King - Jamie Begley 2014

When King visits Kentucky for a few weeks to get to know his daughter, Lily, he learns that she is married to a killer and lives in a sex club. He is determined to destroy those responsible and see that Lily gets the future he thinks she deserves.

Revolutions - Hannah Ross
2021-04-01

'Eye-opening and inspirational . . . An utterly fascinating and gloriously fiery read' FELICITY CLOAKE 'A barnstorming book' GUARDIAN 'Fascinating . . . full of inspirational tales' OBSERVER Simone de Beauvoir borrowed her lover's bike to cycle around Paris in the 1940s, instantly falling in love with the freedom it gave her (even when an accident caused her to lose a tooth). Alice Hawkins, a factory worker from Leicester, pedal-

powered her fight for universal suffrage as the bicycle became a cornerstone of her work to recruit women to the cause. Zahra Naarin Hussano challenged religious and cultural taboos in Afghanistan to ride a bike and teach others to do the same. As a twenty-four-year-old Latvian immigrant living in Boston, in 1894 Annie 'Londonderry' Kopchovsky became the first woman to cycle around the world. She took up the challenge, despite never having ridden a bike before, after two men bet a woman couldn't do it. Many of these women were told they couldn't or shouldn't cycle, but they did so anyway. Whether winning medals or spreading the word about votes for women, their stories are an inspiration. In this gloriously celebratory book, Hannah Ross introduces us to the women

who are part of the rich and varied history of cycling, many of whom have been pushed to the margins or forgotten.

Lucky's Choice - Jamie Begley
2015-10-01

Life dealt him a dead man's hand. Lucky had always led a life of service. Always put his life on the line for someone else, managing to survive by pure luck and skill. After bringing an end to a multi-state drug ring, he was finally able to live the life he had wanted as a Last Rider... A good man would walk away and not touch the curvy woman who had been tugging on his heartstrings.

Lucky wasn't a good man. Therefore, the bad-ass biker in him had a choice: once again become the man he had pretended to be and stake his claim, or take the devil's highway. Some girls had all the luck. Willa wasn't one of them. All she wanted to do was give a home to the children she had made orphans. Instead, she found herself needing help from the man who had left the pulpit behind to embrace a life of sin. Painfully shy and

withdrawn she wanted a quiet life, a simple man, and well-behaved children. The last thing she had ever expected was for Lucky to want her size twenty body and show her a passion that would lead her straight to hell. *WARNING*

This work of fiction is intended for mature audiences only. All sexually active characters portrayed in this ebook are eighteen years of age or older. Please do not buy if strong sexual situations, multiple partners, violence, drugs, domestic discipline, BBW, and explicit language offends you.

NOTE TO READERS This book is a stand alone story. However, to receive the full experience these books are recommended before "Lucky's Choice" in the following order: Razer's Ride (The Last Riders, #1) Viper's Run (The Last Riders, #2) Knox's Stand (The Last Riders, #3) Sex Piston (Biker Bitches, #1) Teased (The VIP Room, #1) Tainted (The VIP Room, #2) Shade's Fall (The Last Riders, #4) King (The VIP Room, #3) Cash (The Last Riders, #5) Fat Louise

(Biker Bitches, #2) Shade (The Last Riders, #6)

Parenting Matters - National Academies of Sciences, Engineering, and Medicine
2016-12-21

Decades of research have demonstrated that the parent-child dyad and the environment of the family—which includes all primary caregivers—are at the foundation of children's well-being and healthy development. From birth, children are learning and rely on parents and the other caregivers in their lives to protect and care for them. The impact of parents may never be greater than during the earliest years of life, when a child's brain is rapidly developing and when nearly all of her or his experiences are created and shaped by parents and the family environment. Parents help children build and refine their knowledge and skills, charting a trajectory for their health and well-being during childhood and beyond. The experience of parenting also impacts parents themselves. For instance, parenting can

enrich and give focus to parents' lives; generate stress or calm; and create any number of emotions, including feelings of happiness, sadness, fulfillment, and anger. Parenting of young children today takes place in the context of significant ongoing developments. These include: a rapidly growing body of science on early childhood, increases in funding for programs and services for families, changing demographics of the U.S. population, and greater diversity of family structure. Additionally, parenting is increasingly being shaped by technology and increased access to information about parenting. Parenting Matters identifies parenting knowledge, attitudes, and practices associated with positive developmental outcomes in children ages 0-8; universal/preventive and targeted strategies used in a variety of settings that have been effective with parents of young children and that support the identified

knowledge, attitudes, and practices; and barriers to and facilitators for parents' use of practices that lead to healthy child outcomes as well as their participation in effective programs and services. This report makes recommendations directed at an array of stakeholders, for promoting the wide-scale adoption of effective programs and services for parents and on areas that warrant further research to inform policy and practice. It is meant to serve as a roadmap for the future of parenting policy, research, and practice in the United States.

Cash's Fight - Jamie Begley
2014

If it's not broke don't fix it. That was Cash's motto and his life was perfect. He was a lieutenant of The Last Riders, a motorcycle gang, and had women at his beck and call. The only thing he could see himself settling down with was a twelve pack - certainly not Rachel Porter who was on his short list of women to avoid.

Razer's Ride - Jamie Begley
2013-06-10

Beth Cornett is the town good girl, so staying out of the way of the motorcycle club's dangerous members was a no brainer. Unfortunately, she manages to catch the eye of Razer, who has every intention of tempting her to take him on despite her misgivings. When her worst fears are realized, she is left heartbroken, determined to forget her walk on the wild side. Razer was not going to change for any woman, not even Beth. Their lifestyles were too different; betrayed she ran. Realizing his mistake too late; she was not about to forgive and forget. It takes a killer intent on targeting Beth to bring her back to him and The Last Riders for protection. Razer may have learned his lesson, but this time, as long as she is at the club, she has to play by their rules. This work of fiction is intended for mature audiences only. All sexually active characters portrayed in this ebook are eighteen years of age or older. Please do not buy if strong sexual situations, multiple partners, moderate

violence and explicit language offends you.

Strengthening Forensic Science in the United States

- National Research Council
2009-07-29

Scores of talented and dedicated people serve the forensic science community, performing vitally important work. However, they are often constrained by lack of adequate resources, sound policies, and national support. It is clear that change and advancements, both systematic and scientific, are needed in a number of forensic science disciplines to ensure the reliability of work, establish enforceable standards, and promote best practices with consistent application.

Strengthening Forensic Science in the United States: A Path Forward provides a detailed plan for addressing these needs and suggests the creation of a new government entity, the National Institute of Forensic Science, to establish and enforce standards within the forensic science community. The benefits of

improving and regulating the forensic science disciplines are clear: assisting law enforcement officials, enhancing homeland security, and reducing the risk of wrongful conviction and exoneration. Strengthening Forensic Science in the United States gives a full account of what is needed to advance the forensic science disciplines, including upgrading of systems and organizational structures, better training, widespread adoption of uniform and enforceable best practices, and mandatory certification and accreditation programs. While this book provides an essential call-to-action for congress and policy makers, it also serves as a vital tool for law enforcement agencies, criminal prosecutors and attorneys, and forensic science educators.

Riot - Jamie Begley 2014-11-27
Ice As president of the Predators' MC, my men and I are used to preying on the weak and those stupid enough to cross our paths. So why does a straitlaced teacher make me sit up and take notice when I

*Downloaded from
legacy.opendemocracy.net
on 2022-07-11 by guest*

see her for the first time? The brothers all think she makes me weak, and believe me, weak in their eyes isn't where I want to be. She wants me to prove she means more to me than the club, and when I fail, she thinks she can just walk away. She's wrong. I'm a Predator, and nothing escapes me. Grace As a teacher, I'm supposed to want to educate those who want to learn, right? That's what I believed until I was told I'd have to teach a class at the prison. I didn't move to a town labeled as one of the safest places in America only to be faced with a bunch of Predators. He expects me to trust him despite being the reason I'm trapped in the middle of a prison riot. His club means more to him than I ever will, and if I give him a chance, he will break the fragile peace I have managed to find. It's not the first time I've had to escape a predator. *WARNING* This work of fiction is intended for mature audiences only. All sexually active characters portrayed in this ebook are eighteen years of age or older.

Please do not buy if strong sexual situations, multiple partners, extreme violence, drugs, and explicit language offends you.

Winter's Touch - Jamie Begley
2016-11

As president of The Last Riders, Viper's only fear was losing his wife. After all, he had almost lost her once before. As wife to the president, Winter lived in fear every day: fear that a club enemy would take Viper from her, fear that one of the club women would tempt him to stray, fear that she wasn't enough of a woman for him. One thing Winter didn't fear was risking everything to carry her husband's child, even her health, yet Viper refused to take the chance. Losing hope, Winter made one last ditch effort, determined to make Viper realize that some things were worth fighting for besides the club.

For colored girls who have considered suicide/When the rainbow is enuf - Ntozake Shange
2010-11-02

In celebration of its highly anticipated Broadway revival,

Downloaded from
legacy.opendemocracy.net
on 2022-07-11 by guest

Ntozake Shange's classic, award-winning play centering the wide-ranging experiences of Black women, now with introductions by two-time National Book Award winner Jesmyn Ward and Broadway director Camille A. Brown. From its inception in California in 1974 to its Broadway revival in 2022, the Obie Award-winning for colored girls who have considered suicide/when the rainbow is enuf has excited, inspired, and transformed audiences all over the country for nearly fifty years. Passionate and fearless, Shange's words reveal what it meant to be a woman of color in the 20th century. First published in 1975, when it was praised by The New Yorker for "encompassing...every feeling and experience a woman has ever had," for colored girls who have considered suicide/when the rainbow is enuf will be read and performed for generations to come. Now with new introductions by Jesmyn Ward and Broadway director Camille A. Brown, and one poem not included in the original, here is

the complete text of a groundbreaking dramatic prose poem that resonates with unusual beauty in its fierce message to the world.

Roads Were Not Built for Cars - Carlton Reid 2015-04-09

Cyclists were written out of highway history in the 1920s and 1930s by the all-powerful motor lobby: Roads Were Not Built For Cars tells the real story, putting cyclists center stage again. Not that the book is only about cyclists. It will also contain lots of automotive history because many automobile pioneers were cyclists before becoming motorists. A surprising number of the first car manufacturers were also cyclists, including Henry Ford. Some carried on cycling right through until the 1940s. One famous motor manufacturing pioneer was a racing tricycle rider to his dying day.

Watching the English - Kate Fox 2005-04-11

In "Watching The English" anthropologist Kate Fox takes a revealing look at the quirks, habits and foibles of the

English people. She puts the English national character under her anthropological microscope, and finds a strange and fascinating culture, governed by complex sets of unspoken rules and byzantine codes of behaviour. The rules of weather-speak. The ironic-gnome rule. The reflex apology rule. The paranoid-pantomime rule. Class indicators and class anxiety tests. The money-talk taboo and many more ...Through a mixture of anthropological analysis and her own unorthodox experiments (using herself as a reluctant guinea-pig), Kate Fox discovers what these unwritten behaviour codes tell us about Englishness.

Shade's Fall - Jamie Begley
2014-03-21

Lily is everything Shade wants in a woman. She's sweet, kind and submissive. When she discovers the truth about the Last Riders, it threatens to tear apart every relationship within the club. Her rebellion causes the predatory instincts to rise in the ex Navy SEAL sniper.

When The Last Riders are threatened by another motorcycle club just as determined to claim Lily, Shade is her only hope of surviving the approaching confrontation.

From Poverty to Power -
Duncan Green 2008

Offers a look at the causes and effects of poverty and inequality, as well as the possible solutions. This title features research, human stories, statistics, and compelling arguments. It discusses about the world we live in and how we can make it a better place.

famous teacher. Step-by-step drawings with helpful comments explain principles of figure and fashion drawing. Techniques include pencil, pen, wash, and opaque.

Rider's Revenge - Jamie Begley
2018-01-25

Revenge is a seven-letter word that isn't for the faint of heart. It's a word for those who have been wronged. Jo Turner has been waiting five, long years to finally turn revenge into vengeance. Using Rider, the pretty-faced manwhore, is simply the price she is willing to pay to satiate her desire for revenge. Little does she know, she makes herself a target from the one thing Rider has sworn to give his life to protect-The Last Riders. When you wake the soldier, be prepared for the consequences. Rider is going to teach her a hard lesson: revenge is a double-edged sword ... and it always cuts both ways.

The Day of the Triffids - John Wyndham
2010-07-01

The classic postapocalyptic thriller with “all the reality of a vividly realized nightmare”

(The Times, London). Triffids are odd, interesting little plants that grow in everyone's garden. Triffids are no more than mere curiosities—until an event occurs that alters human life forever. What seems to be a spectacular meteor shower turns into a bizarre, green inferno that blinds everyone and renders humankind helpless. What follows is even stranger: spores from the inferno cause the triffids to suddenly take on a life of their own. They become large, crawling vegetation, with the ability to uproot and roam about the country, attacking humans and inflicting pain and agony. William Masen somehow managed to escape being blinded in the inferno, and now after leaving the hospital, he is one of the few survivors who can see. And he may be the only one who can save his species from chaos and eventual extinction With more than a million copies sold, *The Day of the Triffids* is a landmark of speculative fiction, and “an outstanding and entertaining

novel” (Library Journal). “A thoroughly English apocalypse, it rivals H. G. Wells in conveying how the everyday invaded by the alien would feel. No wonder Stephen King admires Wyndham so much.” —Ramsey Campbell, author of *The Overnight* “One of my all-time favorite novels. It’s absolutely convincing, full of little telling details, and that sweet, warm sensation of horror and mystery.” —Joe R.

Lansdale, author of *Edge of Dark Water*

Sex Piston - Jamie Begley
2013-12-22

Stud has to prove himself as the new President of the Destructors, and Sex Piston and her crew's attitude isn't helping. If he has to sacrifice his body to tame the bitch then that's exactly what he's going to do even if it means losing his heart in the battle.
