[Self-Care for Adult Children of Emotionally Immature Parents](#) - Lindsay C. Gibson 2021-09-01

From the author of the self-help hit, *Adult Children of Emotionally Immature Parents*, this essential guide offers daily, practical ways to help you heal the invisible wounds caused by immature parents, nurture self-awareness, trust your emotions, improve relationships, and stop putting others' needs ahead of your own. If you grew up with an emotionally immature, unavailable, or selfish parent, you probably still struggle with anger, sadness, resentment, or shame. As a child, your emotional needs were not met, your feelings were dismissed, and you likely took on adult levels of responsibility in an effort to compensate for your parent's behavior. Somewhere along the way, you lost your sense of self. And without this strong sense of self, you may feel like your own well-being isn't valuable. In this compassionate guide—written just for you, not them—you'll find tips and tools to help you set boundaries with others, honor and validate your emotions, and thrive in the face of life's challenges. You'll discover how to protect yourself from hurtful behavior, stop making excuses for others' limitations, forge healthier relationships, and feel more confident in your life. Most importantly, you'll learn how to stop putting others' needs before your own, and manage daily stressors with competence, clarity, and optimism. Self-care means honoring and respecting the self. But when you grow up with emotionally immature parents, you are taught that setting limits is selfish and uncaring. You are taught to seek approval instead of authenticity in relationships. And you are taught that empathy and emotional awareness are liabilities, rather than assets. But there's another way to go through life—one in which you can take care of yourself, first and foremost. Let this book guide you toward a new way of being.

Reading Pakeha? - Christina Stachurski 2009

Aotearoa New Zealand, "a tiny Pacific country," is of great interest to those engaged in postcolonial and literary studies throughout the world. In all former colonies, myths of national identity are vested with various interests. Shifts in collective Pakeha (or New Zealand-European) identity have been marked by the phenomenal popularity of three novels, each at a time of massive social change. Late-colonialism, anti-imperialism, and the collapse of the idea of a singular 'nation' can be traced through the reception of John Mulgan's *Man Alone* (1939), Keri Hulme's *the bone people* (1983), and Alan Duff's *Once Were Warriors* (1990). Yet close analysis of these three novels also reveals marginalization and silencing in claims to singular Pakeha identity and a linear development of settler acculturation. Such a dynamic resonates with that of other 'settler' cultures - the similarities and differences telling in comparison. Specifically, *Reading Pakeha? Fiction and Identity in Aotearoa New Zealand* explores how concepts of race and ethnicity intersect with those of gender, sex, and sexuality. This book also asks whether 'Pakeha' is still a meaningful term.
