Policing Sexual Offences and Sex Offenders - Terry Thomas
2016-08-13

Sexual offending has become a mainstay item of reporting in our daily newspapers, and television news bulletins. This book offers an account of the policing of sexual offences and the difficulties that confront the police in the investigation of these intrusive crimes. It surveys the breath of sexual offences and examines the reporting of sexual crime and the attrition level that follows. It proceeds by critically assessing the efforts the police are making to overcome these difficulties and the degree to which they are making progress. The book outlines the relatively new police role of policing the convicted sex offenders themselves, who are living in the community and are subject to risk 'management' by the police and the

requirements of the sex offender register held by the police. Written by a leading expert, this timely book will be of great interest to scholars of sexual offending and criminal justice.

The Police Perspective on Sex Offender Orders - Katy Knock 2002

Sex Offender Orders (SOOs) serve to prohibit an offender from certain types of behaviour that have previously been a precursor to offending, and are intended to help prevent further serious offences before they are committed. The decision to apply for a SOO lies with the police. It can be used against anyone with a previous caution or conviction for an offence listed in Schedule 1 of the Sex Offenders Act 1997. A SOO is a civil order that requires the civil standard of proof, however, a breach constitutes a criminal offence,

triable either way, and attracts a maximum penalty of five years imprisonment. This report provides an overview of the use of SOOs in England and Wales since their inception to 31 March 2001.

Sexual Predators Amongst Us - Ronald A. Rufo 2011-12-07

It is imperative that educators, parents, and potential victims be aware of sexual predators, the danger they pose in our society, and the resources available to help prevent this growing epidemic. Written from a police perspective, Sexual Predators Amongst Us examines the problem of sexual predation, how the Internet has contributed to its growth, and how we can protect children and the general public from these offenders. The book begins by identifying traits and characteristics associated with sexual predation and explaining how the predator "grooms" his victims by gaining their trust. Chapters cover a

range of topics related to sexual predation, including child abuse, incest, pedophilia in the clergy, sex trafficking, female sex offenders, and child pornography. The author explains how the Internet through social networking sites provides ample opportunities for sexual predators to entice their victims. He examines rehabilitation issues, describes legislation that has been passed in response to various tragic cases, and discusses sex offender registration.

Maintaining a user-friendly style, the book follows a consistent format, with each chapter containing: Quotes from actual victims and predators Key words associated with the chapter material and their definitions In My Opinion segments, where experts in the fields of health, psychology, law, government, criminal justice, and academia voice their honest and objective opinions regarding sexual predators Profiles of male and female sex offenders to help readers identify common traits The

book concludes with recommendations to parents for keeping children safe from online predators. Thought-provoking and direct, it is suitable as a university text as well as a reference for police academies, parents, and schools conducting awareness training courses.

Dangerousness, Risk and the Governance of Serious Sexual and Violent Offenders

- Karen Harrison
2012-03-29

Dangerousness, Risk and the Governance of Serious Sexual and Violent Offenders is a fully up-to-date, comprehensive and user-friendly guide on those offenders who are often assessed as being dangerous. Outlining, evaluating and commenting on specific

methods, regimes and strategies for dealing with dangerous offenders throughout each chapter, this book begins by considering what a dangerous offender is and providing a brief historical account of how the label has been used for different types of offender over the last three or four centuries. The book examines sentencing policy in addition to early and current dangerousness legislation, evaluating the available sentences specifically designed for dangerous offenders and assessing their use and appropriateness. The role of risk and risk assessment tools is discussed, considering what risk assessment is, the way in which it works and how over recent times it has become more reliable and valid. It looks at the practical realities of how serious sexual and violent offenders are dealt with by the penal system in England and Wales. Finally, specific offender groups are considered, including female offenders, children and young people and mentally disordered

offenders. Each chapter considers whether there are any differences in terms of policy, assessment and management strategies when sentencing and managing each distinct group; and if not whether any such modifications are required. This book will be key reading for students of law, criminology, social policy, psychology and sociology and of interest to criminal justice professionals including the police, prison officers, probation officers, psychologists, lawyers and judges.

Suicide Among Child Sex Offenders - Tia A. Hoffer

2013-01-09

By providing empirical data and multidisciplinary considerations, the book increases awareness of child sex offender suicide among the various entities which come into contact with this population of offenders. This book attempts to bring awareness of this potentially high risk population to better inform the law enforcement, corrections, and mental health communities of the unique risk factors for suicide among CSOs and provide a more effective crisis response. The Federal Bureau of Investigation (FBI) Behavioral Analysis Unit III-Crimes Against Children reviewed and analyzed 106 male Child Sex Offenders (CSO) who committed suicide during the course of a child sex crime investigation. Of the 106 CSOs, 79% were child pornography traders/collectors, 43% were child molesters, 21% were travelers, and 18% were child pornography producers. Analyses also revealed that nearly all were Caucasian and the majority were married,

employed, and died via self-inflicted gunshot wound. Of particular interest was that in 26% of the cases, the offender killed himself within 48 hours of his awareness of the investigation; and in nearly half of the known cases, the offender had past/current military service and a criminal history. In addition, 68% left a

suicide note, which is substantially higher than the general suicide population. Analysis of the notes revealed common aspects and themes including cognitive distortions, burdensomeness, shame, and self-blame. The most frequently cited reason for the suicide in the note was the child sex crime investigation.
