Far From Simple: Life After Being Not Your Average Teen Brittany Krystantos 2017-11-14 *Far From Simple: Life After Being "Not Your Average Teen"* written by 20 year old Canadian author, Brittany Krystantos, recalls the ever-so common high school struggles with self identity, friendships and lack thereof, popularity and stereotypes, and continues into young adulthood consisting of the terrible tinder dates including the time her date told her they'd have cute babies on their first date... run, oh yes! Britt shares with us her awful attempt at friends-with-benefits or should we say FWB, and heartbreak from the time her boyfriend broke up with her over text. Maybe, the heart healed from eating the entire jar of chocolate ice cream or maybe not; but it sure felt better in the moment. In this narrative nonfiction, she describes that "kind of girl" that is within all of us: ambitious, different, free spirited, wild, adventurous, yet innocent at the heart of things. She has gone through pain and hardship and dug her way out of the darkness to become enlightened by her soul's calling; a life purpose to be different, and far from simple. 20 years of life, what up!

**Successful Schools for Young Adolescents** Joan Lipsitz At a time when the public, researchers, and policymakers are losing confidence in public schooling, this presentation of case studies of four schools offers solutions and concrete models of diverse ways in which excellence can be attained in middle-grade schools. Asking what "effectiveness" means for the young adolescent age group (a hitherto unexplored area in research literature), how effective schools come about, and how they achieve acceptance in their communities, Lipsitz identifies and examines successful middle-grade schools that foster healthy social development and academic achievement. She establishes a framework for examining successful middle-grade schools, noting that the major problem in schooling is meeting the massive individual differences in the development of early adolescents.

This smart and funny novel is perfect for fans of *The Fourteenth Goldfish*, *Rain Reign*, and *Counting by Sevens*. Lucy Callahan was struck by lightning. She doesn't remember it, but it changed her life forever. The zap gave her genius-level math skills, and ever since, Lucy has been homeschooled. Now, at 12 years old, she's technically ready for college. She just has to pass 1 more test--middle school! Lucy's grandma insists: Go to middle school for 1 year. Make 1 friend. Join 1 activity. And read 1 book (that's not a math textbook!). Lucy's not sure what a girl who does calculus homework for fun can possibly learn in 7th grade. She has everything she needs at home, where nobody can make fun of her rigid routines or her superpowered brain. The equation of Lucy's life has already been solved.

Unless there's been a miscalculation? A celebration of friendship, Stacy McAnulty's smart and thoughtful middle-grade debut reminds us all to get out of our comfort zones and embrace what makes us different. *Goodbye, Mary Janes* Adley Scott 2010-10 "Enjoy your childhood. Have fun while you can." That's what parents tell their children. Jane Adley Geiger did enjoy her childhood immensely. Her blessings in life include a Christian upbringing, two wonderful (most of the time) sisters, loving parents, and a middle-class economic privilege. Her story begins with a recreation of her grandparents' and parents' courtship and marriage. Her parents were married just a few days before the Stock Market crashed in 1929, and they suffered many hardships of life over the next few years. Adley grew up during the 1950's, and has written this stimulating account of her childhood, her school years, and her musical journey. A teen pregnancy and her subsequent marriage changed the focus of her life from high school, friends, and the possibility of a music conservatory experience to that of family survival. She has included stories of her family, friends, and teachers who helped her succeed along the way. Often hilarious, this nostalgic retelling of her childhood is a universal project of many adults, though many do not have the nerve to put it in writing. Included in the book is a personal letter to each of her children, telling about the special memories that make each one so unique. Adley's fascination with shoes - the way they look, the way they feel, and the way the smell (when they're new) has given her a theme for the entire story. During many of the pivotal junctions in her life, her shoes of the times were an integral part of the major events. New shoes became a Rite of Passage to new places in life's journey. Imagine wearing a comfortable pair of Mary Janes while you read this story of courage, perseverance, and determination.

*Ten Things I Still Hate About Those Women* Allene E. Swienkowski 2008-07 "Merely Words of Inspiration" was written because of an awakening of my spiritual nature, which inspired me. I would hear different phrases during the day at work, on television, or just having a casual conversation during the day. I was given an idea and began to write such as the following article: "Tell it Like It Is" or "Sugarcoated". Jesus never sugarcoated anything. He always told the truth, the whole truth. When we do not tell it like it is, we are doing the work of the adversary. He is the author of confusion, which is his truth. The book was also written to enhance our spiritual awareness. It was written to let you see that the everyday phrases, such as another article titled "Can You Hear Me Now?", can be inspirational in the right circumstances. Here is an insert from the following article: "Have we ever thought about Jesus saying, "Can You Hear Me Now?" Why can't we hear Him? Is it because we are listening to the world and not for His voice? It is written, "I am the Good Shepherd, and I know my sheep, and am known of mine. And other sheep I have, which are not of this fold: them also I must bring, and they will hear my voice: and there shall be one fold, and one shepherd"(John 10:14, 16). This is something to get excited about, being in heaven with our Lord and Savior. Have a Blessed Day

[Research Anthology on School Shootings, Peer Victimization, and Solutions for Building Safer Educational Institutions](#) Management Association, Information Resources 2020-09-10 Though decades ago school shootings were rare events, today they are becoming normalized. Active shooter drills have become more commonplace as pressure is placed on schools and law enforcement to prevent the next attack. Yet others argue the traumatizing effects of such exercises on the students. Additionally, violence between students continues to remain problematic as bullying pervades children's lives both at school and at home, leading to negative mental health impacts and, in extreme cases, suicide. Establishing safer school policies, promoting violence prevention programs, building healthier classroom environments, and providing better staff training are all vital for protecting students physically and mentally. The Research Anthology on School Shootings, Peer Victimization, and Solutions for Building Safer Educational Institutions examines the current sources of violence within educational systems, and it offers solutions on how to provide a safer space for both students and educators alike. Broken into four sections, the book examines the causes and impacts that peer victimization has on students and how this can lead to further violence and investigates strategies for detecting the warning signs. The book provides solutions that range from

Highlighting a range of topics such as violence prevention, school climate, and bullying, this publication is an ideal reference source for school administrators, law enforcement, teachers, government and state officials, school boards, academicians, researchers, and upper-level students who are intent on stopping the persisting and unfortunate problem that is school violence.

**Push Girl** Chelsie Hill 2014-06-03 An inspiring, real, and fresh young adult novel about how life can change in an instant by Chelsie Hill, one of the stars Sundance Channel's series "Push Girls." Kara is a high school junior who's loving life. She's popular, has a great group of friends and an amazing boyfriend, and she's a shoe-in for homecoming queen. Even though her parents can't stop fighting and her ex-boyfriend can't seem to leave her alone, Kara won't let anything get in the way of her perfect year. It's Friday night, and Kara arrives at a party, upset after hearing her parents having another one of their awful fights, and sees another girl with her hands all over her boyfriend. Furious, Kara leaves to take a drive, and, as she's crossing an intersection, a car comes out of nowhere and slams into the driver's side of Kara's car. When Kara wakes up, she has no memory of the night before. Where is she? Why are her parents crying? And, most importantly -- why can't she feel her legs? As Kara is forced to adjust to her new life as a paralyzed teen, where her friends aren't who they seemed to be and her once-adoring boyfriend is mysteriously absent, she starts to realize that what matters in life isn't what happens to you -- it's the choices you make and the people you love. Co-written by "Push Girls" star Chelsie Hill, whose real life inspired Kara's experience, this uplifting novel takes young readers from tragedy to triumph with an unforgettable and unique heroine.

**The Experience of Being Physically Active for Middle-school Girls who Had Reported at Least Average Levels of Physical Activity and Above-average Barriers to Physical Activity**  
2013 THE EXPERIENCE OF BEING PHYSICALLY ACTIVE FOR MIDDLE-SCHOOL GIRLS WHO HAD REPORTED AT LEAST AVERAGE LEVELS OF PHYSICAL ACTIVITY AND ABOVE-AVERAGE BARRIERS TO PHYSICAL ACTIVITY Suzanne M. Sass-DeRuyter Dr. Eileen J. Porter, Dissertation Advisor  
ABSTRACT The purpose of this study was to describe the experience of being physically active for middle-school girls who had reported at least an average level of physical activity (PA) and above-average barriers to PA on standardized measures of those variables. The aims of the cross-sectional study were to describe each girl's intentions (what she was trying to do in relation to her experience), to detail the personal-social context of each girl's experience, and to describe the phenomena that structured the experience for the sample. The 10 participants were Caucasian female students at two middle schools in the Midwest, who met modified inclusion criteria for PA level and barriers to PA. Two in-depth interviews were done with each girl within a 4-week period. Interviews were recorded, transcribed, and analyzed using Porter's method of descriptive phenomenology. Findings were organized in a taxonomy of the phenomena of the experience and a parallel taxonomy of the personal-social context of the experience. There were six features of the personal-social context of the experience of being physically active and four phenomena of the experience for the sample. Although there were limitations to this work, the contributions were important. It was recommended that researchers forego use of the term "barriers to physical activity" in research with middle-school girls and focus instead on exploring "things that make it harder for you to exercise." Practitioners should consider and seek to understand the unique circumstances that can impact the experience of physical activity for each middle-school girl. Researchers should involve middle-school girls in creating empirically valid measures for physical activity screening and in developing interventions to enhance physical activity for girls in specific settings and for their age-peers.
