## **Not All Mothers Love Their Baby** - Kirsty Mac 2021-10-06

Unlike the glamorous image of motherhood we see portrayed in film, TV and social media - bonding through breastfeeding, family days out capturing lifelong memories and well put-together mothers who can 'do it all' - this book shows a raw and gritty reality that, for a lot of first-time parents, is far from what they expected. Her world turned upside down through shock and trauma of childbirth, and dealing with the heartache of postnatal depression in its wake, Kirsty recounts the first few years of motherhood that this cruel mental illness stole from her; robbing her of joy, threatening her relationship, and rendering her incapable of feeling any love for her baby whatsoever. Instead, she found herself in a constant state of

mental brutality with 'The Mind Demons', isolating her from loved ones, berating her with intrusive thoughts, and sending her into a downward spiral of self-loathing and suicidal ideation. Without holding back, Kirsty takes her readers on a painful (albeit, rich with humour and wit) journey through postnatal depression - cracked nipples and swollen 'yoohas' galore. Believing herself to be a toxic, horrid beast and a failure of a mother, so much of her story will relate to new parents everywhere, especially those who have also found themselves asking why everyone else seems to have it together and they don't. From breakdowns mid 'passion' to weeping over postpartum belly pouches, this is a real story of parenthood, in all its sincere pain, rage and love -

eventually.

A Mothers Love - Rosalie Klein  
2008-01-21

Rosalie Klein is a young mother, happily watching her three healthy children, Amanda, Matt and Josh, slowly blossom. Together with her husband Joey, she's always tried to provide the best for her family: a newly-built house in a New Jersey suburb, vacations and sleep-away camp during the summer; she even makes sure they keep up with their annual pediatrician checkups, including blood work. Then, one day following an ordinary physical, she learns that Matt has Acute Myelogenous Leukemia, a rapidly-growing cancer of the blood and bone marrow. Before Rosalie has a chance to catch her breath from receiving the frightening diagnosis, she's told Matt must be checked into a hospital immediately and begin chemotherapy in order to save his life. Scared and worried, Rosalie somehow manages to summon her strength for her son Matt and for her family. Poignant, painful, and often

humorous, *A Mother's Love*, is the tale of the next ten months in the life of the Klein family. It chronicles the extreme highs and lows, the fear and the joy, the tears and the laughter. Mostly, it narrates a story of love. If you've ever been a mother or a child, this is a must-read.

*Her Mother's Daughter* - Linda Carroll 2007-01-09

The daughter of esteemed writer Paula Fox and the mother of Courtney Love relates "the curse of the first-born daughter" that has haunted four generations of

her family As an adopted child, Linda Carroll created a magical world of her own, made up of dramatic adventures and the abiding fantasy that her real mother would come and take her away. When she finds herself pregnant at the age of eighteen, she is determined to have the perfect understanding with her child that she lacked with her adoptive mother. But readers will know better, for that baby grows up to be Courtney Love, desperately attention-seeking, deeply troubled, and one of the most talented women in rock. Even as a baby, Courtney is beset by mood swings that no doctor can explain or cure. Her dark moods and paranoia escalate as she grows up, driving mother and daughter apart. When Courtney has a daughter of her own, Linda finally decides to find her own biological mother, and end the estrangement of generations of first-born daughters. Her Mother's Daughter is Linda Carroll's story of self-discovery as an adopted daughter, a childlike hippie mother, and a

woman determined to find herself before finding her roots. Set apart from the typical celebrity memoir by Carroll's gifted storytelling, Her Mother's Daughter gives a fresh perspective on the elusive yet enduring connections between mothers and daughters, and reveals the true history of the wildly confabulatory Courtney Love. **A Mother's Love** - Lyn Andrews 2010-05-27

In a busy Liverpool pub, life is far from easy... Lyn Andrews writes a moving saga in A Mother's Love, a tale of family relationships and ambition in one Liverpool pub. Perfect for fans of Anne Baker, Dilly Court and Maureen Lee. 'A Mother's Love is another strongly-written saga that captures and holds the reader's attention from start to finish...an enjoyable, well-rounded novel' - Historical Novels Review Eve and Eddie Dobson have been

running the George pub in Liverpool for over twenty years. Now, though, the Depression is taking hold and, with money in short supply, it's galling for Eve that the barmaid they can barely afford spends the day making eyes at Eddie rather than pulling her weight behind the bar. At least her three daughters have never been a worry to Eve. Lily's dreams of going on the stage haven't led her into trouble, so far. Sarah seems content to slog away as a waitress, while Maggie's gently directing her devoted boyfriend to the altar. But when Eddie's flirtation with the hired help takes an unexpected turn, everything changes, leaving none of Eve's family untouched... and calling on all the strength of a mother's love. What readers are saying about A Mother's Love: 'Excellent writing from a brilliant author - five stars' 'Love Lyn Andrews' books... would highly recommend... great family story'

1939. Mary Vale, a grand and

imposing Mother and Baby Home, sits on the remote Fylde coast in Lancashire. Its doors are open to unmarried women who come to hide their condition and find sanctuary. Women from all walks of life pass through Mary Vale, from beautiful waitress Emily, whose boyfriend has vanished without trace, to young Isla, cast out by her wealthy family after her first year at university goes horribly wrong. Praise for Daisy Styles 'This book brought home wonderfully the vivid camaraderie wartime women shared and their immense sacrifices on the Home Front. *Mother Hunger* - Kelly McDaniel 2021-07-20

An insatiable need for sex and love. Periods of overeating or starving. A pattern of unstable and painful relationships. Does this sound painfully familiar?

Trauma counselor Kelly McDaniel has seen these traits over and over in clients who feel trapped in cycles of harmful behaviors-and are unable to stop. Many of us find ourselves stuck in unhealthy habits simply because we don't see a better way. With *Mother Hunger*, McDaniel helps women break the cycle of destructive behavior by taking a fresh look at childhood trauma and its lasting impact. In doing so, she destigmatizes the shame that comes with being under-mothered and misdiagnosed. McDaniel offers a healing path with powerful tools that include therapeutic interventions and lifestyle changes in service to healthy relationships. The constant search for mother love can be a lifelong emotional burden, but healing begins with knowing and naming what we are missing. McDaniel is the first clinician to identify *Mother Hunger*, which demystifies the search for love and provides the compass that each woman needs to end the struggle with achy, lonely emptiness, and

How Mothers Love - Naomi Stadlen 2011-09-01

Mothers describe falling in love with their babies and then, more slowly, learning to understand them. Children flourish when their mothers love and understand them. For over 20 years, Naomi Stadlen has listened to hundreds of mothers talking at her weekly discussion groups. In 'How Mothers Love' she offers unique insights into how mothers and babies learn to communicate intimately with one another. When adults relate to one another, they are building on the foundations usually laid down by their mothers. 'How Mothers Love' is a study of how mothers start to build those foundations and covers areas such as: how to create emotional 'space' for your unborn child; how to maintain a close relationship with two or more children; the transformation into motherhood and your role as a mother in wider society. By sharing the experiences of other mothers, Naomi Stadlen

offers reassurance and support to all new parents as they navigate the highs and lows of the early years with their babies.

### **The Power of Mother Love -**

Brenda Hunter 2011-05-04

The Power of Mother Love highlights the incredible--although sometimes unrealized--influence that a mother has on her children and her society. Decades of scientific and psychological study provide overwhelming evidence for the idea that "mother love" has an enormous, permanent impact in shaping the character and life of a child. In her compelling new work, psychologist Brenda Hunter presents a convincing

argument that indicates this love is even more powerful, even more far-reaching than our culture has yet realized , not only for the child, but for the mother and society as a whole. Affirming the immeasurable value of the mothering role while realistically addressing women's greatest questions and concerns, Hunter clearly reveals how mother love positively affects the way a woman defines herself. All mothers, and all those who care about the lives of women, children, and the future of our society will be dramatically impacted by this not-to-be-missed book, skillfully written to empower women to mother from the heart.
