Set in 17th-century England this is a novel of magical fantasy that celebrates the power of imagination as it juggles the readers perception of history and reality. A novel about love and sex; lies and truths; and 12 dancing princesses who lived happily ever after, but not with their husbands.

*The World and Other Places* - Jeanette Winterson 2013-04-26

In this, her first collection of short stories, Winterson reveals all the facets of her extraordinary imagination. In prose that is full of imagery and word-play, she creates physical and psychological worlds that are at once familiar and yet shockingly strange.

*Becoming Whole Again - Questions of Identity in Jeanette Winterson's 'Sexing the Cherry'* - Laura Walew 2011-08-16

Studienarbeit aus dem Jahr 2010 im Fachbereich Anglistik - Literatur, Note: 1,0, Christian-Albrechts-Universität Kiel, Sprache: Deutsch, Abstract: Jeanette Winterson herself does not want to be seen as a postmodernist writer. However, many of her works show significant features, which identify them to be postmodern, Sexing the Cherry<sup>2</sup> being one of them. The title of the book refers to the art of grafting as utilized in agriculture and horticulture. It is mostly applied on fruit trees to produce plants which show a combination of desired characteristics. For example, a plant which may have roots that are resistant to cold is fused with a plant which grows a special kind of fruit or blossom but would otherwise perish in winter. In the process of grafting the bark is sliced open and a twig of another tree is inserted into the cut and fastened in place. The original tree provides the twig with nourishment and allows it to grow. “[S]o the two take advantage of each other and produce a third kind, without seed or parent.” [78]. Both trees become one. The motif of fusing things together in order to form something that is closer to perfection can be detected throughout the whole novel. [...]

Winterson Narrating Time and Space - Mine Özyurt Kılıç 2009-05-27

In this book, scholars, students and aficionados of Jeanette Winterson will find ten analyses of time, space and narrative in her works. From her very first novel, Jeanette Winterson has made her characters move in time and in space, and she has always shown a sophisticated interest in narrative forms, and this is the first book to focus entirely on these central concerns. The writers of the essays provide different perspectives on the three subjects, from postmodernism to quantum physics, queer theory to genre studies and the uncanny to stylistics. In its section on time and narrative, the volume offers a fresh approach to Winterson's works, with a concentration on autobiographical elements, love, desire, the language of quantum physics, and the queer uncanny. The next section, space and narrative, pursues the motifs of journeys, utopic spaces, cyberspace and labyrinths, and includes a chapter on the shorter fiction. The last section, which comprises essays that cover all three elements of time, space and narrative equally, examines these themes as they affect Winterson's representation of voices and corporeality, and her use of romance narrative in the children's fiction. The volume covers Winterson's major fiction, with the Introduction connecting the images of huts, rivers and fire-gazing that are found extensively in her works to the themes of time and space, and bringing the discussion up to Winterson's latest novel, The Stone Gods. A mixture of established and new scholars presents in this book an exciting array of the latest ideas on this respected and popular writer.

**Why Be Happy When You Could Be Normal?** - Jeanette Winterson 2011-10-27

The shocking, heart-breaking - and often very funny - true story behind Oranges Are Not the Only Fruit. In 1985 Jeanette Winterson's first novel, Oranges Are Not the Only Fruit, was published. It was Jeanette's version of the story of a terraced house in Accrington, an adopted child, and the thwarted giantess Mrs Winterson. It was a cover story, a painful past written over and repainted. It was a story of survival. This book is that story's the silent twin. It is full of hurt and humour and a fierce love of life. It is about the pursuit of happiness, about lessons in love, the search for a mother and a journey into madness and out

again. It is generous, honest and true. ‘Unforgettable... It’s the best book I have ever read about the cost of growing up’ Daisy Goodwin, Sunday Times **\*\*ONE OF THE GUARDIAN'S 100 BEST BOOKS OF THE 21st CENTURY\*\***

**Lighthousekeeping** - Jeanette Winterson 2006-04-03

An orphaned girl is held spellbound by the tales of a lighthouse keeper on the Scottish coast, in a novel by the Costa Award-winning author of The Passion. After her mother is literally swept away by the savage winds off the Atlantic coast of Salts, Scotland, never to be seen again, the orphaned Silver is feeling particularly unmoored. Taken in by the mysterious keeper of a lighthouse on Cape Wrath, Silver finds an anchor in Mr. Pew—blind, as old and legendary as a unicorn, and a yarn spinner of persuasive power. The tale he has to tell Silver is that of a nineteenth-century clergyman named Babel Dark, whose life was divided between a loving light and a mask of deceit. Peopled with such luminaries as Charles Darwin and Robert Louis Stevenson, Mr. Pew’s story within a story within a story soon unfolds like a map. It’s one that Silver must follow if she’s to be led through her own darkness, and to find her own meaning in life, in this novel by a winner of the Costa, Lambda, and E.M. Forster Awards, the author of Oranges are Not the Only Fruit; Why Be Happy When You Could Be Normal? and other acclaimed works. “In her sea-soaked and hypnotic eighth novel, Winterson turns the tale of an orphaned young girl and a blind old man into a fable about love and the power of storytelling...Atmospheric and elusive, Winterson's high-modernist excursion is an inspired meditation on myth and language.”—The New Yorker

The Princesses’ Emancipation – Jeanette Winterson’s Rewriting of The Twelve Dancing Princesses in Sexing the Cherry - Mandy Busse 2008-01-27

Seminar paper from the year 2007 in the subject English Language and Literature Studies - Literature, grade: 1,3, University of Erfurt, language: English, abstract: “[A]s it says [we] lived happily ever after. We

did, but not with our husbands" (SC 48). By this surprising statement, the twelve dancing princesses introduce themselves in Jeanette Winterson's novel *Sexing the Cherry*. The main character Jordon, willing to discover the mysterious world of women, gets to know the individual story of every princess and is confronted with their different destinies. Unlike traditional fairy tales, these princesses have decided against life with their royal husbands, but freed themselves from patriarchal restrictions. In this term paper I want to discuss the rewriting of *The Twelve Dancing Princesses* in *Sexing the Cherry*. Special attention will be paid on the princesses' individual development after marriage. I am going to support my thesis that the rewriting of the fairy tale describes a process of emancipation from stereotypical passive female roles towards female self-determination. This process includes the use of violence and a questioning of heterosexuality as well as an explicit turn towards different types of sexuality, e.g. homosexuality/lesbianism. I will not only focus on Winterson's novel, but also on the original Grimm's tale, that will be looked at from a feminist point of view. A comparison of the fairy tale and Winterson's version prefaces the analysis of the rewriting from the two important aspects of violence and homosexuality.
