The brown-eyed students were given permission to heckle and berate the blue-eyed students, even to start fights with them. The Blue-Eyed, Brown-Eyed Experiment would become world famous. Elliott would go on to appear on Johnny Carson's *Tonight Show*, followed by a stormy White House conference, and tens of thousands of media events and diversity training sessions around the world. Elliott taught 'Black Lives Matter' fifty years before the phrase was ever uttered. Yet the small town where Elliott began the incendiary experiment never forgot or forgave her. She paid a price for her hard-fought fame. But was Elliott the benign and enlightened mother of diversity she claimed to be? The damage she caused still reverberates. An indelible, confounding portrait of a woman driven to succeed, set against the backdrop of a proud and upright farming community."--

Day of the Girl was created to increase awareness of issues that affect girls — and only girls — and to encourage progress toward gender equality. Nine stories inspired by the real-life experiences of girls from all over the globe bring to light the importance of this day. From gender-based violence to illiteracy, sanitation to child marriage, each story is set in a different country and sensitively describes a situation in which the main character faces an inequity based on her gender and young age. With realistic yet hopeful outcomes for each story, girls are presented as reformers, not victims. Ordinary girls making a powerful difference — these stories will stir the activist in every child!

*Get Over Yourself!* - Patti Novak 2008-12-30  
True love doesn't just happen, notes professional matchmaker Patti Novak. You have to work for it—and want it. Forget eight-minute speed dates or online dating sites with twenty-page questionnaires that promise a scientifically calculated perfect match. The fact that you both like golf, stamp collecting, and pizza with anchovies is great, but it won't mean a thing if you don't feel that zing. But before there can be sparks, there have to be dates. And before the first date, you need to get over yourself! Taking a tough-love approach, and in her signature straight-shooting style, Patti will show you how to fix what needs to be fixed, reach your core, and identify who you are and what you want in a partner. She uses a three-part common-sense formula: • Getting Over What? Assess your dating weaknesses, recognize what's not working, and adjust your expectations. Delve into your personal history and past relationships, and pinpoint the issues that have been holding you back. • Almost Over It Fine-tune your attitude, your look, and your behavior to maximize your dating chances. Novak lays out strategies to help you deal with the brutal dating monsters you find along the way. • Over It Learn the do's and don'ts of the first date, the second date, and beyond. Remember, it's not a job interview or therapy session. Pretend you're meeting a new friend, not a prospective husband or wife. Finding your one and only isn't about having the right shoes or a flat stomach. It's about being true to yourself, being vulnerable, and being ready for love. Whether you're new to the dating scene, divorced and looking, or just trying to reach that second date, *Get Over Yourself!* will help you get the love you've always wanted and deserve.
