The Creator's Descendants Allici Edragal 2021-03-25 The continent of Eberon was blessed by the deities in a faraway past, where humans were born, and the first civilizations were built. Though the so-called Creators had long left that world, traces of their magic remained, and two powerful Descendants lived among the deities' creation. A conflict between the Descendants - half-human, half-gods - traced back the beginning of history until the present times. In each generation, two males were born, always as enemies and fighting till death. One of them wanted power, creating a World Government to rule over humans. The other sought balance and freedom for the people, leading armies of rebels against the authorities. Darkness cursed the continent of Eberon and the islands surrounding it. Until hope finally arose... Imprisoned since her childhood, the 15 years old ALTHEA discovers the meaning of freedom when 17 years old DOMINIC and 20 years old JOSEPH enter her path, leading her to a journey where ALTHEA will uncover her origins and understand the mysteries behind her overwhelming power. The young girl soon discovers that she is a break of a cycle that lasted thousands of years and that her god-like abilities are the hope of a new world. During her journey, Althea undergoes hardship and adverse conditions. In such a harsh environment, she must search for inner strength to overcome a lengthy series of trials against powerful government forces and destructive enemies. Her first mission is to unite the people against their rulers, while adjusting herself to freedom gradually amid revealing dreams and the buoyancy of comrades Legends, prophecy, a vast power struggle, and supernatural elements provide a unique otherworldly setting. Althea wrestles to triumph within the inherent strife around her, gaining a

sense of her own potential. As the stakes increase, we watch Althea grow, acquire new abilities, and fulfill her role with the help of resourceful supporters through training and enemy encounters. She then, struggles to accomplish her first mission before facing the real enemy, ORION, the Creator's Descendant.

Body, Self, and Society Anne E. Becker 1995-10 Anne E. Becker examines the cultural context of the embodied self through her ethnography of bodily aesthetics, food exchange, care, and social relationships in Fiji. She contrasts the cultivation of the body/self in Fijian and American society, arguing that the motivation of Americans to work on their bodies' shapes as a personal endeavor is permitted by their notion that the self is individuated and autonomous. On the other hand, because Fijians concern themselves with the cultivation of social relationships largely expressed through nurturing and food exchange, there is a vested interest in cultivating others' bodies rather than one's own.

Getting Relationships Right Melanie Joy 2020-01-29 Relationships are complicated. Yet it's an unfortunate reality that while most of us have to learn complex geometry that we'll probably never use, we don't get a single formal lesson in how to relate to others. In this one-stop guide, psychologist Melanie Joy reveals the common psychological dynamics that underlie all kinds of relationships—with a romantic partner, friends, family members, colleagues—in short, with anyone in any situation. Understanding these dynamics will help you make all your relationships healthier and more resilient. Relationships are like bodies: they get sick when their immune system is weaker than the germs that stress them. Drawing on the most relevant research as well as on her own extensive experience as a psychologist, Joy explains how to strengthen your relational immune system to resist not only interpersonal stressors but also largely invisible yet potentially devastating societal stressors like racism and sexism. With this understanding, you can cultivate relationships that consistently reflect core moral values and honor the dignity of everyone involved. Resilient relationships are not only a source of joy and fulfillment for those who are in them, they also support the thriving of the organizations and communities of which we all are a part.

Cues Vanessa Van Edwards 2022-03-03 It's not enough to have great ideas. You also need to know how to communicate them. What makes someone charismatic? Why do some people captivate a room, while others have trouble managing a small meeting? What makes some ideas spread, while other good ones fall by the wayside? Cues - the tiny signals we send to others 24/7 through our body language, facial expressions, word choices and vocal inflection - have a massive impact on how we, and our ideas, come across. Our cues can either enhance our message or undermine it. In this entertaining and accessible guide to the hidden language of cues, Vanessa Van Edwards teaches you how to convey power, trust, leadership, likability and charisma in every interaction. You'll learn: - Which vocal cues make you sound more confident - Which body language cues assert, 'I'm a leader, and here's why you should join me' - Which verbal cues to use in pitches, branding and emails to increase trust (and generate excitement about interacting with you) - Which visual cues you are sending in your profile pictures, clothing and professional brand Whether you're pitching an investment, negotiating a job offer or having a tough conversation with a colleague, Cues can help you improve your relationships, express empathy and create meaningful connections with lasting impact. 'Oh, Well, You Know How Women Are!' Irvin S. (Irvin Shrewsbury) Cobb 2018-06-27 'Oh, Well, You Know How Women Are!' Irvin S. (Irvin Shrewsbury) Cobb SHE emerges from the shop. She is any woman, and the shop from which she emerges is any shop in any town. She has been shopping. This does not imply that she has been buying anything or that she has contemplated buying anything, but merely that she has been shopping-a very different pursuit from buying. Buying implies business for the shop; shopping merely implies business for the clerks. As stated, she emerges. In the doorway she runs into a woman of her acquaintance. If she likes the other woman she is cordial. But if she does not like her she is very, very cordial. A woman's aversion for another woman moving in the same social stratum in which she herself moves may readily be appraised. Invariably it is in inverse ratio to the apparent affection she displays upon encountering the object of her disfavor. Why should this be? I cannot answer. It is not given for us to know. Very well, then, she meets the other woman at the door. They stop for conversation. Two men meeting under the same condition would mechanically draw away a few paces, out of the route of persons passing in or out of the shop. No particular play of the mental processes would actuate them in so doing; an instinctive impulse, operating mechanically and subconsciously, would impel them to remove themselves from the main path of foot travel. But this woman and her acquaintance take root right there. Persons dodge round them and glare at them. Other persons bump into them, and are glared at by the two traffic blockers. Where they stand they make a knot of confusion. We are delighted to publish this classic

mean cited peer-reviewed literature, not pop evolutionary psychology or the "law of attraction." You won't be reading anecdotes telling you about my "successes" or opinions; you'll be learning the practical steps necessary for the specific changes you want to manifest in your life. The Guyde is divided into four sections: Part I - Psychology Part I focuses on the internal elements of social interaction. How do you overcome your toxic self-limiting beliefs that keep you from being authentic with people? How do you overcome your fears? How can you stay motivated to make your changes? You will learn clinically effective approaches to all of these and more. Part II - Social Skills For many men, the biggest barrier between themselves and social success is a lack of social skills and awareness. In Part II, you'll learn how to shore up this weakness. You will learn how to listen, banter, share stories, and assert yourself with others. You'll learn how to improve your body language and vocal tonality to project confidence and charisma. Part III - Physical Attractiveness Part III will teach you how to improve your physical features. The first two chapters detail the most clinically effective approaches to diet and exercise. We'll also discuss the basics of fashion and how to dress to impress. Master Part III, and when you go out, you will turn heads. Part IV - Dating The final portion of The Guyde deals with dating, in this version, in a heterosexual male context. You'll learn the best places to meet potential dates, how to flirt, and how to ask someone out. You'll learn how to plan brag-worthy romantic evenings and how to address problems like rude cancellations and "ghosting." You'll learn how to interact physically while being sensitive to your date's wishes, as well as how to perform better in bed. You'll learn why relationships fail and how to avoid the pitfalls most couples fall into, and you'll come to understand a bit about what it's like to date from a woman's perspective, including many of the cultural factors they face that most men don't understand. The Guyde is a labor of love. I wrote it to be everything I wish I'd known when I was younger, the sorts of

Book Review by Jackie Monroe McCray Got the book yesterday - on Pg 83. Will let you know when I finish BTW Pretty Boy was my husband's great uncle! Hey Ron - I, too, enjoyed reading The Grill! It brought back many memories of growing up in Mt. Vernon. Although I didn't live in the projects, I was always in that area a great deal because of friends and had the opportunity to experience the Social Room and just hanging out there. Fond memories of Wilson Woods Pool, Tarzan Hill, 241st Street, the various trucks that brought food, ice cream, etc. - thoroughly enjoyed reading it!

Epiphanies, Theories, and Downright Good Thoughts... J.C.L. Faltot 2013-04-05 In this edition of *Epiphanies, Theories, and Downright Good Thoughts...*, J.C.L. Faltot takes some time away from his video games to tackle another of life's controversial worlds: being single. The sequel to *Epiphanies, Theories, and Downright Good Thoughts...* made while playing video games, Faltot's newest book explores what life can look like through the eyes of a bachelor. With friends getting married and people going their separate ways, Faltot is awakened to a new world. A place that is filled with new experiences, questionable behaviors, and life lessons one can only learn while maintaining a single life. Faltot's unique blend of satire and hard truth helps paint a picture of what it means (and could mean) to be single in the 21st century. If there were a survival guide for the single person, then this could be it.

Just Another Woman Leah Duncan 2014-12-18 All of us want to be happy; it's a given. We all set out in search of it. Some of us find it, and others are diverted by the responsibilities of life, placated by its possessions or simply disillusioned by its tragedies, but we all have an internal dialogue that

can be brutally honest with us when needed, and then whether or not we listen to it can determine whether we adjust course and find what we are looking for ... or lose our way completely. Sarah Chadwick is a single parent and an English teacher in a deprived, inner-city area. Her pursuit of happiness has been shelved for so long by her heavy responsibilities at home and at work that it has ceased to seem important. She has become a tick box robot. Despite thinking she is an optimist, she is worn out and old before her time, burned out from caring for others. Her internal dialogue is trying to gain her commitment to change before she goes under altogether. Rick Masters, movie star, has all of the things most people on the planet are busy chasing. He is isolated by them; these things have cost him happiness, which he doesn't really believe exists any longer; he doesn't trust others who say it does exist. His internal dialogue is driven by such pessimistic disenchantment that he has a growing drinking problem just to get some peace. This is the story of what happens when these two lives cross unexpectedly, and what results is only part farce. It is also part tragedy because neither has any insight or understanding into the world of the other. Three days will tell whether either of them have the courage to change, abandon their pasts, and embrace a new future.

The Text Attraction Guide For Men Nelson Whetat 2023-11-07 Discover The New Secrets About Texting Women To Get Dates And Sex That 99.9% Of Men Don't Know Yet When a man gets a number from a woman in person or matches with her on a dating app like Tinder or Bumble, he will often experience one or more of the following problems when he texts her: She takes way too long to reply She doesn't contribute much to the conversation (e.g., she gives short answers and seems uninterested) The conversation becomes boring or fizzles out She rejects his offer to meet up with him for a date She takes what he says the wrong way and then loses interest She ghosts him (i.e. stops replying without any explanation, even though things seem to be going well) She friend zones

him (e.g. "You're a great guy, but I'm not looking for a relationship right now" or, "You're a great guy, but I'm not looking to date anyone right now" or, "You're a great guy, but I think we'd be better off as friends.") She leaves him on read and doesn't reply for days, weeks or months...or not at all She plays hard to get when it comes to meeting up Do you know why? It's because most men make texting girls far HARDER than it needs to be. They don't understand this little-known secret I shared in this guide. These days, women are so tired, bored and frustrated by the endless texts that guys send (i.e. trying to get to know her, get along with her and just chat because he's afraid to ask her out), or the unattractive texts they send (i.e. being too nice, being too serious, sleazy, boring, etc). That's why when a woman gets a text from a guy who is using the texting method I shared in this guide, "The Text Attraction Guide For Men" she feels surprised and excited. It immediately gets her attention and she begins feeling like she wants something to happen with him (i.e. go on a date, have sex etc) The fact is that when a guy texts in the way that I recommended in this book, he will get 10x more dates and sex than a guy who just wastes a woman's time trying to get to know her or get along with her, or worse, acts like he's not even that interested in dating her. Texting women to get dates and sex is very easy when you understand how it works and why women respond so well to this more direct and masculine approach.
