Women Who Love Sex - Gina Ogden 2007-09-11
Wonderful sex does more than melt both body and soul; it brings power, energy, and deep satisfaction to all aspects of our lives. In this unique book, women who consider themselves highly sexually responsive talk in intimate detail about what gives them the greatest pleasure. They redefine sex—based on how women really experience sexual pleasure—confirming what every woman knows instinctively, while creating a new language that every woman will understand. Based on extensive one-on-one interviews conducted by Dr. Ogden with hundreds of women, this thought-provoking,

wise, and unprecedented book transforms how we view sex by giving us new ways to think about sexual pleasure. To learn more about the author, Gina Ogden, go to www.ginaogden.com.

Space is the last thing an event planner and an astronaut need in this charming new romantic comedy from New York Times bestselling author Samantha Young. When event planner Hallie Goodman receives party-inspiration material from the bride of her latest wedding project, the last thing she expects to find in the files are digital videos from Darcy's ex-boyfriend. Hallie knows it's wrong to keep watching these personal videos, but this guy is cute, funny, and an astronaut on the International Space Station to boot. She's only human. And it's not long until she starts sending e-mails and video diaries to his discontinued NASA address. Since they're bouncing back, there's no way anyone will ever be able to see them...right? Christopher Ortiz is readjusting to life on earth and being constantly

in the shadow of his deceased older brother. When a friend from NASA's IT department forwards him the e-mails and video messages Hallie has sent, he can't help but notice how much her sense of humor and pink hair make his heart race. Separated by screens, Hallie and Chris are falling in love with each other, one transmission at a time. But can they make their star-crossed romance work when they each learn the other's baggage?

have sex, we make love for our metamorphosis, to evolve. And we can evolve only if we live the sexual desire to the full, as a transforming force, which brings us to our individual and couple realization. Through sexuality our soul vibrates, lights up and our being gives birth to the unknown I who lives within us. Falling in love, making love means singing a hymn to the Gods, extolling the treasures hidden in the flesh. Carnality and sexuality are aspects of the divine, sex itself is an aspect of the divine, of the Eternal. Sexuality, actually, is Aphrodite's and his son Eros' gift to men. We need to approach sexuality as if we were going towards something sacred and that is how Eros will give us our destiny. Eros, a disruptive force that blows away all the clichés, makes us realize our entire future. It is in sexual love that we realize our virtues, it is with sexual desire and through sexual attraction that our soul prepares itself for metamorphosis so that the worm that is within us turns into a wonderful butterfly. Having sex is

good for love and, therefore, you have to do it always better, make it more appetizing and interesting. For example, by experimenting with various sexual positions, we can stimulate the sexual nerve centers and enhance our own and partner's eroticism. The Benefits of Dirty Talk Why Regular Sexual Climax Is Important Increase Your Sexual Vocabulary How to Overcome Shyness Solid Tips for Beginners on How to Dirty Talk And much more. . . Having good sex, in fact, rewards individuals, makes them more creative, raises their mood and psycho physical well-being, because sex is - as already mentioned - the most important factor in a couple's life. To make good love, techniques alone are not enough. We need active participation and a playful approach.

God as Love - Johannes M. Oravec 2014-04-19
Nineteenth-century Russian religious intellectuals devoted a great deal of attention to the concept of agape, or Divine Love, arguing that the Christian church is a reflection of the triune, self-sacrificing God and his love for all of creation. On account of their deliberations, these intellectuals played a key role in mediating between the Orthodox Church and modern

society. In *God as Love* Johannes Oravec presents a comprehensive summation of twenty-five prominent Russian thinkers and their thought on the concept of agape, showing in detail how they broke new ground in their various affirmations of the truth that God is love. No other book in any language treats this topic with such breadth and depth.

Power and Sex - Scilla Elworthy 1997
Exploring themes as diverse as ancient Goddess religions, nuclear weapons decision-making and female circumcision, this book examines traditional ways in which power has been abused as a tool to dominate others - physically, sexually, politically and spiritually. Against this background the book outlines an alternative path which the author calls *hara power*. *Hara power* refers to the synthesis of physical and spiritual energy, and is also the synthesis of the masculine and feminine within each of us.
The Road To The Great Cosmic Mother - Avivah Moreland-El 2008-03

This book is about situations we all have had, or will go through literally in life that will either transform our minds or allow us the opportunity to have other situations that will. The need to know yourself and your purpose for being here is the key point of the journey. The book shares that in life we all have stories, adventures, even tragedies that we feel are real. We have them but we are not them. The chapters describe the high roads and the low roads of love, sex, relationships, talents, servitude and gratitude. Ultimately the book pronounces the importance of the male and female balance. It reintroduces the significance of The Woman, The Mother, The Female and her presence in the world. She is the focal point of this book. Due to the patriarchal dominance for so long, this book is written to cause thoughts of what the world would be like when the balance of both male and female energy is in total harmony without, dominance, control and power for the gratification of the false ego verses the higher sense of being.

The Alchemy of Sexual Energy - Mantak Chia

2009-12-23

Taoist techniques for replenishing our internal

energy with universal cosmic energy • Shows how to transform excess sexual energy (Ching Chi) into self-healing energy • Presents advanced Cosmic Healing Chi Kung practices, which gather the limitless resources of Cosmic Chi for healing • Explains how opening of the three tan tiens to the six directions allows personal consciousness to connect directly to higher sources of energy Taoists consider our sexual energy to be the creative force that we can use to regenerate the body's internal energy, but we must learn how to harness excess sexual energy and transform it into chi, or life-force energy. When we circulate the sexual energy in the Microcosmic Orbit--a continuous energy loop that runs up the spine and down the front of the body--we transform it into self-healing energy that can be stored in the organs and the three tan tiens: energy centers in the brain, the heart center, and the lower abdomen. The Alchemy of Sexual Energy builds upon Microcosmic Orbit practices discussed in

Healing Light of the Tao. The more we open the flow of our internal energy the more capable we are of connecting to the cosmic energy that exists outside ourselves in the universe. By learning to open the three tan tiens to the six directions, the Taoist practitioner combines mind power with extension of chi to draw cosmic energy into the body. This energy, too, can be stored in the three tan tiens and used as needed for healing. When we learn to flow in this way with the energy of the Tao, life ceases to be a struggle.

Towards a Soulful Sexuality - Adele Gruber 2011-02-14

This book is called "Towards a Soulful Sexuality" because it is an initial step in the direction of a destination towards which I believe we should journey. This is a renewed consciousness of a feminine sexual holiness firmly grounded in our bodies and our psyches that should apply throughout a woman's life, even, and most especially, in the post-menopausal years.

The Heart and Soul of Sex - Gina Ogden

2006-07-11

Drawing on the results of her unique national sex survey—and on decades of clinical practice as a sex therapist—Gina Ogden offers a revolutionary exploration of women's sexual experience. The best sex, say thousands of women, doesn't just happen in the body. It is multidimensional, connecting body, mind, heart, and soul. In *The Heart and Soul of Sex*, Ogden coaches readers to fully realize the physical, emotional, mental, and spiritual aspects of sex, making what she calls the "ISIS Connection." Throughout the book are firsthand stories of survey respondents, offering examples of how ordinary women—from ages eighteen to eighty-six and from many backgrounds—have found their own way to sexual expression that is deeply satisfying and even life-changing. *The Heart and Soul of Sex* takes the reader on a journey beyond the usual emphasis on performance, including practical exercises that can be done alone or

with a partner. Ogden shows us that we can be much more than we've been told—not just fun and exciting but deeply healing, magical, and transformative.

The Napo Runa of Amazonian Ecuador -

Michael Uzendoski 2010-10-01

Based upon historical and archival research, as well as the author's years of fieldwork in indigenous communities, Michael Uzendoski's theoretically informed work analyzes value from the perspective of the Napo Runa people of the Amazonian Ecuador. Written in a clear and readable style, *The Napo Runa of Amazonian Ecuador* presents theoretical issues of value, poetics, and kinship as linked to the author's intersubjective experiences in Napo Runa culture. Drawing on insights from the theory of gift and value, Uzendoski argues that Napo Runa culture personifies value by transforming things into people through a process of subordinating them to human relationships. While many traditional exchange models treat the production

of things as inconsequential, the Napo Runa understand production to involve a relationship with natural beings (plants, animals, spirits of the forest), which are considered to be subjects that share spiritual substance, or samai. Throughout the book, value is revealed as the outcome of a complicated poetics of transformation by which things and persons are woven into kinship forms that define daily social and ritual life.

Love Sex 3 - Gordon Denman 2013

Text in English, French & German. Embracing,

knotted and bent together, the lovers -- men and women -- are performing, as if on a cosmic plane, the choreography of love. Sex is a celebration that literally tears us from daily reality and throws us into the symbolic universe of invisible powers. This may explain why such images of naked bodies making love always compel us to stop in fascination. Not only do they "activate" hormones like a supernova inside of us, but they also show us something practical, wonderfully simple and strong: the mystery of universal power and lust reduced to the scale of human kind.
