The Lonely Hearts Hotel Heather O'Neill 2017-02-23 'Joyful, funny and vividly alive' Emily St John Mandel 'The Lonely Hearts Hotel sucked me right in and only got better and better . . . I began underlining truths I had hungered for' Miranda July 'Makes me think of comets and live wires . . . raises goosebumps' Helen Oyeyemi 'A fairytale laced with gunpowder' Kelly Link The Lonely Hearts Hotel is a love story with a difference. Set throughout the roaring twenties, it is a wicked fairytale of circus tricks and child prodigies, radical chorus girls, drug-addicted musicians and brooding clowns, set in an underworld whose economy hinges on the price of a kiss. It is the tale of two dreamers, abandoned in an orphanage where they were fated to meet. Here, in the face of cold, hunger and unpredictable beatings, Rose and Pierrot create a world of their own, shielding the spark of their curiosity from those whose jealousy will eventually tear them apart. When they meet again, each will have changed, having struggled through the Depression, through what they have done to fill the absence of the other. But their childhood vision remains - a dream to storm the world, a spectacle, an extravaganza that will lift them out of the gutter and onto a glittering stage. Heather O'Neill's pyrotechnical imagination and language are like no other. In this she has crafted a dazzling circus of a novel that takes us from the underbellies of war-time Montreal and Prohibition New York, to a theatre of magic where anything is possible - where an orphan girl can rule the world, and a ruined innocence can be redeemed.

Geek Love Katherine Dunn 2014-12-04 A National Book Award Finalist: This 'wonderfully descriptive' novel from an author with a 'tremendous imagination' tells the unforgettable story of the Binewskis, a carny family whose mater- and paterfamilias have bred their own exhibit of human oddities. (The New York Times Book Review) The Binewskis are a circus-geek family whose matriarch and patriarch have bred their own exhibit of human oddities (with the help of amphetamine, arsenic, and radioisotopes). Their offspring include Arturo the Aquaboy, who has flippers for limbs and a megalomaniac ambition worthy of Genghis Khan, Iphy and Elly, the lissome Siamese twins, albino hunchback Oly, and the outwardly normal Chick, whose mysterious gifts make him the family's most precious - and dangerous - asset. As the Binewskis take their act across the backwaters of the US, inspiring fanatical devotion and murderous revulsion; as its members conduct their own Machiavellian version of sibling rivalry, *Geek Love* throws its sulfurous light on our notions of the freakish and the normal, the beautiful and the ugly, the holy and the obscene. Family values will never be the same. Praise for *Geek Love* 'If Flannery O'Connor had consumed vast quantities of LSD, she might have written like this' Literary Review 'The most romantic novel about love and family I have read. It made me ashamed to be so utterly normal' Terry Gilliam 'I felt electrocuted when I read that first page with Crystal Lil and her freak brood. I stood there in the bookstore and my jaw came unhinged. No book I've read, before or since, has given me that specific jolt' Karen Russell, author of *Swamplandia*

Millennium Judith Reeves-Stevens 2002-05-12 Welcome, Emissary. As Benjamin Sisko picked his way over the wreckage that was his new command, a thousand questions, countless problems, dire reports, and the soon-to-be-familiar harangue of the Bajoran Liaison Officer clamored for his attention. From the shadows, a monk stepped out and greeted him. With all that had happened, it is no small wonder that Sisko took that greeting and relegated it to the back of his mind. Six years have passed. Despite the recent retaking of Deep Space 9™, it seems that the Federation is losing the Dominion war. As commander of a front-line post, Sisko focuses on the war effort, paying little attention to the latest rumor. "The fabled lost Orbs of the Prophets have been recovered. Legend holds that these orbs are the key to unlocking a second wormhole -- a second Celestial Temple." In war, sometimes the little things you don't notice are your undoing. Now Benjamin Sisko, a man of science and a Starfleet officer -- and also the Emissary -- is swept up in the ultimate war of good versus evil. Every decision he makes draws him, his family, and his crew into the abyss. Faced with the possibility that he alone must decide the fate of life in the galaxy, Captain Sisko must unlock the truth behind the fabled Orbs of the Prophets or the future, the past, and even the present will wink out of existence!

Interview With The Vampire Anne Rice 2015-01-29 From #1 New York Times bestselling author Anne Rice, this sensuously written spellbinding classic remains 'the most successful vampire story since Bram Stoker's Dracula' (The Times) In a darkened room a young man sits telling the macabre and eerie story of his life - the story of a vampire, gifted with eternal life, cursed with an exquisite craving for human blood. Anne Rice's compulsively readable novel is arguably the most celebrated work of vampire fiction since Bram Stoker's Dracula was published in 1897. When Interview with the Vampire was originally published the Washington Post said it was: called Interview with the Vampire a 'thrilling, strikingly original work of the imagination . . . sometimes horrible, sometimes beautiful, always unforgettable'. Now, more than forty years since its release, Anne Rice's masterpiece is more beloved than ever.

How Tobacco Smoke Causes Disease 2010 This report considers the biological and behavioral mechanisms that may underlie the pathogenicity of tobacco smoke. Many Surgeon General's reports have considered research findings on mechanisms in assessing the biological plausibility of associations observed in epidemiologic studies. Mechanisms of disease are important because they may provide plausibility, which is one of the guideline criteria for assessing evidence on causation. This report specifically reviews the evidence on the potential mechanisms by which smoking causes diseases and considers whether a mechanism is likely to be operative in the production of human disease by tobacco smoke. This evidence is relevant to understanding how smoking causes disease, to identifying those who may be particularly susceptible, and to assessing the potential risks of tobacco products.

Love in the Time of AIDS Mark Hunter 2010-10-25 In some parts of South Africa, more than one in three people are HIV positive. Love in the Time of AIDS explores transformations in notions of gender and intimacy to try to understand the roots of this virulent epidemic. By living in an informal settlement and collecting love letters, cell phone text messages, oral histories, and archival materials, Mark Hunter details the everyday social inequalities that have resulted in untimely deaths. Hunter shows how first apartheid and then chronic unemployment have become entangled with ideas about femininity, masculinity, love, and sex and have created an economy of exchange that perpetuates the transmission of HIV/AIDS. This sobering ethnography challenges conventional understandings of HIV/AIDS in South Africa.

I Know Why the Caged Bird Sings Maya Angelou 2009-04-21 Here is a book as joyous and painful, as mysterious and memorable, as childhood itself. I Know Why the Caged Bird Sings captures the longing of lonely children, the brute insult of bigotry, and the wonder of words that can make the world right. Maya Angelou's debut memoir is a modern American classic beloved worldwide. Sent by their mother to live with their devout, self-sufficient grandmother in a small Southern town, Maya and her brother, Bailey, endure the ache of abandonment and the prejudice of the local "powhitetrash." At eight years old and back at her mother's side in St. Louis, Maya is attacked by a man many times her age—and has to live with the consequences for a lifetime. Years later, in San Francisco, Maya learns that love for herself, the kindness of others, her own strong spirit, and the ideas of great authors ("I met and fell in love with William Shakespeare") will allow her to be free instead of imprisoned. Poetic and powerful, I Know Why the Caged Bird Sings will touch hearts and change minds for as long as people read. "I Know Why the Caged Bird Sings liberates the reader into life simply because Maya Angelou confronts her own life with such a moving wonder, such a luminous dignity."—James Baldwin

Sugar Mummies Tanika Gupta 2006-08-07 Jamaica: a sensual paradise where the sun, sea and sand are free but anything more comes at a price. Welcome to the 21st century where women travel across the world in search of sex, love, and liberation but the reality is that hard cash equals hard men. Toned torsos and slick sweet talk meets orange peel beneath the coconut trees in an exchange that leaves everyone short-changed. Sugar Mummies is a funny, provocative and revealing study of the pleasures and pitfalls of female sex tourism. It was a huge success at the Royal Court Theatre in August 2006, and proceeded to tour throughout the UK.

James Delbourgo recounts the story behind its creation through the life of Hans Sloane, a controversial luminary with an insatiable ambition to pit universal knowledge against superstition and few curbs on his passion for collecting the world.

Homesick Catrina Davies 2019-07-11 The story of a personal housing crisis that led to a discovery of the true value of home. *LONGLISTED FOR THE BAILLIE GIFFORD PRIZE* *'You will marvel at the beauty of this book, and rage at the injustice it reveals' George Monbiot* *'Incredibly moving. To find peace and a sense of home after a life so profoundly affected by the housing crisis, is truly inspirational' Raynor Winn, author of The Salt Path* Aged thirty-one, Catrina Davies was renting a box-room in a house in Bristol, which she shared with four other adults and a child. Working several jobs and never knowing if she could make the rent, she felt like she was breaking apart. Homesick for the landscape of her childhood, in the far west of Cornwall, Catrina decides to give up the box-room and face her demons. As a child, she saw her family and their security torn apart; now, she resolves to make a tiny, dilapidated shed a home of her own. With the freedom to write, surf and make music, Catrina rebuilds the shed and, piece by piece, her own sense of self. On the border of civilisation and wilderness, between the woods and the sea, she discovers the true value of home, while trying to find her place in a fragile natural world. This is the story of a personal housing crisis and a country-wide one, grappling with class, economics, mental health and nature. It shows how housing can trap us or set us free, and what it means to feel at home.

Afropolitan Literature as World Literature James Hodapp 2020-01-23 African literature has never been more visible than it is today. Whereas Chinua Achebe, Wole Soyinka, and Ngugi wa Thiong'o defined a golden generation of African writers in the 20th century, a new generation of [Afropolitan] writers including Chimamanda Adichie, Teju Cole, Taiye Selasi, and NoViolet Bulawayo have taken the world by storm by snatching up prestigious awards and selling millions of copies of their works. But what is the new, increasingly fashionable and marketable, Afropolitan vision of Africa's place in the world that they offer? How does it differ from that of previous generations? Why do some dissent? Afropolitanism refuses to reinforce images of Africa in world media as merely poor, war-torn, diseased, and constantly falling into chaos. By complicating the image of Africa as a hapless victim, Afropolitanism focuses on the wide-ranging influence Africa has on the world. However, some have characterized this kind of writing as light, populist fare that panders to Western audiences. Afropolitan Literature as World Literature examines the controversy surrounding Afropolitan literature in light of the unprecedented circulation of culture made possible by globalization, and ultimately argues for expanding its geographic and temporal boundaries.

Getz 2016 This is an illustrated "graphic history" based on an 1876 court transcript of a West African woman named Abina, who was wrongfully enslaved and took her case to court.
