El Segundo Sexo (Spanish Edition) Simone Beauvoir 2016-04-12 El segundo sexo es una obra clave del pensamiento, no solo feminista, sino del siglo veinte. De ella surgen los nuevos temas del feminismo, una vez agotado el periodo de las vindicaciones primordiales (derecho al voto y a la educación). Se analiza la condición de la mujer desde los diversos puntos de vista desde los que se la conceptualiza: ontológico, sociológico, cultural, científico, histórico. El resumen perfecto de esta obra se refleja en su frase mas famosa: No se nace mujer: se llega a serlo. En el primer tomo se realiza un análisis regresivo. Beauvoir trató de comprender cuáles son las condiciones que han hecho posible el que la mujer se considerara como el otro, realizando una especie de encuesta a las ciencias, a la historia y a la mitología como construcciones culturales que han posibilitado esta alteridad disfuncional. En el segundo tomo describe cómo viven las mujeres el hecho de ser seres oprimidos, seres trascendentes que no pueden realizar su transcendencia, sino que están relegadas a vivir en la inmanencia. Nos va explicando cómo la sociedad y la cultura moldean desde su infancia hasta la vejez a este ser que es la mujer a través de la opresión para que llegue a ser lo que es.

Book of Man Osho 2013-03-07 How do you find your original self? Osho perceives man as becoming increasingly alienated from his inner self, gradually losing his natural innocence and creativity in the mindless quest for worldly power and success. To appear strong, the average man suppresses his innate qualities of love and compassion. For Osho, the ideal man is Zorba, the Buddha—a perfect blend of matter and soul. This seamless collection of discourses takes the reader through the various stages of man’s evolution: from Adam to Slave, Son, Homosexual, Priest and Politician, until he attains the pinnacle of his consciousness as the Rebel or Zorba. Sparkling with anecdotes and enriched with brilliant repartee, The Book of Man is a remarkable blend of wisdom and wit.
