*Sex For Adolescents* - Dr. Brijesh Kumar

**At Home with Pornography** - Jane Juffer 1998-07-01

Twenty-five years after the start of the feminist sex wars, pornography remains a flashpoint issue, with feminists locked in a familiar argument: Are women victims or agents? In *At Home with Pornography*, Jane Juffer exposes the fruitlessness of this debate and suggests that it has prevented us from realizing women's changing relationship to erotica and porn. Over the course of these same twenty-five years, there has been a proliferation of sexually explicit materials geared toward women, made available in increasingly mainstream venues. In asking "what is the relationship of women to pornography?" Juffer maintains that we need to stop obsessing over pornography's transgressive aspects, and start focusing on the place of porn and erotica in women's everyday lives. Where, she asks, do women routinely find it, for how much, and how is it circulated and consumed within the home? How is this circulation and consumption shaped by the different marketing categories that attempt to distinguish erotica from porn, such as women's literary erotica and sexual self-help videos for couples? *At Home with Pornography* responds to these questions by viewing women's erotica within the context of governmental regulation that attempts to counterpose a "dangerous" pornography with the sanctity of the home. Juffer explores how women's consumption of erotica and porn for their own pleasure can be empowering, while still acting to reinforce conservative ideals. She shows how, for instance, the Victoria's Secret catalog is able to function as a kind of pornography whose circulation is facilitated both by its reliance on Victorian themes of secrecy and privacy and on its appeals to the selfish pleasures of modern career women. In her pursuit to understand what women like and how they get it, Juffer delves into adult cable channels, erotic literary anthologies, sex therapy guides, cyberporn, masturbation, and sex toys, showing the varying degrees to which these materials have been domesticated for home consumption. Representing the next generation of scholarship on pornography, *At Home with Pornography* will transform our understanding of women's everyday sexuality.

*Music Video and the Politics of Representation* - Diane Railton 2011-07-07

How can we engage critically with music video and its role in popular culture? What do contemporary music videos have to tell us about patterns of cultural identity today? Based around an eclectic series of vivid case studies, this fresh and timely examination is an entertaining and enlightening analysis of the forms, pleasures, and politics that music videos offer. In rethinking some classic approaches from film studies and popular music studies and connecting them with new debates about the current 'state' of feminism and feminist theory, Railton and Watson show why and how we should be studying music videos in the twenty-first century. Through its thorough overview of the music video as a visual medium, this is an ideal textbook for Media Studies students and all those with an interest in popular music and cultural studies.

**Women, Sexuality and the Political Power of Pleasure** - Susie Jolly 2013-06-13

This pioneering collection explores the ways in which positive, pleasure-focused approaches to sexuality can empower women. Gender and development has tended to engage with sexuality only in relation to violence and ill-health. Although this has been hugely important in challenging violence against women, over-emphasizing these negative aspects has dovetailed with conservative ideologies that associate women's sexualities with danger and fear. On the other hand, the media, the pharmaceutical industry, and pornography more broadly celebrate the pleasures of sex in ways that can be just as oppressive, often implying that only certain types of people - young, heterosexual, able-bodied, HIV-negative - are eligible for sexual pleasure. *Women, Sexuality and the Political Power of Pleasure* brings together challenges to these strictures and exclusions from both the South and North of the globe, with examples of activism, advocacy and programming which use pleasure as an entry point. It shows how positive approaches to pleasure and sexuality can enhance equality and empowerment for all.

As i told you in my introduction series the boys in my hometown just didn't interest me. i would find different ways to pleasure myself but if you're a girl there is a big difference between a vibrating piece of plastic pleasuring you and a warm sexy man that can kiss you and hold you and slide a hard warm part of his body deep inside you until you quiver and curl your toes.

The story you are about to read is about my first time with a man, a truly amazing man that turned me into a young woman, he taught me what I want what I like and what I need. I will never forget my first time, If you're a girl you know what I'm talking about.

**The Hite Report** - Shere Hite 2011-01-04

A reproduction of the classic text, unavailable now for more than a decade, with a new introduction by the author. The Hite Report, first published in 1976, was a sexual revolution in six hundred pages. To answer sensitive questions dealing with the most intimate details of women's sexuality, Hite's innovation was simple: she asked women, a lot of them, everything--and published the results. One hundred thousand

women, ages fourteen to seventy-eight, were asked what they do and don't like about sex; how orgasm really feels, with and without intercourse; how it feels not to have an orgasm during sex; the importance of clitoral stimulation and masturbation; and to name the greatest pleasures and frustrations of their sexual lives, among many other questions. The Hite Report declares that orgasm is easy and strong for women, given the right stimulation; that most women have orgasm most easily during masturbation or clitoral stimulation by hand; that sex as we define it is a cultural institution, not a biological one; and that attitudes must change to include the stimulation women desire.

**Pornification** - Kaarina Nikunen 2007-11-01

Pornification presents an international overview of how pornography - from softcore to hardcore, gay to straight, female to male, black to white - infiltrates and proliferates through our media. Porn is everywhere; from the suggestiveness of music videos to the explicit discussions of popular magazines; from the erotica of advertising to the refashioning of sex acts into art works; from a small garage industry to an internet empire. The media immerses us in the pornographic aesthetic. Now integral to popular culture, porn is part of our everyday lives. Sexual desire is commodified, pornified and the media leads the way. Exploring music videos, alt porn sites, Cosmogirls and Gaydar online forums, H&M's street advertising, retro pin-ups, film and educational sex videos alike, Pornification analyses the transformation of porn in today's media and its impact on our culture.

**The female orgasm Stimulation of the clitoris and labia minora with fingers sex toys and oral sex** - Vincenzo Puppo 2021-08-03

Female orgasm is not a mystery, it is not complicated. In this ebook, very useful for all women and men of any age (and for sexual medicine experts, physicians, psychologists), there are links to free video/pdf: sexologists must teach in sex education how to stimulate the clitoris and labia minora with many illustrations and video. Many women have never looked at their vulva or are unable to identify the location of the clitoris and labia minora. Sexologists must explain that vaginal orgasm and G-spot do not exist (premature ejaculation is not a sexual dysfunction). Women can experience orgasm, multiple orgasms, orgasmic state and superorgasmic state in all ages, with effective stimulation of the female erectile organs during masturbation, cunnilingus, partner masturbation, and also during vaginal/anal intercourse simply by stimulating the clitoris/labia minora with a finger, or a sex toy. The first vaginal intercourse must always be with orgasms, without pain: males must learn to make love even in adolescence. Cunnilingus is a method to have one or more orgasms. Anal sex can give orgasms that can last also for minutes (i.e. superorgasmic state). Coitus must be one of many possibilities in a whole spectrum of possible physical relations, there are many ways of having sex. Ejaculation in the vagina does not have to be essential to define sexual intercourse as "complete"...
