

# Sex In The City Season 2 Episode 1

**The Routledge Companion to Fashion Studies** - Eugenia Paulicelli 2021-09-19

This collection of original essays interrogates disciplinary boundaries in fashion, gathering fashion studies research across disciplines and from around the globe. Fashion and clothing are part of material and visual culture, cultural memory, and heritage; they contribute to shaping the way people see themselves, interact, and consume. For each of the volume's eight parts, scholars from across the world and a variety of disciplines offer analytical tools for further research. Never neglecting the interconnectedness of disciplines and domains, these original contributions survey specific topics and critically discuss the leading views in their areas. They include discursive and reflective pieces, as well as discussions of original empirical work, and contributors include established leaders in the field, rising stars, and new voices, including practitioner and industry voices. This is a comprehensive overview of the field, ideal not only for undergraduate and postgraduate fashion studies students, but also for researchers and students in communication studies, the humanities, gender and critical race studies, social sciences, and fashion design and business.

**Netflix' Spain** - Jorge González del Pozo 2023-10-02

This edited collection analyzes the tensions, contradictions, contributions, and new horizons generated and/or imposed by Netflix within Spain's audiovisual culture. This book provides invaluable insight into how Netflix—first in its role as distributor and then as content creator—has changed the audiovisual landscape in Spain. It discusses how Netflix challenges the traditional method of categorizing film and television output by nationality while also examining how Spain is presented to other countries through the Netflix catalog and questioning what its chosen output—light comedies, mystery/thrillers, narco-fiction, and crime—means for Spain's national brand. With chapters addressing themes such as reproducibility, pan-Europeanism after Brexit, gender representation, identity, and globalization, this book explores how—under the influence of Netflix—Spain is transitioning from an importer of audiovisual content to a center of export. This book will appeal to students and scholars of Film and Media Studies, Hispanic and Iberian Studies, and Spanish with a specific interest in Spanish film, television, media, and culture, as well as global media industries.

**The CW Comes of Age** - Ashley Lynn Carlson 2022-03-15

Often overlooked in the history of broadcast television, The CW became a top-rated cable network in primetime during the mid-2000s, at a moment when many critics predicted the death of the medium. Launched as a joint venture and successor to The WB and UPN, The CW focused programming on an 18 to 34-year-old, predominantly female audience and soon won over viewers with shows like *Gossip Girl*, *Jane the Virgin* and the DC Arrowverse franchise. Nimbly adapting to the streaming services era, the network has strengthened new series development and its innovative distribution system. This collection of new essays examines The CW's business model, marketing strategies and most popular series.

**Marked in Your Flesh** - Leonard B. Glick 2005-06-30

The book of Genesis tells us that God made a covenant with Abraham, promising him a glorious posterity on the condition that he and all his male descendants must be circumcised. For thousands of years thereafter, the distinctive practice of circumcision served to set the Jews apart from their neighbors. The apostle Paul rejected it as a worthless practice, emblematic of Judaism's fixation on physical matters. Christian theologians followed his lead, arguing that whereas Christians sought spiritual fulfillment, Jews remained mired in such pointless concerns as diet and circumcision. As time went on, Europeans developed folklore about malicious Jews who performed sacrificial murders of Christian children and delighted in genital mutilation. But Jews held unwaveringly to the belief that being a Jewish male meant being physically circumcised and to this day even most non-observant Jews continue to follow this practice. In this book, Leonard B. Glick offers a history of Jewish and Christian beliefs about circumcision from its ancient origins

to the current controversy. By the turn of the century, more and more physicians in America and England—but not, interestingly, in continental Europe—were performing the procedure routinely. Glick shows that Jewish American physicians were and continue to be especially vocal and influential champions of the practice which, he notes, serves to erase the visible difference between Jewish and gentile males. Informed medical opinion is now unanimous that circumcision confers no benefit and the practice has declined. In Jewish circles it is virtually taboo to question circumcision, but Glick does not flinch from asking whether this procedure should continue to be the defining feature of modern Jewish identity.

**Trump Fiction** - Stephen Hock 2019-11-15

*Trump Fiction: Essays on Donald Trump in Literature, Film, and Television* examines depictions of Donald Trump and his fictional avatars in literature, film, and television, including works that took up the subject of Trump before his successful presidential campaign (in terms that often uncannily prefigure his presidency) as well as those that have appeared since he took office. Covering a range of texts and approaches, the essays in this collection analyze the place Trump has assumed in literary and popular culture. By investigating how authors including Bret Easton Ellis, Amy Waldman, Thomas Pynchon, Howard Jacobson, Mark Doten, Olivia Laing, and Salman Rushdie, along with films and television programs like *The Fresh Prince of Bel-Air*, *Sesame Street*, *Sex and the City*, *Two Weeks Notice*, *Our Cartoon President*, and *Pose* have approached and shaped the discourse surrounding Trump, the contributors collectively demonstrate the ways these cultural artifacts serve as sites through which the culture both resists and abets Trump and his rise to power.

**Genius on Television** - Ashley Lynn Carlson 2015-07-11

Whether it's Sherlock Holmes solving crimes or Sheldon and Leonard geeking out over sci-fi, geniuses are central figures on many of television's most popular series. They are often enigmatic, displaying superhuman intellect while struggling with mundane aspects of daily life. This collection of new essays explores why TV geniuses fascinate us and how they shape our perceptions of what it means to be highly intelligent. Examining series like *Criminal Minds*, *The Big Bang Theory*, *Bones*, *Elementary*, *Fringe*, *House*, *The Mentalist*, *Monk*, *Sherlock*, *Leverage* and others, scholars from a variety of disciplines discuss how television both reflects and informs our cultural understanding of genius.

**Straight to the Heart of 1 and 2 Corinthians** - Phil Moore 2010

*Straight to the Heart* is a series of devotional commentaries for those who appreciate the insights and sound research found in commentaries but find scholarly writing dry and lacking in personal application. The books in the series do not cover the whole text, but focus on key sections which communicate the main themes of each book. Although the tone is light, the text is full of useful application and backed by substantial scholarship. Its clear, thought-provoking insights will feed both mind and soul.

**Sex and the city** - 2005

**Rethinking Gender in Popular Culture in the 21st Century** - Astrid M. Fellner 2017-11-06

This book explores popular culture representations of gender, offering a rich and accessible discussion of masculinities and femininities in 21st-century popular media. It brings together contributors from various European countries to investigate the workings of gender in contemporary pop culture products in a brave, original, and rigorous way. This volume is both an academic proposal and an exercise of commitment to a serious analysis of some of the media that influence us most in our everyday lives. Representation matters, and the position we take as viewers or consumers during reception matters even more.

**Turn Toward the Sun** - Mandy Hale 2022-06-14

If recent world events have taught us anything, it's that life doesn't always look the way we want it to look. And while we can't control the curveballs life throws at us, we can control our response to them. We can

choose to loosen our grip on what we think life is "supposed" to be and embrace life for exactly what it is--messiness and mayhem and all. We can choose to stubbornly turn toward the sun, even as the storm rages around us. That surrender is where true happiness and peace lie. With insights born from her own hard-won battles, Mandy Hale turns her attention (and her sizable wit) to showing you what she's learned about letting go of the desire to control everything in life. With the honesty and authenticity she's known for, Mandy inspires you to stop striving, live in the moment, sit with your experiences, and trust God with the unknown. Like sunflowers that turn toward the sun that helps them grow tall and strong, we can turn to friends, family, and faith for strength in difficult times. If you've felt depleted or despairing as you've wrestled with circumstances beyond your control, you will find in Mandy a kind and trustworthy guide through the storm.

**Animated Mischief** - Brian N. Duchaney 2023-09-21

Over the last century, the medium of animation has served as an expression of childhood as well as a method of subverting the expectations of what society has promised for the future. Separated into three parts, this work assembles various explorations of taste, culture and passion through animation. Section I features essays that outline the historical changes in art and society that gave rise to an outsider culture that found a home in animation. In the second section, essays examine the practical use of animation as a voice for the underserved. Finally, in Section III, essays analyze the ways in which animation has reshaped the acceptance of outsider status to embrace otherness. Featuring everything from feature-length films to self-produced YouTube videos, the essays in this text reflect a shared love of animation and its unique ability to comment on society and culture.

**Reading Lena Dunham's Girls** - Meredith Nash 2017-06-23

In this book, leading and emerging scholars consider the mixed critical responses to Lena Dunham's TV series *Girls* and reflect on its significance to contemporary debates about postfeminist popular cultures in a post-recession context. The series features both familiar and innovative depictions of young women and men in contemporary America that invite comparisons with *Sex and the City*. It aims for a refreshed, authentic expression of postfeminist femininity that eschews the glamour and aspirational fantasies spawned by its predecessor. This volume reviews the contemporary scholarship on *Girls*, from its representation of post-millennial gender politics to depictions of the messiness and imperfections of sex, embodiment, and social interactions. Topics covered include Dunham's privileged role as author/auteur/actor, sexuality, body consciousness, millennial gender identities, the politics of representation, neoliberalism, and post-recession society. This book provides diverse and provocative critical responses to the show and to wider social and media contexts, and contributes to a new generation of feminist scholarship with a powerful concluding reflection from Rosalind Gill. It will appeal to those interested in feminist theory, identity politics, popular culture, and media.

**Conspicuous Feminism on Television** - Anna Marie Bautista 2023

In this book, Anna Marie Bautista delves into the increased visibility of gender inequality, largely brought about by #MeToo, that has been incorporated into representations on television series, reflecting a 'conspicuous feminism' that is explicit, activist, and commodifying in its consideration of gendered power structures and inequality.

**Trump Revealed** - Michael Kranish 2017-01-10

"Who is Donald J. Trump? To discover Trump in full, the Washington Post assembled a team of award-winning reporters and researchers to investigate every aspect of his life, from his privileged upbringing in Queens to his hundreds of lawsuits, his infamous womanizing, his shifting position on abortion rights, his dizzying seven changes in party affiliation, and his astonishing, disruptive election as president in November 2016" -- Page [4] of cover.

**Summer and the City (The Carrie Diaries, Book 2)** - Candace Bushnell 2013-04-25

Meet teenage Carrie Bradshaw as she hits the bright lights, big city of New York for the very first time!

Find out how Carrie transforms from country girl to super-cool fashionista in the second explosive CARRIE DIARIES novel from the globally bestselling author of SEX AND THE CITY.

**Deciphering Good Omens** - Erin Giannini 2023-09-20

Based on the novel by Neil Gaiman and Terry Pratchett, the Amazon Prime series, *Good Omens*, quickly gained a cult following after debuting in May of 2019. Contained in this story of looming Armageddon are explorations of grief, friendship, good and evil, the Bible, Milton, God and what it means to be human. This book provides thirteen essays that center on various aspects of the show, including theology, fan culture, female gaze, textual elements and more. Also examining Gaiman's sense of obligation to Pratchett, as well as the relationship between *Good Omens* and the hit series *Supernatural*, these essays provide a critical analysis of the show and its prominent themes.

**Playing Smart** - Catherine Keyser 2010-08-12

Smart women, sophisticated ladies, savvy writers . . . Edna St. Vincent Millay, Dorothy Parker, Anita Loos, Lois Long, Jessie Fauset, Dawn Powell, Mary McCarthy, and others imagined New York as a place where they could claim professional status, define urban independence, and shrug off confining feminine roles. It might be said that during the 1920s and 1930s these literary artists painted the town red on the pages of magazines like *Vanity Fair* and the *New Yorker*. *Playing Smart*, Catherine Keyser's homage to their literary genius, is a captivating celebration of their causes and careers. Through humor writing, this "smart set" expressed both sides of the story--promoting their urbanity and wit while using irony and caricature to challenge feminine stereotypes. Their fiction raised questions about what it meant to be a woman in the public eye, how gender roles would change because men and women were working together, and how the growth of the magazine industry would affect women's relationships to their bodies and minds. Keyser provides a refreshing and informative chronicle, saluting the value of being "smart" as incisive and innovative humor showed off the wit and talent of women writers and satirized the fantasy world created by magazines.

**The New Female Antihero** - Sarah Hagelin 2022-02-10

The last ten years have seen a shift in television storytelling toward increasingly complex storylines and characters. In this study, Hagelin and Silverman zoom in on a key figure in this transformation: the archetype of the female antihero. Across genres, these female protagonists eschew the part of good girl or role model in their rejection of social responsibility.

**Advances in Multimedia Modeling** - Shin'ichi Satoh 2008-01-22

This book constitutes the refereed proceedings of the 14th International Multimedia Modeling Conference, MMM 2007, held in Kyoto, Japan, in January 2007. The 23 revised full papers and 24 revised poster papers were carefully reviewed and selected from more than 130 submissions. The papers are organized in topical sections that include material on media understanding, creative media, visual content representation, and video codecs, as well as media retrieval, audio and music.

**Queer Temporalities in Gay Male Representation** - Dustin Bradley Goltz 2009-12-04

Through the analysis of over seventy films and thirty television series, ranging from *Shortbus*, *Sweet Home Alabama*, and *Poseidon* to *Noah's Arc*, *Brothers & Sisters*, and *Dawson's Creek*, Goltz examines reoccurring narrative structures in popular media that perpetuate the extreme value placed upon "young" gay male bodies, while devaluing health, aging, and longevity. Alienated from the future -- outside of limited and exclusionary systems of marriage and procreation -- the gay male is narrated within a circular tragedy that draws upon cultural mythologies of "older" gay male predation, the absence of gay intergenerational mentorship, and the gay male as sacrificial victim. Using a Burkean framework, Goltz makes a theoretical, rhetorical, and cultural investigation of how the increased visibility of "positive" gay representation in dominant media shapes contemporary meanings of gay aging, heteronormative future, homonormative future, and queer potential.
