Blind Her Mind Make Her Mind The Nameless Hypnotist 2015-03-06 Have you ever wondered why some people men can get their girls to obey, while others can't seem to manage themselves? A lot of this has to do with a man's lack of knowledge when it comes to girl obedience training. Most men simply don't know how to handle a girl appropriately. Why do you think this is? The answer may have something to do with the fact that a girl's mother, during childhood, handled her most of the time. The mother reprimanded the female child while the father was left to work and provide for the family. Whenever a girl was reprimanded by her father it was usually a harsher experience than what it was compared to when the mother scolded and punished the girl. Girls may have had some fear or apprehension, even trust issues, when it came to the first man figure in their life. For this reason there exists a disconnection between men and their girls. Believe me when I tell you that it is easier to train a girl than you may think. You see all you really have to do is master the art of Chinese brainwashing techniques. I'll explain more about this in this book, not to worry. Throughout this book, in fact, you're going to learn a lot of things that will help you properly train your girl so she obeys you without question. She'll love to obey you when you apply these techniques. She'll be upset with herself when she disobeys in fact. It's pretty neat, I think you'll find. Imagine the man fixing to get divorced. He can't stand his girl and probably neither can she stand him. What if I told you I could help you fix this problem? Would you pin your ears back and read this book from cover to cover to learn the secret? Of course you would. And, let me say once you learn these techniques you'll be much happier and so will your girl. I am really excited for you. I think your life is going to greatly improve and quickly. When you have the world's best relationship with your girl life can be, well, pretty sweet! Sex is awesome! The way she takes care of you is incredible! The way you think about life is astonishingly different-perfect actually! I want to encourage you to really great ready for the task at hand. Listen; there is a window of opportunity, starting now, that is opened up for you to make a decision right now to change your future for the best. You can't get this moment back, and, yet, it does require that you open up your mind to what is possible, take a leap of faith, suspend any doubt or disbelief you may have, and simply have faith that your life is about to move in a new and more positive direction. People who wait; who are indecisive; who can't seem to make a right decision, when it is presented to them as an opportunity, these people live in mediocrity. Don't be one of these people. Read this book. Learn from it. Apply what you learn. And, create a better life for you and your girl—a life that is happy and one that rewards both of you equally. To do this you first have to make the decision that you are going to take action now and obedience train your girl and simply take control of her mind so you can make her decisions for her—and, well, be a man. Read this book now. Do not delay. Your future is at stake. You do not want to make a mistake. Read this book now. -The Nameless Hypnotist

How to Get Your Ex Girlfriend Back C. Powell 2012-01-24 The answer to the question 'can i get my girlfriend back?' is yes... probably. You see if your girl still loves you, no matter how much you've messed up in the past, she will more than likely be receptive to you if you can prove to her that she won't be wasting her time and that she won't get hurt again. No one wants to be hurt and no one wants to set themselves up to be hurt by trusting someone who has already proven they can't be trusted. For this reason you will probably be able to win her back but you had better expect an uphill climb. The first step is to give her a little time and space. Don't rush her or expect everything to happen quickly. It takes a lot longer to rebuild trust than it took to tear it apart. More than likely by the time you've gotten to this point you've let her down more than once. Please

don't think that all that past hurt and all those mistakes will go away and she'll forget about them just because you say 'I'm sorry' or you tell her that 'I've changed'. She'll probably need to see some proof that that is true. It's important for you to concentrate on yourself instead of just trying to convince her you've changed. It will take you time to truly change the person that you are and you don't want to make the mistake of thinking you can somehow 'trick' her into believing you are a different man.

I Don't Mind Waiting BeeGee Hill 2022-05-11 Now really? Do relationships really work? Is there a formula that will help it last? According to Val, relationships "that worked" were a thing of the past. Val was a young lady who had experienced a few hardships in her life. After losing her father (whom she cherished) to cancer and was betrayed by the one she was settling for as the man of her dreams, she became bitter toward relationships. Of course, they worked for some, but it was truly unrealistic to think that there was someone out there for everyone. Val's faith faltered, and she strayed away from God and the church, but after a couple years of backsliding, she found her way back and was now determined to do things right according to the plan that God intended for her life. After years of being a third wheel to one of her best friends, Toni, and her man, could it be that her future rested behind the wheel of a squad car? A man that looked THIS good was NOT going to be faithful (or was he)? And HIS insecurities and double standards might serve as a warning (or would they)? Val enjoys a lot of firsts with her newfound love, and the two enjoy each other's company as they get to know one another. But is that enough? Trust issues and conflicts could place the relationship on hold, but counsel from the other bestie and others help them to see the error of their ways, and feisty Val recognizes that God will not leave her side if she only trusts Him. And yes, there IS a formula. It's written right there in His Word (the Bible), and when it's all said and done, Val doesn't mind waiting! Wait on the Lord: be of good courage, and He shall strengthen thine heart: wait, I say, on the Lord. (Psalm 27:14)

A Bloke's Guide to Sex Blake Denbigh 2019-06-26 Are you a man who knows how to satisfy a woman in bed? If you were lucky, when you were 18, some 35-year-old woman who looked like Jennifer Lopez seduced you and spent a summer teaching you everything you needed to know. More likely, you had no sex at all until you were in your 20s and that was with a "nice" girl who knew even less than you did. So you've had to make do with the embarrassed mumblings of your father when you were a teenager (who basically told you nothing), some sex education in school about how to avoid infections and not get a girl pregnant, the enthusiastic but ill-informed bragging of your mates in the locker room, and a misleading array of porn. You're still stuck trying to figure out how this sex thing actually works. You've had plenty of affairs or not so many, maybe been married or still are, and sometimes it's been good, sometimes not so good, and you're not sure why. What do women actually want? The man is supposed to just know. There are books, of course, but they're mostly instructions manuals with techniques, which may or may not work with the woman you're actually with (how are you supposed to know?--half the time, even she doesn't know), or they're by female doctors largely for women, with a few remarks thrown in for men. It's time, therefore, for some frank talk about sex from a male perspective, and that's what this book is about.

Hypnotize Your Wife Live a Better Life [Or Your Girlfriend for That Matter] The Nameless Hypnotist 2015-02-23 People have been conditioned to believe certain things about the way relationships should operate.

Sometimes gender roles are blurred. In recent times this seems to be more evident, doesn't it? My beliefs, now, are that gender roles should be very specific and quite clearly defined. I believe that men are the stronger sex. I believe that men tend to be more logical thinkers. I believe girls should be subservient; that is: prepared to obey their man unquestioningly and are, by nature, the weaker sex. I also believe when a girl knows her place and a man knows his place in a relationship that the relationship functions better and both sexes are happier. When a girl is docile; that is, ready to accept control or instruction; submissive, she knows instinctively that the relationship is solid and that she will be rewarded for her submissiveness. This causes her to lose her depression, her fear, and her feelings of uncertainty and constant confusion and lack of safety. These are positive benefits that have been forgotten by girls, which, when reminded, and rekindled, prove their significance and relevance to the girl's happiness. The more your girl accepts your control and instruction the more happy both of you will be, let me assure you. This is something most men and girls get excited about when they adhere to their respective gender roles. In many ways this book will teach you a relationship system that utilizes conversational hypnosis; so that, as a man, you can define your relationship in this way, so you are happy and your wife or girlfriend is happy too. It is your responsibility to learn this information and even more your responsibility to implement it; that is, training your wife or girlfriend to be servient. Follow these instructions carefully and your wife or girlfriend will be the perfect little girl you've always hoped her to be. I promise. Grab Your Copy Now! Do not think twice; I promise it works!

Making Her Journal Ryan Hale 2016-10-21 There comes a time when a girl starts to become independent, test boundaries of men, and even manipulate them. This can destroy a man and his relationship and even his life. There are countless documented occurrences where a man let his girl go wild, be demanding, be in control, only to find himself in jail or prison or worst. A natural relationship, as God intended it to be, is between a man and a girl. The man is to dominate, make decisions, and rule his household. The girl is to submit, obey, and make the man's life easier and appreciated. When you have tension in a relationship it is usually because the girl has been allowed to get out of hand, mouthy, bitchy-whatever you want to call it-and the male has taken a less dominant position and become a pussy. This book is about a way of correcting this imbalance. It is method that works effectively to training your girl to obey and submit to you. The key psychology behind this activity is regression. When you make her journal, you make her revisit the past-times when she obeyed, was happy, and delighted in making you happy. A girl is happiest when she's dominated and told what to do. A girl respects a man at a deep psychological level when he makes her obey and treats her like a young girl, not a grownup woman. Once you understand this dynamic, you can make your relationship near perfect as it can be. You ensure your girl is happy, that you're in control, and in exchange she feels safe and protected and happy to obey your instructions. Journaling is the same as writing down your feelings in a diary. When a girl journals her thoughts and feelings each day, and hands those feelings over to you to read, it gives you not only a couple's activity, but gives you insider access to her thinking and her mind. This is extremely important when it comes to training her and insisting that she believe what you want her to believe and adopts your household ideology. It is up to you to make this happen, and this book is hell bent on helping you do this in the best way possible. Keep reading... It gets good! I promise. Grab Your Copy Now!
