Path of the Golden Heart - Cindy Jarrett 2015-11-05

Path Of The Golden Heart: Conscious Dating In An Unconscious World: the first book in Cindy Jarrett's Conscious Relationships Series is based on Cindy's pioneering work into the necessity for emotional maturity as the key for healthy and sustaining love relationships to succeed. It is an in-depth training that brings truth back into the dating process where single men and women can fully be their authentic selves while getting to know each other. It brings an end to the suffering that has long been associated with dating. It is a modern approach to dating that dispels the myths about the games in dating many authorities try to promote. This training brings single people the necessary education as to why love has become so difficult to attain and what stands in the way of effortlessly entering into love relationships. Readers are provided easy and accessible actions to take that makes Conscious Dating a welcomed relief. Love...what we all desire. It matters most to us and drives us to do the most courageous to craziest of things. Love is what gives us our supreme experiences and challenges. It is our most powerful expression. Love heals all things. And, love is our greatest teacher. Yet, love eludes us. It is everywhere and missing in so many hearts. We fear it. We run from it. We long for it. We deserve it. It is our birthright. And it is this desire for love that brings us to the dating ritual again and again. And, love is not enough. We need more than just love to build and sustain a healthy relationship. We also need commitment, clarity, honesty, character, an inner life, consistency, maturity, an open heart, forgiveness, training, guidance, consciousness, more maturity, healthy communications, sensitivity, have I said maturity yet, and much, much more. We don't usually relate to love or love relationships with maturity in mind. We don't necessarily declare that these elements are also what loving another requires.

Mindful Love - Jason Kwan 2021-11-28

Have you ever noticed how some people have a fulfilling love life with someone who genuinely cares about them while others struggle with their relationships? We often think that's just luck or genetics. "It's just the way things are..." But what if "bad luck" were actually due to our upbringing, self-beliefs, and ways of communicating? What if we could learn and change if we were given the right tools and paths to self-discovery? We can. This is specifically why I wrote Mindful Love. This book is perfect for you if you: - Are seeking a long-term relationship - Have experienced heart-breaking breakups before and find it hard to get past the resulting trauma - Always end up with the wrong person - Have difficulties handling conflicts within a relationship - Easily overreact to relationship issues with anger or anxiety I have experienced severe breakups before. I decided to pack all of what I've learned into this book so that you can avoid my mistakes. Here are just a few of the things this book can help you with: - Identifying traumas and limiting beliefs that are holding you back from having a healthy relationship - Displaying your personality in an authentic and attractive way during first dates - Using the right lens to find the right person to start a relationship with - Understanding your partner on a much deeper level right from the beginning of the relationship - Learning simple yet powerful communication techniques that will help you effectively resolve conflicts with your partner - Handling breakups with the kind of mindset and methods that will minimize any traumatic effects And so much more. Truth in Dating - Susan Campbell, PhD 2011-02-08

Millions of single people — whether never married or divorced — put a lot of energy into meeting and dating new people, but because they don't invest their true selves, their efforts often go nowhere. To counter this trend, Susan M. Campbell presents an approach to dating that many consider radical: Be honest about yourself and ask for what you want, up front. Campbell shows people how to have fun by flirting truthfully; date without getting ahead of the relationship; enjoy the freedom of being themselves; relate to their dates with honesty; realistically examine what a romantic partner can — and can't — offer in the way of fulfillment and happiness; and move forward when the time is right, or say goodbye if it's not working. On the way to finding the love of their lives, readers gain the tools they need to successfully manage the entire process.

Deeper Dating - Ken Page 2014-12-30

With exercises, practical tools, and inspiring stories, *Deeper Dating* will guide you on a journey to find the love—and personal fulfillment—you long for. Lose weight. Be confident. Keep your partner guessing. At the end of the day, this soulless approach to dating doesn't lead to love but to insecurity and desperation. In *Deeper Dating*, Ken Page presents a new path to love. Out of his decades of work as a psychotherapist and his own personal struggle to find love, Page teaches that the greatest magnet for real love lies in our "Core Gifts"—the places of our deepest sensitivity, longing, and passion. *Deeper Dating* guides us to discover our own Core Gifts and empowers us to express them with courage, generosity, and discrimination in our dating life. When we do this, something miraculous happens: we begin to attract people who love us for who we are, we become more self-assured and emotionally available, and we lose our taste for relationships that chip away at our self-esteem. Without losing a pound, changing our hairstyle, or buying a single new accessory, we find healthy love moving closer . . . *Deeper Dating*

integrates the best of human intimacy theory with timeless spiritual truths and translates them into a practical, step-by-step process.
