A Foodie Afloat Di Murrell 2020-07-28 A Foodie Afloat is the story of a cook's journey through France on a barge. Di Murrell takes us on a gentle journey across France; her main preoccupation being to make sure that tasty food arrives on the table each day. As she voyages across the country she shows, through her recipes, how the cuisine changes with the landscape. Whether bought in the market, dug from a lock-keeper's garden or even foraged along the towpath, the food she finds and cooks is always seasonal and local to the region. This book is more than just a collection of recipes though. It is the result of a life spent on the waterways of Europe. She talks to lock-keepers, skippers of working barges and those, who, like her, find their sustenance on or near the canal. Di's enjoyment of good champagne, foie gras and truffles leads to an eclectic mix of simplicity and sophistication in her cooking. The boating life, though rarely sensational, is full of small events and chance encounters. This is an enticing story of slow boats and slow food. Di makes it come alive, and her combination of travel and recipe book tempts us to give up everything and join her on the waterways of Northern and Central France. A Foodie Afloat is the 2020 UK winner of the World Gourmand Cookbook Awards in the Food Tourism category.

Nature Inside Penny Sparke 2021-02-02 The story of how plants and flowers have shaped interior design for over 200 years From ferns in 19th-century British parlors to contemporary "living walls" in commercial spaces, plants and flowers have long been incorporated into the design of public and private spaces. Spanning two centuries, Nature Inside explores the history and popularity of indoor plants, revealing the close relationship between architecture, interior design, and nature. Studying the international modern interior through the lens of plants in the human environment, author Penny Sparke attributes a degree of the interest in indoor plants to urbanization, and, more recently, the climate crisis, which serve as ongoing reminders that people must maintain a connection to, and respect for, the natural world. While architectural and interior design styles have evolved alongside the popularity of various plant species, the human need to bring nature indoors has remained constant.

My Father's Tears and Other Stories John Updike 2010 A beautiful, moving collection of short stories, in many of which Updike revisits the haunts of his childhood from the vantage point of old age. In 'Fiftieth' old friends reconnect at a class reunion, and one of them is left wondering, 'What does it mean: the enormity of having been children and now being old, living next to death.' In the story 'The Full Glass' the protagonist describes somewhat ruefully the rituals of old age. Before going to bed, he raises his nightly water glass 'drinking a toast to the visible world, his impending disappearance from it be damned.' In 'Varieties of Religious Experiences' a grandfather, visiting his daughter in Brooklyn Heights, watches the tower of the World Trade Centre fall, and his view of a God is forever altered. Again and again in these memorable stories, Updike strikes to the heart, giving words to what is so often left unsaid. He is at once witty, devastatingly observant, touching ♦ and, of course, a consummate storyteller. This is a collection that will be admired and cherished.

Sweet Treats Elliot Silvestri 2020-06-03 A chance encounter at a job training seminar bring together Henry and Aimee. He's enamored of her large breasts and she is charmed by his polite awkwardness. Not wanting to be at the seminar, they slip off together and discover they had a mutual interest in something special: her breasts. What they don't know is where this chance encounter will lead them and how much it will change them. Originally published in three parts. This is a 30,000-word lactation erotica/adult nursing novella that contains explicit sex and sexual descriptions. It focuses on adult nursing, erotic lactation, cheating spouses, complicated sexual relationships, and other sexually explicit themes and language that not all members of the public will enjoy. Excerpt: "Aren't we moving kind of fast?" Aimee paused. She liked that he was only a couple of inches taller than her. Maybe he was a bit skinny, but he was firm in all the right places. "Since when are guys worried about that?" "I can worry about it," he said defensively, but with a grin as well. "Are you looking for a relationship?" she teased. Henry didn't know what he was looking for. "Maybe," he hedged. "I just don't want to screw this up." She kissed him again and slid her hands up from his waist, under his shirt, feeling his warm skin and firm muscles. "The only way you can screw this up right now is by being lousy in bed," she said as she ground her hips against him, feeling his hardness under his clothes. It was driving her mad with lust. "Let's see how our physical relationship goes and then we'll work on an emotional one." That seemed strange to Henry, but Aimee had been in the same position before. She had created an emotional attachment when she shouldn't have. Now all she wanted was a little bit of sex. Maybe a lot of sex. Emotional needs could wait. Physical needs were immediate.

Captivated Tessa Bailey 2018-05-21 Secret aspiring comedian Autumn Reynolds is a girl gone...not wild exactly. More like lazy. Since her boyfriend abandoned her in New York City for a bunch of improv groupies she's had two priorities; sucking the nitrous out of whipped cream cans and making sex comics about her mysterious landlord. Blake hates people-and sunlight-with good reason. Imagine his surprise when he finds himself lusting after his upstairs tenant, a sunny, Australian people pleaser down on her luck. Turns out his ability to terrify with a single scowl comes with an advantage. Autumn seems to like it. A lot. As evidenced by the prisoner-captive comic Blake was never meant to see. As they embark on a three-date arrangement the rules are clear; filthy, ground breaking sex, no feelings or commitment required. When chemistry is this strong, though, attachment follows. As Blake and Autumn attempt to negotiate their New York romance, their prior histories and secret dreams come to the foreground. How long can these polar opposites remain Captivated, when all signs point to disaster?
