The Mythology of Sex - Sarah Dening 1996

The Mythology of Sex explores the ways in which cultural myths reflect attitudes toward sexuality and how these attitudes have changed over time. Drawing on the lore and history of ancient civilizations, recent empires, secret societies, and religions old and new, this handsome guide provides a fascinating approach to understanding the origins of our behaviors, our ideas about the world, and our sexual selves. You'll learn the origins of the virgin/whore dichotomy; find out what the Kama Sutra is really all about; discover the original sexual significance of many of today's traditions (including those surrounding Saint Valentine's Day, Christmas, and Easter); and even take a glimpse into a secret society whose initiation ceremony involved the kissing of animals.

Histories of Sexuality - Stephen Garton 2014-12-18

This book presents the first assessment of one of the most rapidly expanding fields of research: the history of sexuality. From the early efforts of historians to work out a model for sexual history, to the extraordinary impact of French philosopher Michel Foucault, to the vigorous debates about essentialism and social constructionism, to the emergence of contemporary debates about historicism, queer theory, embodiment, gender and cultural history - we now have vast and diverse historical scholarship on sex and sexuality. 'Histories of Sexuality' highlights the key historical moments and issues: pederasty and cultures of male passivity in ancient Greece and Rome; the impact of early Christianity and ideals of renunciation on the sexual cultures of late antiquity; the sustained existence of homosexual cultures in medieval and renaissance Europe; the "invention" of homosexuality and heterosexuality in eighteenth century Europe and America; the truth behind Victorian sexual repression; the work of reformers and scientists such as Havelock Ellis, Marie Stopes, Stella Browne, Margaret Sanger, Alfred Kinsey, William Masters and Virginia Johnson.

Sexual Nature/Sexual Culture - Paul R. Abramson 1995-07

In this multidisciplinary study of human sexuality, an international team of scholars looks at the influences of nature and nurture, biology and culture, and sex and gender in the sexual experiences of humans and other primates. Using as its center the idea that sexual pleasure is the primary motivational force behind human sexuality and that reproduction is simply a byproduct of the pleasurability of sex, this book examines sexuality at the individual, societal, and cultural levels. Beginning with a look at the evolution of sexuality in humans and other primates, the essays in the first section examine the sexual ingenuity of primates, the dominant theories of sexual behavior, the differences in male and female sexual interest and behavior, and the role of physical attractiveness in mate selection. The focus then shifts to biological approaches to sexuality, especially the genetic and hormonal origins of sexual orientation, gender, and pleasure. The essays go on to look at the role of pleasure in different cultures. Included are essays on love among the tribespeople of the Brazilian rain forest and the regulation of adolescent sexuality in India. Finally, several contributors look at the methodological issues in the study of human sexuality, paying particular attention to the problems with research that relies on people's memories of their sexual experiences. The contributors are Angela Pattatucci, Dean Hamer, David Greenberg, Frans de Waal, Mary McDonald Pavelka, Kim Wallen, Donald Symons, Heino Meyer-Bahlburg, Jean D. Wilson, Donald Tuzin, Lawrence Cohen, Thomas Gregor, Lenore Manderson, Robert C. Bailey, Alice Schlegel, Edward H. Kaplan, Richard Berk, Paul R.

Abramson, Paul Okami, and Stephen D. Pinkerton. Spanning the chasm of the nature versus nurture debate, Sexual Nature/Sexual Culture is a look at human sexuality as a complex interaction of genetic potentials and cultural influences. This book will be of interest to a wide range of readers—from scholars and students in psychology, anthropology, sociology, and history to clinicians, researchers, and others seeking to understand the many dimensions of sexuality. "If we ever expect to solve the sexually based problems that modern societies face, we must encourage investigations of human sexual behavior. Moreover, those investigations should employ a broad range of disciplines—looking at sex from all angles, which is precisely what Sexual Nature, Sexual Culture does."—Mike May, American Scientist "...This timely and relevant book reminds us that we cannot rely on simple solutions to complex problems. It represents a transdisciplinary approach integrating knowledge from diverse fields and provides the reader with a challenging and rewarding experience. Especially for those who are involved in teaching human sexuality to medical students and other health care professionals, this book is highly recommended."—Gerald Wiviortt, M.D., Journal of Nervous and Mental Disease "In short, this volume contains much to stimulate, inform, and amuse, in varying proportions. What more can one ask?"—Pierre L. van den Berghe, Journal of the History of Sexuality "...the book succeeds in bring together some of the sharpest thinkers in the field of human sexuality, and goes a long way toward clarifying the diverse perspectives that currently exist."—David M. Buss and Todd K. Shackelford, Quarterly Review of Biology

[A History of Sexual Customs](#) - Richard Lewinsohn 1964

A Cultural History of Sexuality in the Classical World - Mark Golden 2014-03-13

Though many of the sexual practices of the Ancient Greeks and Romans are known and accepted today, the meanings the Ancients associated with these acts were often utterly different from our own. Both idea and practice also varied within antiquity, shaped by locale, history, social class, age, legal status, and gender. Focusing on the cultures of the Mediterranean from 800 BCE to 350 CE, A Cultural History of Sexuality in the Classical World covers sexual practices, feelings, and ideas from the time of Homer to the transformation of the Roman Empire. A Cultural History of Sexuality in the Classical World presents an overview of the period with essays on heterosexuality, homosexuality, sexual variations, religious and legal issues, health concerns, popular beliefs about sexuality, prostitution and erotica.

[A Cultural History of Sexuality in the Age of Empire](#) - Chiara Beccalossi 2014-03-13

The 19th Century saw intense urbanization, the development of a consumer culture, the formalization of gender roles, the solidification of class structures, and various encounters with the exotic customs of the colonies - all of which contributed to enhance sexual anxiety among the middle classes. In response, new social conventions, sanitary prescriptions, practices of self-control, and policies of sex regulation and education were developed as a means to control disorderly sexual behavior. At the same time, though an ideology based on sexual respectability was largely promoted throughout society, significant individuals and subcultures often challenged both the principle and the practice of such morality. A Cultural History of Sexuality in the Age of Empire presents an overview of the period with essays on

heterosexuality, homosexuality, sexual variations, religious and legal issues, health concerns, popular beliefs about sexuality, prostitution and erotica.

"This volume is a keeper. Courses based on Kuefler will illuminate their audiences and probably win teaching awards too." - Paul R. Hyams, Cornell University

[Sex, the World History](#) - John R Gregg 2019-07-26

Sex, the World History: Through Time, Religion, and Culture has three sections. Section I of the book is titled The Ancient World: Early Europe to the Renaissance and Islam. It is a daring exploration of human sexuality from the ancient to the modern world. Revealed are sexual practices and beliefs previously omitted or obscured from all historical telling. In a scathing condemnation of religion and its control of sex, the book explores complex relationships between spirituality and sexuality. The relatively recent fall of the mother goddess and her supremacy throughout most of human existence are detailed in both word and image. These pages share erotic artworks and explicit literary excerpts from throughout the world, painstakingly culled from the hidden treasure trove of cultures throughout history. Sex, the Illustrated History traces sexual attitudes from the transcendent to the bizarre throughout the world's cultures. Revealed for the first time is the bisexuality of the majority of human cultures. Before Christianity, Asia, the Pacific, Africa, the Americas, Europe, and most human cultures practiced male/male love along with male/female love. Lesbianism is also treated in depth. It offers, in very readable form, an encyclopedic tour of the sexuality of humankind. Section II entitled Sex, the Illustrated History begins a bold probe of human sexuality from Asia, Australia, Melanesia, Micronesia, Polynesia, ancient North and South America, and Africa, and it moves into the modern world. The analysis of gender truths and religion and its control of sex continues as the book pursues intricate relationships between spirituality and sexuality. The book is leagues beyond the classic History of Sexuality by Michael Foucault, which was written in the 1950s. Section III entitled Sex, the Illustrated History begins a courageous exploration of human sexuality from the Enlightenment to the current modern world. It also talks about Europe from the seventeenth century to the modern world, Victorian licentiousness, colonial North and South America to the current day Americas, world wars and sex slavery, Roman Catholic molestations, counterculture love, child brides and forced marriages, and slavery and homosexuality through time. The book explores complicated relationships between modern spirituality and sexuality.

History of Sexual Customs - Richard Lewinsohn 1999-12-01

Sex, the Illustrated History: Through Time, Religion, and Culture - John Gregg 2018-07-30

Sex, The Illustrated History: Volume Three, continues a courageous exploration of sexual customs and conflicts into the modern world. This work explores the fight for sexual freedom in a world of often repressed sexuality. The conflict with the Church and its control of sexuality and law, has stood as a barrier against freedom of human sexuality. The focus of this work is primarily the European and American theater, as they strive to rise above the ancient precepts that have girdled sexuality. The fight was a long and hard fought one; prejudice and prudery, and claims of morality and law, standing rigidly against a new rationalism beginning in the reformation. The book explores in depth; historical and contemporary worldwide slavery, forced marriage, child brides, abuses of the Catholic Church and sexual trafficking. Also explored are the history of homosexual movements, bisexuality, and the larger LGBT+ movements.

A Cultural History of Sexuality in the Classical World - Mark Golden 2011

"Though many of the sexual practices of the Ancient Greeks and Romans are known and accepted today, the meanings the Ancients associated with these acts were often utterly different from our own. Both idea and practice also varied within antiquity, shaped by locale, history, social class, age, legal status, and gender. The book explores in depth; historical and contemporary worldwide slavery, forced marriage, child brides, abuses of the Catholic Church and sexual trafficking. Also explored are the history of homosexual movements, bisexuality, and the larger LGBT+ movements.

The Prehistory of Sex - Timothy Taylor 1997

From cave art to penis sheaths, from the personal tragedies of death in childbirth to the grand symbols of Stonehenge, this is a collection and analysis of a wide range of artefacts and written records relevant to the sexual history of mankind. Examining the data of 4,000,000 years, the book encompasses transvestite priests, Amazon warrior-women, familial and societal power relations, genes and hormones.

A History of Sexual Customs from the Earliest Times to the Present ... - Richard Lewinsohn 1971

A Cultural History of Sexuality in the Modern Age - Gert Hekma 2014-03-13

Sexual cultures have changed enormously in the 20th Century. We have greater sexual equality than ever before and homosexuality has shifted from being a crime, a sin, and a disease to an acknowledged and sometimes legally sanctioned variation. However, many sexual practices remain controversial, even demonized. The sexual revolution, psychoanalysis, changes in the law, medical advances, and the explosion of sexual imagery in the media have all contributed to a liberalization of sex. At the same time, Western cultures continue to think about sexuality as a desire shaped by nature, as of greater interest to men than women, as private, and as shaped by love. A Cultural History of Sexuality in the Modern Age presents an overview of the period with essays on heterosexuality, homosexuality, sexual variations, religious and legal issues, health concerns, popular beliefs about sexuality, prostitution and erotica.

Sex, the Illustrated History - John R. Gregg 2016-11-16

Sex, The Illustrated History, Volume I, begins a daring exploration of human sexuality from the ancient to the modern world. Revealed are sexual practices and beliefs previously omitted or obscured from all historical telling. In a scathing condemnation of religion and its control of sex, the book explores complex relationships between spirituality and sexuality. The supremacy of the mother goddess throughout most of human existence, and her relatively recent fall, is detailed in both word and image. These pages share graphic erotic art works and explicit literary excerpts, painstakingly culled from the hidden treasure trove of cultures throughout history. Sex, The Illustrated History, traces sexual attitudes from the transcendent to the bizarre throughout the worlds' cultures. The often explicit illustrations are linked by historical and anthropological content, inviting the reader to experience sexuality through varied and often shocking cultural lenses. Over 300 images have been gathered by the author, in his travels and studies of world cultures. An encyclopedic tour of the sexuality of humankind!

Sex, the Illustrated History - John R. Gregg 2017-11-15

Sex, the Illustrated History: Through Time, Religion, and Culture, Volume II, continues a daring exploration of human sexuality from the ancient to the modern world. This volume explores the sexual beliefs and practices of the peoples of Asia, Australia, Africa, the South Pacific, and the indigenous Americas. Revealed are sexual practices and beliefs previously omitted or obscured from all historical telling. This work explores complex relationships between Eastern spirituality and sexuality. The author continues the exploration of religion's control over sexuality and the projection of women as both goddess and chattel. Sex,

the Illustrated History traces sexual attitudes from the transcendent to the bizarre throughout the world's cultures. These pages share graphic erotic artworks as well as explicit literary excerpts painstakingly culled from the hidden treasure troves of cultures throughout history. The often-explicit illustrations are linked by historical and anthropological content, inviting the reader to experience sexuality through varied and often-shocking cultural lenses. Each volume contains over 250 erotically themed images that have been gathered by the author in his travels and studies of world cultures. This is an encyclopedic tour of the sexuality of humankind! Reviews "A startling achievement! Nothing like this has ever been published. A prodigious and iconoclastic odyssey into human sexuality through ages and cultures. A new light is cast upon lesser-explored topics in the history of sexuality, bisexuality, the subjugation of women, and the exploitation of women and boys. Hundreds of images of sexual and erotic life in various cultures help to tell this impeccably documented tale of human sensuality. Challenging and confronting, this book is sure to disrupt cherished beliefs about religion and sex" (Dr. T. W. Vickers). "Personally, I was enriched by this book and learned a vast amount of new sexual material. This book is both unsafe and pernicious if

you share this most common superstition in our culture, the idea that words can be dangerous. I know John from the Berkeley days, and he worked with Timothy Leary and myself on the Exo-series of Human Evolution. I applaud his life's work" (Robert Anton Wilson).

Sex Before the Sexual Revolution - Simon Szreter 2010-10-14

What did sex mean for ordinary people before the sexual revolution of the 1960s and 1970s, who were often pitied by later generations as repressed, unfulfilled and full of moral anxiety? This book provides the first rounded, first-hand account of sexuality in marriage in the early and mid-twentieth century. These award-winning authors look beyond conventions of silence among the respectable majority to challenge stereotypes of ignorance and inhibition. Based on vivid, compelling and frank testimonies from a socially and geographically diverse range of individuals, the book explores a spectrum of sexual experiences, from learning about sex and sexual practices in courtship, to attitudes to the body, marital ideals and birth control. It demonstrates that while the era's emphasis on silence and strict moral codes could for some be a source of inhibition and dissatisfaction, for many the culture of privacy and innocence was central to fulfilling and pleasurable intimate lives.
