[Power of Concentration - Law of Attraction](#) - Dr. Robert C. Worstell, editor 2017-05-20

What ever you concentrate on is what your world brings to you. So practicing mental control - the self-discipline of personal thought - you actually start bringing into your life exactly what you want. Consider this from Lesson 16: "You will find that each day as you focus your forces on this thought at the center of the stream of consciousness, new plans, ideas and methods will flash into your mind. There is a law of attraction that will help you accomplish your purpose. An advertiser, for instance, gets to thinking along a certain line. He has formed his own ideas, but he wants to know what others think. He starts out to seek ideas and he soon finds plenty of books, plans, designs, etc., on the subject, although when he started he was not aware of their existence... ""By forming a strong mental image of your desire, you plant the thought-seed which begins working in your interest and, in time, that desire, if in harmony with your higher nature, will materialize." Get Him to Commit - Tatiana Busan 2023-02-05

You have started dating a wonderful man who surrounded you with his love and attention. You felt that you finally had met the one and only. Then...he suddenly started to contact you less and less. Sometimes you feel that he has become distant, you feel that he is far away even being with you. He is not contacting you like at the beginning anymore, preferring to sort out with friends, staying home or going to the gym. A man can be with you, replying with reciprocal feelings of love and tenderness, then he suddenly disappears. It seems to you strange and meaningless, but this is reality I'm sure you started a relationship with a man being interested in you, but who kept on repeating that he is not ready for a serious relationship. The created situation determines a woman to become clingy and dependent. You make everything possible to keep him by your side, and he is not complaining about the things either. It is cruel, but true: if the man sleeps with you, it does not necessarily mean he wishes to develop a serious relationship with you. If you think sex brings obligations, you are wrong. Physical attraction is not

the only element making him want nobody but you. You start meticulously analyzing his behavior and complaining about it to friends. You stop asking him when you see each other next time, and he thinks about the stage of your relationship. You have become available for him all time. You have become predictable and you should sort out from this self-destructive scheme, if you are really willing that he comes back to you every time. Many women are able only to offer: for some reasons, they consider this the best way of keeping a certain place into the heart of man. Men take some distance when they have got more than they have offered. We fall in love allowing to be completely conquered, willing to give all our attention and time to our man. Then the more we are willing to build up a special relationship, the more distance the man takes We instinctively run after him, wanting to reveal our interest. We know that it is wrong running after a man, but we make it in very direct way. However the sad truth is that you suffocate him and he makes no efforts in order to approach you. Inside this self-help book you'll discover:

Magnetic Partners - Stephen Betchen 2010-05-18

Do you and your partner argue about the same things over and over

again? Are you often confused about why your partner is so angry with you? Are things getting worse and worse even though you've tried everything you can think of to make them better? In this breakthrough guide to repairing romantic relationships, therapist and marriage researcher Dr. Stephen Betchen presents a powerful new explanation of what leads to this kind of escalating conflict in couples and how you can repair your relationship and find a whole new level of happiness. Based on his extensive experience as a couples' therapist, Dr. Betchen has discovered that the prevailing idea that opposites attract is wrong. Instead, one of the strongest forces that attracts people to one another is that they share a hidden, inner conflict in their lives—an unconscious struggle within themselves that each of them developed growing up—which he calls a "master conflict." The fact that a couple shares a master conflict acts as an almost magnetic force of attraction, but, over time, master conflicts often begin to push a pair apart—many of the very things you most appreciated about each other start to grate on you, producing increasing hostility. The good news is that by identifying the master conflict that you share, you and your partner can take the steps to break the cycle of fighting and come to a new place of understanding and happiness in your relationship. Often, just the realization that you have this hidden conflict acts as a powerful cure, allowing you to appreciate each other once again and to be empathetic about the things that have been irritating you both. From his years of work with couples, Betchen has identified the nineteen most common master conflicts—such as getting your needs met vs. caretaking; giving vs. withholding; commitment vs. freedom; power vs. passivity—and for each he provides vivid stories of couples who have struggled with them, as well as simple tests that help you to:

- Identify the core master conflict that is causing your relationship problems
- Understand the origins of your conflict and how it drew you to your partner
- Diagnose how the conflict is now pushing you apart
- Come to new terms with the conflict to save your relationship

As Dr. Betchen writes, knowledge of a master conflict is power, and *Magnetic Partners* is an empowering guide that will help you not only to identify and control your master conflict, but also to bring your relationship to a new level based on deeper understanding, ultimately leading to greater fulfillment and long-term resilience.
