*L'habillé et le nu* - André Guindon 1998

Ce livre nous invite à une réflexion diachronique et multidisciplinaire qui met en cause l'éthique traditionnelle du monde occidental. Servi par une culture impressionnante, André Guindon nous révèle, à travers l'histoire des sociétés, la signification profonde de comportements qui dépassent largement la langue et l'écriture. Pourquoi la différence sexuelle est-elle si marquée par le vêtement ? Comment les sociétés choisissent-elles d'habiller le pouvoir ou de dénuder ceux qu'elles veulent humilier ? Et même, comment définir la nudité ? *L'Habillé et le nu* est une incursion audacieuse dans un domaine encore en friche, au point de rencontre d'une éthique des comportements et d'une

sociologie de la parure. Pour André Guindon, cette réflexion doit nous apprendre à discerner les pratiques susceptibles de favoriser une humanisation variée de la vie individuelle et d'améliorer les rapports intersubjectifs. L'auteur débat largement toutes les questions, sans puritanisme, dans la perspective d'une réflexion éthique contemporaine et d'une gestuelle chrétienne authentique.

**Happiness and the Christian Moral Life** -

Paul J. Wadell 2012

Happiness and the Christian Moral Life introduces students to Christian Ethics looking

at ethics as a path to the "good life" and happiness, rather than a strict set of rules. Revisions and updates include lists of suggested readings and resources, new discussions of how technology shapes relationships, a more fully developed account of Augustine and happiness, and more.

*Power and Peril* - Michael W. Higgins 2002

**Christian Perspectives on Sexuality and Gender** - Elizabeth Stuart 1996

Christian Perspectives on Sexuality and Gender is a collection of important, challenging and creative articles. Originally published separately in different journals they are offered here for the first time to a wider audience. The writers represent a variety of Christian (and one non-Christian) responses to issues such as: sexuality and the Christian tradition; sexuality and gender; power and relation; marriage; sexuality and spirituality; love; gay and lesbian sexuality; the body; sexuality and love; sexuality and

violence; sexuality and singleness and the family. Christian Perspectives on Sexuality and Gender will prove a vital and invaluable resource to scholars, students and all those interested in Christianity's attempts to wrestle with issues of sexuality and gender.

*Death of an Altar Boy* - E.J. Fleming 2018-04-04  
The tragic death of 13-year-old Danny Croteau in 1972 faded from headlines and memories for 20 years until the Boston abuse scandal—a string of assaults within the Catholic Church—exploded in the early 2000s. Despite numerous indications, including 40 claims of sexual misconduct with minors, pointing to him as Croteau's killer, the Reverend Richard R. Lavigne remains "innocent." Drawing on more than 10,000 pages of police and court records and interviews with Danny's friends and family, fellow abuse victims, and church officials, the author uncovers the truth—church complicity in a cover up and the masking of priests' involvement in a ring of abusive clergy—behind Croteau's death and

**Paul and Virtue Ethics** - Daniel J Harrington

2023-06-14

“Two prestigious scholars . . . serve up a gourmet banquet that blends the flavors of scripture and ethics without losing the distinctive tastes of each.” —Richard M. Gula, professor of moral theology, Franciscan School of Theology/Graduate Theological Union In *Paul and Virtue Ethics*, Daniel Harrington and James Keenan build upon their successful collaboration *Jesus and Virtue Ethics* to discuss the apostle Paul's teachings as a guide to interpret theology and ethics today. Examining Paul's writings, the authors investigate what they teach about the basic questions of virtue ethics: Who am I? Who do I want to become? And how do I get there? Their intent is not to provide stringent rules, but to awaken discovery and encourage dialogue. The book first considers the concept of virtue ethics, an approach to ethics that emphasizes moral character, and Paul's ethics in particular.

Next, the authors focus on the virtues of faith, love/charity, and hope as treated by Paul and Thomas Aquinas. Closing the book with reflections on the roles of other virtues (and vices) in individual and communal Christian life, the authors discuss various issues in social ethics and sexual morality as they are dealt with in Paul and in Christian virtue ethics today. “One could not ask for better guides [than] Harrington and Keenan.” —Theological Studies “Bringing the moral teaching of Paul and contemporary virtue ethics into dialogue with each other, Harrington and Keenan have done what others have only spoken about.” —Frank J. Matera, The Andrew-Kelly-Ryan Professor of Biblical Studies, The Catholic University of America “[A] deeply learned yet broadly accessible volume. . . . [a] perfect book for an introductory course in theological ethics.” —M. Cathleen Kaveny, Darald and Juliet Libby Professor of Law and Theology, Boston College

Thomas Aquinas was a man with a strategy -- not a strategy to assist us in good decision-making or a strategy to help us resolve our problems of conscience, but a strategy to work toward our personal transformation in light of God's love for us. Aquinas has traditionally been represented as a man whose ethics are overly rational, excessively formal, and too scholarly to be of much use in contemporary society. The Primacy of Love gives us a fresh look at his ethical thought and invites us to become part of his vision of the moral life as partners in God's perfect love. Author Paul Wadell gives special attention to the role of the passions, affections, and emotions in our moral life and creates a richly humane and compelling study written in a clear and accessible style. The Primacy of Love is a modern map for our own moral journey that is not so much something to study, but a way of life in which to participate. To follow this journey is to take up an adventure that will involve you

from the center of your being and will change you forever.

Christian Marriage - David Michael Thomas  
1992

"This book represents a theology of marriage. It is not intended as a manual for solving marital problems, or as a self-help guide on how to improve one's marriage. Rather, its basic goal is to bring forward into our time, with all its uniqueness and peculiarities, major insights of the Christian faith as they relate to married life . . . "Through the love of wife and husband, woman and man, through loving words pronounced in public in formal ceremony and unfolded in the time that ensues, through the couple's collaboration with God's creative power in bringing new life into the world, through the spirituality lived in transforming creation, the sacrament of marriage brings the Spirit of God into the world. Each couple has the power to block this process, but what is more important to affirm is their capacity to advance it. And it

Ethics and Economics of Assisted Reproduction -

Maura A. Ryan 2003-06-11

For those who undergo it, infertility treatment is costly, time-consuming, invasive, and emotionally and physically arduous, yet technology remains the focus of most public discussion of the topic. Drawing on concepts from medical ethics, feminist theory, and Roman Catholic social teaching, Maura A. Ryan analyzes the economic, ethical, theological, and political dimensions of assisted reproduction. Taking seriously the experience of infertility as a crisis of the self, the spirit, and the body, Ryan argues for the place of reproductive technologies within a temperate, affordable, sustainable, and just health care system. She contends that only by ceasing to treat assisted reproduction as a consumer product can meaningful questions about medical appropriateness and social responsibility be raised. She places infertility treatments within broader commitments to the

common good, thereby understanding reproductive rights as an inherently social, rather than individual, issue. Arguing for some limits on access to reproductive technology, Ryan considers ways to assess the importance of assisted reproduction against other social and medical prerogatives and where to draw the line in promoting fertility. Finally, Ryan articulates the need for a compassionate spirituality within faith communities that will nurture those who are infertile.

compelling--and needed--today as it was then. - Nyla Rasmussen, RN, Maternal Child Health Larry Rasmussen, Reinhold Niebuhr Professor Emeritus of Social Ethics, Union Theological Seminary, New York City ""This historic book is as incisive, pertinent, timely and morally compelling as it was twenty-eight years ago. Harrison has both ethical purchase and feminist vision on 'The Issue of Our Age.' Read it, learn, be convicted and act!"" - Rev. Dr. Serene Jones, President of Union Theological Seminary ""Decades after its initial publication, Beverly Wildung Harrison's sex-positive, justice and social welfare affirming study of abortion remains a unique and trailblazing contribution to the field of Christian ethics. From the treatment of women's procreation in the history of Western Christianity to the rhetoric of 1970s abortion politics, she offers meticulous critiques and constructive feminist Christian ideas sorely needed in today's debates about abortion rights."" Traci C. West, author of Disruptive

Christian Ethics: When Racism and Women's Lives Matter About the Contributor(s): Two years after Our Right to Choose appeared in 1983, the world of Christian ethics was again impacted by Beverly Wildung Harrison's second groundbreaking book, Making the Connections: Essays in Feminist Social Ethics, edited by Carol S. Robb (Beacon: 1985). Over the next fifteen years, until retiring in 1999 as the Carolyn Williams Beaird Professor of Christian Ethics at New York's Union Theological Seminary, Harrison continued to teach and shape a methodology in feminist social ethics which attracted scores of graduate students, both men and women, who currently occupy professorships in ethics throughout the United States and elsewhere in the world. Her former students also include pastors in the United States and Europe and around the globe in countries as diverse as Australia, New Zealand, South Africa, Kenya, and Korea. Since her retirement, Beverly Harrison has continued to

consult with former and current graduate students. In 2004, six of her former students worked with Harrison in publishing a commentary on her methodology, *Justice in the Making: Feminist Social Ethics* (Westminster/John Knox Press). Since 1999, Beverly Harrison has lived in an intentional community in the mountains of western North Carolina where, along with her longtime companion Carter Heyward and several other friends, she continues to work for justice in every venue possible, including active involvement in the Democratic Party and in movements for racial, economic, sexual, and gender justice. She has been particularly devoted to pro-choice work and LGBT justice efforts in the Presbyterian and Episcopal churches and in society at large. Harrison delights in the companionship of several dogs, cats, and horses!

**Christians, Feminists, and the Culture of Pornography** - Arthur J. Mielke 1995

In this pioneering study in religion and culture, Mielke acknowledges the power that pornographic images continue to assert in a culture whose conscious intention is to deny their attraction. Mielke's unique analysis brings together a wide range of sources--contemporary as well as historical Christianity, sex therapy, secular feminism, contemporary psychoanalysis, and behavioral science research studies--in an attempt to explain the prevalence of pornographic themes and imagery in human sexual arousal and fulfillment.

*Erotic Attunement* - Cristina L. H. Traina  
2011-06-15

Heightened awareness of the problem of sexual abuse has led to deep anxiety over adults touching children in nearly any context. This book probes the disquieting issue of how we can draw a clear line between natural affection towards children and perverse exploitation of them.

Cahill 1996-08-28

This book endorses feminist critiques of gender, yet upholds the insight of traditional Christianity that sex, commitment and parenthood are fulfilling human relations. Their unity is a positive ideal, though not an absolute norm. Women and men should enjoy equal personal respect and social power. In reply to feminist critics of oppressive gender and sex norms and to communitarian proponents of Christian morality, Cahill argues that effective intercultural criticism of injustice requires a modest defence of moral objectivity. She thus adopts a critical realism as its moral foundation, drawing on Aristotle and Aquinas. Moral judgment should be based on reasonable, practical, prudent and cross-culturally nuanced reflection on human experience. This is combined with a New Testament model of community, centred on solidarity, compassion and inclusion of the economically or socially marginalised.

**The Erotic Word** - David M. Carr 2005-02-24

Historically, the Bible has been used to drive a wedge between the spirit and the body. In this provocative book, David Carr argues that the Bible affirms erotic passion. Sexuality and spirituality, he contends, are intricately interwoven; the journey toward God and the life-long engagement with our own sexual embodiment are inseparable.

*Between Two Gardens* - James B. Nelson  
2008-05-01

In *Between Two Gardens*, theologian and ethicist James B. Nelson seeks to stimulate a further reexamination of human sexuality and the Christian experience. Here he continues to explore concerns posed in his earlier work, *Embodiment*. Traditionally, the relationship between religion and spirituality has reflected this one-dimensional question: What does faith say about human sexuality? Nelson, however, takes a different tack and asks more pertinently: What does sexuality say about faith--theology,

scripture, tradition, and the meaning of the gospel? With this more existential perspective in mind, he explores a wide range of sexual and medical issues. Nelson discusses men's liberation; sexuality in Jewish, Catholic, and Protestant interpretations; religious and moral questions of professionals working with homosexual counselees; singleness of the church; the family; and attitudes toward abortion. Reflecting on these topics, he writes out of a healthy conviction that the process of integrating human sexuality and the life of faith is an important journey.

The Poetics of Intimacy and the Problem of Sexual Abstinence - Michael J. Hartwig 2009  
This bold work asks whether traditional Christian sexual morality, with its emphasis on sexual abstinence outside of heterosexual marriage, is harmful. Appealing to sociological studies, anthropological theories, and contemporary theological ethics, Hartwig develops a model of sexual virtue around the concept of a poetics of intimacy and applies this model to particular challenges faced by the divorced, married couples, gay men and lesbians, single adults, and people with mental and developmental disabilities. He concludes that mandated long-term and lifelong sexual abstinence for those outside heterosexual marriage is not only harmful, but compromises many features of Christian morality.
