Adoption is one of the great, untold stories of our recent past. It is a truly epic tale of loss, guilt, identity, family feuds, reunion and redemption. It is a subject, until very recently, surrounded by secrecy and taboos. This is the heart-warming true story of a little girl's adoption in the 1950s and her search, nearly forty years later, for her birth mother. When mother and daughter meet, Sue thinks she has finally reached the end of her journey. Then Sue discovers she wasn't the only baby her mother gave away ... Weaved throughout is the vivid, emotional history of adoption in the UK. Drawing on a wide range of intimate personal experiences, it outlines the forces that shaped 20th century adoption practice, from baby-farming, the stigma of illegitimacy, incest and the bastardy laws, to children taken by force, the Magdalene laundries, mass emigration schemes without parental consent, to modern day adoption practices, buying babies from abroad, sperm donor fathers and tearful reunions on Trisha.

She summons back to life the only friend she ever knew, Clarissa, the dream companion of her childhood. At first Clarissa comes by night, and then by day, gathering substance in the warmth of Agatha's obsessive love until it seems that others too can see her. See, but not touch, for Agatha has made her love child for herself alone. No man may approach her elfin creation of perfect beauty. If he does, the love which summoned her can spirit her away . . . [Love Child](#) - Allegra Huston 2009-04-07

When Allegra Huston was four years old, her mother was killed in a car crash. Soon afterward, she was introduced to an intimidating man wreathed in cigar smoke -- the legendary film director John Huston -- with the words, "This is your father." So began an extraordinary odyssey: from the magical Huston estate in Ireland to the Long Island suburbs to a hidden paradise in Mexico -- and, at the side of her older sister, Anjelica, into the hilltop retreats of Jack Nicholson, Ryan O'Neal, and Marlon Brando. Allegra's is the penetrating gaze of an outsider never quite sure if she belongs in this rarefied world and of a motherless child trying to make sense of her famous, fragmented family. Then, at the age of twelve, Allegra's precarious sense of self was shattered when she was, once more, introduced to her father -- her real one this time, the British aristocrat and historian John Julius Norwich. At the heart of Love Child is Allegra's search through the unreliable certainties of memory for the widely adored mother she never knew -- the ghost who shadowed her childhood and left her in a web of awkward and unwelcome truths. With clear-eyed tenderness, Allegra tells of how she forged bonds with both her famous fathers, transforming her mother's difficult legacy into a hard-won blessing. Beautifully written and forensically honest, Love Child is a seductive insight into one of Hollywood's great dynasties and the story of how, in a family that defied convention, one woman found her balance on the shifting sands of conflicting loyalties.

**The Love Children** - Marilyn French 2009-09-01

A girl comes of age in the radical 1960s in this "beautifully written" novel by the groundbreaking author of *The Women's Room* (Kate Mosse). It's 1968 in Cambridge, Massachusetts. Jess Leighton, the daughter of a temperamental painter and a proto-feminist Harvard professor, is struggling to make sense of her world amid racial tensions, Vietnam War protests, anti-government rage, her own burgeoning sexuality, and bad relationships. With more options than her mother's generation, but no role model for creating the life she desires, Jess experiments with sex and psychedelic drugs as she searches for happiness on her own terms. In the midst of joining and fleeing a commune, growing organic vegetables, and operating a sustainable restaurant, Jess grapples with the legacy of her mother's generation while building a future for herself, and for the postmodern woman. "French's meticulous and affecting tale of the forging of one woman's conscience encompasses thoughtful portraits of 'love children,' from peace activists to members of unconventional families, and a forthright critique of the counterculture that puts today's wars, struggles for equality, and environmental troubles into sharp perspective" (Booklist).
