

# Sex Wax Explained

**Sex and Skateboards** - Ashley Bartlett 2011-09-01

Sex and skateboards and surfing on the California coast. What more could anyone want? Alden McKenna has spent her entire life not growing up. Being an adult is tedious, not to mention totally boring. And requires less skateboarding. So why bother? Moving to a small beach town seems like an awesome idea. The skateboarding is good, the sun is always shining, and no one moves very fast. She even meets a hot chick like five minutes after moving there. Life is good. Except young Weston Duvall has already grown up and her reasons for doing so surprise Alden even more because she didn't see them coming. Weston can't trust Alden, and Alden isn't sure she wants to be trusted. So why can't they seem to stay away from each other?

**The Material Culture of Sex, Procreation, and Marriage in Premodern Europe** - A.

McClanan 2016-09-23

This interdisciplinary anthology takes as its starting point the belief that, as the material grounds of lived experience, material culture provides an avenue of historical access to women's lives, extending beyond the reaches of textual evidence. Studies here range from utilitarian tools used in Late Roman abortion to sacred, magical or ritual objects associated with sex, procreation, and marriage in the Renaissance. Together the essays demonstrate the complex relationship between language and object, and explore the ways in which objects become forms of communication in their own right, transmitting both rather specific messages and more generalized social and cultural

values.

Flat Spin - David Freed

2012-05-15

David Freed's first mystery is a stay-up-late-to-finish thriller. It's also got some of the funniest lines - and characters - one is likely to encounter in any mystery, along with a tense and compelling plot and a most original protagonist. Based in sunny Rancho Bonita - "California's Monaco" as the city's moneyed minions like to call it - Cordell Logan is a literate, sardonic flight instructor and aspiring Buddhist with dwindling savings and a shadowy past. When his beautiful ex-wife, Savannah, shows up out of the blue to tell him that her husband has been murdered in Los Angeles, Logan is quietly pleased. Savannah's late husband, after all, is Arlo Echevarria, the man she left Logan for. Logan and Echevarria were once comrades-in-arms assigned to a top-secret military assassination team known as "Alpha." The only problem is, the LAPD can find no record of

Echevarrias ever having toiled for Uncle Sam. Savannah wants Logan to tell the police what he knows. At first he refuses, but then, relying on his small, aging airplane, the "Ruptured Duck," and the skills he honed working for Alpha, Logan doggedly hunts Echevarria's killer. His trail takes him from the glitzy Las Vegas Strip to the most dangerous ghettos of inner-city Oakland, from darkened, Russian Mafia haunts in West Los Angeles to the deserts of Arizona. But that's the least of his problems. It is his love-hate relationship with Savannah, a woman Logan continues to pine for in spite of himself, that threatens to consume him. "All I can say is, 'wow'. For a first novel this one is outstanding. Action-adventure, mystery, death and destruction, what more could a discerning reader want! The author has put together a great story...If you are looking for a superb read, then you can't go wrong here." --Reviewed by Paul J. for Readers Favorite

**The Routledge History of**

**Sex and the Body** - Sarah Toulalan 2013-03-20

The Routledge History of Sex and the Body provides an overview of the main themes surrounding the history of sexuality from 1500 to the present day. The history of sex and the body is an expanding field in which vibrant debate on, for instance, the history of homosexuality, is developing. This book examines the current scholarship and looks towards future directions across the field. The volume is divided into fourteen thematic chapters, which are split into two chronological sections 1500 - 1750 and 1750 to present day. Focusing on the history of sexuality and the body in the West but also interactions with a broader globe, these thematic chapters survey the major areas of debate and discussion. Covering themes such as science, identity, the gaze, courtship, reproduction, sexual violence and the importance of race, the volume offers a comprehensive view of the history of sex and the body.

The book concludes with an afterword in which the reader is invited to consider some of the 'tensions, problems and areas deserving further scrutiny'. Including contributors renowned in their field of expertise, this groundbreaking collection is essential reading for all those interested in the history of sexuality and the body.

Four Noble Truths - J D Buxton 2014-08-18

Dragon is a passionate and deeply devoted young man with a hidden, horrible past that haunts him into his present life. In this erotic thriller, a covert organization targets instigators of child-related crimes across the globe. It's the story of a group of people brought together by the horrors of human trafficking. Still plagued by the nightmares of the trauma he endured Dragon connects with Raven, physically and emotionally. This couple brings heat to the pages with their many steamy sexual encounters. Along with their comrades Wax and Sarge, and always the guidance of

their mentor Sensei, Dragon and Raven travel the world fighting the dark underworld that they themselves were victims of. In this compelling story about redemption, love and fate, a young man, his love and his devoted team share a strong bond and common goal. They fight together, laugh together and heal together.

**Undeniable** - Victoria Saccenti  
2022-07-12

Their hearts will never forget... But the approaching danger may take away their forever. Possessing vital information that could bring down a crime cartel, Arely Bernal flees to Orlando, taking a job as far under the radar as she can get—bartending at a BDSM club. Where she encounters the man she’s never forgotten. Wracked with post-Afghanistan PTSD, Kurt Allendorf limps through his days, barely taking an interest in his Club Nexus anymore. Until he’s stunned to spot a face he hasn’t seen in twelve years. Arely has grown into a seductive beauty who awakens his inner Dom like no other woman, ever. But he’s

too broken to be worthy of her trust, much less her submission. When the danger Arely’s running from tracks her down, there’s no place safe to hide. And both Arely and Kurt will have to rise above their demons to survive...

Standalone. Adults only.

**Experiences of the Sex Industry** - Natasha Mulvihill  
2022-07-29

Using unpublished email interviews collected for a Home Office project on the sex industry, this anthology presents the individual stories of sex workers and buyers in England and Wales, in their own words. The author Natasha Mulvihill also re-interviews the participants to reflect on their original interviews, their experience of engaging in research and of managing through the COVID-19 pandemic. Of interest to policymakers and students of criminology, sociology, social policy, law and qualitative methods, the text seeks to navigate through the difficult politics of the sex industry and re-focus our

understanding on the lived experiences of those involved.

**The Third Sex** - Lawrence R. Willy 2010-10-01

A gold mine of information about a hidden queer culture Thirty-two years before Simone de Beauvoir's classic *The Second Sex*, popular French novelist Willy published *The Third Sex*, a vivid description of the world of European homosexuals in France, Italy, and Germany during the late 1920s. Stepping directly into the heart of gay men's culture, Willy follows homosexual nightlife into music halls, nightclubs, casinos, bars, and saunas. While he finds plenty of drug and alcohol abuse, he also discovers homosexual publishers, scientific societies, group rivalries, and opinions--both medical and political--about the nature of homosexuality itself. Lawrence R. Schehr's introduction provides context and translator's notes for this first-ever English edition.

**Horrifying Sex** - Ruth Bienstock Anolik 2007-07-02  
The Gothic moment in literary

history arose in the age of the Enlightenment, and the Gothic fascination with the unknown reflects the Enlightenment's response to the limits of reason. Traditionally, the emblem of the unknown that lurks in the Gothic is the supernatural, the monstrous, and the inhuman. Often overlooked is the observation that Gothic texts are also haunted by figures that represent the mystery of sexuality. This collection of essays sharpens that observation and asserts that Gothic anxieties about sexuality are likewise rooted in fear of the unknown, represented by sexual practices and desires that either lie hidden or deviate from cultural norms. The first three sections refer to popular as well as marginalized Gothic texts to portray the three prototypes of sexual "deviance": the female sexual Other in "The Fatal Woman"; the male sexual Other in "The Satanic Male"; and the homosexual Other in "Homosexual Horror." The

*Downloaded from  
[legacy.opendemocracy.net](http://legacy.opendemocracy.net)  
on 2021-12-05 by guest*

fourth section covers literary works that celebrate sexual difference and question the idea that the sexually "deviant" is socially Other.

**Sanitized Sex** - Robert Kramm  
2017-10-03

Sanitized Sex analyzes the development of new forms of regulation concerning prostitution, venereal disease, and intimacy during the American occupation of Japan after the Second World War, focusing on the period between 1945 and 1952. It contributes to the cultural and social history of the occupation of Japan by investigating the intersections of ordering principles like race, class, gender, and sexuality. It also reveals how sex and its regulation were not marginal but key issues in the occupation politics and postwar state- and empire-building, U.S.-Japan relations, and American and Japanese self-imagery. An analysis of the "sanitization of sex" uncovers new spatial formations in the postwar period. The regulation of sexual encounters between

occupiers and occupied was closely linked to the disintegration of the Japanese empire and the rise of U.S. hegemony in the Asia-Pacific region during the Cold War era. An analysis of the sanitization of sex thus sheds new light on the configuration of postwar Japan, the process of decolonization, the postcolonial formation of the Asia-Pacific region, and the particularities of postwar U.S. imperialism. More than a book about the regulation of sex between occupiers and occupied in postwar Japan, Sanitized Sex offers a reading of the intimacies of empires—defeated and victorious.

Narrow Roads of Gene Land: Volume 2: Evolution of Sex - W. D. Hamilton 1996

The second volume of the collected papers of W D Hamilton, the most important theoretical biologist of the 20th century. Volume 1, *The Evolution of Social Behaviour* (OUP, still in print), was devoted to the first half of Hamilton's life's work; Volume

*Downloaded from*

2 is devoted to the other half, on sex and sexual selection. Each paper is accompanied by a specially-written autobiographical introduction.

Making it - Keith Robinson  
1988

Waxing Deadly - Charles Pero  
2013-07-02

As the 10th Annual Million Dollar Malibu Tequila Surf Off nears, Malibu is in a state of panic and it's up to Dr. Jennifer Ferguson, head of the privately-funded Shark Understanding and Awareness Center (SUAC) to put their minds at ease. With a NAVY Seal's background, a Ph.D. and a life spent studying the feeding behavior of sharks, Jennifer struggles to prove the attacks are isolated - and unrelated. Surf shop owner and local legend Slade Kane isn't so sure. He's been surfing for four decades and knows a pattern when he sees one, even without all of Jennifer's fancy credentials. When he's approached by the paparazzo who took the shark-attack picture, the two agree.

Something's fishy in Malibu. And it's twice as big, twice as aggressive, and twice as deadly as anything they've ever seen before.

**Metes and Bounds** - Jay Quinn  
2014-04-01

In *Metes and Bounds*, surf, sand, and sex meet in the macho world of construction workers. For narrator Matt, "the greatest comfort of surfing comes in the sureness and instinct." Matt is not just coming of age, he's coming out, and in the sun-bleached world of the North Carolina beaches his burgeoning sexuality can toss as many curves as a wave. Through his longings and self-discovery, Matt knows he cannot let others triumph over being the man he knows to be. As he says, "Being a surfer meant you got out, faced your own fears, and did it." So too does Matt, in this stirring, memorable novel. Jay Quinn's Lambda-nominated books transcend the traditional gay novel, exploring universal issues of marriage, aging parents, addiction, and attraction, all while presenting

unique characters and page-turning drama.

History and African Studies Seminar Series - 1997

Stick - Andrew Smith

2011-10-11

Fourteen-year-old Stark McClellan (nicknamed Stick because he's tall and thin) is bullied for being "deformed" - he was born with only one ear. His older brother Bosten is always there to defend Stick. But the boys can't defend one another from their abusive parents. When Stick realizes Bosten is gay, he knows that to survive his father's anger, Bosten must leave home. Stick has to find his brother, or he will never feel whole again. In his search, he will encounter good people, bad people, and people who are simply indifferent to kids from the wrong side of the tracks. But he never loses hope of finding love - and his brother.

**Hermaphrodites and the Medical Invention of Sex** -

Alice Domurat Dreger

2009-07-01

Punctuated with remarkable

case studies, this book explores extraordinary encounters between hermaphrodites--people born with "ambiguous" sexual anatomy--and the medical and scientific professionals who grappled with them. Alice Dreger focuses on events in France and Britain in the late nineteenth century, a moment of great tension for questions of sex roles. While feminists, homosexuals, and anthropological explorers openly questioned the natures and purposes of the two sexes, anatomical hermaphrodites suggested a deeper question: just how many human sexes are there? Ultimately hermaphrodites led doctors and scientists to another surprisingly difficult question: what is sex, really?

Hermaphrodites and the Medical Invention of Sex takes us inside the doctors' chambers to see how and why medical and scientific men constructed sex, gender, and sexuality as they did, and especially how the material conformation of hermaphroditic bodies--when

*Downloaded from  
[legacy.opendemocracy.net](http://legacy.opendemocracy.net)  
on 2021-12-05 by guest*

combined with social exigencies--forced peculiar constructions. Throughout the book Dreger indicates how this history can help us to understand present-day conceptualizations of sex, gender, and sexuality. This leads to an epilogue, where the author discusses and questions the protocols employed today in the treatment of intersexuals (people born hermaphroditic). Given the history she has recounted, should these protocols be reconsidered and revised? A meticulously researched account of a fascinating problem in the history of medicine, this book will compel the attention of historians, physicians, medical ethicists, intersexuals themselves, and anyone interested in the meanings and foundations of sexual identity.

**Dario Fo** - Tony Mitchell

2014-01-08

The first and only full-length critical study of Dario Fo, the 1997 Nobel Prize for Literature Winner This book, now extensively rewritten and updated, remains the only full-

length critical study to cover various phases of Dario Fo's theatrical career. It looks at Fo's political influences and also the influence on his work of various theatrical motifs, including the great clown traditions which stretch back to the middle ages. The political work of Dario Fo and his wife/collaborator Franca Rame is charted from the 1960s up to the present to give the reader clear insight into this playwright/performer's unique literary and theatrical strengths. Each of Fo's plays and productions is discussed at length and the author has included an extensive and updated bibliography which includes full production details, quotes and writings about Fo. Always a popular performer in his native Italy, Fo has been one of the world's most performed dramatists. In the author's words: he is the "people's court jester".

**Sex Offenders: Punish, Help, Change or Control?** - Jo

Brayford 2013-05-07

Sex offending, and in particular child sex offending, is a

*Downloaded from  
[legacy.opendemocracy.net](http://legacy.opendemocracy.net)  
on 2021-12-05 by guest*

complex area for policy makers, theorists and practitioners. A focus on punishment has reinforced sex offending as a problem that is essentially 'other' to society and discourages engagement with the real scale and scope of sexual offending in the UK. This book looks at the growth of work with sex offenders, questioning assumptions about the range and types of such offenders and what effective responses to these might be. Divided into four sections, this book sets out the growth of a broad legislative context and the emergence of child sexual offenders in criminal justice policy and practice. It goes on to consider a range of offences and victim typologies arguing that work with offenders and victims is complex and can provide a rich source of theoretical and practical knowledge that should be utilised more fully by both policy makers and practitioners. It includes work on female sex offenders, electronic monitoring and animal abuse as well as

exploring interventions with sex offenders in three different contexts; prisons, communities and hostels. Bringing together academic, practice and policy experts, the book argues that a clear but complex theoretical and policy approach is required if the risk of re-offending and further victimisation is to be reduced. Ultimately, this book questions whether it makes sense to locate responsibility for responding to sexual offending solely within the criminal justice domain.

**Close-Up** - Kenneth McIntosh  
2014-09-29

When members of "The Crime Scene Club" take a trip to the beach, the murder of a local surfer turns vacationland into a life and death mystery. Can forensic photography reveal the truth? Includes forensic notes from the story, graphic novel? illustrations and color photographs, sections on further reading, and for more information, bibliography, index, and profiles on the author, illustrator, and series consultant.
