classic film *Frankenstein*, with a few new twists. Kimberly plays Fraulein Stein, a scientist determined to discover the secret of life, and Serenity plays the monster she creates-but is the monster real or just a figment of Fraulein Stein's guilt-ridden mind? Some may be startled by their biting sincerity; others may be spellbound by their unbridled flights of fantasy. Don't buy this book if: 1. You don't have nerves of steel. 2. You expect to get pregnant in the next five minutes. 3. You've heard it all.

Woman Overboard - Jo Kadlecck 2009-07-01
Woman Overboard, Kadlecck explores the meaning of passion through the lens of her own life. Follow her from a middle-class, suburban existence bordering on tedium to a life awakened to the gifts in and around her, a life that embraces the new and unexpected. Discover with her the paradoxes of pain and beauty, life and death, love and compassion, work and adventure. "Each of these helped me see that this question of being alive

demands utter abandon but is somehow as familiar and safe as home," Kadlecck writes. "To forgo the possibility of ever again feeling real joy, fear, hope or excitement, the very idea of such complacency evoked terror in me. I'm suddenly thankful for pillows and roofs, for beaches and towels, for feet and waves and soft, mushy sand." If you want something more, to have a truly meaningful life, Woman Overboard will inspire you to live more passionately.
