

Jonestown And The Manson Family Race Sexuality And Collective Madness

Encyclopedia of Leadership -

George R. Goethals 2004-02-29

The Encyclopedia of

Leadership brings together for the first time everything that is known and truly matters about leadership as part of the human experience. Developed by the award-winning editorial team at Berkshire Publishing Group, the Encyclopedia includes hundreds of articles, written by 280 leading scholars and experts from 17 countries, exploring leadership theories and leadership practice.

Entries and sidebars show leadership in action - in corporations and state houses, schools, churches, small businesses, and nonprofit organizations.

Jonestown and the Manson

Family - Robert Endleman

1993-01-01

The People's Temple led by Jim Jones, & the Manson Family led by Charles Manson, were two of the most spectacularly destructive apocalyptic cults of recent decades. They were also remarkably similar. At Jonestown in 1978, Jones led over 900 community members into a mass suicide/massacre at his command. In Los Angeles in 1969, Charles Manson led his followers, dubbed "The Manson Family" into serial murders of nine victims in the name of a weird ideology of race war. In each cult the male leader was obsessed with sex & exercised sexual domination over the members of the community. In each, the leader has complex

Jonestown And The Manson Family Race Sexuality And Collective

delusions & fantasies about race. Each leader also exerted mesmerizing, totalitarian control over his followers, so that they succumbed to a kind of collective madness & committed mass suicide in one case & irrational murders in the other. This book traces the development of each of these movements, their parallels, & the pervasive themes of race, sexuality, & collective madness in each of them, in the context of the trends in American society & culture of that period. The author Robert Endleman is a retired professor of sociology from Adelphi University. He is the author of *LOVE & SEX IN TWELVE CULTURES* (Psyche Press 1989) & many other books.

A Commentary on the Apocalypse of John -

Edmondo F. Lupieri

2006-11-09

Edmondo Lupieri's main goal in *A Commentary on the Apocalypse of John* is to introduce readers to the mental and spiritual world of John as both a first-century Jew and a follower of Jesus. The

fruit of over ten years of ^{Madness} research, a constructive response to postmodern criticism, and an academic best-seller in its Italian edition, Lupieri's commentary offers both new proposals and traditional interpretations to shed light on this complex coda to the biblical message. In an illuminating preface Lupieri discusses the strange world of the Apocalypse and promises an open commentary, full of original treatments of knotty interpretive problems. Maintaining a strong historical perspective throughout, he examines the text of the Apocalypse line by line, paying careful attention to the Greek text, offering a new translation, making wide use of apocryphal, pseudepigraphal, and Qumran literature, and often analyzing John's Apocalypse as compared to other Jewish apocalypses. Thoughtful, thorough, and nonsectarian, Lupieri's *Commentary on the Apocalypse of John* will appeal to anyone with a serious interest in the meaning of the biblical text. *Murder Cases of the Twentieth*

Jonestown And The Manson Family Race Sexuality And Collective

Century - David K. Frasier
1996

Profiles of crimes that occurred prior to 1992 and the criminals.

Understanding Jonestown and Peoples Temple -

Rebecca Moore 2018-07-06

This in-depth investigation of Peoples Temple and its tragic end at Jonestown corrects sensationalized misunderstandings of the group and places its individual

members within the broader context of religion in America. ^{Madness}

Most people understand Peoples Temple through its violent disbanding following events in Jonestown, Guyana, where more than 900 Americans committed murder and suicide in a jungle commune. Media coverage of the event sensationalized the group and obscured the background of those who died. The view that emerged thirty years ago continues to dominate understanding of Jonestown today, despite the dozens of books, articles, and documentaries that have appeared. This book provides a fresh perspective on Peoples Temple, locating the group within the context of religion in America and offering a contemporary history that corrects the inaccuracies often associated with the group and its demise. Although Peoples Temple had some of the characteristics many associate with cults, it also shared many characteristics of black religion in America. Moreover, it is crucial to understand how the

Jonestown And The Manson Family Race Sexuality And Collective

organization fits into the social and political movements of the 1950s, 1960s, and 1970s: race, class, colonialism, gender, and other issues dominated the times and so dominated the consciousness of the members of Peoples Temple. Here, Rebecca Moore, who lost three family members in the events in Guyana, offers a framework for U.S. social, cultural, and political history that helps readers to better understand Peoples Temple and its members.

Utopias and Utopians -

Richard C.S. Trahair

2013-10-31

Utopian ventures are worth close attention, to help us understand why some succeed and others fail, for they offer hope for an improved life on earth. Utopias and Utopians is a comprehensive guide to utopian communities and their founders. Some works look at literary utopias or political utopias, etc., and others examine the utopias of only one country: this work examines utopias from antiquity to the present and surveys utopian

efforts around the world. Of more than 600 alphabetically arranged entries roughly half are descriptions of utopian ventures; the other half are biographies of those who were involved. Entries are followed by a list of sources and a general bibliography concludes the volume.

The Dream of Culture -

Howard F. Stein 1994

Here an innovative psychoanalytic anthropologist explores in sixteen intense essays: Slovak ethnic identity, theory of ethnicity, culture theory, cultural relativism & problems of medical organizational consultation. Stein's main influences are Freud & Weston LaBarre: from both he retains the grounding in biology of both classical psychoanalysis & anthropology. Particularly fascinating gems are the essays on the Evil Eye, the Swaddling Ethos, "The Eye of the Outsider," one on anthropology's dogma of cultural relativism & "Alcoholism as Metaphor in American Culture." The title essay, the Introduction,

Jonestown And The Manson Family Race Sexuality And Collective

presents a provocative theory of the relationship of culture to the dream. He knowingly portrays the process of culture change in both anthropological & psychodynamic terms. "He has the capacity to see through to the meaning of things, & to understand it & express it with precision--a quality that people used to refer to as genius."-- Prof. Howard Schwartz, Oakland University. Order from Psyche Press, P.O. Box 780, New York, NY 10024; 212-721-4466.

One Nation Under God? -

Marjorie B. Garber 1999
First Published in 1999.
Routledge is an imprint of Taylor & Francis, an informa company.

Religious Cults in America -

Robert Emmet Long 1994
Discusses the different religious cults in the U.S., and focuses on the 1993 incident involving the Branch Davidians in Waco, Texas

Christian Fundamentalism in America - David S. New
2014-01-10

Today the United States is plagued with cultural and

political polarization—the Reds and the Blues. Because religion has been of great significance in America right from the first colonists who believed themselves to be God's chosen nation, it is not surprising that religion constitutes the basis of today's dichotomy. The recent resurgence of Christian fundamentalism is significant for the future of America as a nation "under God." This book examines the history of conservative American Christianity as it interacts with liberal beliefs. With the Enlightenment, the Puritan sense of mission faded, but was rekindled with the Great Awakening. This religious movement unified the colonies and provided an animating ideal which led to revolution against Britain. But soon after, the forces of liberalism made inroads, and the seeds of division were planted. This balanced account favors neither conservative nor liberal. It is history with a human touch, emphasizing personalities from Jonathan Edwards and William Jennings

Jonestown And The Manson Family Race Sexuality And Collective

Bryan to David Koresh and Jim Jones.

Horrible Workers - Donald A. Nielsen 2005

The cultural logic contained within Emile Durkheim's work, specifically categories he puts forth in Suicide, creates the ground for Horrible Workers. This book is constructed to allow its readers to study the cases of Max Stirner, Arthur Rimbaud, Robert Johnson, and the Charles Manson Circle independently of one another or in a comparative fashion. Each case demonstrates in what ways particular social experiences lead to what have been perceived as unique forms of cultural expression.

Textbooks of Military Medicine, Pt. 1, Warfare, Weaponry, and the Casualty

Textbook of Military Medicine, Pt. 1, Warfare, Weaponry, and the Casualty. Specialty editors: Franklin D. Jones, et al.

Addresses the multiple mental health service provided by the military during peacetime.>"

Military Psychiatry - 1994

Postwar America - James Ciment 2015-03-26 ^{Madness}

From the outbreak of the Cold War to the rise of the United States as the last remaining superpower, the years following World War II were filled with momentous events and rapid change.

Diplomatically, economically, politically, and culturally, the United States became a major influence around the globe. On the domestic front, this period witnessed some of the most turbulent and prosperous years in American history. "Postwar America: An Encyclopedia of Social, Political, Cultural, and Economic History" provides detailed coverage of all the remarkable developments within the United States during this period, as well as their dramatic impact on the rest of the world. A-Z entries address specific persons, groups, concepts, events, geographical locations, organizations, and cultural and technological phenomena. Sidebars highlight primary source materials, items of special interest, statistical data, and other
