The Red Chamber - Pauline Chen 2012-07-05

On the death of her mother, Lin Daiyu, a beautiful young girl, is taken far away to the capital to live with her mother's aristocratic relatives in the inner courtyards of Rongguo Mansion. educated and resourceful, Daiyu has grown up in relative freedom down south. Now she finds herself in the strictly regulated society of 18th century Beijing where women are bought and traded like cattle. This is a highly competitive female society of first wives, concubines and servants all jockeying for power. Dazzled by the easy charm and rebellious intelligence of her cousin, Baoyu, whose miraculous birth with a piece of jade in his mouth means that he holds the fortune of the family in his hands, Daiyu falls dangerously in love. And as she tries to tread a delicate path between following her heart and doing what is asked of her, she discovers that no one's loyalty is immune to the pressures of society.

Beautifully written, THE RED CHAMBER brings you into a world where wealth and duty, love and passion, continually collide.

Philosophy of Love, Sex, and Marriage - Raja Halwani 2010-05-26

How is love different from lust or infatuation? Do love and marriage really go together "like a horse and carriage"? Does sex have any necessary connection to either? And how important are love, sex, and marriage to a well-lived life? In this lively, lucid, and comprehensive textbook, Raja Halwani pursues the philosophical questions inherent in these three important aspects of human relationships, exploring the nature, uses, and ethics of romantic love, sexuality, and marriage. The book is structured in three parts: Love begins by examining how romantic love differs from other types of love, such as friendship and parental love. It asks which properties of love are essential, whether people have a choice in whom they love, and whether lovers have moral obligations to one another that differ from those they owe to others Sex demonstrates the difficulty in defining sex and the sexual, and examines what constitutes good and bad sex in terms of pleasure, 'naturalness', and moral permissibility. It offers theoretical and applied ethical approaches to a wide range of sexual phenomena Marriage traces the history of the institution, and describes the various forms in which marriage exists and the reasons why people marry. It also surveys accounts of why people should or should not marry, and introduces the main arguments for and against gay marriage. Features include: suggestions for further reading online eResource site with downloadable discussion questions a clear, jargon-free writing style.

The Couple's Tao Te Ching - William Martin 2014-09-02

Following the successful debut of the Parent's

Tao Te Ching -- William Martin now reinterprets the Tao for couples. With The Parent's Tao Te Ching, William Martin beautifully re-interpreted Lao Tzu's Tao Te Ching -- one of the world's oldest and most widely read books of wisdom -- expressly for parents. Now, he distills and freshly re-interprets the essence of each of the Tao's 81 chapters to speak directly and clearly to couples. William Martin's indelible, spirited, and sage advice, rendered in free verse, captures the ancient spirit of Lao Tzu's original text, yet speaks directly to modern lovers--and to the full sweep of their experiences and emotions. A deeply felt alternative to advice books that urge readers to manipulate their partners rather than to love them, The Couple's Tao Te Ching is for everyone who has embarked upon a loving relationship, which, as William Martin says, "can be the most rewarding and enlightening adventure possible."

**The Taoist I Ching** - Lui I-ming 2005-05-03

The I Ching , or "Book of Change," is considered the oldest of the Chinese classics and has

throughout history commanded unsurpassed prestige and popularity. Containing several layers of text and given numerous levels of interpretation, it has captured continuous attention for well over two thousand years. It has been considered a book of fundamental principles by philosophers, politicians, mystics, alchemists, yogins, diviners, sorcerers, and more recently by scientists and mathematicians. This first part of the present volume is the text of the I Ching proper—the sixty-four hexagrams plus sayings on the hexagrams and their lines—with the commentary composed by Liu I-ming, a Taoist adept, in 1796. The second part is Liu I-ming's commentary on the two sections added to the I Ching by earlier commentators, believed to be members of the original Confucian school; these two sections are known as the Overall Images and the Mixed Hexagrams. In total, the book illuminates the Taoist inner teachings as practiced in the School of Complete Reality. Well versed in Buddhism and Confucianism as well as Taoism, Liu I-ming intended his work to be read as a guide to comprehensive self-realization while living an ordinary life in the world. In his attempt to lift the veil of mystery from the esoteric language of the I Ching , he employs the terminology of psychology, sociology, history, myth, and religion. This commentary on the I Ching stands as a major contribution to the elucidation of Chinese spiritual genius.

**Inventing the Future** - Nick Srnicek  
2015-11-17

A major new manifesto for the end of capitalism Neoliberalism isn't working. Austerity is forcing millions into poverty and many more into precarious work, while the left remains trapped in stagnant political practices that offer no respite. Inventing the Future is a bold new manifesto for life after capitalism. Against the confused understanding of our high-tech world by both the right and the left, this book claims that the emancipatory and future-oriented possibilities of our society can be reclaimed. Instead of running from a complex future, Nick Srnicek and Alex Williams demand a

postcapitalist economy capable of advancing standards, liberating humanity from work and developing technologies that expand our freedoms. This new edition includes a new chapter where they respond to their various critics.

Orthodox Passions - Maram Epstein 2021-02-01

In this groundbreaking interdisciplinary study, Maram Epstein identifies filial piety as the dominant expression of love in Qing dynasty texts. At a time when Manchu regulations made chastity the primary metaphor for obedience and social duty, filial discourse increasingly embraced the dramatic and passionate excesses associated with late-Ming chastity narratives. Qing texts, especially those from the Jiangnan region, celebrate modes of filial piety that conflicted with the interests of the patriarchal family and the state. Analyzing filial narratives from a wide range of primary texts, including local gazetteers, autobiographical and biographical nianpu records, and fiction, Epstein shows the diversity of acts constituting exemplary filial piety. This context, *Orthodox Passions* argues, enables a radical rereading of the great novel of manners *The Story of the Stone* (ca. 1760), whose absence of filial affections and themes make it an outlier in the eighteenth-century sentimental landscape. By decentering romantic feeling as the dominant expression of love during the High Qing, *Orthodox Passions* calls for a new understanding of the affective landscape of late imperial China.
