There's no reason in the world why you can't have that fine woman on the other side of the room. If you were aware of her body language and had you been prepared mentally, you'd know exactly how to seduce her If you had read Alpha Male Dating The Essential Playbook, you wouldn't be across the room right now, not way over there, staring at her like an imbecile. You'd know exactly what to do and you'd have all the confidence to turn a lonely night into an exciting

evening or a long-term relationship. No woman is too good for you. You've watched her, observed her moves and know exactly what to do. Now she's in your sights. What's more, she's unaware that you're about to sweep her off her feet. You know all these things because you've been reading her body language, and you're aware she's into you because you've been reading her like a book. Inside: - There's no mystery how you're going to make initial contact, scoop her up and take her to the night of her dreams. - You carry yourself like a man, like an Alpha Male, confident, assured and with purpose. - There's no stutter step or miscue. She's simply astonished at how you came into her presence and maneuvered your way expertly into her full attention. - You speak eloquently and you're respectful through and through. - You're dressed well, full of interesting things to say. - She's never met a man like you, a man who listens with intent and responds smartly. - Moreover, you're respectful, know your

boundaries and you know how to keep her attention. You're irresistible. - You know all this because you know the Law of Attraction and Love Hypnosis. You've done all this because you know how an Alpha Male builds a relationship. You know all this because you know her interests and nobody makes her feel more like a queen than her king, you. But you didn't do this by being an alpha bully, you did all this by being aware and knowing how to compromise without ever compromising yourself. Because you read this playbook, you know how to take your dating game to the home

game that is never dull or without passion. - You're her King and you make her feel like a Queen. - You're not jealous, but confident, always. - You're passionate but you don't overwhelm her. - You know exactly how to touch her, reach her hot spots and after years of being together, making love to you is always fresh, fun and new. book, Greene unearths the two sides of seduction: the characters and the process. Discover who you, or your pursuer, most resembles. Learn, too, the pitfalls of the anti-Seducer. Immerse yourself in the twenty-four manoeuvres and strategies of the seductive process, the ritual by which a seducer gains mastery over their target. Understand how to 'Choose the Right Victim', 'Appear to Be an Object of Desire' and 'Confuse Desire and Reality'. In addition, Greene provides instruction on how to identify victims by type. Each fascinating character and each cunning tactic demonstrates a fundamental truth about who we are, and the targets we've become - or hope to win over. The Art of Seduction is an indispensable primer on the essence of one of history's greatest weapons and the ultimate power trip. America's Irresistible Attraction - John S. Dinga 2011-04

Part travelogue and part memoir, John S. Dinga's newest book is a sequel to Navigating the Contradictions of America and explores disparities between America's past and present, from the perspective of an immigrant. Featuring characters both real and fictional, Dinga shares his observations about the realities of making a new life in a new country, with an occasional flashback to the former home. The desire to immigrate to America is one shared by people all over the world, people who are often unaware of what it takes to thrive in a competitive, capitalist world where nothing is the same as before. Settling down in a new environment and navigating the politics and stresses of finding a

job are just two of the aspects of culture shock a new immigrant will face. Expectations and responsibilities from those back home also add to the new immigrant's challenges, and Dinga offers his suggestions on how to thrive under those stresses as well. He speaks not only to the potential immigrant but to those officials in power on either side of the process as well. Learning to make the right choices when presented with so many options is another life lesson addressed. The American society, freedoms, choices, and government are envied in many corners of the world, and Dinga explores how that perception influences the decision to start the journey. People need to know that living in America has its challenges challenges not often imagined when the desire to immigrate pushes them to cross deserts, oceans, and unfriendly skies.

The New Thought movement (also Higher Thought) is a spiritual movement that coalesced in the United States in the early 19th century. New Thought was seen by its adherents as succeeding "ancient thought", accumulated wisdom and philosophy from a variety of origins, such as Ancient Greek, Roman, Egyptian, Chinese, Taoist, Vedic, Hindu, and Buddhist cultures and their related belief systems, primarily regarding the interaction between thought, belief, consciousness in the human mind, and the effects of these within and beyond the human mind. Though no direct line of transmission is traceable, many adherents to New Thought in the 19th and 20th centuries

claimed to be direct descendants from those systems. Napoleon Hill. Think and Grow Rich Napoleon Hill. The Law of Success. In Sixteen Lessons Wallace D. Wattles.
