How to Attract Women - Zac Miller

2020-03-08

Can I Ask You a Question? What would life be like if you knew exactly how to attract women? If you could get the girls you've always wanted? If you could be a man women were sexually drawn to... would that change your life? Hi, my name is Zac Miller. In my many years here on earth I've had my share of experiences with women. And like most men, I wasn't born knowing what attracts women or what they want, but there came a point in my life where I was fed up and did something about it. Many men just say "women are crazy," and they leave it at that, not trying to understand them. I couldn't have that... While women are in fact crazy, I have put together a book which explains what they want, what attracts them to men, and how you can start attracting women. It's taken me many, many years, and many, many sleepless nights, but after all was said and done, I believe I have made the best book available when it comes teaching men everything it takes to successfully attract women. Here's What You'll Learn in This Book Chapter 1: Appearance - While it's been this way for many years, the advent of website profiles and dating apps has made a masculine appearance much more important for men in this day and age. Here I share with you the many ways you can appear more attractive to women, as well the ideal body type women are looking for in a man (hint: it's not abs). Chapters 2 & 3: Attractive & Unattractive Qualities - Ever notice how women are attracted to jerks and "bad boys?" It's because they display many attractive qualities women desire. In these chapters, I share with you what exactly these qualities are, while also going over attributes you need to stay away from, which push women away. Chapter 4 & 5: Talking to Women - Next, we go over how to talk to women and connect with them, in turn attracting them to you. I show you how to

approach girls, get their contact information, and how to conversant with them afterwards to secure a date. I go over the number one mistake most guys make during this process, as well as the one quality that will put you above all other men when talking to women (hint: it's not a lifted truck). Chapter 6: The Date - We then go over how to handle the date. I show you exactly how to ask for the date, where to go, and what to do during the date. This includes conversation topics that release dopamine (feel good) chemicals in a woman's brain, as well as techniques you can employ during the date to keep her attention. I then go over what to do after the date to keep her interested in you for the long run to make her your girlfriend. Chapter 7: The What If's? - What if she flakes on the date? What if she says maybe? What if she starts losing interest? All these questions and more are handled in this chapter, showing you the exact techniques to employ to handle each situation, which will keep a woman interested in you. Appendix - I provide 70 opening messages, original to this book, to use when texting girls. These are unique, funny messages, which will make you stand out from other men. As a FREE bonus, only to buyers of this book, I provide you with my special report, Subconscious Attraction: 3 Techniques that Will Attract Her Subconsciously. These are perfect to use during the first date! If you want to become more successful with women and start getting the girls you've always desired, you can't risk not knowing this information. attractive to specific women. Both men and women who might be considered unattractive to the average person succeed in attracting and winning highly desirable mates every day, everywhere. Your own experiences may suggest many such cases. Taste and preference in love is infinite. However, there is something in certain men that acts as a magnet in attracting different women! I have two pieces of news for you: one piece of news is good and the other is even better. 1. Good men are constantly in demand. Statistics show that for every single man there are several available women. In some countries there are ten or twenty available women to every single man. In reality women have to fight to get a good man. They have serious competition to win the heart of an eligible bachelor. 2. Age is no barrier. In comparison to their female counterparts, men in their later years who are of good character are much sought after. A good man can get a woman in any age group. Unfortunately, women fade quicker than men do. Often, their looks as well as their figure-shape diminish with age. How many books have been written on how to get or seduce a woman quickly? Many hundreds I would imagine-but what a waste of time! The secret formula for a successful man in the dating world is to become that good, attractive and desirable man. So, Let's Decode this Formula. Every woman likes good qualities in a man's personality, including confidence, honesty, power, generosity, as well as being resourceful and masculine. Also a sense of humor, the ability to lead with a combination of gentleness and kindness, and the ability to love and demonstrate commitment-yes, commitment-will attract most women. Even contemporary professional or businesswomen who have focused on their careers throughout their lives want love and devotion. As evidenced in the movie Sex and the City, here is a good example of how, eventually, even "loose" women would have only one man in their lives, to be loved and be faithful to him alone. In addition, it is important to understand what a woman needs from a relationship, and what she values in a male. What qualities attract her to particular men, and what standards does she have? What does a man need to do to be delicately attuned to her ideals? One important element for any

happy relationship (when a man chooses a woman) is that looks count, but his personality is what makes the woman stick around. The reality of attraction is finding out what works with different women. What draws women to a particular man and why do they choose to create a relationship with him? Another criteria for successful outcomes in dating for men is an ability to understand what qualities he is looking for in a woman when developing a relationship, and what level of commitment each party is prepared to invest in the relationship. Invest? Yes, creating a healthy relationship takes time, energy, affection, emotions, feelings and other resources. Some people fall in love many times throughout their lives. They become attracted to the opposite sex initially through appearance, but over time, they develop a loving relationship based on qualities of character and personality as well as values. Despite the fact that we all have our preferences when trying to attract the opposite sex, you have to remember, it is a male's personality and character traits that draw women like a magnet. Even money or a handsome appearance cannot help to build a good relationship with a desirable woman if the man is abusive, mean, or unfaithful. To become effective in dating, you may need to learn new behavior skills and develop a new attitude that will catch the attention of desirable women. By knowing the fundamental principles of what attracts females, you can then focus on becoming an attractive male yourself [How to Attract Women Naturally](#) - Kent Lamarc You probably haven't noticed, but there are different ways in which you can attract women in a daily basis. Sometimes, a woman becomes attracted to you and you consider yourself lucky, or she will sit in front of you, or next to you, in a coffee shop, seminar, or class, because she somehow got curious about you, found you intriguing, or exotic. She may even start a conversation with an excuse that you didn't consider intentional. Whatsoever is the motive behind the interaction, the truth is that it doesn't have to necessarily be explained by logic. Women aren't logical creatures, and that's what makes them complex as human beings. On the other hand, this factor also maximizes your opportunities to attract them while being yourself. Based on this natural occurrence in

society, what you will learn here intends to show you how to maximize your chances of getting more than one woman into your life, and while just being yourself. Never again, will you see such things as random events. Although many people believe that attraction is a natural process, and you can indeed leave things to chance, once you know how to control those natural flows, it will be like controlling electricity, oil, water, or any other resource from nature. Such conscious attitude will attract more luck towards you. And everyone else will indeed start perceiving you as lucky, especially when you are found in relationships with women that are far more beautiful than what anyone else would expect you to get.

So, I started doing some proper research and took advice from men who oozed charisma and attracted women instantly and ethically wherever they went. I'm going to warn you from the beginning. It's not going to be easy and the magic won't happen overnight. It'll require you to step outside your comfort zone...a lot. Everything society tells us about attracting women is completely wrong. Think and Get Laid changes that. Think and Get Laid gets to the very core of instinctive attraction, past all the misleading fluff that society and the mainstream media tell us. Broken down into simple components, filled with clear examples, and backed up by countless studies, Think and Get Laid will guide you out of the false beliefs hurting your success with women and show you what women are biologically wired to find attractive. Men today lack success with women because they simply do not know or understand what women are attracted to. Unlike conventional dating advice, Think and Get Laid focuses on natural attraction and what causes attraction on an instinctive level. Not on what women claim they want ("I just want a nice guy!") or what males in general believe women want ("Women only want men with money and cars!"). The focus on natural attraction means that what you learn works on all women in all situations, no matter age, nationality or the type of relationship you want. What you learn in Think and Get Laid is universal. Women don't choose to feel attraction. Attraction is not a choice, and Think and Get Laid reveals what all women are naturally hardwired to respond to. The keys essential to unlocking female attraction revealed in this book are so universal that they'll work amazingly whether you want an impressive string of one night stands, true love, abundant casual sex without commitment, or just a sexy girlfriend. Inside, you'll find no fake, gimmicky, manipulative tricks, lines or routines, only the powerful psychology of attraction that you can use to dramatically upgrade your love life today. Learn How to Approach, Attract and Pick Up Women, the Right Way! Do you give up on even trying to chat up a woman that caught your eye because you feel like she'll find you boring, awkward or just generally not interesting enough? Do you start stuttering even when just thinking about having a one-on-one conversation with a woman? You should feel happy to know that all these problems are just in your head. And you can learn how to fix them completely, by following the steps given in this amazing guide, "How to Attract Women: The Right Way - The Only 7 Steps You Need to Master What Women Want, Attraction Techniques and How to Pick Up Today"! The guide completely demystifies women and gives you clear guidelines on how to approach them, flirt with them and keep them interested successfully. It also gives you directly applicable practical knowledge, as well as the theoretical background you need in order to better understand women. Women can sometimes appear to be a complete mystery and the

unknown lands. Their reactions can sometimes be surprising and maybe not completely logical to everyone. For example, women become less attracted to masculine men when on birth control pills, because of the affected hormone levels. If you're a little chubby, like a lot of us are, then this is the time to strike, and knowing that piece of information can make all the difference in the world. Luckily, this book does a great job at giving you all the relevant information that you can combine and use immediately when communicating with women. What Makes This Book Different from Others in the Same Category? As I've mentioned, the art of attracting women is truly a subtle one, and most guides you can find tend to become too ephemeral and theoretical, only giving you vague descriptions of events and scenarios or giving you a bunch of information without showing you how to actually use it. On the other hand, this guide will give you all the same information, but it will start from scratch and then show you how to use the information it provides you with, building from the bottom to where most guides are standing now. You'll feel like the book was really tailored especially for you, and that will make your flirting endeavors that much easier. Here's What You'll Learn: How to prepare yourself and get the right mindset for flirting How to find your strong and weak sides and how to exploit them to your advantage The "Seven Sacred Steps" of attracting a woman How to build a connection and communicate How to understand the reactions of the woman you're communicating with and adjust accordingly How to incorporate all of the above in your behavior for maximum effect It doesn't matter just how awkward or boring you were before - this guide will show you exactly how to stop being like that and actually become attractive to women of your choice, step by step. Stop worrying and sulking alone, it's time to get into the action! Order This Book Now!

subconsciously attracted to at a primal level. You will discover how fun and exciting it is to confidently approach practically any woman, anytime, anywhere and instantly have a fun and humorous connection with her. I'll show you a guaranteed foolproof method that has allowed me to engage attractive women in deep and thoughtful rapport by asking the right questions that cause her to become emotionally aroused. Men are aroused more by visual cues. A man looks at a woman searching for sexual stimuli like a jeweler looks for perfection in a flawless gem. Visual cues convey information about a woman's health, fertility, and youth. Women are aroused more by psychological cues. A woman looks at a man much like a detective would a suspected criminal who is about to commit another crime. The visual cues a woman looks for are status, resources, commitment, kindness, stability, and humor. Just as you are attracted to a beautiful face, ass, and breasts, so are women attracted to "male cleavage," or the attractor factors that include high status humor. I'm going to show you how to develop those psychological cues that women can't help but be attracted to. With a little practice, you'll start to notice that women will begin to smile at you more when you stimulate the emotional part of their brains that make them laugh. You'll especially notice how they will start engaging you more in a playful manner and will then want to start spending more time with you. Women want men to pursue them for sex. The problem is, too many guys are either too passive and conceal their sexual interest in women, or they act like aggressive idiots and drive them away. Luckily for you, there is a very cool and natural way to approach and attract women so they become interested in you first, and I'm going to show you how to do it. There is no doubt that women want to be sexually attractive and desired by men. They are actively looking for those men who have the ability to unlock the code to their natural instinctive desires. This book is going to teach you how to develop those traits and skills that tap into a woman's primal needs and desires. You grew up with a modern "female blueprint" and I'm going to show you how to record over it. I'm happy for the women's liberation movement and equality, but along with it became the feminization of American society. The Equal

Rights Movement for women in the 60's has caused role reversals and gender confusion that contradicts the conditioning of tens of thousands of years of customary male-female roles. Male and female blueprints that took around 200,000 years to evolve upended suddenly over the last 50. That is a 4,000 to 1 ratio! That's like starting on less than the 1-inch line on a football field of a hundred yards. It's no wonder the modern male population is so confused. One of the primary reasons so many feminized males (often referred to as wusses) are unsuccessful in attracting women is they act like women themselves. It won't work! You can't reverse a few hundred thousand years of conditioning over a 50-year period and expect different results. The methods you're about to learn were scientifically tested and proven to work in social experiments. This information has been carefully researched and documented from experts in the fields of evolutionary psychology, sociology, neuroscience, evolutionary biology, anthropology, and many other fields too numerous to mention. This book can change your life!

What Women Want When They Test Men - Bruce Bryans 2015-08-13

Discover What Women Want in a Man and How They Secretly Test You For it If you pay close enough attention to what really attracts women, you'll find that what women want is a man with a backbone. Women want to be with a man who knows how to take the lead and make decisions; one who has strong personal boundaries and knows how to love her like...a man.

Unfortunately, a lot of men have difficulty accepting the truth that many women prefer to be with a man who isn't afraid to stand up to them, who challenges them, and who refuses to be pushed around by women (or anything else for that matter). This is especially true of women who seek a more traditional male-female gender role dynamic in their romantic relationships. Even if a man knows how to attract women, cultivating a mind-blowing relationship with one requires a different set of skills entirely. Women want men who can make them feel secure - men with strong boundaries and unwavering commitment. Sadly, most dating and relationship books rarely show men how to keep a woman happy without them having to sacrifice their

manhood in the process. How to Understand Women and Pass Their Tests With Unshakeable Confidence Men around the world have no idea that the women they know and love are testing them. These men go about their lives interacting with the opposite sex in absolute darkness, ignorant to the fact that they're being judged, appraised, approved, and rejected based on their subconscious reactions to female testing. If you had no idea that women test men and why they have to, you're about to take a journey onto a road less traveled - the more mysterious side of female psychology and how women think. Attract Women Through Authenticity and Be the Strong Man a Woman Wants For a Relationship It's important for a man to learn how to walk that thin line between caring, thoughtful lover and firm, assertive leader. The man who masters the art of being the perfect gentleman and a strong alpha male is the ideal specimen to a high-quality woman. This is what you're going to learn in this book. So if you're dating or in a relationship and women constantly create drama, lose interest in you, or manipulate you, it's time you finally got some advice from one of the only relationship books for men that won't turn you into a doormat. Here's what you're going to learn inside: How to be radically honest with a woman and why this makes her MORE attracted to you. The reason why women test men CONSISTENTLY and how to use this knowledge to deepen a woman's desire. (Hint: This is the key to female psychology and how women think.) How to be confident with difficult women. What women want in a man and how to give it to them. How to make a woman happy without becoming a complete doormat of a man. How to seduce your wife and get her in the mood by responding like a MAN whenever she "pokes the bear." How to be firm and say "No" to the woman you love without destroying intimacy. How to keep a woman interested in you by doing the ONE thing MOST men are deathly afraid of doing. How to avoid unnecessary arguments, fights, and drama with a woman by using a simple communication technique. The best way

to secretly test a woman's level of romantic interest in you (as well as her emotional maturity) before making a long-term commitment. How to stop living in fear of what a woman might think, say, or do if she disagrees with or disapproves of you in any way. And much, much more... Would You Like to Know More? Get started right away and learn how to become the attractive man that has zero difficulty keeping a woman's respect, desire, and unwavering support.
