[How to Date a Woman](#) - Bruce Glover 2020-10-10

☐☐ You don't know HOW TO DATE A WOMAN, but would you like to learn? Do you want a better dating life. . . but need a little practical, how-to help? If so then keep reading. ☐☐ Dating isn't what it used to be. In the old days, dating was a straightforward process. Man likes a woman. A woman likes man. They court, they date, and if things worked out, they marry. Today's love scene however, is something else entirely, thanks in large part to how heavily reliant all of us have become on technology. Specifically, our mobile phones. The dating scene today is dominated by text messaging, status updates, social media updates, online flirting, sexting, and the list goes on. These days, the first date usually takes place only after you've been interacting for some time over texts. Which means a date is only likely to happen if your texting sessions go well. It's no secret that men and women each think the opposite sex is hard to understand. You never know what you're going to say or do that's suddenly going to put the other person off or cause them to lose interest. It is even harder when you can't exactly see their reaction through the screen of your phone when you text them. Keeping and holding onto the man you want over text messages can seem like a bewildering challenge and it's easy to feel lost trying to figure out what works best. Life certainly seems like it would be a whole lot easier if we knew just what to text and how to text a man in a way that he can no longer ignore to keep him coming back for more. This book will help you attain this goal. With the help of this advice, you will not only be able to talk to women, but you will also be able to date them. All that you need is a little boost and the right information. In this book, you were given everything you need to not only attract and charm women but to talk and hold their attention, too. Once you get the hang of dating do's and don'ts, you will be able to enjoy success in your dating life. This book gives a comprehensive guide on the following: - Master communication with women - Women want a man, not a boy - How to become the man women lust for - The smart rules for sex and dating - Turning the meeting into a date - Let her be feminine - First date tips... AND MORE!!! What you waiting for, get this book Now!!!

What's Your Next Move? Practical Strategies for Attracting and Dating Chinese Women - Ryan Hill 2016-12-09

A Summary of What You'll Learn From Reading this Book * You will learn to recognize and harness the Chinese concept of 'Anquangan' in order built trust with Chinese women and avoid rejection* You will learn the secrets on how to read and recognize if a Chinese woman likes you* You will learn how to create a lifestyle where you can meet Chinese women in China or around the world* You will learn how to finally overcome your fears and meet random Chinese girls on the street and in everyday circumstances* How to optimize your chances on dating and instant messaging apps* How to plan killer dates* Learn little games and activities you can play to build chemistry * How to hold her hand without freaking her out* How to approach formal and informal relationships Honest Disclaimer: This book does not go into detail on resolving relationship problems, breaking-up or issues that married couples may face. Focus instead is placed on how to start from zero, all the way up to creating a lifestyle where finding and meeting a Chinese girlfriend or lover is simple and easy. Are Chinese Girls Easy? The myth that Chinese girls are 'easy'. It runs deep in popular culture and even rings of Hollywood. Remember the Chinese girl pulling down Mark Zuckerberg's pants in the movie The Social Network? Picture a white guy with an attractive Chinese girl and a pimpled and pale geek comes to mind. A guy with next to no skill in seducing attractive women in his home country, and perhaps even a recent virgin. This popular stereotype is not uncommon. Men with limited dating success in their home country do significantly better when it comes to attracting and dating Chinese girls. I know this is fact because I have observed and experienced this phenomenon myself. However the myth I want to dispel in this book is that Chinese women are in some way 'easy' to sleep with, and the false assumption that Chinese girls will throw themselves or bend at the knees just at the sight of a foreign man. The Reality And well, while there are Chinese girls who may respond positively to this situation, my experience tells me they are rare. Of the many Chinese girls I have had the opportunity to

meet and get to know over the past eight years, few were so 'easy' that they could be seduced on the same day of meeting. What's more, only a couple of girls have barely known me and slept with me purely on the basis of my status as a foreigner. In case you wish to know, I met both these girls on a local Chinese dating/pickup app and not in an offline setting. How You Should Really Behave With Chinese Women As such there are processes and behavioral patterns you need to adhere to if you want to have a rich and successful dating life with Chinese girls. This book will provide a detailed overview of the five main stages of attraction, look at the common pitfalls of foreign guys and provide insight into the mind of modern-day Chinese women. In addition, I have detailed in depth different contexts in which you can meet Chinese women and how that environment can impact the situation. Most of all, this book will empower you to start making the right moves for the right situation to attract amazing Chinese women. How to Become the Man Every Woman Wants - Tatyana Jacques 2013-12

Why do some men find it easy to succeed with women...while others don't? What is the distinguishing feature between these two types of men? Individual differences...every man is attractive to specific women. Both men and women who might be considered unattractive to the average person succeed in attracting and winning highly desirable mates every day, everywhere. Your own experiences may suggest many such cases. Taste and preference in love is infinite. However, there is something in certain men that acts as a magnet in attracting different women! I have two pieces of news for you: one piece of news is good and the other is even better. 1. Good men are constantly in demand. Statistics show that for every single man there are several available women. In some countries there are ten or twenty available women to every single man. In reality women have to fight to get a good man. They have serious competition to win the heart of an eligible bachelor. 2. Age is no barrier. In comparison to their female counterparts, men in their later years who are of good character are much sought after. A good man can get a woman in any age group. Unfortunately, women fade quicker than men do. Often, their looks as well as their figure-shape diminish with age. How many books have been written on how to get or seduce a woman quickly? Many hundreds I would imagine-but what a waste of time! The secret formula for a successful man in the dating world is to become that good, attractive and desirable man. So, Let's Decode this Formula. Every woman likes good qualities in a man's personality, including confidence, honesty, power, generosity, as well as being resourceful and masculine. Also a sense of humor, the ability to lead with a combination of gentleness and kindness, and the ability to love and demonstrate commitment-yes, commitment-will attract most women. Even contemporary professional or businesswomen who have focused on their careers throughout their lives want love and devotion. As evidenced in the movie Sex and the City, here is a good example of how, eventually, even "loose" women would have only one man in their lives, to be loved and be faithful to him alone. In addition, it is important to understand what a woman needs from a relationship, and what she values in a male. What qualities attract her to particular men, and what standards does she have? What does a man need to do to be delicately attuned to her ideals? One important element for any happy relationship (when a man chooses a woman) is that looks count, but his personality is what makes the woman stick around. The reality of attraction is finding out what works with different women. What draws women to a particular man and why do they choose to create a relationship with him? Another criteria for successful outcomes in dating for men is an ability to understand what qualities he is looking for in a woman when developing a relationship, and what level of commitment each party is prepared to invest in the relationship. Invest? Yes, creating a healthy relationship takes time, energy, affection, emotions, feelings and other resources. Some people fall in love many times throughout their lives. They become attracted to the opposite sex initially through appearance, but over time, they develop a loving relationship based on qualities of character and personality as well as values. Despite the fact that we all have our preferences when trying to attract the opposite sex, you have to remember, it is a male's personality and character traits that draw women like a magnet. Even money or a handsome appearance cannot help to build a good relationship with a desirable woman if the man is abusive, mean, or unfaithful. To become effective in dating, you may need to learn new behavior skills and develop a new attitude that will catch the attention of desirable women. By knowing the fundamental principles of what attracts females, you can then focus on becoming an attractive male yourself
