to abandon reproductive 'self'-determination. *IN BETWEEN* Dr. SUNILKUMAR LAWATE Translated into English By Dr. SHUCHITA NANDAPURKAR-PHADAKE 2020-06-27 He was born in an orphanage, was brought up in a remand home. He had no relations, no father, no mother, no caste, no religion, no culture, and no ancestry, nothing to claim him. He had no traditional markings to prove his being into existence. He was born with 'Name Not Known'. He had no name; he just had a number, just like the prisoners. His childhood was full of questions. His adolescence was spoiled, his youth was snubbed. When he grew into adulthood, his question also grew with him. These questions made him an adult. They shouldered his parenting. They taught him, they helped him to recover. Today, he is at such a stage where life unfolds beautifully in front of him. This is a story for those who have everything yet who do not stop complaining and are extremely incompetent.

Global Divas Martin F. Manalansan IV 2003-11-19 A vivid ethnography of the global and transnational dimensions of gay identity as lived by Filipino immigrants in New York City, Global Divas challenges beliefs about the progressive development of a gay world and the eventual assimilation of all queer folks into gay modernity. Insisting that gay identity is not teleological but fraught with fissures, Martin Manalansan IV describes how Filipino gay immigrants, like many queers of color, are creating alternative paths to queer modernity and citizenship. He makes a compelling argument for the significance of diaspora and immigration as sites for investigating the complexities of gender, race, and sexuality. Manalansan locates diasporic, transnational, and global dimensions of gay and other queer identities within a framework of quotidian struggles ranging from everyday domesticity to public engagements with racialized and gendered images to life-threatening situations involving AIDS. He reveals the gritty, mundane, and often contradictory deeds and utterances of Filipino gay men as key elements of queer globalization and transnationalism. Through careful and sensitive analysis of these men's lives and rituals, he demonstrates that transnational gay identity is not merely a consumable product or lifestyle, but rather a pivotal element in the multiple, shifting relationships that queer immigrants of color mobilize as they confront the tribulations of a changing world.
