

# Sex Workers Brooklyn

In the Company of Men - Michael D. Smith 2011-05-04

Offering a new perspective on male prostitution, *In the Company of Men* employs qualitative methodology to present a real-world view of the issues, both obvious and obscure, surrounding the world's "second-oldest profession." *In the Company of Men: Inside the Lives of Male Prostitutes* is the only book to document male prostitution from the perspective of a group of men working for a single male escort agency. The in-depth account goes behind the scenes to shed light on the very hidden world of Internet male escorts, their customers, and the niche they inhabit in modern American society. At the same time, it has much to tell us about post-modern identity, culture, and sexuality—and the transformative influence of the Internet on sexual behavior and male prostitution. Through numerous interviews, the book examines the sometimes-dichotomous relationship between the image men convey and the lengths to which they go in order to meet their most private needs. Readers travel down a cyber Sunset Boulevard to see what attracts young men to work as escorts, how an escort agency serves economic and personal goals, and how a community can evolve among the men involved.

**Deviance** - Leon Anderson 2017-08-22

"This sociology of deviance textbook draws on up-to-date scholarship across a spectrum of deviance categories, providing a symbolic interactionist analysis of the deviance process. The book addresses positivistic theories of deviant behavior within a more encompassing description of the deviance process that includes the work of deviance claims-makers, rule-breakers, and social control agents. Cross-cultural and historical treatment of deviance categories provides background for understanding current conceptions of, and responses to, deviance. The book is divided into four parts. Section One introduces students to the

sociology of deviance. A sociological approach to deviance is contrasted with popular views of deviants as demonic, mentally ill, and culturally exotic. Sociological methods for studying deviance are described, with particular emphasis on deviance ethnography. Classic positivistic theories of deviant behavior are presented with critique and discussion of revised formulations of the theories. The symbolic interactionist/constructionist approach is presented as a recursive set of processes involving deviance claims-making by moral entrepreneurs, rule-breaking, actions of social control, and stigma management and resistance by those labelled as deviant. Section Two focuses on high consensus criminal deviance, with chapters on murder, rape, street-level property crime, and white collar crime. Chapters in Section Three addresses various forms of lifestyle deviance, including alcohol abuse, drug abuse, and sex work. Section Four examines three categories of status deviance: mental illness, obesity and eating disorders, and LGBTQ identities."--Provided by publisher.

*Serial Killers and Prostitutes* - R. Barri Flowers 2016-11-26

*Serial Killers and Prostitutes* (True Crime Series, Volume 1), by award-winning criminologist and Ripperologist R. Barri Flowers, taps into the bestselling author's expertise on serial murderers and sex trade workers in offering an in-depth look at four noteworthy cases in which the two worlds collide. Jack the Ripper, the unidentified Victorian serial killer of at least five prostitutes in the dangerous section of London, known as Whitechapel, in 1888. The Ripper, who slashed and horribly mutilated his sex worker victims, set the tone for diabolical, vicious serial slayers to follow for all time. Aileen Wuornos was a white American prostitute, who doubled as a serial killer in murdering seven johns in Florida between 1989 and 1990. She claimed they tried to or succeeded in raping her

during the course of prostituting herself. In the process, Wuornos ended up being apropos for this book as a sex worker and serial predator. Kendall Francois was an African American serial killer, dubbed the "Poughkeepsie Killer," who strangled to death eight streetwalker prostitutes in Poughkeepsie, New York, between 1996 and 1998. Francois used his own residence as a horrifying house of homicides and burial ground. The Edmonton Serial Killer represented one or more mostly unidentified serial killers who targeted and murdered dozens of prostitutes in the city of Edmonton in Alberta, Canada, between the mid-1970s and the early 2000s, and possibly beyond that. The sex trade worker victims were often picked up in the city's red-light district stroll, murdered, and dumped in various killing fields in rural areas around Edmonton. As bonus material, the book will also chronicle the infamous and colorful 19th century New Orleans prostitute and serial killer, Mary Jane Jackson, and modern-day American serial killers of prostitutes, Walter Ellis, nicknamed the "North Side Strangler," and Vincent Johnson, dubbed the "Brooklyn Strangler." For fans of true crime tales and literary criminology, this gripping volume written by someone with the verisimilitude that the subject matter deserves will surely hold your attention in anticipation for volume two and beyond.

[Sex Workers, Psychics, and Numbers Runners](#) - LaShawn Harris  
2016-06-15

During the early twentieth century, a diverse group of African American women carved out unique niches for themselves within New York City's expansive informal economy. LaShawn Harris illuminates the labor patterns and economic activity of three perennials within this kaleidoscope of underground industry: sex work, numbers running for gambling enterprises, and the supernatural consulting business. Mining police and prison records, newspaper accounts, and period literature, Harris teases out answers to essential questions about these women and their working lives. She also offers a surprising revelation, arguing that the burgeoning underground economy served as a catalyst in working-class black women TMs creation of the employment opportunities, occupational identities, and survival strategies that provided them with

financial stability and a sense of labor autonomy and mobility. At the same time, urban black women, all striving for economic and social prospects and pleasures, experienced the conspicuous and hidden dangers associated with newfound labor opportunities.

*Putting Their Hands on Race* - Danielle T. Phillips-Cunningham  
2019-12-13

Putting Their Hands on Race is an intersectional and comparative labor history of southern African American and Irish immigrant women who labored as domestic workers after migrating to northeastern cities during the nineteenth and twentieth centuries.

*A Companion to Critical and Cultural Theory* - Imre Szeman 2017-09-25  
This Companion addresses the contemporary transformation of critical and cultural theory, with special emphasis on the way debates in the field have changed in recent decades. Features original essays from an international team of cultural theorists which offer fresh and compelling perspectives and sketch out exciting new areas of theoretical inquiry Thoughtfully organized into two sections - lineages and problematics - that facilitate its use both by students new to the field and advanced scholars and researchers Explains key schools and movements clearly and succinctly, situating them in relation to broader developments in culture, society, and politics Tackles issues that have shaped and energized the field since the Second World War, with discussion of familiar and under-theorized topics related to living and laboring, being and knowing, and agency and belonging

**Criminal Investigation of Sex Trafficking in America** - Leonard Territo 2013-11-01

Human trafficking is the third largest business for organized crime worldwide, next to illegal weapons trading and drugs. Written by well-respected criminal justice scholars, this book examines the criminal investigation of sex trafficking. Providing a multidisciplinary exploration of this topic, the authors discuss: International and national perspectives and the history of sex trafficking in America Effective ways to train law enforcement in investigations Major federal and state laws most applicable in sex trafficking investigations The sexual exploitation of

American children and those brought in from foreign countries  
 Interrogation of sex-trafficking suspects Crime scene examination and  
 physical evidence The role and responsibilities of prosecutors Effective  
 ways to develop and maintain a multiagency task force

*A Fortress in Brooklyn* - Nathaniel Deutsch 2021

Hasidic Williamsburg is famous as one of the most separatist, intensely  
 religious, and politically savvy communities in the entire United States.  
 Less known is how the community survived in one of New York City's  
 toughest neighborhoods during an era of steep decline, only to later  
 oppose and also participate in the unprecedented gentrification of  
 Williamsburg, Brooklyn. Nathaniel Deutsch and Michael Casper unravel  
 the fascinating history of how a community of determined Holocaust  
 survivors encountered, shaped, and sometimes fiercely resisted the  
 urban processes that transformed their gritty neighborhood, from white  
 flight and the construction of public housing to rising crime, divestment  
 of city services, and, ultimately, extreme gentrification. By showing how  
 Williamsburg's Hasidim avoided assimilation, Deutsch and Casper  
 present both a provocative counter-history of American Jewry and a  
 novel look at how race, real estate, and religion intersected in the  
 creation of a quintessential, and yet deeply misunderstood, New York  
 neighborhood.

*Current Perspectives on Sex Crimes* - Ronald M. Holmes 2002

A combination of reprinted articles, most published during the past two  
 years, and original contributions solicited for the anthology, offer a  
 snapshot of the criminal justice understanding of various crimes relating  
 to or involving sex. After a basic overview of sex in the 21st century, they  
 look at nuisance sex behaviors and crime; homosexuality, transvestism,  
 and transsexualism; juvenile sex crimes and behaviors of offenders and  
 victims; dangerous sex crimes; rape; and special issues and concerns.

**The Oxford Handbook of Queer Cinema** - Ronald Gregg 2021

"Queer media is not one thing but an ensemble of at least four moving  
 variables: history, gender and sexuality, geography, and medium. While  
 many scholars would pinpoint the early 1990s as marking the emergence  
 of a cinematic movement (dubbed by B. Ruby Rich, the "new queer

cinema") in the United States, films and television programs that clearly  
 spoke to LGBTQ themes and viewers existed at many different historical  
 moments and in many different forms. Cross-dressing, same-sex  
 attraction, comedic drag performance: at some points, for example in  
 1950s television, these were not undercurrents but very prominent  
 aspects of mainstream cultural production. Addressing "history" not as  
 dots on a progressive spectrum but as a uneven story of struggle, writers  
 on queer cinema in this volume stress how that queer cinema did not  
 appear miraculously at one moment but describes currents throughout  
 the century-long history of the medium. Likewise, while queer is an  
 Anglophone term that has been widely circulated, it by no means names  
 a unified or complete spectrum of sexuality and gender identity, just as  
 the LGBTQ+ alphabet soup struggles to contain the distinctive histories,  
 politics, and cultural productions of trans artists and genderqueer  
 practices. Across the globe, media makers have interrogated identity and  
 desire through the medium of cinema through rubrics that sometimes  
 vigorously oppose the Western embrace of the pejorative term queer,  
 instead foregrounding indigenous genders and sexualities, or those  
 forged in the global South, or those seeking alternative epistemologies.  
 Finally, while "cinema" is in our title, many scholars in this collection see  
 that term as an encompassing one, referencing cinema and media in a  
 convergent digital environment. The lively and dynamic conversations  
 introduced here aspire to sustain further reflection as "queer cinema"  
 shifts into new configurations"--

**Revolting Prostitutes** - Molly Smith 2018-11-06

How the law harms sex workers—and what they want instead Do you  
 have to endorse prostitution in order to support sex worker rights?  
 Should clients be criminalized, and can the police deliver justice? In  
 Revolting Prostitutes, sex workers Juno Mac and Molly Smith bring a  
 fresh perspective to questions that have long been contentious. Speaking  
 from a growing global sex worker rights movement, and situating their  
 argument firmly within wider questions of migration, work, feminism,  
 and resistance to white supremacy, they make it clear that anyone  
 committed to working towards justice and freedom should be in support

of the sex worker rights movement.

**Reproduction Reconceived** - Sara Matthiesen 2021-10-26

"The landmark case Roe v. Wade helped cement a redefinition of family: it is now commonplace for Americans to treat having children as a choice. But the historic decision coincided with what would become a decades-long trend of widening inequality, ensuring that many families still struggle to obtain even basic necessities. *Reproduction Reconceived* examines how family making actually became harder after the arrival of choice, as different families confronted incarceration, for-profit and racist medical care, disease, poverty, and a welfare state in retreat. Drawing on diverse archival sources and interviews, Sara Matthiesen illustrates how the last fifty years of state neglect have ensured that, for most families, meaningful choice is nowhere to be found"--

**Sex Working and the Bible** - Avaren Ipsen 2014-12-18

The Bible contains many stories of prostitution. Feminist and liberation readings of these biblical narratives have often made sex workers invisible. 'Sex Working and the Bible' examines stories of biblical prostitution through the experiences and understanding of sex workers today. The Bible narratives - ranging across Rahab in the Book of Joshua, the story of Solomon and the two prostitutes, the anointing women traditions, and the apocalyptic vision of the whore of Babylon in Revelation - are set within both a practical and theoretical framework. This radical book offers a new, more inclusive way of approaching issues of gender, sexuality and prostitution in the Bible.

*Feminist Judgments: Rewritten Criminal Law Opinions* - Bennett Capers 2022-12-15

'Is it possible to be both a judge and a feminist?' *Feminist Judgments: Rewritten Criminal Law Opinions* answers that question in the affirmative by re-writing seminal opinions that implicate critical dimensions of criminal law jurisprudence, from the sexual assault law to provocation to cultural defences to the death penalty. Right now, one in three Americans has a criminal record, mass incarceration and over-criminalization are the norm, and our jails cycle through about ten million people each year. At the same time, sexual assaults are rarely

prosecuted at all, domestic violence remains pervasive, and the distribution of punishment, and by extension justice, seems not only raced and classed, but also gendered. We have had #MeToo campaigns and #SayHerName campaigns, and yet not enough has changed. How might all of justice look different through a feminist lens. This book answers that question.

**The Dreadful Acts of Jack the Ripper and Other True Tales of Serial Murder and Prostitutes** - R. Barri Flowers

From award-winning criminologist R. Barri Flowers and the bestselling author of *Dead at the Saddleworth Moor*, *Prostitution in the Digital Age*, and *The Sex Slave Murders*, comes the gripping historical true crime book, *The Dreadful Acts of Jack the Ripper and Other True Tales of Serial Murder and Prostitutes*. The renowned Ripperologist taps into his expertise on serial murderers and sex trade workers in offering an in-depth look at four noteworthy cases in which the two worlds collide frighteningly. Jack the Ripper, the infamous and unidentified Victorian serial killer of at least five prostitutes in the dangerous section of London, known as Whitechapel, in 1888. The Ripper, who slashed and horribly mutilated his sex worker victims, set the tone for diabolical, vicious, serial slayers to follow for all time. Aileen Wuornos was an American prostitute, who doubled as a serial killer in murdering seven johns in Florida between 1989 and 1990. She claimed they tried to or succeeded in raping her during the course of prostituting herself. In the process, Wuornos ended up being apropos for this book as a sex worker and serial predator. Kendall Francois was an African American serial killer, dubbed the "Poughkeepsie Killer," who strangled to death eight streetwalker prostitutes in Poughkeepsie, New York, between 1996 and 1998. Francois used his own residence as a horrifying house of homicides and burial ground. The Edmonton Serial Killer represented one or more mostly unidentified serial killers who targeted and murdered dozens of prostitutes in the city of Edmonton in Alberta, Canada, between the mid-1970s and the early 2000s, and possibly beyond that. The sex trade worker victims were often picked up in the city's red-light district stroll, murdered, and dumped in various killing fields in rural

areas around Edmonton. The book will also chronicle the infamous and colorful 19th century New Orleans prostitute and serial killer, Mary Jane Jackson, and modern-day American serial killers of prostitutes, Walter Ellis, nicknamed the "North Side Strangler," and Vincent Johnson, dubbed the "Brooklyn Strangler." Included is a bonus true crime short on Douglas Clark and Carol Bundy, a serial killer couple who targeted prostitutes on the Sunset Strip in West Hollywood, California; as well as excerpts from two fascinating historical true tales of child murder, serial murder, and jealous rage. For fans of true crime tales and literary criminology, this gripping volume written by someone with the verisimilitude that the subject matter merits will surely hold your attention from start to finish.

*Sexed Work* - Lisa Maher 1997

This is the first detailed account of the economic lives of women drug users. It is located at the boundaries of three disciplines - criminology, anthropology, and sociology - and based on three years of in-depth ethnographic fieldwork in New York City. Set in a neighbourhood plagued by drug use and AIDS, the book reveals the economic lives of a group of women whose options have been severely circumscribed, not only by drug use, but also by poverty, racism, violence, and enduring marginality. It is a fascinating account, with Maher drawing extensively on the women's own words, describing how structures and relations of gender, race and class, are articulated by divisions of labour in the street-level drug economy. The book challenges the impoverished set of characterizations which dominate the literature, critiquing both feminist and non-feminist representations that view women lawbreakers as driven by forces beyond their control. It graphically illustrates the role of the drug economy as a site of cultural reproduction by drawing attention to the specific practices by which gender and race dimensions of inequality are constituted and contested in street-level drug markets. This is a rich, nuanced, and theoretically sophisticated study of "crime as work" which will be compelling reading for all those interested in the ways in which women deal with the intersection of gender, race, and work.

*The War on Sex* - David M. Halperin 2017-03-03

The past fifty years are conventionally understood to have witnessed an uninterrupted expansion of sexual rights and liberties in the United States. This state-of-the-art collection tells a different story: while progress has been made in marriage equality, reproductive rights, access to birth control, and other areas, government and civil society are waging a war on stigmatized sex by means of law, surveillance, and social control. The contributors document the history and operation of sex offender registries and the criminalization of HIV, as well as highly punitive measures against sex work that do more to harm women than to combat human trafficking. They reveal that sex crimes are punished more harshly than other crimes, while new legal and administrative regulations drastically restrict who is permitted to have sex. By examining how the ever-intensifying war on sex affects both privileged and marginalized communities, the essays collected here show why sexual liberation is indispensable to social justice and human rights.

Contributors. Alexis Agathocleous, Elizabeth Bernstein, J. Wallace Borchert, Mary Anne Case, Owen Daniel-McCarter, Scott De Orio, David M. Halperin, Amber Hollibaugh, Trevor Hoppe, Hans Tao-Ming Huang, Regina Kunzel, Roger N. Lancaster, Judith Levine, Laura Mansnerus, Erica R. Meiners, R. Noll, Melissa Petro, Carol Queen, Penelope Saunders, Sean Strub, Maurice Tomlinson, Gregory Tomso  
*Sex Workers Unite* - Melinda Chateaubert 2015-03-10

A provocative history that reveals how sex workers have been at the vanguard of social justice movements for the past fifty years while building a movement of their own that challenges our ideas about labor, sexuality, feminism, and freedom. Documenting five decades of sex-worker activism, *Sex Workers Unite* is a fresh history that places prostitutes, hustlers, escorts, call girls, strippers, and porn stars in the center of America's major civil rights struggles. Although their presence has largely been ignored and obscured, in this provocative history Melinda Chateaubert recasts sex workers as savvy political organizers—not as helpless victims in need of rescue. Even before transgender sex worker Sylvia Rivera threw a brick and sparked the Stonewall Riot in 1969, these trailblazing activists and allies challenged

criminal sex laws and “whorephobia,” and were active in struggles for gay liberation, women’s rights, reproductive justice, union organizing, and prison abolition. Although the multibillion-dollar international sex industry thrives, the United States remains one of the few industrialized nations that continues to criminalize prostitution, and these discriminatory laws put workers at risk. In response, sex workers have organized to improve their working conditions and to challenge police and structural violence. Through individual confrontations and collective campaigns, they have pushed the boundaries of conventional organizing, called for decriminalization, and have reframed sex workers’ rights as human rights. Telling stories of sex workers, from the frontlines of the 1970s sex wars to the modern-day streets of SlutWalk, Chateaufort illuminates an underrepresented movement, introducing skilled activists who have organized a global campaign for self-determination and sexual freedom that is as multifaceted as the sex industry and as diverse as human sexuality.

**Getting Screwed** - Alison Bass 2015-09-22

Alison Bass weaves the true stories of sex workers with the latest research on prostitution into a gripping journalistic account of how women (and some men) navigate a culture that routinely accepts the implicit exchange of sex for money, status, or even a good meal, but imposes heavy penalties on those who make such bargains explicit. Along the way, Bass examines why an increasing number of middle-class white women choose to become sex workers and explores how prostitution has become a thriving industry in the twenty-first-century global economy. Situating her book in American history more broadly, she also discusses the impact of the sexual revolution, the rise of the Nevada brothels, and the growing war on sex trafficking after 9/11. Drawing on recent studies

that show lower rates of violence and sexually transmitted diseases, including HIV, in regions where adult prostitution is legal and regulated, Bass makes a powerful case for decriminalizing sex work. Through comparisons of the impact of criminalization vs. decriminalization in other countries, her book offers strategies for making prostitution safer for American sex workers and the communities in which they dwell. This riveting assessment of how U.S. anti-prostitution laws harm the public health and safety of sex workers and other citizens - and affect larger societal attitudes toward women - will interest feminists, sociologists, lawyers, health-care professionals, and policy makers. The book also will appeal to anyone with an interest in American history and our society's evolving attitudes toward sexuality and marriage.

The End of Policing - Alex S. Vitale 2021-12-07

The best-selling bible of the movement to defund the police in an updated edition The massive uprising that followed the police killing of George Floyd in the summer of 2020— by some estimates the largest protests in US history—thrust the argument to defund the police to the forefront of international politics. That case had been put persuasively a few years earlier in *The End of Policing* by Alex Vitale, now a leading figure in the urgent public discussion over policing and racial justice. The central problem, Vitale demonstrates, is the dramatic expansion of the police role over the last forty years. Drawing on firsthand research from across the globe, he shows how the implementation of alternatives to policing—such as drug legalization, regulation, and harm reduction instead of the policing of drugs—has led to reductions in crime, spending, and injustice. This updated edition includes a new introduction that takes stock of the renewed movement to challenge police impunity and shows how we move forward, evaluating protest, policy, and the political situation.
