Race, Sex, and the Freedom to Marry - Peter Wallenstein 2014-11-18

In 1958 Mildred Jeter and Richard Loving, two young lovers from Caroline County, Virginia, got married. Soon they were hauled out of their bedroom in the middle of the night and taken to jail. Their crime? Loving was white, Jeter was not, and in Virginia—as in twenty-three other states then—interracial marriage was illegal. Their experience reflected that of countless couples across America since colonial times. And in challenging the laws against their marriage, the Lovings closed the book on that very long chapter in the nation’s history. *Race, Sex, and the Freedom to Marry* tells the story of this couple and the case that forever changed the

law of race and marriage in America. The story of the Lovings and the case they took to the Supreme Court involved a community, an extended family, and in particular five main characters—the couple, two young attorneys, and a crusty local judge who twice presided over their case—as well as such key dimensions of political and cultural life as race, gender, religion, law, identity, and family. In *Race, Sex, and the Freedom to Marry*, Peter Wallenstein brings these characters and their legal travails to life, and situates them within the wider context—even at the center—of American history. Along the way, he untangles the arbitrary distinctions that long sorted out Americans by racial identity—distinctions that

changed over time, varied across space, and could extend the reach of criminal law into the most remote community. In light of the related legal arguments and historical development, moreover, Wallenstein compares interracial and same-sex marriage. A fair amount is known about the saga of the Lovings and the historic court decision that permitted them to be married and remain free. And some of what is known, Wallenstein tells us, is actually true. A detailed, in-depth account of the case, as compelling for its legal and historical insights as for its human drama, this book at long last clarifies the events and the personalities that reconfigured race, marriage, and law in America.

Against the Tide - J. H. Sullivan 2016-02

"Through hard work and determination, Hansford C. Bayton would rise from humble beginnings to become the captain and owner of five excursion and mail delivery steamboats that plied the Rappannock River during the late 1800s and early 1900s. Unusual for an African

American, he would acquire wealth and the respect of both blacks and whites. Nevertheless, his boats were burned one by one. But with each malicious burning, and with lynchings on the rise, he would build again." -- Back cover.

[Pink Pirates](#) - Caren Irr 2010-04-15

Today, copyright is everywhere, surrounded by a thicket of no trespassing signs that mark creative work as private property. Caren Irr's *Pink Pirates* asks how contemporary novelists—represented by Ursula Le Guin, Andrea Barrett, Kathy Acker, and Leslie Marmon Silko—have read those signs, arguing that for feminist writers in particular copyright often conjures up the persistent exclusion of women from ownership. Bringing together voices from law schools, courtrooms, and the writer's desk, Irr shows how some of the most inventive contemporary feminist novelists have reacted to this history. Explaining the complex, three-century lineage of Anglo-American copyright law in clear, accessible terms and wrestling with

Downloaded from
legacy.opendemocracy.net on
2023-06-04 by guest

some of copyright law's most deeply rooted assumptions, Irr sets the stage for a feminist reappraisal of the figure of the literary pirate in the late twentieth century—a figure outside the restrictive bounds of U.S. copyright statutes. Going beyond her readings of contemporary women authors, Irr's exhaustive history of how women have fared under intellectual property regimes speaks to broader political, social, and economic implications and engages digital-era excitement about the commons with the most utopian and materialist strains in feminist criticism.

The Civil War Era - Lyde Cullen-Sizer
2008-04-15

There is an extraordinary range of material in this anthology, from Lincoln's Gettysburg address to a contemporary account of a visit

from the Ku Klux Klan. The primary sources reproduced are both visual and written, and the secondary materials present a remarkable breadth and quality of relevant scholarship. Contains an extensive selection of writings and illustrations on the American Civil War Reflects society and culture as well as the politics and key battles of the Civil War Reproduces and links primary and secondary sources to encourage exploration of the material Includes editorial introductions and study questions to aid understanding

States at War, Volume 4 - Richard F. Miller
2015-02-03

While many Civil War reference books exist, there is no single compendium that contains important details about the combatant states (and territories) that Civil War researchers can readily access for their work. People looking for information about the organizations, activities, economies, demographics, and prominent personalities of Civil War States and state

Downloaded from
legacy.opendemocracy.net on
2023-06-04 by guest

governments must assemble data from a variety of sources, with many key sources remaining unavailable online. This crucial reference book, the fourth in the States at War series, provides vital information on the organization, activities, economies, demographics, and prominent personalities of Delaware, Maryland, and New Jersey during the Civil War. Its principal sources include the Official Records, state adjutant-general reports, legislative journals, state and federal legislation, federal and state executive speeches and proclamations, and the general and special orders issued by the military authorities of both governments, North and South. Designed and organized for easy use by professional historians and amateurs, this book can be read in two ways: by individual state, with each chapter offering a stand-alone history of an individual state's war years; or across states, comparing reactions to the same event or solutions to the same problems.

sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States (1789-1824), the Register of Debates in Congress (1824-1837), and the Congressional Globe (1833-1873)

Lens of War - J. Matthew Gallman 2015-04-15
Lens of War grew out of an invitation to leading historians of the Civil War to select and reflect upon a single photograph. Each could choose any image and interpret it in personal and scholarly terms. The result is a remarkable set of essays by twenty-seven scholars whose numerous volumes on the Civil War have explored military, cultural, political, African American, women's, and environmental history. The essays describe a wide array of photographs and present an eclectic approach to the assignment, organized by topic: Leaders, Soldiers, Civilians, Victims, and Places. Readers will rediscover familiar photographs and figures examined in unfamiliar ways, as well as discover little-known photographs that afford intriguing

perspectives. All the images are reproduced with exquisite care. Readers fascinated by the Civil War will want this unique book on their shelves, and lovers of photography will value the images and the creative, evocative reflections offered in these essays. Contributors: Stephen Berry, William A. Blair, Stephen Cushman, Gary W. Gallagher, J. Matthew Gallman, Judith A. Giesberg, Joseph T. Glatthaar, Thavolia Glymph, Earl J. Hess, Harold Holzer, Caroline E. Janney, James Marten, Kathryn Shively Meier, Megan Kate Nelson, Susan Eva O'Donovan, T. Michael Parrish, Ethan S. Rafuse, Carol Reardon, James I. The Battle Ground - Ellen Anderson Gholson
Glasgow 2022-09-15

'The Battle Ground' is a historical romance novel by a Pulitzer Prize-winning author, Ellen Glasgow. The story is set in Virginia, and takes

*Downloaded from
legacy.opendemocracy.net on
2023-06-04 by guest*

place from the plantation era and all the way up to the American Civil War. Central to the story are two families who built their wealth from slavery, the Amblers and the Lightfoots. The Amblers are much more sympathetic to abolishing slavery and staying loyal to the Union, while the Lightfoots' view on the matter is more in line with that of the Confederacy.

The Eclectic Complete Geography - 1883

The Last Generation - Peter S. Carmichael
2015-12-01

Challenging the popular conception of Southern youth on the eve of the Civil War as intellectually lazy, violent, and dissipated, Peter S. Carmichael looks closely at the lives of more than one hundred young white men from Virginia's last generation to grow up with the institution of slavery. He finds them deeply engaged in the political, economic, and cultural forces of their time. Age, he concludes, created special concerns for young men who spent their

formative years in the 1850s. Before the Civil War, these young men thought long and hard about Virginia's place as a progressive slave society. They vigorously lobbied for disunion despite opposition from their elders, then served as officers in the Army of Northern Virginia as frontline negotiators with the nonslaveholding rank and file. After the war, however, they quickly shed their Confederate radicalism to pursue the political goals of home rule and New South economic development and reconciliation. Not until the turn of the century, when these men were nearing the ends of their lives, did the mythmaking and storytelling begin, and members of the last generation recast themselves once more as unreconstructed Rebels. By examining the lives of members of this generation on personal as well as generational and cultural levels, Carmichael sheds new light on the formation and reformation of Southern identity during the turbulent last half of the nineteenth century.

[A Slave No More](#) - David W. Blight 2009-01-15
The newly discovered slave narratives of John Washington and Wallace Turnage—and their harrowing and empowering journey to emancipation. Slave narratives, among the most powerful records of our past, are extremely rare, with only fifty-five surviving post-Civil War. This book is a major new addition to this imperative part of American history—the firsthand accounts of two slaves, John Washington and Wallace Turnage, who through a combination of intelligence, daring, and sheer luck, reached the protection of the occupying Union troops and found emancipation. In *A Slave No More*, David W. Blight enriches the authentic narrative texts of these two young men using a wealth of genealogical information, handed down through family and friends. Blight has reconstructed their childhoods as sons of white slaveholders, their service as cooks and camp hands during the Civil War, and their struggle to stable lives among the black working class in the north,

where they reunited their families. In the previously unpublished manuscripts of Turnage and Washington, we find history at its most intimate, portals that offer a startling new answer to the question of how four million people moved from slavery to liberty. Here are the untold stories of two extraordinary men whose stories, once thought lost, now take their place at the heart of the American experience—as Blight rightfully calls them, “heroes of a war within the war.” “These powerful memoirs reveal poignant, heroic, painful and inspiring lives.”—Publishers Weekly
The Nation [Electronic Resource] - 1878

Ploughshares Into Swords - James Sidbury 1997-10-13
During the summer of 1800, slaves in and around Richmond conspired to overthrow their masters and abolish slavery. This book uses Gabriel's Conspiracy, and the evidence produced during the repression of the revolt, to expose the

*Downloaded from
legacy.opendemocracy.net on
2023-06-04 by guest*

processes through which Virginians of African descent built an oppositional culture. Sidbury portrays the rich cultures of eighteenth-century black Virginians, and the multiple, and sometimes conflicting, senses of identity that emerged among enslaved and free people living in and around the rapidly growing state capital. The book also examines the conspirators' vision of themselves as God's chosen people, and the complicated African and European roots of their culture. In so doing, it offers an alternative interpretation of the meaning of the Virginia that was home to so many of the Founding Fathers. This narrative focuses on the history and perspectives of black and enslaved people, in order to develop 'Gabriel's Virginia' as a counterpoint to more common discussions of 'Jeffersonian Virginia'.

A Legislative History of the Federal Food, Drug, and Cosmetic Act and Its Amendments - 1979

Race and Gender in Modern Western Warfare - David Ulbrich 2018-12-03

This book fills a gap in the historiographical and theoretical fields of race, gender, and war. In brief, *Race and Gender in Modern Western Warfare* (RGMWW) offers an introduction into how cultural constructions of identity are transformed by war and how they in turn influence the nature of military institutions and conflicts. Focusing on the modern West, this project begins by introducing the contours of race and gender theories as they have evolved and how they are employed by historians, anthropologists, sociologists, and other scholars. The project then mixes chronological narrative with analysis and historiography as it takes the reader through a series of case studies, ranging from the early nineteenth century to the Global War of Terror. The purpose throughout is not merely to create a list of so-called "great moments" in race and gender, but to create a meta-landscape in which readers can learn to

Great Rappahannock River Race A Battle Of The Sexes

identify for themselves the disjunctures, flaws, and critical synergies in the traditional memory and history of a largely monochrome and male-exclusive military experience. The final chapter considers the current challenges that Western societies, particularly the United States, face in

imposing social diversity and tolerance on statist military structures in a climates of sometimes vitriolic public debate. RGMWW represents our effort to blend race, gender, and military war, to problematize these intersections, and then provide some answers to those problems.
