

Japanese Husband And Wife Relationship

The Relationship People - Erika R. Alpert
2022-01-26

The Relationship People examines the marriage industry and its clients in neoliberal Japan. It addresses what industry professionals are promoting to ease Japan's low rates of marriage and childbirth, what singles are actually doing, and whether focusing on introducing more singles to each other can effectively solve Japan's millennial woes.

The Japanese Family - Diana Adis Tahhan
2014-06-27

This book explores how the relationship between child and parent develops in Japan, from the earliest point in a child's life, through the transition from family to the wider world, first to playschools and then schools. It shows how touch and physical contact are important for engendering intimacy and feeling, and how intimacy and feeling continue even when physical contact lessens. It relates the position in Japan to theoretical writing, in both Japan and the West, on body, mind, intimacy and feeling, and compares the position in Japan to practices elsewhere. Overall, the book makes a significant contribution to the study of and theories on body practices, and to debates on the processes of socialisation in Japan.

Family Planning in Japanese Society - Samuel Coleman
2021-03-09

The book description for the previously published "Family Planning in Japanese Society: Traditional Birth Control in a Modern Urban Culture" is not yet available.

The Family Relations in Japan - Daigoro Goh
1893

The Too-Good Wife - Amy Borovoy
2005-12-29
Social drinking is an accepted aspect of working life in Japan, and women are left to manage their drunken husbands when the men return home, restoring them to sobriety for the next day of work. In attempting to cope with their husbands' alcoholism, the women face a profound cultural dilemma: when does the nurturing behavior

expected of a good wife and mother become part of a pattern of behavior that is actually destructive? How does the celebration of nurturance and dependency mask the exploitative aspects not just of family life but also of public life in Japan? The Too-Good Wife follows the experiences of a group of middle-class women in Tokyo who participated in a weekly support meeting for families of substance abusers at a public mental-health clinic. Amy Borovoy deftly analyzes the dilemmas of being female in modern Japan and the grace with which women struggle within a system that supports wives and mothers but thwarts their attempts to find fulfillment outside the family. The central concerns of the book reach beyond the problem of alcoholism to examine the women's own processes of self-reflection and criticism and the deeper fissures and asymmetries that undergird Japanese productivity and social order.

Marriage in Contemporary Japan - Yoko Tokuhiko
2009-09-25

The phenomenon of bankonka - 'postponement of marriage' - is increasingly reported in contemporary Japanese media, clearly illustrating the changing patterns of modern lifestyles and attitudes towards marriage, personal obligation and ambition. This is the first book in recent years to explore the contemporary state of marriage in Japanese society. Setting out the different perceptions and expectations of marriage in today's Japan, the book discusses how economic issues and the family impact on marital behaviour. Contrary to the views of some feminists that young women have no interest in improving their status and position, this book argues that, by delaying marriage and childrearing, young women can be seen as 'rebels' challenging Japanese patriarchal society. Unlike many other studies, it gives equal attention to male gender roles and masculinity, exploring what constitutes being a 'real man' in Japan - through the analysis of mainstream and non-mainstream conceptions of masculinity that

co-exist in contemporary Japan, and considers the implications of such different roles for the institution of marriage. It investigates the roles of wife and mother, articulating why the strict division of labour defining men as breadwinners and women as homemakers became popular. Moreover, it describes the changing character of courtship relationships, explaining why the norm has shifted from arranged marriages pre-1945 to love marriages after that period. Finally, it puts the Japanese experience into cross-cultural, international context with a series of comparisons with marriage elsewhere both in Asia - including in Korea and Hong Kong - and in western countries such as France, Sweden, Italy and the United States.

Intimate Disconnections - Allison Alexy
2020-07-08

In many ways, divorce is a quintessentially personal decision—the choice to leave a marriage that causes harm or feels unfulfilling to the two people involved. But anyone who has gone through a divorce knows the additional public dimensions of breaking up, from intense shame and societal criticism to friends' and relatives' unsolicited advice. In *Intimate Disconnections*, Allison Alexy tells the fascinating story of the changing norms surrounding divorce in Japan in the early 2000s, when sudden demographic and social changes made it a newly visible and viable option. Not only will one of three Japanese marriages today end in divorce, but divorces are suddenly much more likely to be initiated by women who cite new standards for intimacy as their motivation. As people across Japan now consider divorcing their spouses, or work to avoid separation, they face complicated questions about the risks and possibilities marriage brings: How can couples be intimate without becoming suffocatingly close? How should they build loving relationships when older models are no longer feasible? What do you do, both legally and socially, when you just can't take it anymore? Relating the intensely personal stories from people experiencing different stages of divorce, Alexy provides a rich ethnography of Japan while also speaking more broadly to contemporary visions of love and marriage during an era in which neoliberal values are prompting wide-ranging transformations in homes across the

globe.

Women and Family in Contemporary Japan - Susan D. Holloway 2010-05-24

Japanese women, singled out for their commitment to the role of housewife and mother, are now postponing marriage and bearing fewer children. Japan has become one of the least fertile and fastest aging countries in the world. Why are so many Japanese women opting out of family life? To answer this question, the author draws on in-depth interviews and extensive survey data to examine Japanese mothers' perspectives and experiences of marriage, parenting, and family life. The goal is to understand how, as introspective, self-aware individuals, these women interpret and respond to the barriers and opportunities afforded within the structural and ideological contexts of contemporary Japan. The findings suggest a need for changes in the structure of the workplace and the education system to provide women with the opportunity to find a fulfilling balance of work and family life.

Social Adjustment of Caucasian-Japanese Marriages in Honolulu - George K. Yamamoto 1949

Master's thesis on the adjustment problems resulting from interracial marriages between Japanese brides and Caucasian grooms in the Hawaiian Islands.

Personality Patterns and Problems of Adjustment in American-Japanese Intercultural Marriages - George A. De Vos 1973

My Japanese Husband (Still) Thinks I'm Crazy - Grace Buchele Mineta 2015-02-15

Grace, Ryosuke, and Marvin are back with another awkward and action-packed adventure in Tokyo! This comic book is full of true stories of hilarious faux pas from a Texan freelancer and her Japanese husband, trying to make sense of their life together in Japan.

Adzuma, Or the Japanese Wife - Edwin Arnold 2009-06

This scarce antiquarian book is a facsimile reprint of the original. Due to its age, it may contain imperfections such as marks, notations, marginalia and flawed pages. Because we believe this work is culturally important, we have made it available as part of our commitment for protecting, preserving, and

promoting the world's literature in affordable, high quality, modern editions that are true to the original work.

Looking Beyond the Mask - Nancy Brown Diggs
2001-08-30

Interviews with women in cross-cultural marriages, offering a unique insight into Japanese life.

Goodbye Madame Butterfly - Sumie Kawakami
2012-09-15

Sumie Kawakami is an experienced and intelligent reporter who manages to get her subjects to bare their souls and share their anxieties in a book I found hard to put down. " —Jeff Kingston, The Japan Times "Kawakami presents a frank portrait of Japanese women today, via these compulsively readable, expertly crafted essays. Further kudos should go to Yuko Enomoto for her seamless translation."

—Suzanne Kamata, author of *Losing Kei* "A tartly written, stereotype-blasting and beautifully made book." —Roland Kelts, author of *Japanamerica* "Refreshingly intense"

—Colleen Mondor, *Bookslut* "Smart and lively and thoughtful and moving, like a good Studs Terkel without encyclopedic pretensions."

—Daniel Handler, aka Lemony Snicket, author of the best-selling *A Series of Unfortunate Events*

"Full of rich details of contemporary Japan ... in the end readers should understand why Madame Butterfly no longer exists. Or perhaps never existed at all." —Todd Shimoda author of *The Fourth Treasure* and *365 Views of Mt. Fuji* "An eye-opening, detailed look at the private, intimate lives of Japanese women ... This is an intelligent and authoritative work, covering everything from adultery to sex volunteers and the role of fortune tellers in Japanese romance. It is at once illuminating and entertaining, credible and so engrossing you will find it difficult to put down." — Robert Whiting, author of *Tokyo Underworld*, *The Meaning of Ichiro* and *You Gotta Have Wa* Sumie Kawakami's *Goodbye Madame Butterfly* is an intimate look at the sex lives of Japanese people from a female perspective. This groundbreaking work of nonfiction will shatter the myth of the pliant, coy Japanese woman and replace her with a complex, erotic, sexually charged and fiercely independent woman who struggles to find her place in a male-dominated society.

Intimate Japan - Allison Alexy 2019-01-31
How do couples build intimacy in an era that valorizes independence and self-responsibility? How can a man be a good husband when full-time jobs are scarce? How can unmarried women find fulfillment and recognition outside of normative relationships? How can a person express their sexuality when there is no terminology that feels right? In contemporary Japan, broad social transformations are reflected and refracted in changing intimate relationships. As the Japanese population ages, the low birth rate shrinks the population, and decades of recession radically restructure labor markets, Japanese intimate relationships, norms, and ideals are concurrently shifting. This volume explores a broad range of intimate practices in Japan in the first decades of the 2000s to trace how social change is becoming manifest through deeply personal choices. From young people making decisions about birth control to spouses struggling to connect with each other, parents worrying about stigma faced by their adopted children, and queer people creating new terms to express their identifications, Japanese intimacies are commanding a surprising amount of attention, both within and beyond Japan. With ethnographic analysis focused on how intimacy

is imagined, enacted, and discussed, the volume's chapters offer rich and complex portraits of how people balance personal desires with feasible possibilities and shifting social norms. *Intimate Japan* will appeal to scholars and students in anthropology and Japanese or Asian studies, particularly those focusing on gender, kinship, sexuality, and labor policy. The book will also be of interest to researchers across social science subject areas, including sociology, political science, and psychology. *Sex, Politics and Change in the Japanese Marital Relationship* - Leslie Eileen Champeny 1987

The Modern Madame Butterfly - Karen Ma 1996
Provides a rare and realistic look at the Japanese woman today.

Educational Assortative Mating in Japan - Fumiya Uchikoshi 2021-09-06

This book represents a first attempt to comprehensively discuss and investigate causes and potential implications of changing patterns of spouse pairing in Japan and to consider similarities and differences with patterns observed in the USA and other low-fertility Western societies. In this book, research on educational assortative mating in Japan is summarized and updated. This book contributes to research on the demography of contemporary Japan by overviewing theoretical and empirical linkages between marriage behavior and processes of social and economic stratification. It also extends the large body of research on assortative mating and stratification by incorporating insights from the understudied

context of Japan. The authors draw upon multiple data sources - both survey and administrative data - to update and extend previous research on "who marries whom" in Japan. The wide range of consequences considered includes income inequality, the intergenerational transmission of advantage and disadvantage, marriage and fertility timing, lifelong singlehood, childlessness, and the family roles of husbands and wives. Throughout the manuscript, Japan is considered in comparative perspective by employing the large USA and international literatures on assortative mating. *I'm Married to Your Company!* - Masako Itō 2008
This approachable and absorbing book offers a unique window into Japanese culture and language. Highlighting the overlooked world of the "silent majority," the housewives and mothers who are the mainstay of Japanese society, this work tells the stories of ordinary women in their own voices. An annotated translation of a Japanese bestseller, the volume explores the daily communication of Japanese women and what their words tell us about their relationships and lives in a globalized, post-industrial, yet still often male-dominated Japan. Readers will find that many issues explored here are universal to women everywhere, while others are specific to Japan. With added cultural context and commentary, the book offers a fresh understanding of Japanese society, even for those who have had little exposure to Japan. Students in diverse fields, ranging from anthropology to women's studies and from communications to Asian studies, will find this an insightful and provocative work.
