Families in Context - Gene H. Starbuck 2006

Explores various kinds of families and societies through the lens of social science theories and methods. This book helps readers to learn how to integrate their personal family experiences and expectations into a broader social world.

The Extra-sex Factor - Lewis Yablonsky 1979

**CONFESSIONS OF A
CRIMINOLOGIST** - Lewis Yablonsky Ph.D 2010-03-18
Lew Yablonsky's story is about a youth who was involved in various delinquent activities as a teenager, and later in life, after serving in the Navy, went through a dramatic change to become a noted Professor of

Criminology. His favorite commentary about his life change on various national TV programs and in news media about his professional life was: "In my early years some of my best friends were criminal sociopaths, and I learned more about crime from them than I learned from acquiring my Ph.D. at NYU." His autobiography details his early years, and how his personal life entwines with the 20 books he has researched and written about crime, drug addiction, and other social issues. The following quote from a review of his first book "The Violent Gang" in the Los Angeles Times describes his writing style "...a powerful and incisive writing in the field of sociology...an important and immensely useful

Christian Marriage Today -

Joseph A. Buijs 1985

This study examines the historical, sociological, legal, philosophical and theological background of modern attitudes toward sexuality and marriage.

Alternate Lifestyles -

Laurence Simkins 1986

Men's Studies - Eugene R.

August 1985

Books included in this bibliography focus on males and exhibit some of the following criteria: awareness of male gender role; awareness of other works in men's and women's studies; transcends stereotypes; contribute insight into the universal experience of being male; explore issues of important to males such as men's rights or vasectomy.

The Handbook of Sexuality in Close Relationships - John H. Harvey 2004-04-26

Although sexuality is an integral part of close romantic relationships, research linking these two constructs has been less systematic than other

relationships. To date, researchers in communication, sociology, family studies, psychology, and psychiatry, have made significant advances in both of these fields. The editors' goal is to integrate this research into one volume. They bring together major scholars from the diversity of fields working on close relationship topics to examine past contributions and new directions in sexuality. The emphasis is on theoretical integration and stimulation, methodological rigor, and critical analysis. This volume explores: *early sexual experiences and their impact on late life sexuality; *how life's stresses impact sexuality and satisfaction with closeness; *the affect of postpartum depression on sexuality; and *the relationship between control, power, anger, as well as revenge and sexual processes in couples. The Handbook of Sexuality in Close Relationships is intended for students and researchers in the disciplines of social, clinical,

developmental, and health psychology; family studies; counseling; and interpersonal, family, and health communication. An excellent reference in advanced courses in close relationships taught in psychology, communications, sociology, anthropology, and family studies, the material in Part V will also appeal to clinical psychologists, health professionals, and policymakers.

Marriage and Family in Transition - John N. Edwards 1991

An anthology of 37 articles dealing with the development, maintenance, and dissolution of interpersonal relationships. The collection also deals with relevant future issues. The book is designed for the use of undergraduates on sociology courses dealing with marriage and family.

Marriage & the Family - Marcia E. Lasswell 1991
One Challenge for professors is trying to give students the practical how to information along with the sociological research, theory, and data. The

Lasswells speak directly to students in this personal and pragmatic overview of marriage and the family. They integrate both sociological and psychological perspectives to balance their presentation of the dynamics of intimate relationships. In addition to presenting key theories, research and data the authors include numerous practical discussions about how this material can be useful in everyday life.

NOT "Just Friends" - Shirley Glass 2007-11-01

One of the world's leading experts on infidelity provides a step-by-step guide through the process of infidelity—from suspicion and revelation to healing, and provides profound, practical guidance to prevent infidelity and, if it happens, recover and heal from it. You're right to be cautious when you hear these words: "I'm telling you, we're just friends." Good people in good marriages are having affairs. The workplace and the Internet have become fertile breeding grounds for "friendships" that

Integrating Sex And Marital Therapy - Gerald R. Weeks
2013-06-20

The field of sex therapy has experienced tremendous growth in the last 20 years . The use of the term "sex therapy" for most clinicians brings several well-known therapists to mind and is associated with the treatment of a fairly limited number of sexual problems. The view of sex therapy as a profession has had both positive and negative consequences. The editor's state that the purpose in writing and editing this book was to build on the work of

individually oriented sex therapy by adding the systems perspective. This book, then, represents an attempt at the integration of sex and marital or systems therapy.

The Dark Side of Interpersonal

Communication - William R. Cupach 2007

The Dark Side of Interpersonal Communication examines the multifunctional ways in which seemingly productive communication can be destructive—and vice versa—and explores the many ways in which dysfunctional interpersonal communication operates across a variety of personal relationship contexts. This second edition of Brian Spitzberg and William Cupach's classic volume presents new chapters and topics, along with updates of several chapters in the earlier edition, all in the context of surveying the scholarly landscape for new and important avenues of investigation. Offering much new content, this volume features internationally

renowned scholars addressing such compelling topics as uncertainty and secrecy in relationships; the role of negotiating self in cyberspace; criticism and complaints; teasing and bullying; infidelity and relational transgressions; revenge; and adolescent physical aggression toward parents. The chapters are organized thematically and offer a range of perspectives from both junior scholars and seasoned academics. By posing questions at the micro and macro levels, *The Dark Side of Interpersonal Communication* draws closer to a perspective in which the darker sides and brighter sides of human experience are better integrated in theory and research. Appropriate for scholars, practitioners, and students in communication,
