

The Sexual Criminal A Psychoanalytical Study

Communists and Perverts under the Palms - Stacy

Braukman 2012-03-01

In 1956, state Senator Charley Johns was appointed the chairman of the newly formed Florida Legislative Investigation Committee, now remembered as the Johns Committee. This group was charged with the task of unearthing communist tendencies, homosexual persuasions, and anything they saw as subversive behavior in academic institutions throughout Florida. With the cooperation of law enforcement, the committee interrogated and spied on countless individuals, including civil rights activists, college students, public school teachers, and university faculty and administrators. Today, the actions of the Johns Committee

are easily dismissed as homophobic and bigoted. Communists and Perverts under the Palms reveals how the creation of the committee was a logical and unsurprising result of historic societal anxieties about race, sexuality, obscenity, and liberalism. Stacy Braukman illustrates how the responses to those societal anxieties, particularly the Johns Committee, laid the foundation for the resurgence of conservatism in the 1960s. Braukman is considered and nuanced in her stance, refusing a blanket condemnation of the extremism of a committee whose influence, even decades after its dissolution, continues to be felt in the culture wars of today.

Sex Fiends, Perverts, and Pedophiles - Chrysanthi S. Leon 2011-08-22

The Sexual Criminal A Psychoanalytical Study

From sex fiend laws to Jessica's Law, every state regularly passes popular tough-on-crime legislation, often written after highly-publicized cases have made the gruesome rounds through the media. Chrysanthi Leon shows that, while the singular notion of the sexual bogeyman has been used to justify these harsh policies, not all sex offenders are the same and such 'one size fits all' policies are well-intentioned but badly implemented. Leon argues for much-needed changes to the criminal justice system, ultimately showing that when policies intended for the worst offenders take over, all of us suffer.

judges, law students, law librarians and associate members of the American Bar Association.

Sexual Blackmail - Professor of History Angus McLaren 2002-11-04

Sexual blackmail first reached public notice in the late eighteenth century when laws against sodomy were exploited by the unscrupulous to extort money from those they could entrap. Angus McLaren chronicles this parasitic crime, tracing its expansion in England and the United States through the Victorian era and into the first half of the twentieth century. The labeling of certain sexual acts as disreputable, if not actually criminal--abortion, infidelity, prostitution, and homosexuality--armed would-be blackmailers and led to a crescendo of court cases and public scandals in the 1920s and 1930s. As the importance of sexual respectability was inflated, so too was the spectacle of its loss. Charting the rise and fall of sexual taboos and the shifting tides of

on 2021-06-23 by guest

shame, McLaren enables us to survey evolving sexual practices and discussions. He has mined the archives to tell his story through a host of fascinating characters and cases, from male bounders to designing women, from badger games to gold diggers, from victimless crimes to homosexual outing. He shows how these stories shocked, educated, entertained, and destroyed the lives of their victims. He also demonstrates how muckraking journalists, con men, and vengeful women determined the boundaries of sexual respectability and damned those considered deviant. Ultimately, the sexual revolution of the 1960s blurred the long-rigid lines of respectability, leading to a rapid decline of blackmail fears. This fascinating view of the impact of regulating sexuality from the late Victorian Age to our own time demonstrates the centrality of blackmail to sexual practices, deviance, and the law.

Murder - Catherine Purcell
2006-06-07

The Psychology of Lust Murder systematically examines the phenomenon of paraphilia (i.e., aberrant sexuality) in relationship to the crime of lust murder. By synthesizing the relevant theories on sexual homicide and serial killing, the authors develop an original, timely, sensible model that accounts for the emergence and progression of paraphilias expressed through increasingly violent erotic fantasies. Over time, these disturbing paraphilic images that, among other things, involve rape, body mutilation and dismemberment, torture, post-mortem sexual intercourse, and cannibalism, are all actualized. Thus, it is the sustained presence of deviant sexuality that contributes to and serves as underlying motive for the phenomenon of lust murder (a.k.a. erotophonophilia). Going well beyond theoretical speculation, the authors (Dr. Catherine Purcell, a forensic psychologist and Dr. Bruce Arrigo, a criminologist) apply

their integrated model to the gruesome and chilling case of Jeffrey Dahmer. They convincingly demonstrate where and how their conceptual framework provides a more complete explanation of lust homicide than any other model available in the field today. The book concludes with a number of practical suggestions linked to clinical prevention, diagnosis, and treatment strategies; police training, profiling, and apprehension efforts; as well as legal and public policy responses to sexually violent and predatory assailants. Comprehensive in its coverage, accessible in its prose, and thoughtful in its analysis, The Psychology of Lust Murder is a must read for any person interested in the crime of erotophonophilia and those offenders responsible for its serial commission. Contributes, in a thoughtful and scholarly way, to the audiences' existing library of books on crimes and criminals Provides new and insightful information on the criminal behavior of Jeffrey

Dahmer Enables readers to compare and contrast different models/theories on sexual homicide and serial murder Assists researchers, educators, public officials, and the lay public determine how best to respond to the phenomenon of lust murder

A Catalogue of the Law Collection at New York University - Julius J. Marke 1999

Marke, Julius J., Editor. *A Catalogue of the Law Collection at New York University With Selected Annotations*. New York: The Law Center of New York University, 1953. xxxi, 1372 pp. Reprinted 1999 by The Lawbook Exchange, Ltd. LCCN 99-19939. ISBN 1-886363-91-9. Cloth. \$195. * Reprint of the massive, well-annotated catalogue compiled by the librarian of the School of Law at New York University. Classifies approximately 15,000 works excluding foreign law, by Sources of the Law, History of Law and its Institutions, Public and Private Law, Comparative Law,

Jurisprudence and Philosophy of Law, Political and Economic Theory, Trials, Biography, Law and Literature, Periodicals and Serials and Reference Material. With a thorough subject and author index. This reference volume will be of continuous value to the legal scholar and bibliographer, due not only to the works included but to the authoritative annotations, often citing more than one source. Besterman, *A World Bibliography of Bibliographies* 3461.

The Criminal, the Judge, and the Public - Franz Alexander 1931

"A physician and a jurist endeavor in this book to utilize our psychoanalytical knowledge in an attempt to gain an understanding of the criminal personality. The authors are convinced that the criminal is as legitimate an object for psychological investigation as is the neurotic or the normal individual. Contrary to common presumption, psychoanalysis is not merely a method of treatment of mental disorders;

The Sexual Criminal A Psychoanalytical Study

it is hoped that the pages which follow will bring proof that in addition to being a method of treatment psychoanalysis is a scientific discipline which studies the workings of the human psychic apparatus as such; hence, any field of human knowledge that deals with psychic processes of man lies eo ipso within the scope of psychoanalytical investigation. The authors hope that their venture will serve at least as a stimulus toward the future development of a psychoanalytic criminology; thus, along with the newly developed psychoanalytic ethnology and pedagogy the teaching of Freud might be utilized for the understanding of yet another aspect of our civilization. These pages, therefore, do not solicit primarily the attention of the medical psychoanalyst but rather that of the medico-legal expert and the jurist. Too, since justice is usually dispensed under the valuable control of public opinion, this book is also addressed to the general public. The professional analyst

will, therefore, find in this book little which is not of purely elementary nature. However, in dealing with such subjects as dream interpretation, slips of the tongue or action, symptom formation, etc., we view them from the particular angle of criminology. May we express the hope that those who devote themselves to psychoanalytical therapy only will find in this new angle of approach a stimulus for the development of a newer point of view. We collaborated for four years endeavoring to work out both the theoretical and practical aspects of the problem, our work consisting of the psychoanalytical study of criminal cases which were of medico-legal interest. Our first case was studied in 1925. This special study gave us, we believe, sufficient insight into the problem to warrant our theoretical constructions. We illustrated these by some especially striking criminal histories. In conclusion we consider briefly those psychosociological factors which throw some light on the

emotional difficulties with which the practical application of our views would be beset."-- Foreword.

The Sexual Criminal - J. Paul De river 1950

A Queer Capital - Genny

Beemyn 2014-06-20

Rooted in extensive archival research and personal interviews, *A Queer Capital* is the first history of LGBT life in the nation's capital. Revealing a vibrant past that dates back more than 125 years, the book explores how lesbians, gay men, and bisexuals established spaces of their own before and after World War II, survived some of the harshest anti-gay campaigns in the U.S., and organized to demand equal treatment. Telling the stories of black and white gay communities and individuals, Genny Beemyn shows how race, gender, and class shaped the construction of gay social worlds in a racially segregated city. From the turn of the twentieth century through the

1980s, Beemyn explores the experiences of gay people in Washington, showing how they created their own communities, fought for their rights, and, in the process, helped to change the country. Combining rich personal stories with keen historical analysis, *A Queer Capital* provides insights into LGBT life, the history of Washington, D.C., and African American life and culture in the twentieth century.

The Sexual Criminal - Joseph Paul De River 1956

Gay L.A. - Lillian Faderman

2009-08-03

Charts LA's gay history, from the first missionary encounters with Native American cross-gendered 'two spirits' to cross-dressing frontier women in search of their fortunes, and from the 1960s gay liberation movement to the creation of gay marketing in the 1990s.
