**Magia Sexualis** - Paschal Beverly Randolph  
2012-08-27

A step-by-step guide to the occult science of sex magic • Based on the practices of P. B. Randolph, occult rival of H. P. Blavatsky • Reveals how to perform sex magic rituals for specific real-world results, such as greater strength or enhancement of the senses • Explains how to create magical talismans, such as rings with specific planetary forces, how to enliven a painting, and how to charge an effigy  
Conceived by Paschal Beverly Randolph, *Magia Sexualis* has been heralded as the most influential book about sex magic ever written, surviving to the present day solely through Maria de Naglowska's French translation.

Published more than 50 years after Randolph's death, the authorship of this "translation" has been repeatedly called into question: While the greater part of the content can be traced to Randolph's known works, a very significant portion cannot—leading to the conclusion that this work was supplemented by Naglowska's own sex magic work and extensive occult teachings. *Magia Sexualis* explains Randolph's meticulous science of sex magic, practiced by the Brotherhood of Eulis and the Hermetic Brotherhood of Light. Beginning with exercises to develop essential skills, the book explains in step-by-step detail how to perform sex magic rituals for specific results, such as greater strength or enhancement of the senses, how to

charge and use a “volt”--an effigy of a specific person you want to influence or protect, how to enliven a painting in order to influence those around it, and how to create magical talismans with specific planetary forces, using what Randolph calls “fluid condensers.” This work from two great occult minds shows that true power of the spirit is acquired in conjunction with the power of sex--affirming that “sex is the fundamental force in every being, the most powerful force in Nature, and the most characteristic evidence of God.”

**The Great Work of the Flesh** - Sarane Alexandrian 2015-02-05

An inside look at sex magic in Eastern and Western Mystery traditions • Details the sex magic practices of P. B. Randolph, Aleister Crowley, Austin Osman Spare, Julius Evola, and Maria de Naglowska • Includes a complete overview of love magic in the Middle Ages, with accounts of the use of potions, powders, spells, and enchantments • Explores sex magic techniques of the East, including Taoist sexual alchemy Magic, almost in its entirety, is connected to sexuality. It is through the natural magic of love that sex magic operates, harnessing the forces that join lovers together. In this extensive study of sex magic in the Eastern and Western Mystery traditions, Sarane Alexandrian explains how there is a sex magic connected with every religion, spiritual belief system, and initiatory society. Exploring sexual

practices in folk magic, high magic, alchemy, and religion, the author begins with a complete overview of love magic in the Middle Ages, including accounts of the use of potions, powders, spells, and enchantments, and he reveals how these techniques related to the religious practices of the time. He introduces the Taoist sexual alchemy practices of Mantak Chia, the secret tantric practices of the Tibetan bons, sexual shiatsu, and a Vietnamese practice called “mouth moxa.” Examining the sacred sexuality that arose in Western initiatory orders in the late 19th and early 20th centuries, Alexandrian details the development of P. B. Randolph’s white sexual magic and the black sexual magic of Aleister Crowley, as well as explaining the practices of Austin Osman Spare, Julius Evola and the Ur Group, and Maria de Naglowska. He reveals the scientific principles underlying sex magic and how successful results are guaranteed by the influences of the heavenly bodies and the radiant powers of color, number,

scents, and physical movements, which intensify the activity of the human bioelectric field. Alexandrian also details the tantra practices of Margot Anand, the sexual rituals of Wicca, and magical "sex aids," including talismans and jewels. Providing complete practical information, the author explains how, through sex magic, a couple can extract from each other what they are missing by way of virility and femininity, multiplying their energies tenfold and merging the carnal and spiritual worlds to experience transcendent adventures in the deepest depths of reality.

*The Art of Everyday Ecstasy* - Margot Anand  
1999-04-20

"Ecstasy is about waking up and finding that you are in love with life." Most people think of ecstasy in terms of sexual ecstasy, which Tantric sex expert Margot Anand wrote about in her bestselling *The Art of Sexual Ecstasy*. Now, in *The Art of Everyday Ecstasy*, Anand expands our definition of ecstasy and shows how we can

harness its energy to help us live, work, and love more passionately, joyfully, and with true spiritual focus. Our modern, work-obsessed, stress-filled culture—what Anand calls the "anti-ecstatic conspiracy"—has dulled our spirits, thrown us off balance, and alienated us from meaningful everyday experiences. In this inspirational journey toward finding the healing nature of ecstasy, Anand explains how the two types of ecstatic experiences—the moments of epiphany called Ecstatic Awakenings, and Everyday Ecstasy, or the Ecstasy of Flow, a connection to our power and inner wisdom—can help us move beyond pain and doubt to reach our highest potential. Based on the spiritual path of Tantra, Anand shows how to use the natural energy system of our bodies—the seven chakras—as a map to ecstasy. As she guides us through the chakras, she explains how each one plays an important role in transforming energy into erotic passion, healing, empowerment, compassion, creativity, insight, and gratitude.

Blocked chakras manifest themselves in surprising ways; wholeness can be achieved only when all of the chakras are open with energy flowing freely. By transforming negative behavioral patterns into positive ones and strengthening ourselves physically, emotionally, and spiritually, we can improve our health, sex life, career, relationships, and find profound meaning in everyday moments. With personal anecdotes, exercises, meditations, and rituals, *The Art of Everyday Ecstasy* shows us how to bring ecstatic energy into the body, mind, heart, and spirit—"to embrace every moment in our totality, to respond bodily, feel from the heart, perceive with clarity, and be fully present to others and to life."

**The Sacred Sex Rites of Ishtar** - Ishtar Dingir  
2015-06-06

This book is about Sovereignty. It's about the superior intelligence and self empowerment which comes from interacting with beings which inhabit a parallel universe to this one - another dimension - from whom man has traditionally gained his wisdom about his place and purpose on Earth and in the cosmos. In ancient times, the ability to tap into this superior wisdom was transmitted to kings and pharaohs by one who was in touch with these extra-dimensional beings or lifeforms, who are also known as the spirits. Sovereignty comes from the spirits of the

land, otherwise known as the Fae, the Gentry, the Sidhe or the Faeries. These spirits are like Man, but are of an Elder and wiser race which inhabits a timeless zone within the parallel dimensions. These days, only children can see them, who haven't yet had that perceptivity educated and ridiculed out of them. Shamans and high priestesses in Neolithic times were in touch with these spirits of the land, and so were able to transmit their wisdom to the king or pharaoh in sacred sex rites during his coronation night. This became known as the Sovereignty because it fired up the king's higher brain centres, giving him a superior intelligence and thus the ability and the right to reign. Our ancestors have left us magical keys in their orally passed on myths which, like messages in a bottle, can help us find the way to spark up that wisdom again, in ourselves. As a shaman and mythologist, the author Ishtar Babilu Dingir is regularly in communion with the spirits of the land where she lives in Glastonbury, Somerset.

In this book, she has laid out the way for the ordinary person to regain their Sovereignty, which is their birthright, through shamanic sexual practises and also by learning to visit these other dimensions on the inner planes. First, she lays the foundation stone for the teaching by showing the evidence - from ancient Greece, Egypt, Crete, India, Sumer and Babylon - that sacred sex was an integral part of the Kingship rites, and the literary evidence that the spirits were present in the lovemaking. She also explains about our earlier ancestors' understanding about the Faery Marriage, and what she believes is the original meaning of the Holy Graal, tracing it back to the Neanderthals about 45,000 years ago. The reader then learns how to perform shamanic sex themselves, to fire up their own superior intelligence. Finally, Ishtar reveals more about her own relationship with the local spirits of the land, so that others may become inspired to explore their own locality and thus begin their quest towards

higher brain development and self-empowerment - to Sovereignty.
