50 Sure Ways for a Girl to Stay Single - Pim Pauline Overgaard 2012-12-18

If you always dread the second date, follow this hilarious book's sage advice, and you'll never have one again: * Make a list of things he has to change in appearance and behavior before he can be with you. * Tell him you once tried to kill your ex, then start to laugh hysterically. * Bring a book of baby names to your first date and circle the ones you like with a pink marker. *50 Sure Ways for a Girl to Stay Single* is a guidebook that's helpful in a number of critical situations. For example, if you want to end that desperate loser's crush on you, employ these shrewd strategies: * Never shave. * Chew with your mouth open. * Chain smoke. If your clueless friend just can't understand why her relationships don't last, slip this book into her bag and hope she recognizes herself in these classic gems: * Never even try to pay the bill. * Use "I don't know" as an answer for everything. * Bring up your ex as often as possible. * Always put men down. If you're fed up with the whole dating scene and need a good laugh about it, have a giggle over these wicked scenarios: * Keep staring at his "package" and then sigh repeatedly as if disappointed. * Give him a detailed description of the sex dream you had about his best friend. * Tape over his porn with *Touched by an Angel*. Each piece of advice is illustrated with the author's own stylized and sophisticated, but slightly silly artwork, which makes the book even funnier. *50 Sure Ways for a Girl to Stay Single* is goofy, yet hip, with great visual and comic appeal.

The Guyde - Howie Reith 2016-11-19

The Guyde is the most comprehensive men's dating and self-improvement book ever written, designed to be everything you need to transform into the most confident version of yourself. There are no lines or routines; instead you'll find exercises and information to improve your self-esteem, social skills, and other elements integral to social success. Everything in these pages is backed with scientific evidence, and when I say scientific evidence, I mean cited peer-reviewed literature, not pop evolutionary psychology or the "law of attraction." You won't be reading anecdotes telling you about my "successes" or opinions; you'll be learning the practical steps necessary for the specific changes you want to manifest in your life. The Guyde is divided into four sections: Part I -

Psychology Part I focuses on the internal elements of social interaction. How do you overcome your toxic self-limiting beliefs that keep you from being authentic with people? How do you overcome your fears? How can you stay motivated to make your changes? You will learn clinically effective approaches to all of these and more. Part II - Social Skills For many men, the biggest barrier between themselves and social success is a lack of social skills and awareness. In Part II, you'll learn how to shore up this weakness. You will learn how to listen, banter, share stories, and assert yourself with others. You'll learn how to improve your body language and vocal tonality to project confidence and charisma. Part III - Physical Attractiveness Part III will teach you how to improve your physical features. The first two chapters detail the most clinically effective approaches to diet and exercise. We'll also discuss the basics of fashion and how to dress to impress. Master Part III, and when you go out, you will turn heads. Part IV - Dating The final portion of The Guyde deals with dating, in this version, in a heterosexual male context. You'll learn the best places to meet potential dates, how to flirt, and how to ask someone out. You'll learn how to plan brag-worthy romantic evenings and how to address problems like rude cancellations and "ghosting." You'll learn how to interact physically while being sensitive to your date's wishes, as well as how to perform better in bed. You'll learn why relationships fail and how to avoid the pitfalls most couples fall into, and you'll come to understand a bit about what it's like to date from a woman's perspective, including many of the cultural factors they face that most men don't understand. The Guyde is a labor of love. I wrote it to be everything I wish I'd known when I was younger, the sorts of things that turned my life around for the better. I hope it does the same for you.

Kids Say the "doggonest" Things - Gerry Hopman 2005

To my crush - Brendon Thutso 2019-10-15

This book is a concoction of the poet's thoughts on a person they have an unquenchable crush on. The poet is not a very direct person and uses metaphors, riddles, and many other language tricks to embody what they intend to say. In the poem, "The Dream", the poet talks about watching the earth flood as he sits at the brink of the cumulonimbus, but as he continues through the poem it unravels to the reader that the poet is not talking about the real flood or cumulonimbus, instead the poet uses all those meteorological terms as a way to censor their language. In many other poems like "imagine", the poet expresses their love and admiration for their crush and the things they wish they could do together. contact: brentee01@gmail.com (author)

THE ART OF SOLITUDE: What I Think About When I'm on My Own (ed. Bhs Inggis) - Desi Anwar 2021-01-13

If there is one thing that the Covid 19 Pandemic has taught us, it is how to deal with being alone. Quarantine and Social Distancing, while keeping us away from each other, has forced us to confront that person we normally have the least time for. Which is our own Self. The Self that we have neglected and ignored during our busy lives interacting with the outside world, but which many of us could no longer avoid as we spend more time at home and shy away from public places. We can however, turn these difficult times into a learning lesson that is both transformative and beneficial. Reducing our social interactions allows us more time for self-reflection and for reconnecting with our selves. Spending time on our own is a rare and priceless opportunity to discover who we really are and to ask those fundamental questions about life and existence which we might have taken for granted or spare very little thoughts about. In this book, a compilation of musings and random thoughts that the author captured during the time of the Corona, Desi Anwar tries to show that solitude is neither a torment nor an affliction to be feared and avoided. Indeed, when embraced in its fullness, solitude becomes an art that is both enlightening and therapeutic.
