Love Lost Her Way: A Tragic Story about a Girl Who Lost All Hope. Julie Anne Addicott 2019-02-19 From the outside, my life was picture perfect. On the inside, something sinister lurked. I thought he was sick. I thought I could fix him. All I wanted was for him to love me. I was used and abused. Sold to the highest bidder. Unloved. Unseen. Unheard. Until Declan. He was my saviour. He helped me believe in the power of unconditional love. Then, he was gone. When love is lost, and there's no hope left, how do you go on?

I Lost My Love in Baghdad Michael Hastings 2008-01-01 The much-anticipated book by first time author Michael Hastings which was sold by the Wylie agency in a very high-profile deal to Scribner in the USA. MUP is proud to have acquired the ANZ rights to *I Lost My Love in Baghdad*. In January 2007, Andi Parhamovich was killed in Baghdad. She was a 28-year-old American aid worker whose car had been ambushed in one of Baghdad's worst neighbourhoods. Andi was also engaged to the author, Newsweek's Iraqi correspondent Michael Hastings. Hastings charts the ups and downs of their relationship, a modern love story played out against the ultra-violent backdrop of Iraq. From the day they met in New York to her tragic killing, it is a story that tries to answer questions about our involvement in the war in Iraq. This is Michael Hastings' scathing, savage picture of a hopeless war gone horribly wrong.

A lost Love Annie Ogle 1869

A Hole in My Heart Chution 2011-12 At age 21 after nursing school in Bangkok, I met an impossibly handsome American GI who taught English to a group of nurses. We quickly fell in love, but it was unrequited. When he asked me to marry him, I could not answer, torn between my strict upbringing and my new and confusing desires. Soon thereafter my true love was gone, sent back to the United States completing his tour of duty in Thailand. Within a few months I received a letter from Freddie's friend John, who wrote that Freddie, the man I loved was getting married. The news devastated me and left me feeling empty and incomplete. A part of me had been torn away and I was left with a hole in my heart. Over the course of the next 40 years I wanted to mend that part of me and heal my heart. The only way was to find Freddie and tell him how I truly felt. If I died without finding Freddie I felt I would leave this earth with my eyes open and die with a hole in my heart.

Labor's Love Lost Andrew J. Cherlin 2014-12-04 Two generations ago, young men and women with only a high-school degree would have entered the plentiful industrial occupations which then sustained the middle-class ideal of a male-breadwinner family. Such jobs have all but vanished over the past forty years, and in their absence ever-growing numbers of young adults now hold precarious, low-paid jobs with few fringe benefits. Facing such insecure economic prospects, less-educated young adults are increasingly forgoing marriage and are having children within unstable cohabiting relationships. This has created a large marriage gap between them and their more affluent, college-

educated peers. In *Labor's Love Lost*, noted sociologist Andrew Cherlin offers a new historical assessment of the rise and fall of working-class families in America, demonstrating how momentous social and economic transformations have contributed to the collapse of this once-stable social class and what this seismic cultural shift means for the nation's future. Drawing from more than a hundred years of census data, Cherlin documents how today's marriage gap mirrors that of the Gilded Age of the late-nineteenth century, a time of high inequality much like our own. Cherlin demonstrates that the widespread prosperity of working-class families in the mid-twentieth century, when both income inequality and the marriage gap were low, is the true outlier in the history of the American family. In fact, changes in the economy, culture, and family formation in recent decades have been so great that Cherlin suggests that the working-class family pattern has largely disappeared. *Labor's Love Lost* shows that the primary problem of the fall of the working-class family from its mid-twentieth century peak is not that the male-breadwinner family has declined, but that nothing stable has replaced it. The breakdown of a stable family structure has serious consequences for low-income families, particularly for children, many of whom underperform in school, thereby reducing their future employment prospects and perpetuating an intergenerational cycle of economic disadvantage. To address this disparity, Cherlin recommends policies to foster educational opportunities for children and adolescents from disadvantaged families. He also stresses the need for labor market interventions, such as subsidizing low wages through tax credits and raising the minimum wage. *Labor's Love Lost* provides a compelling analysis of the historical dynamics and ramifications of the growing number of young adults disconnected from steady, decent-paying jobs and from marriage. Cherlin's investigation of today's "would-be working class" shines a much-needed spotlight on the struggling middle of our society in today's new Gilded Age.
