## Teaching and Understanding Pneumatology & Spiritual Gifts - Elijah E. Dunbar 2009-05-22

The geographical extent of the orient and occident is a validation of the cultural and ideological differences that have existed with constancies between the two hemispheres throughout the ions of time. Ideological pluralism has been the common practice of the inhabitants of both spheres but with unique manifestations. Christianity along with other religions are warmly embraced and pragmatically characterized by the orientals and occidentals with reserved peculiarities. Oriental Christians viewed pneumatology as being a significant particle of their theological and liturgical lives, while Occidental Christians see Christology as the primal substance in Christianity. Although both groups have a history of singling out this distinction, over the years, theologians and theology have helped both sides understand the importance of both pneumatology and Christology in Christianity. It is concertedly understood that neither of the two can be studied or taught without the other. Their inseparable existence makes Christianity a complete whole. The authors exploration and literary expedition through myriad of sources allow him to compile data relevant to understanding the importance of the Holy Ghost and Spiritual gifts within the Christian community. Whether a secular or non-secular intellectual, you will find the information in this book to be rewarding, resourceful and informative. You will come across comments from some of humanitys and Christendoms finest and brightest academics in an eclectic form. Join the author now on his literary expedition. Welcome!

## **Decolonizing Educational Relationships** - fatima Pirbhai-Illich 2023-12-06

The authors present a novel way of thinking and a robust foundation for de/colonizing educational relationships in Higher and Teacher Education,

illustrated by examples of applications to practice. A hybrid style of writing weaves their own narratives into the text, drawing on their experiences in a range of educational settings. *The Future Shape of Christian Proclamation* - Cleophus J. LaRue 2020-08-03

Christianity is turning brown and moving south. The Christianity the West has known is in recession and has all but dwindled out of recognition in the opening years of the twenty-first century. Well over half of the world's Christians now live in the Global South--Africa, Asia, and Latin America. They are, according to Aberdeen missiologist Andrew Walls, the new Representative Christians. What they think about Christianity will matter more and more and what North America thinks about Christianity will matter less and less. This massive shift in geography and theological point of departure will have a major impact on Christian preaching now and into the future. *The Future Shape of Christian Proclamation* seeks to begin the conversation about how preaching in the Global South will inform the whole of Christian preaching in the coming years. ## **Resources in Education** - 1998

### **The New Buddhism** - David Brazier 2002-06

The author of *Feeling Buddha* reinterprets Buddhism with an emphasis on the messages of social action and active engagement that are often overlooked by modern teachers and practitioners of the ancient philosophy. Reprint. *Worldviews and Christian Education* - W. Shipton, E. Coetzee & R. Takeuchi 2013-08-14 "In *Worldviews and Christian Education*, editors W.A. Shipton, E. Coetzee, and R. Takeuchi have brought together works by experts in cross-cultural religious education. The authors and editors have a wealth of personal experience in presenting the gospel to individuals with various

worldviews that differ greatly from those held by Christians who take the Bible as authoritative.

They focus on the beliefs and issues associated with witnessing to seekers for truth coming from backgrounds as diverse and animism, Buddhism, Confucianism, Hinduism, Islam, Marxism, Taoism, and postmodernism." -- Back Cover

**The Pedagogy of Shalom** - HeeKap Lee  
2016-11-25

Based on the teachings of Jesus and a biblical foundation, this book presents a new framework for education and teaching, referred to as the shalom education model, that addresses four essential questions in education (why teach, what to teach, how to teach and who are teachers?). After explaining the theoretical background of shalom, the book investigates a range of contemporary educational issues including gender identity, bullying, disability, linguistic and cultural diversity, and social justice, and presents practical guidelines that can be applied to classroom teaching. The book also emphasizes the role of teachers as missional leaders who help students unlock their full potential.

**One Conscious Choice** - Karen A. Bowen  
2019-08-30

In One Conscious Choice, Karen A. Bowen shares a simple and profound new way of understanding our choices, relationships, how life works, and what keeps us repeating old patterns. And, how with the power of one conscious choice, we can change, overcome obstacles and accomplish our dreams, bringing us more success and happiness than we thought possible. In her work and research with clients over the last twenty years, Karen realized that there are only two ways to relate to life and each other. In this remarkable book, we discover how these two approaches work and why one is guaranteed to lead to pain, suffering and a life of mediocrity while the other inevitably leads to accomplishing extraordinary relationships, true success, joy, and our heart's desire. Karen offers both a psychological and spiritual explanation with practical methods of moving out of the pain and suffering side of life. A series of stories are interspersed throughout the text revealing individuals who have actually made life-enhancing changes.

It is full of scriptures and explanation of how the power of the Spirit operates in people's lives. It includes: • What is the anointing of the Holy Spirit? • What is the anointing like? • How to feel the anointing • What is the difference between the anointing and the presence of the Holy Spirit • What is the difference between being born again and being anointed • How to increase the anointing on your life • The anointing of the sick for healing • The anointing with oil • How to lay hands on the sick for healing (an other impartations) • Your relationship with God and the anointing • The difference between anointing in Old Testament and New Testament • Different levels of anointing • Different types of anointing • How to impart the anointing • The natural and spiritual man • What is the glory of God? • Faith and the anointing • How the anointing manifests • The limitations of your anointing • Managing yourself with the anointing

**The Spiritual Manager** - Wayne Back  
2012-10-01

As managers, we have the major influence in the productivity and satisfaction of those who work in our teams. We can not only influence them to fulfil their potential at work, but we can also bring the influence of Heaven to their lives. This book will help you to apply biblical principles to your management role. Many management practices have a sound biblical foundation but many do not. This book brings those aspects of management theory which have a foundation in Scripture and are highly practical. There is an enormous volume of management theories and frameworks that address only one aspect of management. These theories both overlap each other and have situations in which they don't work very well. This book integrates the relevant management theories to bring a comprehensive approach to management. The chapter titles are: Chapter one: Building the presence of God at your workplace Chapter two: Building your

influence: The basis for leadership and effective evangelism Chapter three: Management, leadership and other team roles Chapter four: Culture and systems: The spirit and the letter? Chapter five: Team climate and organizational culture Chapter six: Providing clarity Chapter seven: Giving responsibility Chapter eight: Setting appropriate standards Chapter nine: Increasing flexibility Chapter ten: Giving rewards Chapter eleven: Conflict resolution Chapter twelve: Fostering collaboration Chapter thirteen: Developing people Chapter fourteen: Developing teams

**The Power Zone** - Tony Simpson 2009-06  
What is spirituality? In *The Power Zone*, author Tony Simpson answers this question and more by introducing and defining *The Power Zone*. The result is clarification of the protective, empowering realm in which God wants us to live. *The Power Zone* explains that at the moment of salvation God places us into two different relationships with Him, one of which takes place in *The Power Zone*. *The Power Zone* is the only place where the Holy Spirit directs our life. Inside of this exclusive sphere we enjoy spiritual empowerment, fellowship, spiritual growth, production, and effective prayer. Each time we succumb to sin, we leave *The Power Zone*, and become prey to the three enemies of freedom: the world, the flesh, and the devil. Using a creative array of teaching diagrams, Simpson includes a five-level spiritual growth model to help us understand our current spirituality and where we need to grow. *The Power Zone* enables us to exploit God's grace provisions for living the Spirit-directed life.

**Research Anthology on Business and Technical Education in the Information Era** - Management Association, Information Resources 2021-01-08

The Fourth Industrial Revolution has disrupted businesses worldwide through the introduction of highly automated processes. This disruption has affected the way in which companies conduct business, impacting everything from managerial styles to resource allocations to necessary new skillsets. As the business world continues to change and evolve, it is imperative that business education strategies are continuously revised and updated in order to adequately prepare students who will be

entering the workforce as future entrepreneurs, executives, and marketers, among other careers. *The Research Anthology on Business and Technical Education in the Information Era* is a vital reference source that examines the latest scholarly material on pedagogical approaches in finance, management, marketing, international business, and other fields. It also explores the implementation of curriculum development and instructional design strategies for technical education. Highlighting a range of topics such as business process management, skill development, and educational models, this multi-volume book is ideally designed for business managers, business and technical educators, entrepreneurs, academicians, upper-level students, and researchers.

**The Holy Spirit in Your Teaching** - Roy B. Zuck 1984

**American Evangelicalism II** - Norris A. Magnuson 1997

*Adult Learning and Education* - Kjell Rubenson 2011-01-07

As individuals and societies try to respond to fundamental economic and social transformation, the field of adult learning and education is rapidly getting increased attention and new topics for research on adult learning have emerged. This collection of articles from the *International Encyclopedia of Education 3e* offers practitioners and researchers in the area of adult learning and education a comprehensive summary of main developments in the field. The 45 articles provide insight into the historical development of the field, its conceptual controversies, domains and provision, perspectives on adult learning, instruction and program planning, outcomes, relationship to economy and society and its status as a field of scholarly study and practice. Saves researchers time in summarizing in one place what is otherwise an interdisciplinary field in cognitive psychology, personality, sociology, and education Level of presentation focuses on critical research, leaving out the extraneous and focusing on need-to-know information Contains contributions from top international researchers in the field Makes MRW content affordable to individual researchers

*Theological Interpretation of Culture in Post-Communist Context* - Ivana Noble 2016-12-05  
Twenty years after the fall of Communism in Central and East Europe is an occasion to reevaluate the cultural and theological contribution from that region to the secularization - post-secularization debate. Czech theologian Ivana Noble develops a Trinitarian theology through a close dialogue with literature, music and film, which formed not only alternatives to totalitarian ideologies, but also followed the loss and reappearance of belief in God. Noble explains that, by listening to the artists, the churches and theologians can deal with questions about the nature of the world, memory and ultimate fulfilment in a more nuanced way. Then, as partakers in the search undertaken by their secular and post-secular contemporaries, theologians can penetrate a new depth of meaning, sending out shoots from the stump of Christian symbolism. Drawing on the rich cultures of Central and East Europe and both Western and Eastern theological traditions, this book presents a theological reading of contemporary culture which is important not just for post-Communist countries but for all who are engaged in the debate on the boundaries between theology, politics and arts.

*Antiochene Theoria in the Writings of Theodore of Mopsuestia and Theodoret of Cyrus* - Richard J. Perhai 2015

Biblical scholars have often contrasted the exegesis of the early church fathers from the eastern region and school of Syrian Antioch against that of the school of Alexandria. The Antiochenes have often been described as strictly historical-literal exegetes in contrast to the allegorical exegesis of the Alexandrians. Patristic scholars now challenge those stereotypes, some even arguing that few differences existed between the two groups. This work agrees that both schools were concerned with a literal and spiritual reading. But, it also tries to show, through analysis of Theodore and Theodoret's exegesis and use of the term *theria*, that how they integrated the literal-theological readings often remained quite distinct from the Alexandrians. For the Antiochenes, the term *theria* did not mean allegory, but instead stood for a range of perceptions prophetic, christological, and contemporary. It is in these insights that we find the deep wisdom to help modern readers interpret Scripture theologically.
