**Find Out Anything From

Pyle 2014-01-20
"A new book by an army
intelligence interrogator could
help you get the answers to
your most pressing questions."
—Time The secret to finding
out anything you want to know
is amazingly simple: Ask good
questions. Most people trip
through life asking bad
questions—of teachers, friends,
coworkers, clients, prospects,
experts, and suspects. Even
people trained in questioning,
such as journalists and
lawyers, commonly ask
questions that get partial or
misleading answers. People in
any profession will immediately
benefit by developing the skill
and art of good questioning.
Find Out Anything From
Anyone, Anytime will give you
the power to: Identify and
practice good questioning
techniques Recognize types of
questions to avoid Know the
questions required when
hearing unconfirmed reports or
gossip Practice good listening
techniques and exploit all leads

Determine when and how to control the conversation Gain real expertise fast Within professional interrogation circles, author James Pyle is known as a strategic debriefer—meaning there is no one around him more skilled at asking questions and getting answers. He has been training other interrogators in questioning techniques since 1989. “With his style of questioning alone, Jim Pyle can get more information than most other interrogators using multiple techniques.”

The Guyde - Howie Reith 2016-11-19

The Guyde is the most comprehensive men's dating and self-improvement book ever written, designed to be everything you need to transform into the most confident version of yourself. There are no lines or routines; instead you'll find exercises and information to improve your self-esteem, social skills, and other elements integral to social success. Everything in these pages is backed with scientific evidence, and when I say scientific evidence, I mean cited peer-reviewed literature, not pop evolutionary psychology or the "law of attraction." You won't be reading anecdotes telling you about my "successes" or opinions; you'll be learning the practical steps necessary for the specific changes you want to manifest in your life. The Guyde is divided into four sections: Part I - Psychology Part I focuses on the internal elements of social interaction. How do you overcome your toxic self-limiting beliefs that keep you from being authentic with people? How do you

overcome your fears? How can you stay motivated to make your changes? You will learn clinically effective approaches to all of these and more. Part II - Social Skills For many men, the biggest barrier between themselves and social success is a lack of social skills and awareness. In Part II, you'll learn how to shore up this weakness. You will learn how to listen, banter, share stories, and assert yourself with others. You'll learn how to improve your body language and vocal tonality to project confidence and charisma. Part III - Physical Attractiveness Part III will teach you how to improve your physical features. The first two chapters detail the most clinically effective approaches to diet and exercise. We'll also discuss the basics of fashion and how to dress to impress. Master Part III, and when you go out, you will turn heads. Part IV - Dating The final portion of The Guyde deals with dating, in this version, in a heterosexual male context. You'll learn the best places to meet potential dates,

how to flirt, and how to ask someone out. You'll learn how to plan brag-worthy romantic evenings and how to address problems like rude cancellations and "ghosting." You'll learn how to interact physically while being sensitive to your date's wishes, as well as how to perform better in bed. You'll learn why relationships fail and how to avoid the pitfalls most couples fall into, and you'll come to understand a bit about what it's like to date from a woman's perspective, including many of the cultural factors they face that most men don't understand. The Guyde is a labor of love. I wrote it to be everything I wish I'd known when I was younger, the sorts of things that turned my life around for the better. I hope it does the same for you.

Why Women Have Sex - Cindy Meston 2010-04-01

Why do women have sex? Is it purely for pleasure or the desire to reproduce? In their ground-breaking book, clinical psychologist Cindy Meston and evolutionary psychologist

David Buss investigate the underlying sexual desires of women and identify 237 distinct motivations for sex. Drawing on more than a thousand intensive interviews conducted solely for the book, as well as their pioneering research on physiological response and evolutionary emotions, Meston and Buss give us a remarkably complex and nuanced portrait of female sexuality. They explore the use of sex as a defensive tactic against a man's infidelity (protection), as a ploy to boost self-confidence (status), as a barter for gifts (resource acquisition), or even as a cure for a headache (medication). *Why Women Have Sex* explores the deep-seated psychology and biology of female sexuality, and promises to inform every woman's - and her partner's - awareness of her relationship to sex and her own sexuality.

Like a Girl - Lori Degman 2019

Once upon a time, "like a girl" was an insult. Not anymore! In every walk of life, girls are demonstrating their creativity,

perseverance, and strength. From civil rights activist Rosa Parks, who stood up for her beliefs by staying seated, to astronaut Sally Ride, the 24 women profiled here took risks, broke barriers, and transformed the world. This tribute to girl power will inspire young women everywhere.

Persephone Station - Stina Leicht 2021-01-05

Hugo award-nominated author Stina Leicht has created a take on space opera for fans of *The Mandalorian* and *Cowboy Bebop* in this high-stakes adventure. *Persephone Station*, a seemingly backwater planet that has largely been ignored by the United Republic of Worlds becomes the focus for the Serrao-Orlov Corporation as the planet has a few secrets the corporation tenaciously wants to exploit. Rosie—owner of Monk’s Bar, in the corporate town of West Brynner, caters to wannabe criminals and rich Earther tourists, of a sort, at the front bar. However, exactly two types of people drank at Monk’s back bar: members of a

rather exclusive criminal class and those who sought to employ them. Angel—ex-marine and head of a semi-organized band of beneficent criminals, wayward assassins, and washed up mercenaries with a penchant for doing the honorable thing is asked to perform a job for Rosie. What this job reveals will effect Persephone and put Angel and her squad up against an army. Despite the odds, they are rearing for a fight with the Serrao-Orlov Corporation. For Angel, she knows that once honor is lost, there is no regaining it. That doesn’t mean she can’t damned well try.

The Love Hypothesis - Ali Hazelwood 2021-09-14

The Instant New York Times Bestseller and TikTok Sensation! As seen on THE VIEW! A BuzzFeed Best Summer Read of 2021 When a fake relationship between scientists meets the irresistible force of attraction, it throws one woman's carefully calculated theories on love into chaos. As a third-year Ph.D. candidate, Olive Smith doesn't

believe in lasting romantic relationships--but her best friend does, and that's what got her into this situation.

Convincing Anh that Olive is dating and well on her way to a happily ever after was always going to take more than hand-wavy Jedi mind tricks:

Scientists require proof. So, like any self-respecting biologist, Olive panics and kisses the first man she sees. That man is none other than Adam Carlsen, a young hotshot professor--and well-known ass. Which is why Olive is positively floored when Stanford's reigning lab tyrant agrees to keep her charade a secret and be her fake boyfriend. But when a big science conference goes haywire, putting Olive's career on the Bunsen burner, Adam surprises her again with his unyielding support and even more unyielding...six-pack abs. Suddenly their little experiment feels dangerously close to combustion. And Olive discovers that the only thing more complicated than a hypothesis on love is putting her own heart under the

microscope.

Models - Mark Manson

2017-09-11

"You can become irresistibly attractive to women without changing who you are." So says Mark Manson, superstar blogger and author of the international bestseller, *The Subtle Art of Not Giving A F*ck*, a self help book that packs a punch. Mark brings the same approach to teaching men what they need to know about attracting women. In *Models* he shows us how much it sucks trying to attract women using the tricks and tactics recommended by other books. Instead, he says, men need to focus on seduction as an emotional process not a physical or social one. What matters is the intention, the motivation, the authenticity. To improve your dating life you must improve your emotional life - how you feel about yourself and how you express yourself to others. Funny, irreverent and confronting, *Models* is a mature and honest guide on how a man can attract women by giving up the

bullsh*t and becoming an honest broker. "A detailed guide to modern sexual ethics" Sydney Morning Herald "There's nothing subtle about Mark Manson. He's crude and vulgar and doesn't give a f*ck . . . He's as painfully honest as he is outrageously funny" Huffington Post
