Tinder Nightmares - Unspirational 2017-01-21

"Will have you in hysterics over truly epic Tinder fails . . . it captures real life conversations potential couples have exchanged over the app." —Spy
Tinder Nightmares is a hilarious look at some of the most epic fails of the often racy, always ridiculous, "romantic" exchanges on Tinder. The Instagram account of the same name has skyrocketed to popularity for its captivating—and sometimes titillating—ability to capture the real-life conversations between people who are looking to connect with that special someone. Tinder Nightmares is organized by theme, with chapters such as Bad English, Broetry, Strange Requests, Sneak Attacks, and more. This book explores everything from pickup lines to breakups, and all the moments that come in between. It's the perfect gift for anyone who has ever suffered through online dating. Praise for the Tinder Nightmares Instagram account "Taking submissions from womankind worldwide, the account posts the funniest and most tragic lines, which serve to make us simultaneously jubilant with comfort that others out there are enduring the same terror, and weepy at our complete loss of faith in humanity." —Cosmopolitan "So, for anyone who

has ever had a nightmarish experience on Tinder, *Tinder Nightmares* is here to remind you that you're not alone. Because when life gives you innocuously bizarre Tinder messages, make jokes." —HuffPost

Dataclysm - Christian Rudder 2014-09-09

A New York Times Bestseller An audacious, irreverent investigation of human behavior—and a first look at a revolution in the making Our personal data has been used to spy on us, hire and fire us, and sell us stuff we don't need. In *Dataclysm*, Christian Rudder uses it to show us who we truly are. For centuries, we've relied on polling or small-scale lab experiments to study human behavior. Today, a new approach is possible. As we live more of our lives online, researchers can finally observe us directly, in vast numbers, and without filters. Data scientists have become the new demographers. In this daring and original book, Rudder explains how Facebook "likes" can predict, with surprising accuracy, a person's sexual orientation and even intelligence; how attractive women receive exponentially more interview requests; and why you must have haters to be hot. He charts the rise and fall of America's most reviled word through Google Search and examines the new dynamics of collaborative rage on Twitter. He shows how people express themselves, both privately and publicly. What is the least Asian thing you can say? Do people bathe more in Vermont or New Jersey? What do black women think about Simon & Garfunkel? (Hint: they don't think about Simon & Garfunkel.) Rudder also traces human migration over time, showing how groups of people move from certain small towns to the same big cities across the globe. And he grapples with the challenge of maintaining privacy in a world where these explorations are possible. Visually arresting and full of wit and insight, *Dataclysm* is a new way of seeing ourselves—a brilliant alchemy, in which math is made human and numbers become the narrative of our time.

The Science of Tinder: the Guide for Men - Max Tusk 2018-11-28

This is a dating guide like no other. Not only does it encompass an in-depth guide into areas of pickup and seduction on the online dating app Tinder, but it also adds in an element that no dating book has: a science. Yes that's right, a science. You may be thinking how can there be a

science on Tinder? Well let me tell you after four years using the app religiously, there definitely is! For example, did you know that there are certain types of pictures you can put up on your profile that will guarantee you more matches? Did you know that writing certain things in your Bio will make a girl message you first? Did you know there are optimal times of the week to swipe and acquire more matches? Or even times of the year where you will get more matches? Perhaps you didn't realise that with using some of the Tinder Plus features correctly, your matches can increase as much as 500%. Or perhaps you didn't know that you can actually tell a girl on Tinder that you are looking only to hook-up, and a good portion of the time she will take you up on it if you say it in the right way? If you didn't know this, then this is what this book is here to do. It is here to give the Tinder virgin right the way through to the Tinder pro, the ability to learn this science and getting you to achieve your dream girl. Tinder Translator - Aileen Barratt 2022-10-05

The Tinder Translator is a dictionary of douchebaggery for the modern dater - and a hilariously sharp read for all feminists - from Aileen Barratt of @tindertranslators. A fun small hardback, it is the perfect gift for friends (or for yourself), and will make you laugh, cry, think, and leave you feeling empowered and resilient. Ten years after the introduction of Tinder, dating apps have changed the terrain of human interaction, but many feel like they've been sent into the wilderness without a guide. For those dating cis-het men especially, the blatant misogyny encountered during every swipe session is depressing and enraging in equal measure. And then there is the not-so-blatant stuff. Scrolling through profile after profile, you'll see the same stock phrases - 'Good vibes only.' 'Must have banter.' 'Just ask.' But what do they actually mean? The Tinder Translator, aka Aileen Barratt, takes you through an A to Z of terminology that permeates not just the dating world but the wider world. Through her Instagram account, Aileen has heard from thousands of people on their dating experiences, in addition to her own three and half years spent on dating apps after separating from her husband of ten years. This book is part reference, part rant and part rallying cry for anyone navigating the sometimes gross and exhausting experience of dating, but also just for everyone who is sick of the patriarchy, whatever their relationship status.

The Guyde - Howie Reith 2016-11-19

The Guyde is the most comprehensive men's dating and self-improvement book ever written, designed to be everything you need to transform into the most confident version of yourself. There are no lines or routines; instead you'll find exercises and information to improve your self-esteem, social skills, and other elements integral to social success. Everything in these pages is backed with scientific evidence, and when I say scientific evidence, I mean cited peer-reviewed literature, not pop evolutionary psychology or the "law of attraction." You won't be reading anecdotes telling you about my "successes" or opinions; you'll be learning the practical steps necessary for the specific changes you want to manifest in your life. The Guyde is divided into four sections: Part I - Psychology Part I focuses on the internal elements of social interaction. How do you overcome your toxic self-limiting beliefs that keep you from being authentic with people? How do you overcome your fears? How can you stay motivated to make your changes? You will learn clinically effective approaches to all of these and more. Part II - Social Skills For many men, the biggest barrier between themselves and social success is a lack of social skills and awareness. In Part II, you'll learn how to shore

up this weakness. You will learn how to listen, banter, share stories, and assert yourself with others. You'll learn how to improve your body language and vocal tonality to project confidence and charisma. Part III - Physical Attractiveness Part III will teach you how to improve your physical features. The first two chapters detail the most clinically effective approaches to diet and exercise. We'll also discuss the basics of fashion and how to dress to impress. Master Part III, and when you go out, you will turn heads. Part IV - Dating The final portion of The Guyde deals with dating, in this version, in a heterosexual male context. You'll learn the best places to meet potential dates, how to flirt, and how to ask someone out. You'll learn how to plan brag-worthy romantic evenings and how to address problems like rude cancellations and "ghosting."
