The last thing Lydia Barratt needs is a demanding Scottish man meddling in her private life. But Erik won't give up and just as Lydia lets her guard down, his sister decides to get involved. Her little love potion prank goes terribly wrong, making Lydia the target of his sudden embarrassingly obsessive behavior. They'll have to find a way to pull Erik out of the spell fast when it becomes clear that Lydia has more than a lovesick warlock to worry about. A little magical mischief never hurt anyone until a love potion goes terribly wrong. Magic, Mischief, and Kilts! A modern-day Scottish paranormal romance by NYT Bestselling Author Michelle M. Pillow. Erik MacGregor is from a line of ancient (and mischievous) Scottish warlocks. He isn't looking for love. After centuries of bachelorhood, it's not even a consideration... until he moves in next door to Lydia Barratt. It's clear the beauty wants nothing to do with him, but he's drawn to her and determined to win her over. The last thing Lydia needs is an alpha male type meddling in her private life. Just because he's gorgeous, wealthy, and totally rocks a kilt doesn't mean she's going to fall for his seductive charms. Humans aren't supposed to know about his family's magic or the fact he's a cat shifter. It's better if mortals don't know the paranormal exists. But when a family prank goes terribly wrong, causing Erik to succumb to a love potion, Lydia becomes the target of his sudden and embarrassingly obsessive behavior. They'll have to find a way to pull Erik out of the spell fast when it becomes clear that Lydia has more than a lovesick warlock to worry about. From the Highlands of Scotland to the valleys of Wisconsin... Book One of the Warlocks MacGregor® series by NY Times and USA TODAY Bestselling Author, Michelle M. Pillow. 2015 Virginia Romance Writers HOLT Medallion Award of Merit recipient for outstanding literary fiction in Paranormal

About the Warlocks MacGregor® Series People know magic is fake--card tricks and illusions, magicians and entertainers. But there is an older magick, a powerful force hidden from modern eyes, buried in folklore and myths, remembered by the few who practice the old ways and respect the lessons of past generations. The term "warlock" is a variation on the Old English word waerloga, primarily used by the Scots. It meant traitor, monster or deceiver. This fiction-based family includes males and females of magick. The MacGregors do not agree with how history has labeled them, or other supernaturals. To them, warlock means magick, family, and immortality. This series is not a portrayal of modern-day witchcraft or those who hold such beliefs. The MacGregors are a magickal class all their own. Warning: Contains yummy, hot, mischievous MacGregors who may or may not be wielding love potion magic in an effort to prank their older brother, and who are almost certainly up to no good on their quest to find true love.
