This book more than anything can help a woman become a decent, loving, compassionate and honest wife. This is an excellent book to not only have as a reference book, but to read many times. The book covers everything from the relationship to Allah (God) to Marriage and family. One of the most important features of a good woman, is her deep faith in God (Allah) (SWT), and her sincere conviction that whatever happens in this life, and whatever fate befalls her, only happens through the will and decree of God; whatever befalls a person would have been impossible to avoid, and whatever does not happen could not have been made to happen.

**In Morticia's Shadow** - James Pylant 2012-11  
Before captivating America as Morticia in The Addams Family, actress Carolyn Jones appeared in 30 movies (including starring roles with Elvis Presley and Frank Sinatra) and had a decade-long marriage to producer Aaron Spelling. But the road to Hollywood from her native Amarillo, Texas, was studded with rejection, typecasting,

and unwanted comparisons to an actress who hated her: Bette Davis. Author James Pylant unveils the real Carolyn Jones, with access to her personal correspondence and journal, as well as interviews with her family, friends and fellow actors. What emerges is an intimate portrait of the iconic actress, a consummate professional who created a mystique not only for Morticia but for herself.--Website.

**Syrian Women Refugees** - Ozlem Ezer  
2019-02-18

Based on original interviews conducted across three continents, this book relates the experiences of nine Syrian women refugees and their perspectives on a range of subjects. Each narrative reveals a displaced woman's concept of the self in relation to memory, history, trauma and reconciliation within familial, international and cultural contexts. Their life stories contribute to building bonds and promoting trust between locals and "strangers" who are often defined only by their status as refugees. The book raises critical questions about stereotypes and racism while reminding readers of the shared joys and concerns of womanhood across cultures.

**The Young Roman Soldier** - Paulette Sizemore  
 2022-11-03

Marcus, who is the main character in the book  
 The Young Roman Soldier, begins his saga  
 remembering the many times that he and his  
 father spent in his father's sitting room having  
 "man-to-man" talks. One of his father's usual  
 gruesome tales was about the time that he and  
 his band of evil Roman soldiers had gone out  
 into the countryside and had slaughtered  
 hundreds of innocent Jewish male children-all  
 which were under two years old. The purpose of

the massacre was to kill the "dreaded" Christ  
 Child, who was prophesied in the Jewish  
 scriptures to be their future King and Messiah.  
 Both Caesar and King Herod had given the cruel  
 soldier all the glory and honor for having done  
 the job well. The young man also elaborates on  
 the many tragedies that he as a child had  
 endured, from his baby sister's having been  
 taken out into the wilderness and left to die, to  
 the unexpected deaths of both of his parents. He  
 then speaks about his life as a Roman soldier  
 and how that he finally discovered the truth  
 about the death of the Christ Child. When he  
 knelt at the bottom of the cross of Jesus, he  
 realized, as he touched His bloodstained feet,  
 that he, Marcus, was touching the feet of the  
 real Christ Man-the Son of God. From that day,  
 his life was changed forever, and he experienced  
 real unconditional love for the first time.

Women and Aristocratic Culture in the Carolingian World - Valerie L. Garver

2012-05-08

Despite the wealth of scholarship in recent decades on medieval women, we still know much less about the experiences of women in the early Middle Ages than we do about those in later centuries. In *Women and Aristocratic Culture in the Carolingian World*, Valerie L. Garver offers a fresh appraisal of the cultural and social history of eighth- and ninth-century women. Examining changes in women's lives and in the ways others perceived women during the early Middle Ages, she shows that lay and religious women, despite their legal and social constrictions, played integral roles in Carolingian society. Garver's innovative book employs an especially wide range of sources, both textual and material, which she uses to construct a more complex and nuanced impression of aristocratic women than we've seen before. She looks at the importance of female beauty and adornment; the family and

the construction of identities and collective memory; education and moral exemplarity; wealth, hospitality and domestic management; textile work, and the lifecycle of elite Carolingian women. Her interdisciplinary approach makes deft use of canons of church councils, chronicles, charters, polyptychs, capitularies, letters, poetry, exegesis, liturgy, inventories, hagiography, memorial books, artworks, archaeological remains, and textiles. Ultimately, *Women and Aristocratic Culture in the Carolingian World* underlines the centrality of the Carolingian era to the reshaping of antique ideas and the development of lasting social norms.

A father—the head of the household, as Saint Paul says—has a crucial role and responsibility in his family, not only materially, but spiritually. This is no outdated biblical cliché, but a biological, sociological, and metaphysical reality that we too often fail to recognize. The example of a father can leave an indelible imprint on the character of his children. In *Because of Our Fathers*, twenty-three Catholics—including Patrick Madrid, Abby Johnson, Bishop Joseph Strickland, Father Paul Scalia, Jesse Romero, Anthony Esolen, Father Rocky, Christopher Check, and Father Gerald Murray—give portraits of their own fathers as conduits and models of Christian love. Ranging from the heroic to the ordinary, these powerful testimonies will inspire men to consider more deeply the amazing privilege that God has given them to become, despite their imperfection, a living image of our Father in Heaven. The introduction and conclusion by editor Tyler Rowley serve as a wake-up call. Illustrating the

Church's teaching on fatherhood with current research on the family, he makes clear the urgent need for men who take seriously the God-given, grace-filled task of raising children.
